School Board Approval

This plan is pending approval by the Hillsborough County School Board.

SIP Authority

Section 1001.42(18), Florida Statutes, requires district school boards to annually approve and require implementation of a Schoolwide Improvement Plan (SIP) for each school in the district that has a school grade of D or F. This plan is also a requirement for Targeted Support and Improvement (TS&I) and Comprehensive Support and Improvement (CS&I) schools pursuant to 1008.33 F.S. and the Every Student Succeeds Act (ESSA).

To be designated as TS&I, a school must have one or more ESSA subgroup(s) with a Federal Index below 41%. This plan shall be approved by the district. There are three ways a school can be designated as CS&I:

1. have a school grade of D or F
2. have a graduation rate of 67% or lower
3. have an overall Federal Index below 41%.

For these schools, the SIP shall be approved by the district as well as the Bureau of School Improvement.

The Florida Department of Education (FDOE) SIP template meets all statutory and rule requirements for traditional public schools and incorporates all components required for schools receiving Title I funds. This template is required by State Board of Education Rule 6A-1.099811, Florida Administrative Code, for all non-charter schools with a current grade of D or F, or a graduation rate 67% or less. Districts may opt to require a SIP using a template of its choosing for schools that do not fit the aforementioned conditions. This document was prepared by school and district leadership using the FDOE's school improvement planning web application located at www.floridacims.org.

Purpose and Outline of the SIP

The SIP is intended to be the primary artifact used by every school with stakeholders to review data, set goals, create an action plan and monitor progress. The Florida Department of Education encourages schools to use the SIP as a "living document" by continually updating, refining and using the plan to guide their work throughout the year. This printed version represents the SIP as of the "Date Modified" listed in the footer.

School Board Approval

This plan is pending approval by the Hillsborough County School Board.

SIP Authority

Section 1001.42(18), Florida Statutes, requires district school boards to annually approve and require implementation of a school improvement plan (SIP) for each school in the district that has a school grade of D or F.

The Florida Department of Education (FDOE) SIP template meets all statutory and rule requirements for traditional public schools and incorporates all components required for schools receiving Title I funds. This template is required by State Board of Education Rule 6A-1.099811, Florida Administrative Code, for all non-charter schools with a current grade of D or F (see page 4). For schools receiving a grade of A, B, or C, the district may opt to require a SIP using a template of its choosing. This document was prepared by school and district leadership using the FDOE's school improvement planning web application located at

<https://www.floridacims.org>.

Purpose and Outline of the SIP

The SIP is intended to be the primary artifact used by every school with stakeholders to review data, set goals, create an action plan and monitor progress. The Florida Department of Education encourages schools to use the SIP as a "living document" by continually updating, refining and using the plan to guide their work throughout the year. This printed version represents the SIP as of the "Date Modified" listed in the footer.

Part I: School Information

School Mission and Vision

Provide the school's mission statement.

To provide the necessary skills to maintain or remediate areas of academic performance in an effort to prepare students to smoothly transition back to traditional educational settings

Provide the school's vision statement.

Students will become academically, socially and behaviorally proficient as we prepare them to transition to traditional educational settings

School Leadership Team

Membership

Identify the name, email address, position title, and job duties/responsibilities for each member of the school leadership team.:

Name	Title	Job Duties and Responsibilities

Analysis

Data Reflection

Answer the following reflection prompts after examining any/all relevant school data sources (see guide for examples for relevant data sources).

Which data component showed the lowest performance? Explain the contributing factor(s) to last year's low performance and discuss any trends.

Each data component shows low performance for the population of student who make up Black/ African American, White, and Economically Disadvantaged.

Which data component showed the greatest decline from the prior year? Explain the factor(s) that contributed to this decline.

ELA showed the greatest decline since last year.

Which data component had the greatest gap when compared to the state average? Explain the factor(s) that contributed to this gap and any trends.

ELA showed the greatest gap when compared to the district area.

Which data component showed the most improvement? What new actions did your school take in this area?

Math showed the greatest amount of improvement.

Reflecting on the EWS data from Part I (D), identify one or two potential areas of concern?

An area of focus will be intense academic work with the Black/ African American population.

Rank your highest priorities (maximum of 5) for schoolwide improvement in the upcoming school year.

1. Course performance in the area of ELA (reading) and Math for the Economically Disadvantaged, Black/ African American and White.
2. More intense focus on SEL-Social Emotional Learning (Decision Making) and Positive Behavior Intervention Systems to modify behavior of the identified groups.

Part III: Planning for Improvement

Areas of Focus:**#1. Instructional Practice specifically relating to Differentiation**

Area of Focus Description and Rationale: Teachers will use differentiated Instruction to increase student achievement on the common and state-wide assessment 70% of Economically Disadvantaged, Black/Afr. Am and White students failed to achieve a level 3 or higher on statewide Assessment in math. Teachers will administer Achieve 3000 and teacher made assessments to ascertain baseline scores, identify areas of academic deficiency, develop individualized academic improvement plans, conduct on-going progress monitoring and track progress.

Measurable Outcome: All students taking Common and Statewide Assessments will increase their scores one bucket level in math by May 2021.
Black/Afr. Am, Economically Disadvantaged, and White students not achieving Level 3 on statewide assessments will receive Tier 2 academic instruction, increasing their academic performance by one bucket level over the course one school year.

Person responsible for monitoring outcome: Earnest Wood (earnest.wood@hcps.net)

Evidence-based Strategy: Using differentiated Instruction
Using the co-teach (FUSE) model for instruction.

Rationale for Evidence-based Strategy: HCPS offers this research based strategy as in-service for teachers throughout the school year. Youth Services can also provide in-service during faculty meetings.

Action Steps to Implement

In-service at Youth Services Faculty Meetings

Person Responsible Earnest Wood (earnest.wood@hcps.net)

In-service at Youth Services Faculty Meetings

Person Responsible Earnest Wood (earnest.wood@hcps.net)

In-service at Youth Services Faculty Meetings

Person Responsible Earnest Wood (earnest.wood@hcps.net)

#2. Culture & Environment specifically relating to Discipline

Area of Focus Description and Rationale:	-Student Behavior- Positive Behavior Intervention and Supports and Social Emotional Learning will be implemented to within classrooms. Black/ Afr. Am, White and Economically Disadvantaged students will receive PBIS receive supports to assist with positive behaviors within the classroom.
Measurable Outcome:	Negative classroom behaviors will decrease by 50% over the course of the year providing more instructional time.
Person responsible for monitoring outcome:	Earnest Wood (earnest.wood@hcps.net)
Evidence-based Strategy:	Implementation of PBIS and SEL programs
Rationale for Evidence-based Strategy:	Comprehensive PBIS and SEL programs have been effective with decreasing negative interactions with in classrooms and increasing instructional time.

Action Steps to Implement

No action steps were entered for this area of focus

#3. Culture & Environment specifically relating to Student Attendance

Area of Focus Description and Rationale:	76.7% of student experienced a below 90% attendance rate. Transition policies will be specified to ensure that students leaving the facility have educational action plan to be monitored by district drop-out prevention staff collaborating with DJJ staff. Black/Afr. Am, White and Economically Disadvantaged students will receive assistance with enrollment into educational settings upon transitioning from DJJ programs. Tier 2 and 3 interventions will be included in first time 9th graders education action plan to ensure immediate enrollment in a non-DJJ educational setting.
Measurable Outcome:	100% Students transitioning from DJJ will re-enroll in their original school or explore and enroll in other educational settings 5 school days with the assistance of transitional specialist, student services (Dropout Prevention Staff and Youth Services support).
Person responsible for monitoring outcome:	Earnest Wood (earnest.wood@hcps.net)
Evidence-based Strategy:	Drop-out prevention strategies have continued to assist students with attaining diplomas.
Rationale for Evidence-based Strategy:	District drop-out prevention staff assist with tracking student location and enrollment into educational settings. They also ascertain student preferences and abilities to assist with proper placements.

Action Steps to Implement

No action steps were entered for this area of focus

Additional Schoolwide Improvement Priorities

After choosing your Area(s) of Focus, explain how you will address the remaining schoolwide improvement priorities.

N/A

Part IV: Positive Culture & Environment

A positive school culture and environment reflects: a supportive and fulfilling environment, learning conditions that meet the needs of all students, people who are sure of their roles and relationships in student learning, and a culture that values trust, respect and high expectations. Consulting with various stakeholder groups to employ school improvement strategies that impact the positive school culture and environment are critical. Stakeholder groups more proximal to the school include teachers, students, and families of students, volunteers, and school board members. Broad stakeholder groups include early childhood providers, community colleges and universities, social services, and business partners.

Stakeholders play a key role in school performance and addressing equity. Consulting various stakeholder groups is critical in formulating a statement of vision, mission, values, goals, and employing school improvement strategies.

Describe how the school addresses building a positive school culture and environment ensuring all stakeholders are involved.

Building effective communication within the school
Catering for individual needs
Developing democratic processes
Enhancing self esteem
Fostering respect for diversity
Fostering inclusive and respectful language
Developing appropriate communication between home/school/facility
Developing a school approach to assessment

Parent Family and Engagement Plan (PFEP) Link

The school completes a Parental Involvement Plan (PFEP), which is available at the school site.

Part V: Budget

The approved budget does not reflect any amendments submitted for this project.

1	III.A.	Areas of Focus: Instructional Practice: Differentiation	\$0.00
2	III.A.	Areas of Focus: Culture & Environment: Discipline	\$0.00
3	III.A.	Areas of Focus: Culture & Environment: Student Attendance	\$0.00
Total:			\$0.00
