School Board Approval

This plan is pending approval by the Hillsborough County School Board.

SIP Authority

Section 1001.42(18), Florida Statutes, requires district school boards to annually approve and require implementation of a Schoolwide Improvement Plan (SIP) for each school in the district that has a school grade of D or F. This plan is also a requirement for Targeted Support and Improvement (TS&I) and Comprehensive Support and Improvement (CS&I) schools pursuant to 1008.33 F.S. and the Every Student Succeeds Act (ESSA).

To be designated as TS&I, a school must have one or more ESSA subgroup(s) with a Federal Index below 41%. This plan shall be approved by the district. There are three ways a school can be designated as CS&I:

- 1. have a school grade of D or F
- 2. have a graduation rate of 67% or lower
- 3. have an overall Federal Index below 41%.

For these schools, the SIP shall be approved by the district as well as the Bureau of School Improvement.

The Florida Department of Education (FDOE) SIP template meets all statutory and rule requirements for traditional public schools and incorporates all components required for schools receiving Title I funds. This template is required by State Board of Education Rule 6A-1.099811, Florida Administrative Code, for all non-charter schools with a current grade of D or F, or a graduation rate 67% or less. Districts may opt to require a SIP using a template of its choosing for schools that do not fit the aforementioned conditions. This document was prepared by school and district leadership using the FDOE's school improvement planning web application located at <u>www.floridacims.org.</u>

Purpose and Outline of the SIP

The SIP is intended to be the primary artifact used by every school with stakeholders to review data, set goals, create an action plan and monitor progress. The Florida Department of Education encourages schools to use the SIP as a "living document" by continually updating, refining and using the plan to guide their work throughout the year. This printed version represents the SIP as of the "Date Modified" listed in the footer.

Part III: Planning for Improvement

Areas of Focus:

#1. Instructional Practice specifically relating to Student Engagement		
Area of Focus Description and Rationale:	Area of Focus~involve all stakeholders in an effort to increase student engagement. Rationale~to increase overall proficiency and learning gains.	
Measurable Outcome:	All subgroups will reach or maintain 40% or above proficiency.	
Person responsible for monitoring outcome:	Debra Fitzpatrick (debra.fitzpatrick@hcps.net)	
Evidence-based Strategy:	Increase the culture of learning through purposeful professional development.	
Rationale for Evidence- based Strategy:	Purposeful professional development will lend itself to increased learning gains and proficiency in all subgroups.	
Action Steps to Impleme	ent	

1. Conducting grade-level standards-based planning sessions

1.01

- 2. Regularly scheduled PLC meetings
- 3. Vertical planning sessions to address spiraling in gaps
- 4. Purposeful differentiated instruction
- 5. Culturally responsive training & management courses
- 6. Coaching cycles and feedback sessions
- 7. Frequent walkthrough feedback with an emphasis on instructional priorities

Person Responsible Debra Fitzpatrick (debra.fitzpatrick@hcps.net)

Additional Schoolwide Improvement Priorities

After choosing your Area(s) of Focus, explain how you will address the remaining schoolwide improvement priorities.

Create an environment where students' social and emotional learning needs are met to ensure student well-being and academic gains for all.

Part IV: Positive Culture & Environment

A positive school culture and environment reflects: a supportive and fulfilling environment, learning conditions that meet the needs of all students, people who are sure of their roles and relationships in student learning, and a culture that values trust, respect and high expectations. Consulting with various stakeholder groups to employ school improvement strategies that impact the positive school culture and environment are critical. Stakeholder groups more proximal to the school include teachers, students, and families of students, volunteers, and school board members. Broad stakeholder groups include early childhood providers, community colleges and universities, social services, and business partners.

Stakeholders play a key role in school performance and addressing equity. Consulting various stakeholder groups is critical in formulating a statement of vision, mission, values, goals, and employing school improvement strategies.

Describe how the school addresses building a positive school culture and environment ensuring all stakeholders are involved.

School improvement will be enhanced by hosting parent information nights with an academic focus. We will invite parent comments and questions on all invitations. Communication will be enhanced by sharing invitations and information through different platforms.

Parent Family and Engagement Plan (PFEP) Link

The school completes a Parental Involvement Plan (PFEP), which is available at the school site.
