## School Board Approval

This plan is pending approval by the Hillsborough County School Board.

## SIP Authority

Section 1001.42(18), Florida Statutes, requires district school boards to annually approve and require implementation of a Schoolwide Improvement Plan (SIP) for each school in the district that has a school grade of D or F. This plan is also a requirement for Targeted Support and Improvement (TS&I) and Comprehensive Support and Improvement (CS&I) schools pursuant to 1008.33 F.S. and the Every Student Succeeds Act (ESSA).

To be designated as TS&I, a school must have one or more ESSA subgroup(s) with a Federal Index below 41%. This plan shall be approved by the district. There are three ways a school can be designated as CS&I:

1. have a school grade of D or F
2. have a graduation rate of 67% or lower
3. have an overall Federal Index below 41%.

For these schools, the SIP shall be approved by the district as well as the Bureau of School Improvement.

The Florida Department of Education (FDOE) SIP template meets all statutory and rule requirements for traditional public schools and incorporates all components required for schools receiving Title I funds. This template is required by State Board of Education Rule 6A-1.099811, Florida Administrative Code, for all non-charter schools with a current grade of D or F, or a graduation rate 67% or less. Districts may opt to require a SIP using a template of its choosing for schools that do not fit the aforementioned conditions. This document was prepared by school and district leadership using the FDOE's school improvement planning web application located at [www.floridacims.org](http://www.floridacims.org).

## Purpose and Outline of the SIP

The SIP is intended to be the primary artifact used by every school with stakeholders to review data, set goals, create an action plan and monitor progress. The Florida Department of Education encourages schools to use the SIP as a "living document" by continually updating, refining and using the plan to guide their work throughout the year. This printed version represents the SIP as of the "Date Modified" listed in the footer.

## Part I: School Information

### School Mission and Vision

**Provide the school's mission statement.**

To cultivate a scholarly community where all students achieve intellectual and personal excellence through leadership development, innovative learning, individual responsibility, and impactful service.

**Provide the school's vision statement.**

Empowering every student, every day, for life.

### School Leadership Team

**Membership**

Identify the name, email address, position title, and job duties/responsibilities for each member of the school leadership team.:

Name	Title	Job Duties and Responsibilities
Wilson, Ovett	Principal	Leadership team meetings can include the following: Principal Assistant Principals Academic Coaches Team Leaders Subject Area Leaders Guidance Counselors Psychologist Social Worker ESE Specialist Success Coach The Leadership team meets regularly every month bi-weekly. The purpose of the Leadership team is to: 1. Support the goals of the SIP Plan 2. Collaborate and problem solve to ensure the implementation of high quality instructional practices utilizing the MTSS/RTI process 3. Review ongoing process and progress monitoring data at the core and to ensure fidelity of instructional practices at Tier I and enrichment for Tiers 2 and 3. 4. Communicate school-wide data to PLCs and facilitate problem solving within the content/grade level teams.

### Demographic Information

**Principal start date**

Tuesday 6/30/2020, Lipi Datta Reid

**Number of teachers with a 2019 3-year aggregate or a 1-year Algebra state VAM rating of Highly Effective.** *Note: For UniSIG Supplemental Teacher Allocation, teachers must have at least 10 student assessments.*

3

**Number of teachers with a 2019 3-year aggregate or a 1-year Algebra state VAM rating of Effective.** *Note: For UniSIG Supplemental Teacher Allocation, teachers must have at least 10 student assessments.*

12

**Total number of teacher positions allocated to the school**

## Analysis

**Data Reflection**

Answer the following reflection prompts after examining any/all relevant school data sources (see guide for examples for relevant data sources).

**Which data component showed the lowest performance? Explain the contributing factor(s) to last year's low performance and discuss any trends.**

The lowest performance trend is in science. Our Achievement level was at 24%. We have not had a solid science teacher for the last 3 years. Last year we lost our science teacher in the middle of the school year. This upcoming school year we have hired a science coach to help us in this area.

**Which data component showed the greatest decline from the prior year? Explain the factor(s) that contributed to this decline.**

The greatest decline came with our ELA lowest 25%. We dropped from 56% to 48%. We could have done a better job with our targeted approach. We have developed a 3 part sorting and support plan to help us with that during the upcoming school year.

**Which data component had the greatest gap when compared to the state average? Explain the factor(s) that contributed to this gap and any trends.**

Our ELA achievement data had the greatest gap in comparison to the state. Our gap was 32% in this area. The state was 61% and Woodson was 29%. Standard aligned planning, instruction and assessment is the contributing factor that has impacted our gap in ELA.

**Which data component showed the most improvement? What new actions did your school take in this area?**

The most improved area was in Civics. We improved 15% in this area. We focused on small group instruction and our instructional delivery in this class. Our frequent assessments helped us to focus on targeted instruction.

**Reflecting on the EWS data from Part I (D), identify one or two potential areas of concern?**

For the early warning system we would like to reduce or failure rate in ELA and Math. Also we would like to reduce our level ones students by a minimum of 15%.

**Rank your highest priorities (maximum of 5) for schoolwide improvement in the upcoming school year.**

1. Science Achievement Data
2. ELA Achievement Data
3. Math Achievement Data
4. Reduce failure rate by 25%
5. Reduce level 1 by 15%

## Part III: Planning for Improvement

### Areas of Focus:

**#1. Instructional Practice specifically relating to ELA**

**Area of Focus Description and Rationale:** Our ELA achievement data had the greatest gap in comparison to the state. Our gap was 32% in this area. The state was 61% and Woodson was 29%. Standard aligned planning, instruction and assessment is the contributing factor that has impacted our gap in ELA. Students need to be provided with consistent opportunities to be successful with standards-aligned tasks, and teachers have limited effective teaching methods to support learning.

**Measurable Outcome:** By October 2020, at least 80% of teachers will provide opportunities for students to engage in standards-aligned tasks according to learning walk data (both virtual and in-person). By December 2020, 100% of teachers will provide opportunities for students to engage in standards-aligned tasks.

Common assessment data in ELA will show 35% of students performing at or above proficiency.

**Person responsible for monitoring outcome:** Lipi Datta-Reid (lipi.datta-reid@hcps.net)

**Evidence-based Strategy:** Professional Learning Communities (PLC)  
 Professional learning communities will be focused on standards-based planning, student work analysis protocol, development of common assessments, and analyzing data. The work of the PLC will be centered around the research of Richard DuFour's PLC questions:  
 1. What is it we want our students to learn?  
 2. How will we know if each student has learned it?  
 3. How will we respond when some students do not learn it?  
 4. How can we extend and enrich the learning for students who have demonstrated proficiency?

**Rationale for Evidence-based Strategy:** According to the Opportunity Myth. Students need grade level text that aligns with the standards. In order to provide students opportunities to engage in grade appropriate standards-based tasks, teachers will be supported through a structure for professional learning communities focused on effective teaching methods for learning.

Additionally, according to John Hattie's Effect Size on Professional Development is 0.62 which has a big impact on student learning.

Learning by Doing: A Handbook for PLCs at Work (DuFour, DuFour, Eaker, and Many)  
<https://www.solutiontree.com/products/learning-by-doing-third-edition.html>

**Action Steps to Implement**

- Establish a Culture, Expectation and Structure for Effective PLC's
- Allow master schedule to have common planning for grade levels.
- Establish structure and expectations for content PLC's
- Use PLC protocol from DuFour's framework. Supports will be geared around standard-based planning, teaching and assessing.
- Admin communicate PLC's expectations
- Use pre-planning to have content team develop protocol and expectations
- Roles will be defined by the end of pre-planning for PLC's (Teacher, Coaches & Admin)

**Person Responsible** Ovett Wilson (ovett.wilson@hcps.net)

### Developing Teacher Capacity

The leadership team will develop look fors centered around standard-aligned instruction.

The leadership team will conduct walk-throughs to collect data on the implementation of instruction planned during PLC and student learning outcomes.

Group and individual data will be communicated to teachers so that celebrations and improvements could be made.

Leadership Team will use data to tier and support teacher needs.

Coaching cycles will be developed to support teacher need.

**Person Responsible** Lipi Datta-Reid (lipi.datta-reid@hcps.net)

### Analyzing Student Data

Student work and data will be used to establish next steps for teachers.

PLC's will be used to establish common standards-aligned tasks that will be given to monitor students mastery.

Student work will be used at PLC's

Trends will be identified and coaches will guide teachers in identifying trends and supports needed to improve student learning.

**Person Responsible** [no one identified]

## Additional Schoolwide Improvement Priorities

After choosing your Area(s) of Focus, explain how you will address the remaining schoolwide improvement priorities.

**Our instructional priority at Woodson this year is to: 1. Align task to grade-level standard. 2. Instructional Priority: Reading and writing across all content.**

**Based on the research from the Opportunity Myth we are pushing for our students to have access to grade-level standards and tasks that are rigorous for them. Teachers have access to coaches in the area that we underperformed. We have secured a science, math, and 2 reading coaches to help support teachers in: PLC's, Data review, planning, and task alignment.**

**Additionally, we are pushing the priority of reading and writing across all content. This we believe will help to push the cognitive demands of our students.**

**We will tier our teachers based on the need for support and we will focus our coaching cycles around the needs. We will conduct full ILW per 9 weeks and mini ones in between. This is for us to secure the data needed to help improve our practice.**

**We are particularly doing this to help improve our ESSA subgroups: Blacks, White, ELL and SWD. We believe if we enhance the quality of instruction, and deep engagement our ESSA subgroups will do much better.**

**Our ESSA subgroups will be targeted and pulled for small group instructions during the school day. Our coaches will provide targeted small group support during the day for students who will need it base on our assessment data. We will also use our after school tutoring program to help our focus with our ESSA groups. Our 21Century Grant allows us to give additional support to our ESSA subgroups through after school enrichment. ESSA students will also have targeted support before school starts from 7:10-7:40am. They will be pulled for morning work on iReady and Achieve 3000.**

**Morning meetings are with administration and grade-level teams to discuss what is approaching regarding assessments, procedures, or any other items that relate to the grade level team. It is to ensure we are communicating with each team weekly with the same message. It is also a time to come together and discuss any concerns that need to be addressed.**

**Professional Learning Communities are with administrators, coaches, and teachers. We focus on a framework for planning, assessments, looking at student data, and diving into grade-level standards.**

**Instructional Learning Team meetings is with the leadership team where we create look-fors based on our instructional priority, look into school data, create targeted walkthroughs with the team, and look at the results of the walkthroughs.**

**The cultural meeting will meet to create action steps based on our cultural priority and the areas in the TELL survey. One member from each area will compose the steering committee which will give voice to all stakeholders.**

**Committee Meetings: Teachers will select a committee that they want to serve on and work on projects to improve Woodson.**

**New Teacher PLC –Training and support for new to Woodson and new to teaching.**

## Part IV: Positive Culture & Environment

A positive school culture and environment reflects: a supportive and fulfilling environment, learning conditions that meet the needs of all students, people who are sure of their roles and relationships in student learning, and a culture that values trust, respect and high expectations. Consulting with various stakeholder groups to employ school improvement strategies that impact the positive school culture and environment are critical. Stakeholder groups more proximal to the school include teachers, students, and families of students, volunteers, and school board members. Broad stakeholder groups include early childhood providers, community colleges and universities, social services, and business partners.

Stakeholders play a key role in school performance and addressing equity. Consulting various stakeholder groups is critical in formulating a statement of vision, mission, values, goals, and employing school improvement strategies.

Describe how the school addresses building a positive school culture and environment ensuring all stakeholders are involved.

This year our cultural goal will be "to build an atmosphere of mutual respect and rapport." We have developed a PBIS Team that will focus on promoting the positive behaviors of student and staff on campus. We have also formed a discipline team that will focus on restorative measures for students.

The faculty will study the 13 high trust behaviors by Stephen Covey

This year we will focus on building relationships with students and teachers. Data from the 2019-2020 student Tell Survey revealed that 93% of the students at Woodson agreed that teachers cared about them (an increase from 89% the previous year). Breakfast in the classroom ensured that relationships were developed between teachers and students before the instructional day. A school-wide positive support system will be established to create a safe, caring, and nurturing environment. We will focus on starting our school day with positive conversations, morning work and other strategies related to building classroom culture.

We will have our weekly team meetings for grade levels and will celebrate the success of students in front of their peers.

We will continue or student of the month where we celebrate students for their hard work. We will also celebrate leader of the month where we will acknowledge students who have demonstrated leadership qualities for the month.

We will continue of Tutor-A-Bull program with the partnership of USF.

We will continue or parthneship with McDonald, Publix, Feeding Tampa Bay, Local churches, and parent volunteers.

We will have morning greeters at the doors daily to welcome student to school.

We will create a welcoming atmosphere during lunch and free time so students enjoy the atmosphere of the campus and school.

The culture committee will review the progress of culture on campus monthly and make recommendations for improvement monthly.

### **Parent Family and Engagement Plan (PFEP) Link**

The school completes a Parental Involvement Plan (PFEP), which is available at the school site.

## Part V: Budget

The approved budget does not reflect any amendments submitted for this project.

1	III.A.	Areas of Focus: Instructional Practice: ELA				\$297,801.00
Function	Object	Budget Focus	Funding Source	FTE	2020-21	
	160-Other Support Personnel	0682 - Dr Carter G Woodson K 8 School	Title, I Part A	1.0	\$25,000.00	
<i>Notes: Works with our access students to provide additional support for students and teachers.</i>						
	130-Other Certified Instructional Personnel	0682 - Dr Carter G Woodson K 8 School	Title, I Part A	1.0	\$50,000.00	
<i>Notes: Upper Campus Reading Coach will support grades 5-8: Examine best practices, develop teachers, provide coaching, help with lesson plans, facilitate PLC's, develop coaching cycles, help with resources for teachers, and other needs that may not be here listed.</i>						
	130-Other Certified Instructional Personnel	0682 - Dr Carter G Woodson K 8 School	Title, I Part A	1.0	\$50,000.00	
<i>Notes: Science coach to support science across the campus. Science Coach will support the development of science in all grade levels: Examine best practices, develop teachers, provide coaching, help with lesson plans, facilitate PLC's, develop coaching cycles, help with resources for teachers, and other needs that may not be here listed.</i>						
	643-Capitalized Hardware and Technology-Related Infrastructure	0682 - Dr Carter G Woodson K 8 School	Title, I Part A		\$63,801.00	
<i>Notes: Purchase laptops for students to use in class for small group rotations. This will assist elearning also if we have to go that route.</i>						
	643-Capitalized Hardware and Technology-Related Infrastructure	0682 - Dr Carter G Woodson K 8 School	Title, I Part A		\$20,000.00	
<i>Notes: Purchase 4 presentation Qomo computer/Screens and accessories. Used for teacher, parent and student trainings and presentations.</i>						
	590-Other Materials and Supplies	0682 - Dr Carter G Woodson K 8 School	Title, I Part A		\$25,000.00	
<i>Notes: Teaching supplies for teaching and learning.</i>						
	130-Other Certified Instructional Personnel	0682 - Dr Carter G Woodson K 8 School	Title, I Part A	1.0	\$50,000.00	
<i>Notes: Student Success Coach: Coaches students on academics strategies, and behaviors. EWS students are assigned to him for progress monitoring and coaching. He will help to develop the PBIS program and assist with our parent involvement program.</i>						
	140-Substitute Teachers	0682 - Dr Carter G Woodson K 8 School	Title, I Part A		\$4,000.00	
<i>Notes: Subs will be used as needed during the school year. We will use to create planning time for departments to have team planning during the school year.</i>						
	390-Other Purchased Services	0682 - Dr Carter G Woodson K 8 School	Title, I Part A		\$10,000.00	
<i>Notes: RICCO budget for print cost for the year.</i>						
<b>Total:</b>					<b>\$297,801.00</b>
