School Board Approval

This plan is pending approval by the Hillsborough County School Board.

SIP Authority

Section 1001.42(18), Florida Statutes, requires district school boards to annually approve and require implementation of a Schoolwide Improvement Plan (SIP) for each school in the district that has a school grade of D or F. This plan is also a requirement for Targeted Support and Improvement (TS&I) and Comprehensive Support and Improvement (CS&I) schools pursuant to 1008.33 F.S. and the Every Student Succeeds Act (ESSA).

To be designated as TS&I, a school must have one or more ESSA subgroup(s) with a Federal Index below 41%. This plan shall be approved by the district. There are three ways a school can be designated as CS&I:

- 1. have a school grade of D or F
- 2. have a graduation rate of 67% or lower
- 3. have an overall Federal Index below 41%.

For these schools, the SIP shall be approved by the district as well as the Bureau of School Improvement.

The Florida Department of Education (FDOE) SIP template meets all statutory and rule requirements for traditional public schools and incorporates all components required for schools receiving Title I funds. This template is required by State Board of Education Rule 6A-1.099811, Florida Administrative Code, for all non-charter schools with a current grade of D or F, or a graduation rate 67% or less. Districts may opt to require a SIP using a template of its choosing for schools that do not fit the aforementioned conditions. This document was prepared by school and district leadership using the FDOE's school improvement planning web application located at <u>www.floridacims.org.</u>

Purpose and Outline of the SIP

The SIP is intended to be the primary artifact used by every school with stakeholders to review data, set goals, create an action plan and monitor progress. The Florida Department of Education encourages schools to use the SIP as a "living document" by continually updating, refining and using the plan to guide their work throughout the year. This printed version represents the SIP as of the "Date Modified" listed in the footer.

Part I: School Information

School Mission and Vision

Provide the school's mission statement.

AMIkids is a non-profit organization dedicated to helping troubled youth develop into responsible and productive citizens. AMIkids' mission is to protect the public safety and positively impact as many youth as possible through the efforts of a diverse and innovative team. AMIkids works in partnership with youth agencies, local communities and families.

Provide the school's vision statement.

AMIkids offers a wide variety of programs and models designed to address youth issues on an individual basis. All of our programs implement the AMIkids Personal Growth Model to separate their troubled past from a bright future. AMIkids guiding principles are based on kids first, family and safety.

School Leadership Team

Membership

Analysis

Data Reflection

Answer the following reflection prompts after examining any/all relevant school data sources (see guide for examples for relevant data sources).

Which data component showed the lowest performance? Explain the contributing factor(s) to last year's low performance and discuss any trends.

The performance of Black/African Americans and Economically Disadvantaged students is low in the areas of ELA and Math

Which data component showed the greatest decline from the prior year? Explain the factor(s) that contributed to this decline.

Assessment scores showed a greater decrease in Math.

Which data component had the greatest gap when compared to the state average? Explain the factor(s) that contributed to this gap and any trends.

There is a gap of concern in the areas of both reading and math.

Which data component showed the most improvement? What new actions did your school take in this area?

Most of the improvement was in the area of ELA.

Reflecting on the EWS data from Part I (D), identify one or two potential areas of concern?

An area of concern is prevalent among the students who are economically disadvantaged as well as Black/ African American students.

Rank your highest priorities (maximum of 5) for schoolwide improvement in the upcoming school year.

1. Course performance in the areas of Math and ELA of Economically Disadvantaged and Black/ African American students

 Continuation of the Personal Growth Model (AMIKids) focusing on improving Education, Treatment and Behavioral Modification of Economically Disadvantaged and Black/African American students
 Increase the percentage of students tested.

Part III: Planning for Improvement

Areas of Focus:

#1. Instructional Practice specifically relating to Differentiation

Area of Focus Description and Rationale:	Teachers will use differentiated instruction to increase student achievement on the common assessment in the areas of reading and math. Currently, the average entrance score on the Common Assessment is 27% for reading and 29% for math. Current exit scores are 41% for reading and 35% for math. This is only a 14% grade increase for reading and 6% grade increase for math. Differentiated instructions is needed to target individual student goals and to help each student increase his scores in reading and math. On-going progress monitoring will be conducted via Achieve 3000, other computer based assessments and teacher made assessments.		
Measurable Outcome:	All students taking Common and Statewide Assessments will make a 20% increase in their scores in Math by May 2021. All students taking Common and Statewide Assessment will make a 10% increase in their scores in Reading by May 2021. 100% of Black/ African Am. and Economically disadvantaged students will participate in Tier 2 academic instruction using Achieve 3000 or other computer based instruction to accomplish a minimum of one bucket level improvement over the course of one school year.		
Person responsible for monitoring outcome:	Earnest Wood (earnest.wood@hcps.net)		
Evidence- based Strategy:	Using differentiated Instruction Using the co-teach (FUSE) model for instruction.		
Rationale for Evidence- based Strategy:	HCPS offers this research based strategy as in-service for teachers throughout the school year. Youth Services and AMIkids will provide training in this area via small learning communities.		
Action Steps to Implement			

To help increase Common Assessment reading and writing scores, teachers will be trained in differentiated instruction through Hillsborough County in-services as well as AMIKids and Youth Services small learning communities. School administrators and the AMIkids, Director of Education will follow-up with teachers throughout the year, looking for evidence of differentiated instruction in lesson plans and in classroom instruction via walk-throughs and teacher observations.

Person Responsible Earnest Wood (earnest.wood@hcps.net)

#2. Culture &	Environment specifically relating to Positive Behavior Intervention and Supports
Area of Focus Description and Rationale:	AMI Kids Personal Growth Model will be implemented to decrease negative interactions and prepare students to return to traditional educational settings. Student Services will present Social Emotional Learning Strategies to assist with developing and improving Behavioral Skills for Black/African Am. and Economically Disadvantaged Students.
Measurable Outcome:	Students will increase from entry rank (recruit) to graduation rank before their release date. All Black/Afr. Am. and Economically Disadvantaged students will receive assistance through behavioral supports to matriculate through the established rank system by their release day.
Person responsible for monitoring outcome:	Earnest Wood (earnest.wood@hcps.net)
Evidence- based Strategy:	Students will work daily to earn points tallied on their point cards to meet individual treatment goals. Student will follow the "personal growth model', which focuses on Treatment, Education, and Behavior Modification.
Rationale for Evidence- based Strategy:	Data of The Personal Growth Model, which focuses on Treatment, Education and Behavior Modification has been proven to assist with improving behavior behavior and matriculating students back to traditional education setting successfully
Action Steps t	to Implement

No action steps were entered for this area of focus

Additional Schoolwide Improvement Priorities

After choosing your Area(s) of Focus, explain how you will address the remaining schoolwide improvement priorities.

N/A

Part IV: Positive Culture & Environment

A positive school culture and environment reflects: a supportive and fulfilling environment, learning conditions that meet the needs of all students, people who are sure of their roles and relationships in student learning, and a culture that values trust, respect and high expectations. Consulting with various stakeholder groups to employ school improvement strategies that impact the positive school culture and environment are critical. Stakeholder groups more proximal to the school include teachers, students, and families of students, volunteers, and school board members. Broad stakeholder groups include early childhood providers, community colleges and universities, social services, and business partners.

Stakeholders play a key role in school performance and addressing equity. Consulting various stakeholder groups is critical in formulating a statement of vision, mission, values, goals, and employing school improvement strategies.

Describe how the school addresses building a positive school culture and environment ensuring all stakeholders are involved.

Building effective communication within the school Catering for individual needs Developing democratic processes Enhancing self esteem Fostering respect for diversity Fostering inclusive and respectful language Developing appropriate communication between home/school/facility Developing a school approach to assessment AMIkids is guided by its guiding principles: Kids First!, Family, and Safety All students learn the Core Values of AMIkids and recite them during their rank board review panel. These are creativity, honesty, enthusiasm, integrity, loyalty, leadership, diversity, goal orientation, excellence, dedication, and respect

Parent Family and Engagement Plan (PFEP) Link

The school completes a Parental Involvement Plan (PFEP), which is available at the school site.
