[no web address on file]

Demographics

Principal: Tamara Brooks

Start Date for this Principal: 7/2/2020

2019-20 Status (per MSID File)	Active
School Type and Grades Served (per MSID File)	Middle School 6-8
Primary Service Type (per MSID File)	K-12 General Education
2019-20 Title I School	No
2019-20 Economically Disadvantaged (FRL) Rate (as reported on Survey 3)	51%
2019-20 ESSA Subgroups Represented (subgroups with 10 or more students) (subgroups below the federal threshold are identified with an asterisk)	Students With Disabilities* English Language Learners Asian Students Black/African American Students Hispanic Students Multiracial Students White Students Economically Disadvantaged Students
School Grades History	2018-19: A (63%) 2017-18: A (64%) 2016-17: A (62%) 2015-16: A (66%)
2019-20 School Improvement (SI) Information*	
SI Region	Central
Regional Executive Director	Lucinda Thompson
Turnaround Option/Cycle	N/A
Year	
Support Tier	
ESSA Status	TS&I

* As defined under Rule 6A-1.099811, Florida Administrative Code. For more information, click here.

School Board Approval

This plan is pending approval by the Hillsborough County School Board.

SIP Authority

Section 1001.42(18), Florida Statutes, requires district school boards to annually approve and require implementation of a Schoolwide Improvement Plan (SIP) for each school in the district that has a school grade of D or F. This plan is also a requirement for Targeted Support and Improvement (TS&I) and Comprehensive Support and Improvement (CS&I) schools pursuant to 1008.33 F.S. and the Every Student Succeeds Act (ESSA).

To be designated as TS&I, a school must have one or more ESSA subgroup(s) with a Federal Index below 41%. This plan shall be approved by the district. There are three ways a school can be designated as CS&I:

1. have a school grade of D or F
2. have a graduation rate of 67% or lower
3. have an overall Federal Index below 41%.

For these schools, the SIP shall be approved by the district as well as the Bureau of School Improvement.

The Florida Department of Education (FDOE) SIP template meets all statutory and rule requirements for traditional public schools and incorporates all components required for schools receiving Title I funds. This template is required by State Board of Education Rule 6A-1.099811, Florida Administrative Code, for all non-charter schools with a current grade of D or F, or a graduation rate 67% or less. Districts may opt to require a SIP using a template of its choosing for schools that do not fit the aforementioned conditions. This document was prepared by school and district leadership using the FDOE's school improvement planning web application located at www.floridacims.org.

Purpose and Outline of the SIP

The SIP is intended to be the primary artifact used by every school with stakeholders to review data, set goals, create an action plan and monitor progress. The Florida Department of Education encourages schools to use the SIP as a "living document" by continually updating, refining and using the plan to guide their work throughout the year. This printed version represents the SIP as of the "Date Modified" listed in the footer.

School Board Approval

This plan is pending approval by the Hillsborough County School Board.

SIP Authority

Section 1001.42(18), Florida Statutes, requires district school boards to annually approve and require implementation of a school improvement plan (SIP) for each school in the district that has a school grade of D or F.

The Florida Department of Education (FDOE) SIP template meets all statutory and rule requirements for traditional public schools and incorporates all components required for schools receiving Title I funds. This template is required by State Board of Education Rule 6A-1.099811, Florida Administrative Code, for all non-charter schools with a current grade of D or F (see page 4). For schools receiving a grade of A, B, or C, the district may opt to require a SIP using a template of its choosing. This document was prepared by school and district leadership using the FDOE's school improvement planning web application located at https://www.floridaCIMS.org.

Purpose and Outline of the SIP

The SIP is intended to be the primary artifact used by every school with stakeholders to review data, set goals, create an action plan and monitor progress. The Florida Department of Education encourages schools to use the SIP as a "living document" by continually updating, refining and using the plan to guide their work throughout the year. This printed version represents the SIP as of the "Date Modified" listed in the footer.

Part I: School Information

School Mission and Vision

Provide the school's mission statement.

To build positive relationships with our students, staff and community while providing a safe, caring and academically challenging environment.

Provide the school's vision statement.

To have a successful middle school experience by providing a place to excel.

School Leadership Team

Membership
Identify the name, email address, position title, and job duties/responsibilities for each member of the school leadership team.**:**

Name	Title	Job Duties and Responsibilities
Ducker, Tim	Principal	
Rodgers, Linda	Teacher, K-12	
Hernandez, Rosa	Instructional Coach	

Demographic Information

Principal start date
Thursday 7/2/2020, Tamara Brooks

Number of teachers with a 2019 3-year aggregate or a 1-year Algebra state VAM rating of Highly Effective. *Note: For UniSIG Supplemental Teacher Allocation, teachers must have at least 10 student assessments.*
5

Number of teachers with a 2019 3-year aggregate or a 1-year Algebra state VAM rating of Effective. *Note: For UniSIG Supplemental Teacher Allocation, teachers must have at least 10 student assessments.*
21

Total number of teacher positions allocated to the school
73

Analysis

Data Reflection
Answer the following reflection prompts after examining any/all relevant school data sources (see guide for examples for relevant data sources).

Which data component showed the lowest performance? Explain the contributing factor(s) to last year's low performance and discuss any trends.

8th grade ELA decreased 11 points: 8th grade Math decreased 56 points; Science decreased 5 points.

Which data component showed the greatest decline from the prior year? Explain the factor(s) that contributed to this decline.

Our bottom quartile dropped from 50 to 42 in ELA. Science dropped from 60 to 54. The overall drop in ELA was 3 points.

Which data component had the greatest gap when compared to the state average? Explain the factor(s) that contributed to this gap and any trends.

8th grade Math decreased 31 percentage points from the state average.

Which data component showed the most improvement? What new actions did your school take in this area?

6th grade increased 18% for 2019 compared to state but school compared to state was up 9%.

Reflecting on the EWS data from Part I (D), identify one or two potential areas of concern?

ELA bottom quartile

Rank your highest priorities (maximum of 5) for schoolwide improvement in the upcoming school year.

1. Data driven PLC's
2. Student Engagement
3.
4.
5.

Part III: Planning for Improvement

Areas of Focus:

#1. Instructional Practice specifically relating to Professional Learning Communities

Area of Focus Description and Rationale:	Teachers will engage in structured PLC's. This area of focus was identified as a critical need based on the ELA and Algebra EOC data results.
Measurable Outcome:	The number of Mulrennan students making learning gains points for ELA will increase from 63% to 65 % or higher in 2021 and for Algebra EOC from 85% to 87% % or higher. Science achievement points will increase from 54% to 56% or higher.
Person responsible for monitoring outcome:	Tim Ducker (tim.ducker@hcps.net)
Evidence-based Strategy:	Structured data driven PLC's.
Rationale for Evidence-based Strategy:	Teachers will work collaboratively in their PLC's to ensure all lessons are standards based and that specific target standards have been identified. Student data will be dis-aggregated and student needs will be identified based on common assessment results data. All students will be included and teachers will progress monitor and differentiate instruction according to individual student needs.

Action Steps to Implement

1. PLC's will meet weekly
2. They will follow the PLC cycle (Plan-Do-Check-Act).
3. Administrators and subject area leaders will work with departments and provide easy to follow PLC forms to help guide teachers through the cycle as they plan and collaborate.
4. Teachers will provide copies of their PLC logs to assistant principal (M. Braglin) and to their subject area leader for review and feedback.

Person Responsible	Tim Ducker (tim.ducker@hcps.net)

#2. Instructional Practice specifically relating to Student Engagement

Area of Focus Description and Rationale:	This area of focus was identified as a critical need based on the ELA and Math FSA 2019 data results. (No FSA testing for Spring of 2020).
Measurable Outcome:	The number of Mulrennan students making learning gains points for ELA will increase from 63% to 65% or higher in 2021 and for Algebra EOC from 85% to 87% or higher. Science achievement points will increase from 54% to 56% or higher.
Person responsible for monitoring outcome:	Tim Ducker (tim.ducker@hcps.net)
Evidence-based Strategy:	Instructional personnel will adapt current student engagement strategies from Kagan and Jim Burke to a more individualized student focus (during the pandemic-covid-19 learning phase).
Rationale for Evidence-based Strategy:	Students must take ownership of their learning in order to realize their potential and achieve success. Teachers must create a learning environment that is engaging and aligned to students' needs.

Action Steps to Implement

1. Make important data visible: Students will turn in assignments daily/weekly in order to demonstrate their knowledge level and teachers will utilize this data to drive instruction.
2. E-learning teaches will provide "model" student learning behaviors as they focus attention to positive behaviors demonstrated by individual E-learning students thus setting data informed goals.
3. Teachers will celebrate quick wins by celebrating hard work and focused on-task behaviors.
4. Identifying effective practices and repeating those "data-driven" behaviors, adapting as needed throughout the pandemic.

Person Responsible	Tim Ducker (tim.ducker@hcps.net)

#3. ESSA Subgroup specifically relating to Students with Disabilities

Area of Focus Description and Rationale:	Our students with disabilities subgroup scored below 41% achievement according to current year data.
Measurable Outcome:	42% of students with disabilities will score proficient on state testing.
Person responsible for monitoring outcome:	Tim Ducker (tim.ducker@hcps.net)
Evidence-based Strategy:	Individualized reading instruction utilizing BrightFish for levels 1 and 2 ELA. Math excel is being utilized also during learning strategies time.
Rationale for Evidence-based Strategy:	Utilizing resources available to engage students through technology which is proven to raise achievement.

Action Steps to Implement

1. Use Brighfish in Reading classes
2. Use Math Excel in Math
3. Targeted interventions through learning strategies courses for most high needs students.

Person Responsible	Tim Ducker (tim.ducker@hcps.net)

Additional Schoolwide Improvement Priorities

After choosing your Area(s) of Focus, explain how you will address the remaining schoolwide improvement priorities.

School will focus efforts on building relationships with students and stakeholders as well as building cultural awareness.

Part IV: Positive Culture & Environment

A positive school culture and environment reflects: a supportive and fulfilling environment, learning conditions that meet the needs of all students, people who are sure of their roles and relationships in student learning, and a culture that values trust, respect and high expectations. Consulting with various stakeholder groups to employ school improvement strategies that impact the positive school culture and environment are critical. Stakeholder groups more proximal to the school include teachers, students, and families of students, volunteers, and school board members. Broad stakeholder groups include early childhood providers, community colleges and universities, social services, and business partners.

Stakeholders play a key role in school performance and addressing equity. Consulting various stakeholder groups is critical in formulating a statement of vision, mission, values, goals, and employing school improvement strategies.

Describe how the school addresses building a positive school culture and environment ensuring all stakeholders are involved.

Our school holds events in which parents and care-givers are encouraged to attend (prior to Covid-19 pandemic) such as:
Open house for all sixth graders (limited to incoming sixth graders so they are able to experience the campus for the first time without all the extra crowds for other grade levels).
Open house for 7th and 8th graders and their families
Quarterly conference nights
PTSA sponsored events
Chorus and Band/Orchestra concerts
AVID events
Grade level incentives (field trips, awards, honor roll celebrations)
Currently we post announcements to all Canvas courses
Send parent link phone calls to notify all stakeholders

Parent Family and Engagement Plan (PFEP) Link
The school completes a Parental Involvement Plan (PFEP), which is available at the school site.

Part V: Budget

The approved budget does not reflect any amendments submitted for this project.

1	III.A.	**Areas of Focus: Instructional Practice: Professional Learning Communities**	$0.00
2	III.A.	**Areas of Focus: Instructional Practice: Student Engagement**	$0.00
3	III.A.	**Areas of Focus: ESSA Subgroup: Students with Disabilities**	$0.00
		Total:	$0.00
