Demographics

Principal: Kelly Simmons

Start Date for this Principal: 1/30/2017

2019-20 Status (per MSID File)	Active
School Type and Grades Served (per MSID File)	Combination School KG-12
Primary Service Type (per MSID File)	Special Education
2019-20 Title I School	Yes
2019-20 Economically Disadvantaged (FRL) Rate (as reported on Survey 3)	100%
2019-20 ESSA Subgroups Represented (subgroups with 10 or more students) (subgroups below the federal threshold are identified with an asterisk)	Students With Disabilities* Black/African American Students*
School Grades History	2018-19: No Grade 2017-18: No Grade 2016-17: No Grade 2015-16: No Grade
2019-20 School Improvement (SI) Information*	
SI Region	Central
Regional Executive Director	Lucinda Thompson
Turnaround Option/Cycle	N/A
Year	
Support Tier	
ESSA Status	CS&I
* As defined under Rule 6A-1.099811, Florida Administrative Code. For more information, click here .	

School Board Approval

This plan is pending approval by the Hillsborough County School Board.

SIP Authority

Section 1001.42(18), Florida Statutes, requires district school boards to annually approve and require implementation of a Schoolwide Improvement Plan (SIP) for each school in the district that has a school grade of D or F. This plan is also a requirement for Targeted Support and Improvement (TS&I) and Comprehensive Support and Improvement (CS&I) schools pursuant to 1008.33 F.S. and the Every Student Succeeds Act (ESSA).

To be designated as TS&I, a school must have one or more ESSA subgroup(s) with a Federal Index below 41%. This plan shall be approved by the district. There are three ways a school can be designated as CS&I:

1. have a school grade of D or F
2. have a graduation rate of 67% or lower
3. have an overall Federal Index below 41%.

For these schools, the SIP shall be approved by the district as well as the Bureau of School Improvement.

The Florida Department of Education (FDOE) SIP template meets all statutory and rule requirements for traditional public schools and incorporates all components required for schools receiving Title I funds. This template is required by State Board of Education Rule 6A-1.099811, Florida Administrative Code, for all non-charter schools with a current grade of D or F, or a graduation rate 67% or less. Districts may opt to require a SIP using a template of its choosing for schools that do not fit the aforementioned conditions. This document was prepared by school and district leadership using the FDOE's school improvement planning web application located at www.floridacims.org.

Purpose and Outline of the SIP

The SIP is intended to be the primary artifact used by every school with stakeholders to review data, set goals, create an action plan and monitor progress. The Florida Department of Education encourages schools to use the SIP as a "living document" by continually updating, refining and using the plan to guide their work throughout the year. This printed version represents the SIP as of the "Date Modified" listed in the footer.

School Board Approval

This plan is pending approval by the Hillsborough County School Board.

SIP Authority

Section 1001.42(18), Florida Statutes, requires district school boards to annually approve and require implementation of a school improvement plan (SIP) for each school in the district that has a school grade of D or F.

The Florida Department of Education (FDOE) SIP template meets all statutory and rule requirements for traditional public schools and incorporates all components required for schools receiving Title I funds. This template is required by State Board of Education Rule 6A-1.099811, Florida Administrative Code, for all non-charter schools with a current grade of D or F (see page 4). For schools receiving a grade of A, B, or C, the district may opt to require a SIP using a template of its choosing. This document was prepared by school and district leadership using the FDOE's school improvement planning web application located at

<https://www.floridacims.org>.

Purpose and Outline of the SIP

The SIP is intended to be the primary artifact used by every school with stakeholders to review data, set goals, create an action plan and monitor progress. The Florida Department of Education encourages schools to use the SIP as a "living document" by continually updating, refining and using the plan to guide their work throughout the year. This printed version represents the SIP as of the "Date Modified" listed in the footer.

Part I: School Information

School Mission and Vision

Provide the school's mission statement.

To reach each student by cultivating excellence in every child's tailored academic, social, emotional, and career growth in order to increase our graduation rate through a quality, comprehensive educational and therapeutic approach.

Provide the school's vision statement.

Preparing students to make responsible, positive choices in every aspect of their lives.

School Leadership Team

Membership

Identify the name, email address, position title, and job duties/responsibilities for each member of the school leadership team.:

Name	Title	Job Duties and Responsibilities
Jahn, Kimberly	Principal	Mrs. Jahn is responsible for supervising and leading the school leadership team. Mrs. Jahn also leads the assistant principal to provide instructional leadership to all teachers.

Demographic Information

Principal start date

Monday 1/30/2017, Kelly Simmons

Number of teachers with a 2019 3-year aggregate or a 1-year Algebra state VAM rating of Highly Effective. *Note: For UniSIG Supplemental Teacher Allocation, teachers must have at least 10 student assessments.*

0

Number of teachers with a 2019 3-year aggregate or a 1-year Algebra state VAM rating of Effective. *Note: For UniSIG Supplemental Teacher Allocation, teachers must have at least 10 student assessments.*

4

Total number of teacher positions allocated to the school

Analysis

Data Reflection

Answer the following reflection prompts after examining any/all relevant school data sources (see guide for examples for relevant data sources).

Which data component showed the lowest performance? Explain the contributing factor(s) to last year's low performance and discuss any trends.

Our students continue to struggle in English Language Arts especially in the area of literacy. Utilizing iReady data and classroom assessments, it appears that identifying the main idea and supporting details should be an area of focus along with increasing vocabulary. Students also need to increase skills in data and statistics in the area of math.

Which data component showed the greatest decline from the prior year? Explain the factor(s) that contributed to this decline.

Our students continue to struggle in English Language Arts especially in the area of literacy. Utilizing iReady data and classroom assessments, it appears that identifying the main idea and supporting details should be an area of focus along with increasing vocabulary. Students also need to increase skills in data and statistics in the area of math.

Which data component had the greatest gap when compared to the state average? Explain the factor(s) that contributed to this gap and any trends.

Our students continue to struggle in English Language Arts. When the data was drilled down, it appears that identifying the main idea and supporting details should be an area of focus along with increasing vocabulary. Students also need to increase skills in data and statistics in the area of math.

Which data component showed the most improvement? What new actions did your school take in this area?

Students improved in craft and structure in English Language Arts and showed a slight improvement in numbers and operations, and expressions and equations in math.

Reflecting on the EWS data from Part I (D), identify one or two potential areas of concern?

Our students continue to struggle in English Language Arts. When the data was drilled down, it appears that identifying the main idea and supporting details should be an area of focus along with increasing vocabulary. Students also need to increase skills in data and statistics in the area of math.

Rank your highest priorities (maximum of 5) for schoolwide improvement in the upcoming school year.

1. Provide high quality, standards base instruction
2. Enhance student engagement with purposeful differentiated strategies
3. Reduce suspension rates with use of PBIS strategies
4. Improve student attendance

Part III: Planning for Improvement

Areas of Focus:

#1. Instructional Practice specifically relating to Standards-aligned Instruction

Area of Focus	
Description and Rationale:	As a school we need to continue to collaborate, share and implement strategies that will result in high quality, standards-based instruction and maximize student learning in our classrooms.
Measurable Outcome:	Teachers in all grade levels and subject areas will provide high quality, standards-based instruction to focus on developing valuable skills and enhance student engagement resulting in increased academic achievement as evidenced by learning gains which earn a "Commendable" school rating.
Person responsible for monitoring outcome:	Kimberly Jahn (kimberly.jahn@hcps.net)
Evidence-based Strategy:	Differentiated Instruction, PLCs, Learning Walks, Strategy Share, Instructor Spotlight
Rationale for Evidence-based Strategy:	These strategies are used to allow teachers to grow professionally and maximize student learning in the classroom. Student performance, on common assessments, formative assessments, and standardized assessments will be used to determine teacher effectiveness.

Action Steps to Implement

- 1.) Educate teachers on differentiated instruction through PLCs, Learning Walks, and professional development
- 2.) Students will collaborate with their teachers to improve their academic performance through data chats.
- 3.) Families will collaborate with teachers to support student learning by attending academic nights and conference night.
- 4.) African American (black), Caucasian (white), SWD (students with disabilities) will receive accommodations and interventions to include one on one assistance to increase academic performance in the classroom.

Person Responsible Kimberly Jahn (kimberly.jahn@hcps.net)

#2. Culture & Environment specifically relating to Positive Behavior Intervention and Supports

Area of Focus Description and Rationale:	As a school, we want to continue to work on improving student behaviors and social emotional functioning in order to create productive students and citizens.
Measurable Outcome:	All faculty and staff will use a Positive Behavioral Interventions and Supports program to increase student compliance, behavior and overall social and emotional functioning resulting in a 5% decrease of out of school suspensions.
Person responsible for monitoring outcome:	Kimberly Jahn (kimberly.jahn@hcps.net)
Evidence-based Strategy:	PBIS school wide program, point level system, student incentives program
Rationale for Evidence-based Strategy:	These strategies, programs and tools will enable faculty and staff to increase positive behaviors and decrease negative emotional reactions and outburst by our students which impacts the learning environment.

Action Steps to Implement

- 1.) Faculty, staff and students will participate in school-wide PBIS program
- 2.) Faculty, staff and families will use Kickboard, an electronic PBIS recording system, to monitor student behavioral progress
- 3.) Faculty, staff and community partners will provide student incentives tied to student progress on the PBIS program.

Person Responsible Kimberly Jahn (kimberly.jahn@hcps.net)

#3. Culture & Environment specifically relating to Student Attendance

Area of Focus Description and Rationale:	As a school, we want to improve our student attendance rate in order to increase student exposure to academic instruction and positive behavioral supports.
Measurable Outcome:	For the 2020-2021 school year, student attendance will be closely monitored and interventions will be put in place to increase school average by 5%.
Person responsible for monitoring outcome:	Kimberly Jahn (kimberly.jahn@hcps.net)
Evidence-based Strategy:	District attendance monitoring procedures, Increased parent communication, PBIS program, student incentives program
Rationale for Evidence-based Strategy:	These strategies will increase student attendance by keeping the families involved and by creating a school climate and culture conducive to students desiring to be present at school daily.

Action Steps to Implement

- 1.) Create flyers to distribute to parents/guardians regarding the importance of student attendance
- 2.) Support School Social Worker in efforts to utilize district procedures regarding monitoring student attendance
- 3.) Provide student incentives tied to attendance

Additional Schoolwide Improvement Priorities

After choosing your Area(s) of Focus, explain how you will address the remaining schoolwide improvement priorities.

The school leadership team will assist Principal Jahn with monitoring the Areas of Focus identified above as these encompass the schoolwide improvement priorities.

Part IV: Positive Culture & Environment

A positive school culture and environment reflects: a supportive and fulfilling environment, learning conditions that meet the needs of all students, people who are sure of their roles and relationships in student learning, and a culture that values trust, respect and high expectations. Consulting with various stakeholder groups to employ school improvement strategies that impact the positive school culture and environment are critical. Stakeholder groups more proximal to the school include teachers, students, and families of students, volunteers, and school board members. Broad stakeholder groups include early childhood providers, community colleges and universities, social services, and business partners.

Stakeholders play a key role in school performance and addressing equity. Consulting various stakeholder groups is critical in formulating a statement of vision, mission, values, goals, and employing school improvement strategies.

Describe how the school addresses building a positive school culture and environment ensuring all stakeholders are involved.

The school plans on building positive relationships with parents, guardians, families and other community stakeholders by sending frequent Remind messages to inform them of school-related events like Open House, Academic Nights and Conference Night. Increased communication with families is a priority school wide. Teachers are encouraged to make at least 3 positive parent calls per week to enhance relationships with parents and guardians.

Parent Family and Engagement Plan (PFEP) Link

The school completes a Parental Involvement Plan (PFEP), which is available at the school site.

Part V: Budget

The approved budget does not reflect any amendments submitted for this project.

1	III.A.	Areas of Focus: Instructional Practice: Standards-aligned Instruction				\$0.00
2	III.A.	Areas of Focus: Culture & Environment: Positive Behavior Intervention and Supports				\$1,500.00
	Function	Object	Budget Focus	Funding Source	FTE	2020-21
	3240		4321 - Dorothy Thomas Center	Title, I Part C		\$1,500.00
			Notes: Kickboard electronic point system			
3	III.A.	Areas of Focus: Culture & Environment: Student Attendance				\$2,000.00
