Demographics

Principal: Lori Amos

Start Date for this Principal: 10/15/2020

2019-20 Status (per MSID File)	Active
School Type and Grades Served (per MSID File)	High School 9-12
Primary Service Type (per MSID File)	K-12 General Education
2019-20 Title I School	No
2019-20 Economically Disadvantaged (FRL) Rate (as reported on Survey 3)	35%
2019-20 ESSA Subgroups Represented (subgroups with 10 or more students) (subgroups below the federal threshold are identified with an asterisk)	Students With Disabilities English Language Learners* Asian Students* Black/African American Students Hispanic Students Multiracial Students White Students Economically Disadvantaged Students
School Grades History	2018-19: A (65%) 2017-18: A (65%) 2016-17: B (58%) 2015-16: A (62%)
2019-20 School Improvement (SI) Information*	
SI Region	Northeast
Regional Executive Director	Cassandra Brusca
Turnaround Option/Cycle	N/A
Year	
Support Tier	
ESSA Status	N/A

* As defined under Rule 6A-1.099811, Florida Administrative Code. For more information, [click here](#).

School Board Approval

This plan is pending approval by the Nassau County School Board.

SIP Authority

Section 1001.42(18), Florida Statutes, requires district school boards to annually approve and require implementation of a Schoolwide Improvement Plan (SIP) for each school in the district that has a school grade of D or F. This plan is also a requirement for Targeted Support and Improvement (TS&I) and Comprehensive Support and Improvement (CS&I) schools pursuant to 1008.33 F.S. and the Every Student Succeeds Act (ESSA).

To be designated as TS&I, a school must have one or more ESSA subgroup(s) with a Federal Index below 41%. This plan shall be approved by the district. There are three ways a school can be designated as CS&I:

1. have a school grade of D or F
2. have a graduation rate of 67% or lower
3. have an overall Federal Index below 41%.

For these schools, the SIP shall be approved by the district as well as the Bureau of School Improvement.

The Florida Department of Education (FDOE) SIP template meets all statutory and rule requirements for traditional public schools and incorporates all components required for schools receiving Title I funds. This template is required by State Board of Education Rule 6A-1.099811, Florida Administrative Code, for all non-charter schools with a current grade of D or F, or a graduation rate 67% or less. Districts may opt to require a SIP using a template of its choosing for schools that do not fit the aforementioned conditions. This document was prepared by school and district leadership using the FDOE's school improvement planning web application located at www.floridacims.org.

Purpose and Outline of the SIP

The SIP is intended to be the primary artifact used by every school with stakeholders to review data, set goals, create an action plan and monitor progress. The Florida Department of Education encourages schools to use the SIP as a "living document" by continually updating, refining and using the plan to guide their work throughout the year. This printed version represents the SIP as of the "Date Modified" listed in the footer.

Part I: School Information

School Mission and Vision

Provide the school's mission statement.

Our mission is to develop each student as an inspired life-long learner and problem-solver with the strength of character to serve as a productive member of society.

Provide the school's vision statement.

Our vision for all members of Yulee High School is to provide a safe environment, maintain and model professionalism and high expectations which will result in continuous academic growth, excellence, and increased post graduation opportunities.

School Leadership Team

Membership

Identify the name, email address, position title, and job duties/responsibilities for each member of the school leadership team.:

Name	Title	Job Duties and Responsibilities
Joinville, Yvon	Principal	
Jackson, Donna	Assistant Principal	
Perry, Donna	Instructional Media	
Scarberry, Rebecca	Teacher, K-12	
Blake, Thomas	Teacher, K-12	
Patterson, Brianna	Teacher, K-12	
Lacand, Caroline	Teacher, K-12	
Hicken, Candace	Instructional Coach	
Matricardi, Mandi	Assistant Principal	
Crosby, Kathy	Teacher, Career/Technical	
Murray, Ashley	Teacher, K-12	
Eckman, Jessi	Teacher, K-12	
Grunewald, Amnesty	Teacher, ESE	
VanDelinder, Janice	Teacher, K-12	
Benenhaley, kara	School Counselor	
Fortney, Tawny	School Counselor	
Faulk, Natalie	Teacher, K-12	

Demographic Information

Principal start date

Thursday 10/15/2020, Lori Amos

Number of teachers with a 2019 3-year aggregate or a 1-year Algebra state VAM rating of Highly Effective. *Note: For UniSIG Supplemental Teacher Allocation, teachers must have at least 10 student assessments.*

Number of teachers with a 2019 3-year aggregate or a 1-year Algebra state VAM rating of Effective. *Note: For UniSIG Supplemental Teacher Allocation, teachers must have at least 10 student assessments.*

Total number of teacher positions allocated to the school

Analysis

Data Reflection

Answer the following reflection prompts after examining any/all relevant school data sources (see guide for examples for relevant data sources).

Which data component showed the lowest performance? Explain the contributing factor(s) to last year's low performance and discuss any trends.

The ELA 9th and 10th grade performed at 63% proficiency on the 2018-2019 assessment vs the district average of 65%. The 9th grade declined 1% when compared to the previous year's data. Our lowest 25% dropped from 47% in 2017-2018 to 31% in 2018-2019.

Which data component showed the greatest decline from the prior year? Explain the factor(s) that contributed to this decline.

the 2018-2019 Algebra EOC data (67%) declined 13% from the 2017-2018 school year (80%). This was the first year that Algebra 1-B students from the 2016-2017 cohort tested. Overall learning gains, as well as lower quartile learning gains, declined slightly as well.

Which data component had the greatest gap when compared to the state average? Explain the factor(s) that contributed to this gap and any trends.

YHS is above state average in all areas.

Which data component showed the most improvement? What new actions did your school take in this area?

YHS showed the most improvement in the area of Geometry moving 52% in 2017-2018 to 64% in 2018-2019.

Reflecting on the EWS data from Part I (D), identify one or two potential areas of concern?

The greatest area of concern is 17% of our population (224) is identified as a level 1 on the statewide assessment. In the 2018-2019 school year, only 31% of the lowest quartile made learning gains compared to the 42% state average.

Rank your highest priorities (maximum of 5) for schoolwide improvement in the upcoming school year.

1. Improve ELA learning gains among our lower quartile students
2. Improve our Algebra scores
3. Improve our overall ELA pass rate
4. Improve overall attendance below 90%
- 5.

Part III: Planning for Improvement

Areas of Focus:

#1. Instructional Practice specifically relating to ELA

Area of Focus Description and Rationale:	Our ELA lowest 25 percentile did not make significant gains. Specifically, we declined from 47% learning gains to 31%.
Measurable Outcome:	Based on the data, we will increase our lowest 25 percent ELA by 16 percent or more.
Person responsible for monitoring outcome:	Yvon Joinville (yvon.joinville@nassau.k12.fl.us)
Evidence-based Strategy:	Common Board Configuration, school-based and district-wide assessments, new reading programs: IXL, Adaptive progress monitoring assessment.
Rationale for Evidence-based Strategy:	We met as a district and analyzed our data,
Action Steps to Implement	
Common Board Configuration, school-based and district-wide assessments, new reading programs: IXL, Adaptive progress monitoring assessment.	
Person Responsible	[no one identified]

#2. Culture & Environment specifically relating to Student Attendance

Area of Focus
Description and Rationale: 17% of the students at Yulee High School had annual attendance below 90 percent during the 2018-2019 school year. Consistent attendance is an indicator of student success and achievement in school.

Measurable Outcome: YHS will increase student attendance to reduce the attendance below 90 percent to 15% for the 2019-2020 school year.

Person responsible for monitoring outcome: [no one identified]

Evidence-based Strategy: Yulee High School Leadership team will develop a check-in, check-out system for students in Tier 1 of attendance - 5 absences in 30 days. For students in Tier 2 the Administrative Problem Solving Team will meet with parents and guardians to troubleshoot and propose interventions along with continuing Tier 1 supports

Rationale for Evidence-based Strategy: Research shows that students who have connections or find connectivity to school are more likely to attend and improve patterns of attendance. By partnering with parents and providing additional resources, we will more likely remove or minimize barriers to student attendance and decrease absenteeism.

Action Steps to Implement

1. Identify all former and current Tier 1 and potential Tier 2 students with less than 90% attendance
2. Assign students to faculty members for check-in, check- out system
3. Current ISD teacher will make weekly phone calls for all Tier 1 and Tier 2 students who are absent
4. The Administrative Problem Solving Team will meet monthly to review and discuss current Tier 2 students
5. The Dean of Students and Resource Officer will conduct home visits for all Tier 3 students (15 absences in 90 days)
6. Conduct monthly celebration and recognition of students with perfect attendance for the month

Person Responsible [no one identified]

#3. Other specifically relating to Algebra 1 EOC

Area of Focus Description and Rationale: The number of students passing the Algebra EOC in the 2018-2019 school year dropped from 80% to 67% in the 2018-2019 school year. Students must pass the EOC in order to earn a high school diploma. We are refocusing our instructional strategies, increasing small group instruction, and ensuring teacher created questions, assignments and assessments are at the same level of rigor as the standard.

Measurable Outcome: The number of students passing the Algebra EOC in the 2018-2019 school year will improve from 67% proficiency to 70% for the 2019-2020 school year.

Person responsible for monitoring outcome: Donna Jackson (donna.jackson@nassau.k12.fl.us)

Evidence-based Strategy: Throughout the year, we will be using small groups for instruction and remediation, district created spiral review, and benchmark assessments.

Rationale for Evidence-based Strategy: Small group instruction allows for more specific instruction on deficient areas. To ensure the level of rigor is addressed, we will use Algebra Nation 'Test Yourself,' and 'Check for Understanding,' as well as the videos and workbook to reinforce concepts. In addition, we will use a combination of a 10 week review packet, Mastery Sheets, Concept Quizzes, and released test questions in class, as well as in boot camp review. Benchmark assessments can help determine individual student learning gains.

Action Steps to Implement

1. Determine individual math achievement and comprehension scores
2. Determine math deficiencies based on previous year's data and summative assessments
3. Develop Common Boards as standards-based planning assessment, ensuring tasks align to the rigor of the standards
4. Create lessons that promote one-on-one or small group learning
5. Monitor student progress through Algebra Nation, Test Yourself Reports, an Math XL Reports.

Additional Schoolwide Improvement Priorities

After choosing your Area(s) of Focus, explain how you will address the remaining schoolwide improvement priorities.

ELA lowest 25th percentile

Algebra EOC

Attendance below 90 percent

Part IV: Positive Culture & Environment

A positive school culture and environment reflects: a supportive and fulfilling environment, learning conditions that meet the needs of all students, people who are sure of their roles and relationships in student learning, and a culture that values trust, respect and high expectations. Consulting with various stakeholder groups to employ school improvement strategies that impact the positive school culture and environment are critical. Stakeholder groups more proximal to the school include teachers, students, and families of students, volunteers, and school board members. Broad stakeholder groups include early childhood providers, community colleges and universities, social services, and business partners.

Stakeholders play a key role in school performance and addressing equity. Consulting various stakeholder groups is critical in formulating a statement of vision, mission, values, goals, and employing school improvement strategies.

Describe how the school addresses building a positive school culture and environment ensuring all stakeholders are involved.

Yulee High School is a community institution. Our teachers and staff are actively engaged with the community and different stakeholders. We have a Vystar branch on campus that serve members of our community. The majority of our students are members of faith-based organizations that provide emotional supports. We also have a (PTO) parent-teacher organization constantly reaching to our local business and raise money for students' scholarships. We provide a child care service program 1 hour before the ending of school for our faculty whose children attend neighboring schools.

Our school counselors conduct numerous parent-nights to inform our parents about graduation requirements and post-secondary endeavors.

Parent Family and Engagement Plan (PFEP) Link

The school completes a Parental Involvement Plan (PFEP), which is available at the school site.

Part V: Budget

The approved budget does not reflect any amendments submitted for this project.

1	III.A.	Areas of Focus: Instructional Practice: ELA	\$0.00
2	III.A.	Areas of Focus: Culture & Environment: Student Attendance	\$0.00
3	III.A.	Areas of Focus: Other: Algebra 1 EOC	\$0.00
Total:			\$0.00
