Demographics

Principal: Paulette English

Start Date for this Principal: 1/27/2020

2019-20 Status (per MSID File)	Active
School Type and Grades Served (per MSID File)	Elementary School PK-5
Primary Service Type (per MSID File)	K-12 General Education
2019-20 Title I School	No
2019-20 Economically Disadvantaged (FRL) Rate (as reported on Survey 3)	28%
2019-20 ESSA Subgroups Represented (subgroups with 10 or more students) (subgroups below the federal threshold are identified with an asterisk)	Students With Disabilities* English Language Learners Asian Students Black/African American Students Hispanic Students Multiracial Students White Students Economically Disadvantaged Students
School Grades History	2018-19: A (77%) 2017-18: A (67%) 2016-17: A (67%) 2015-16: A (70%)
2019-20 School Improvement (SI) Information*	
SI Region	Central
Regional Executive Director	Lucinda Thompson
Turnaround Option/Cycle	N/A
Year	
Support Tier	
ESSA Status	N/A

* As defined under Rule 6A-1.099811, Florida Administrative Code. For more information, [click here](#).

School Board Approval

This plan is pending approval by the Hillsborough County School Board.

SIP Authority

Section 1001.42(18), Florida Statutes, requires district school boards to annually approve and require implementation of a Schoolwide Improvement Plan (SIP) for each school in the district that has a school grade of D or F. This plan is also a requirement for Targeted Support and Improvement (TS&I) and Comprehensive Support and Improvement (CS&I) schools pursuant to 1008.33 F.S. and the Every Student Succeeds Act (ESSA).

To be designated as TS&I, a school must have one or more ESSA subgroup(s) with a Federal Index below 41%. This plan shall be approved by the district. There are three ways a school can be designated as CS&I:

1. have a school grade of D or F
2. have a graduation rate of 67% or lower
3. have an overall Federal Index below 41%.

For these schools, the SIP shall be approved by the district as well as the Bureau of School Improvement.

The Florida Department of Education (FDOE) SIP template meets all statutory and rule requirements for traditional public schools and incorporates all components required for schools receiving Title I funds. This template is required by State Board of Education Rule 6A-1.099811, Florida Administrative Code, for all non-charter schools with a current grade of D or F, or a graduation rate 67% or less. Districts may opt to require a SIP using a template of its choosing for schools that do not fit the aforementioned conditions. This document was prepared by school and district leadership using the FDOE's school improvement planning web application located at www.floridacims.org.

Purpose and Outline of the SIP

The SIP is intended to be the primary artifact used by every school with stakeholders to review data, set goals, create an action plan and monitor progress. The Florida Department of Education encourages schools to use the SIP as a "living document" by continually updating, refining and using the plan to guide their work throughout the year. This printed version represents the SIP as of the "Date Modified" listed in the footer.

Part I: School Information

School Mission and Vision

Provide the school's mission statement.

Pride Elementary will coach learners to success.

Provide the school's vision statement.

Pride Elementary will prepare students for life.

School Leadership Team

Membership

Identify the name, email address, position title, and job duties/responsibilities for each member of the school leadership team.:

Name	Title	Job Duties and Responsibilities
English, Paulette	Principal	<p>Leadership team meetings can include the following:</p> <ul style="list-style-type: none"> Principal Assistant Principal / ELP Coordinator Guidance Counselor SAC Chairs School Psychologist/ Behavior team Representative School Social Worker/ Attendance Committee Representative Academic Coaches (Reading, Math, etc. and other specialists on an ad hoc basis) ESE teachers PLC Liaisons for each grade level and/or content area District support (including Area Superintendents, Support Specialist, District Coaches)
		<p>The Leadership team meets regularly (e.g., bi-weekly/monthly). The purpose of the core Leadership Team is to:</p> <ol style="list-style-type: none"> 1. Collaborate and problem solve to ensure the implementation of high quality instructional practices utilizing the RtI/MTSS process: at the core (Tier 1) and intervention/enrichment (Tiers 2/3) levels. 2. Support the implementation of high quality instructional practices at the core (Tier 1) and intervention/enrichment (Tiers 2/3) levels. 3. Review ongoing progress monitoring data at the core to ensure fidelity of instruction and attainment of SIP goal(s) in curricular, behavioral, and attendance domains. 4. Communicate school-wide data to PLCs and facilitate problem solving within the content/grade level teams.
		<p>A collaborative culture of shared responsibility is established through Leadership Team Meetings and PLCs.</p>
		<p>Research consistently bears out that the school leader is the most important element in teachers choosing to go to, and then remain at, a school site. To that end, HCPS works to ensure that principals are selected and placed with great care. HCPS works to develop strong leaders through the Hillsborough Principal Pipeline. As stated above, The Hillsborough Principal Pipeline offers unique and valuable opportunities for teachers to experience and prepare for a school leadership position by helping them gain the skills, experience and confidence that are crucial to becoming a high-performing leader. Pursuing school leadership provides the opportunity to make a direct impact on school culture and positively influence instructional quality, which will result in improved outcomes and higher long-term success rates for students in Hillsborough County.</p>
		<p>HCPS' vision for instructional improvement is to have a highly effective teacher in every classroom and a highly effective principal in every school. This vision is founded in the research-based tenet that teacher quality has a larger impact on student achievement than any other schooling factor. Further research demonstrates the impact of a principal's leadership on outcomes for students and teachers. Over the past decade, HCPS has developed a Human Capital Management System (HCMS) to further the district's vision of instructional improvement.</p>

Name	Title	Job Duties and Responsibilities
		<p>Several Teacher Interview Days and Recruitment Fairs occur throughout the summer months, under the oversight of Human Resources. All applicants must be pre-approved by the District to attend these events. Certified teachers with an Effective or Highly Effective performance evaluation, teaching in field, at our highest needs schools are eligible for salary differential. This program was established with the purpose of helping to create stability and equity in harder to staff schools, recruiting and retaining highly qualified instructional staff, increasing student achievement, and promoting a culture of ongoing professional development.</p> <p>Compensation is grounded in a performance-based salary structure that explicitly ties salary increases to sustained high-level performance, while career ladder positions, such as Instructional Mentors, are available to effective educators. The base teacher salary schedule is designed to provide substantial increases in compensation to teachers who have demonstrated positive student impact.</p> <p>Once hired, teacher induction and teacher retention are supported through fully-released instructional mentors assigned to every new educator for up to two years to increase effectiveness and decrease recidivism. Educator effectiveness ratings that differentiate educator quality are used to assist principals in determining teachers' transfer options and promotion into leadership positions. HCPS has linked PD opportunities to HR functions so that school-level and district-level trainings are developed and deployed in response to areas of need identified by educator evaluations. Training course completions can also be tracked by HR Partners to inform human capital decisions</p>
Gluth, Angela	Assistant Principal	

Demographic Information

Principal start date

Monday 1/27/2020, Paulette English

Number of teachers with a 2019 3-year aggregate or a 1-year Algebra state VAM rating of Highly Effective. *Note: For UniSIG Supplemental Teacher Allocation, teachers must have at least 10 student assessments.*

Analysis

Data Reflection

Answer the following reflection prompts after examining any/all relevant school data sources (see guide for examples for relevant data sources).

Which data component showed the lowest performance? Explain the contributing factor(s) to last year's low performance and discuss any trends.

In all of our data components there were gains over the previous year. Our lowest performance was in the bottom 25% with 64% making gains. This was a 15% increase over the previous year.

Which data component showed the greatest decline from the prior year? Explain the factor(s) that contributed to this decline.

All of data components made increases, there were no declines. The smallest gain was in math with only a 4 point increase.

Which data component had the greatest gap when compared to the state average? Explain the factor(s) that contributed to this gap and any trends.

All of our data components are above the district and state averages.

Which data component showed the most improvement? What new actions did your school take in this area?

Our students in the lowest quartile made significant gains. This is due to the focused instruction and targeting student needs. Our teachers collaborate well with one another and plan for individual student instruction. We utilize our "Success Club" time for intervention and enrichment.

Reflecting on the EWS data from Part I (D), identify one or two potential areas of concern?

We believe that our lowest quartile is still an area of concern.

Rank your highest priorities (maximum of 5) for schoolwide improvement in the upcoming school year.

1. Differentiation in instruction.
2. Planning with the standards in mind.
3. Learning gains for the bottom quartile.
4. Increasing or maintaining growth for the highest students.

Part III: Planning for Improvement

Areas of Focus:

#1. Instructional Practice specifically relating to Differentiation

Area of Focus Description and Rationale:	Our school wide improvement priorities will be to continue to focus on standards- based planning with an emphasis on differentiation. Research has shown that shifting to standards-based planning will allow for more rigorous instruction, as well as targeting instruction for all students. We will add a focus on differentiation to ensure we are meeting the needs of all learners.
Measurable Outcome:	The learning gains of the bottom quartile will increase in both reading and math. The intended outcome in reading is an increase from 69% to 75% and in math an increase from 64% to 70%.
Person responsible for monitoring outcome:	Paulette English (paulette.english@hcps.net)
Evidence-based Strategy:	Pride Elementary will implement the evidence-based strategy of differentiation in classroom instruction.
Rationale for Evidence-based Strategy:	Research tells us that learning takes place most effectively in classrooms where knowledge is clearly and powerfully organized, students are highly active in the learning process, assessments are rich and varied and students feel a sense of safety and connection (National Research Council, 1990; Wiggins and McTighe, 1998).

Action Steps to Implement

To monitor the effectiveness, each PLT will be assigned a coach that will help the team answer the four guiding questions (What went well? What did you do that moved the team toward the goal? What would you do differently? What was a key takeaway?). PLT notes/agendas will be collected and reviewed by the principal.

Person Responsible Paulette English (paulette.english@hcps.net)

Additional Schoolwide Improvement Priorities

After choosing your Area(s) of Focus, explain how you will address the remaining schoolwide improvement priorities.

NA

Part IV: Positive Culture & Environment

A positive school culture and environment reflects: a supportive and fulfilling environment, learning conditions that meet the needs of all students, people who are sure of their roles and relationships in student learning, and a culture that values trust, respect and high expectations. Consulting with various stakeholder groups to employ school improvement strategies that impact the positive school culture and environment are critical. Stakeholder groups more proximal to the school include teachers, students, and families of students, volunteers, and school board members. Broad stakeholder groups include early childhood providers, community colleges and universities, social services, and business partners.

Stakeholders play a key role in school performance and addressing equity. Consulting various stakeholder groups is critical in formulating a statement of vision, mission, values, goals, and employing school improvement strategies.

Describe how the school addresses building a positive school culture and environment ensuring all stakeholders are involved.

Pride Elementary utilizes PBIS strategies and actively engages our Student Ambassadors, Student Safety Patrols, School Advisory Council, Leadership Team and PTA in building and supporting a positive school culture and environment.

Parent Family and Engagement Plan (PFEP) Link

The school completes a Parental Involvement Plan (PFEP), which is available at the school site.
