School Board Approval

This plan is pending approval by the Hillsborough County School Board.

SIP Authority

Section 1001.42(18), Florida Statutes, requires district school boards to annually approve and require implementation of a Schoolwide Improvement Plan (SIP) for each school in the district that has a school grade of D or F. This plan is also a requirement for Targeted Support and Improvement (TS&I) and Comprehensive Support and Improvement (CS&I) schools pursuant to 1008.33 F.S. and the Every Student Succeeds Act (ESSA).

To be designated as TS&I, a school must have one or more ESSA subgroup(s) with a Federal Index below 41%. This plan shall be approved by the district. There are three ways a school can be designated as CS&I:

1. have a school grade of D or F
2. have a graduation rate of 67% or lower
3. have an overall Federal Index below 41%.

For these schools, the SIP shall be approved by the district as well as the Bureau of School Improvement.

The Florida Department of Education (FDOE) SIP template meets all statutory and rule requirements for traditional public schools and incorporates all components required for schools receiving Title I funds. This template is required by State Board of Education Rule 6A-1.099811, Florida Administrative Code, for all non-charter schools with a current grade of D or F, or a graduation rate 67% or less. Districts may opt to require a SIP using a template of its choosing for schools that do not fit the aforementioned conditions. This document was prepared by school and district leadership using the FDOE's school improvement planning web application located at www.floridacims.org.

Purpose and Outline of the SIP

The SIP is intended to be the primary artifact used by every school with stakeholders to review data, set goals, create an action plan and monitor progress. The Florida Department of Education encourages schools to use the SIP as a "living document" by continually updating, refining and using the plan to guide their work throughout the year. This printed version represents the SIP as of the "Date Modified" listed in the footer.

Part I: School Information

School Mission and Vision

Provide the school's mission statement.

Liberty Middle School's mission is to provide a safe, caring, yet Motivating, learning environment. The faculty and staff are dedicated to the task of assisting students with achieving Academic excellence through Rigorous and challenging learning curriculum. Through these means we will ensure that students are College-ready and have the necessary skills to be successful citizens, ultimately reaching their Highest potential.

Provide the school's vision statement.

M.A.R.C.H. with P.R.I.D.E

(Mission) with Perseverance, Respect, Integrity, Dependability, Encouragement

School Leadership Team

Membership

Identify the name, email address, position title, and job duties/responsibilities for each member of the school leadership team.:

Name	Title	Job Duties and Responsibilities
Ammirati, James	Principal	
Brown, Angela M	Assistant Principal	Assistant Principal for Curriculum

Demographic Information

Principal start date

Sunday 8/15/2010, Frank Diaz

Number of teachers with a 2019 3-year aggregate or a 1-year Algebra state VAM rating of Highly Effective. *Note: For UniSIG Supplemental Teacher Allocation, teachers must have at least 10 student assessments.*

6

Number of teachers with a 2019 3-year aggregate or a 1-year Algebra state VAM rating of Effective. *Note: For UniSIG Supplemental Teacher Allocation, teachers must have at least 10 student assessments.*

19

Total number of teacher positions allocated to the school

Analysis

Data Reflection

Answer the following reflection prompts after examining any/all relevant school data sources (see guide for examples for relevant data sources).

Which data component showed the lowest performance? Explain the contributing factor(s) to last year's low performance and discuss any trends.

Students in our Lowest 25 Percentile group for ELA have decreased overall as indicated by school grade as reflected in the data from 18-19 school year.

Which data component showed the greatest decline from the prior year? Explain the factor(s) that contributed to this decline.

Students in our Lowest 25 Percentile group for math shows the greatest decline from the prior year (18-19).

Which data component had the greatest gap when compared to the state average? Explain the factor(s) that contributed to this gap and any trends.

As reflected from the data during the 18-19 school year.

Our Geometry ECO students show a positive gap of +43% compared to the state average.

Factors that attribute to this has been:

- Accelerated program beginning in 6th grade.
- Students are blocked together and have the same teacher for Algebra and Geometry.

Whereas, our 8th grade math students show a negative -23% gap in comparison to the state average.

Factors that attribute to this has been:

- All level 3 and above students are automatically placed in Algebra. This is not the same in all schools across the state.

Which data component showed the most improvement? What new actions did your school take in this area?

ELA have increased in Learning Gains by 2% from the previous year (18-19).

Factors that attribute to this has been:

-Implementing standard-base planning school-wide through PLCs with content area groups.

Reflecting on the EWS data from Part I (D), identify one or two potential areas of concern?

- 1) Making gains for Math Lowest 25th Percentile students.
- 2) Supporting Math and ELA classes to increase student achievement levels.

Rank your highest priorities (maximum of 5) for schoolwide improvement in the upcoming school year.

1. Increasing students who are levels 3+ for 8th Math
2. Increasing gains for 8th grade Math Lowest 25th Percentile students
3. Increasing gains in 6th Grade ELA Lowest 25th Percentile students

Part III: Planning for Improvement

Areas of Focus:

#1. Instructional Practice specifically relating to Standards-aligned Instruction

Area of Focus Description and Rationale:	We will plan and deliver explicit instruction utilizing a series of supports or scaffolds, where our students are guided through the learning process with clear statements about the purpose and rationale for learning the new standard, clear explanations and demonstrations of the instructional target, and supported practice with feedback.
Measurable Outcome:	By the end of this year, our school grade calculations will increase by 3% in overall achievement points for all contents measured (ELA, Math, Science, Civics, and Middle School Acceleration).
Person responsible for monitoring outcome:	James Ammirati (james.ammirati@hcps.net)
Evidence-based Strategy:	<p>Following the Protocols for Explicit Instruction:</p> <ul style="list-style-type: none"> - Direct Instruction - Reciprocal Teaching - Feedback - Student Self-Verbalization - Formative Assessment <p>Common Planning / PLC Cycles</p> <ul style="list-style-type: none"> - PLC Cycles with same subject, same grade level - Common Assessments <p>As educators, we have to try to maximize our already limited instructional time. The effectiveness of explicit instruction has been validated repeatedly by research involving general education and special education students. According to the 'Barometer of Influence', explicit instruction has an effect of size of 0.57 in knowledge activated (Meta-Analysis, Hattie, 2009).</p>
Rationale for Evidence-based Strategy:	Reciprocal teaching refers to an instructional activity in which students become the teacher in small group sessions. First, the teacher models, then help students learn to guide group discussions using four strategies: summarizing, question generating, clarifying, and predicting. Reciprocal teaching is a technique which is thought to promote students' comprehension.

Action Steps to Implement

1. Planning unit/standard by unpacking standards, setting learning targets, creating an assessment to measure.
2. Daily explicit instruction.
3. Plan engagement activities to allow student's processing time
4. Provide feedback based on discussions
5. Administer formative assessments.
6. Review formative assessment data.
7. Plan next steps:
 - Instructional Support
 - Small group pull outs for students
 - PD opportunities offering instructional strategies

Person Responsible Jennifer Demik (jennifer.demik@hcps.net)

#2. ESSA Subgroup specifically relating to Students with Disabilities**Area of Focus**

Description and Rationale: The subgroup, Students With Disabilities, has scored below the proficiency level of 41%. According to the Federal Index, the SWD at Liberty MS is at a score of 34%.

Measurable Outcome: The supgroup, SWD, at Liberty MS will increase proficiency by 3% raising the achievement gap of SWD from 34% to 36%, moving a step closer towards the proficiency level of 41%.

Person responsible for monitoring outcome: Angela M Brown (angelam.brown@hcps.net)

Evidence-based Strategy:

Instructional Supports:

1. ESE teachers will work alongside Gen Ed teachers, to modify curriculum specifically to students needs.
2. Small group pull-out sessions will be planned to reteach concepts assessed in mini assessments.
3. Case managers will update and apply changes to IEPs to ensure the most accurate support systems for success.
4. Common planning time for Gen. Ed teachers and Co-Teachers.
5. Professional Development opportunities will be provided for Gen. Ed teachers to learn strategies to use in classes for modifications.

Rationale for Evidence-based Strategy: Best practices shows that ESE teachers and General Ed teachers should plan lessons with specific modifications as needed with the best interest of the SWD in mind. Teachers also need an opportunity to learn current and innovative strategies that works for SWD.

Action Steps to Implement

1. Update IEPs for SWD.
2. Inform teachers of SWD on their rosters and which case manager is assigned.
3. Common planning for ESE teachers and Gen. Ed teachers to plan lessons with modifications.
4. Provide a LRE (Least Restrictive Environment) class for small group sessions for reteaching concepts.
5. Provide PD opportunities to meet the needs of Gen Ed teachers for strategies that works best for SWD.

Additional Schoolwide Improvement Priorities

After choosing your Area(s) of Focus, explain how you will address the remaining schoolwide improvement priorities.

SLT and ILT will conduct monthly walk-throughs throughout the year to assess explicit instruction and provide professional development opportunities as needed based on walk-through data.

Part IV: Positive Culture & Environment

A positive school culture and environment reflects: a supportive and fulfilling environment, learning conditions that meet the needs of all students, people who are sure of their roles and relationships in student learning, and a culture that values trust, respect and high expectations. Consulting with various stakeholder groups to employ school improvement strategies that impact the positive school culture and environment are critical. Stakeholder groups more proximal to the school include teachers, students, and families of students, volunteers, and school board members. Broad stakeholder groups include early childhood providers, community colleges and universities, social services, and business partners.

Stakeholders play a key role in school performance and addressing equity. Consulting various stakeholder groups is critical in formulating a statement of vision, mission, values, goals, and employing school improvement strategies.

Describe how the school addresses building a positive school culture and environment ensuring all stakeholders are involved.

Liberty Middle School will be building a positive school culture and environment ensuring all stakeholders are involved by:

Teachers:

- Pre-Planning Introduction to who represents Liberty Middle School.
- Updating staffs knowledge of Student Data and Demographics, Positive Cultural EdCamp Rotations.
- Starting a Cultural Committee that meets once a month to participate in a book study, Lead with Culture by Jay Billy, as part of a Professional Development opportunity.
- Cultural Committee will introduce monthly strategies for staff to use in their classrooms to continue building positive environment.

Students:

- Celebrate and Display national heritages that represent the different cultures on campus.
- Offer monthly 'Student Forums' that provides students a platform to share interest, address school concerns, or provide community outreach.

Parents:

- Student of the Month Family Celebrations
- Positive Notes Home
- Positive Phone Calls

Communtiy Stakeholders:

- Add members to SAC, PTSA
- Allow community businesses to participate as vendors to offer their services to our families.

Parent Family and Engagement Plan (PFEP) Link

The school completes a Parental Involvement Plan (PFEP), which is available at the school site.

Part V: Budget

The approved budget does not reflect any amendments submitted for this project.

1	III.A.	Areas of Focus: Instructional Practice: Standards-aligned Instruction	\$0.00
2	III.A.	Areas of Focus: ESSA Subgroup: Students with Disabilities	\$0.00
Total:			\$0.00
