Demographics

Principal: Jeanne Ziemba

Start Date for this Principal: 3/10/2012

2019-20 Status (per MSID File)	Active
School Type and Grades Served (per MSID File)	Combination School KG-12
Primary Service Type (per MSID File)	K-12 General Education
2020-21 Title I School	No
2020-21 Economically Disadvantaged (FRL) Rate (as reported on Survey 3)	5%
2020-21 ESSA Subgroups Represented (subgroups with 10 or more students) (subgroups below the federal threshold are identified with an asterisk)	
School Grades History	2020-21: No Grade 2018-19: No Grade 2017-18: No Grade 2016-17: No Grade
2019-20 School Improvement (SI) Information*	
SI Region	Southeast
Regional Executive Director	LaShawn Russ-Porterfield
Turnaround Option/Cycle	N/A
Year	
Support Tier	
ESSA Status	
* As defined under Rule 6A-1.099811, Florida Administrative Code. For more information, click here .	

School Board Approval

This plan was approved by the St. Lucie County School Board on 10/12/2021.

SIP Authority

Section 1001.42(18), Florida Statutes, requires district school boards to annually approve and require implementation of a Schoolwide Improvement Plan (SIP) for each school in the district that has a school grade of D or F. This plan is also a requirement for Targeted Support and Improvement (TS&I) and Comprehensive Support and Improvement (CS&I) schools pursuant to 1008.33 F.S. and the Every Student Succeeds Act (ESSA).

To be designated as TS&I, a school must have one or more ESSA subgroup(s) with a Federal Index below 41%. This plan shall be approved by the district. There are three ways a school can be designated as CS&I:

1. have a school grade of D or F
2. have a graduation rate of 67% or lower
3. have an overall Federal Index below 41%.

For these schools, the SIP shall be approved by the district as well as the Bureau of School Improvement.

The Florida Department of Education (FDOE) SIP template meets all statutory and rule requirements for traditional public schools and incorporates all components required for schools receiving Title I funds. This template is required by State Board of Education Rule 6A-1.099811, Florida Administrative Code, for all non-charter schools with a current grade of D or F, or a graduation rate 67% or less. Districts may opt to require a SIP using a template of its choosing for schools that do not fit the aforementioned conditions. This document was prepared by school and district leadership using the FDOE's school improvement planning web application located at www.floridacims.org.

Purpose and Outline of the SIP

The SIP is intended to be the primary artifact used by every school with stakeholders to review data, set goals, create an action plan and monitor progress. The Florida Department of Education encourages schools to use the SIP as a "living document" by continually updating, refining and using the plan to guide their work throughout the year. This printed version represents the SIP as of the "Date Modified" listed in the footer.

Part I: School Information

School Mission and Vision

Provide the school's mission statement.

Our mission and vision is to help students reach their full potential by offering a variety of virtual options to ensure students have the best fit for their individual learning needs.

Provide the school's vision statement.

Our mission and vision is to help students reach their full potential by offering a variety of virtual options to ensure students have the best fit for their individual learning needs.

School Leadership Team

Membership

Identify the name, email address, position title, and job duties/responsibilities for each member of the school leadership team.:

Name	Position Title	Job Duties and Responsibilities
Ziemba, Jeanne	Principal	To provide an optimum virtual option for students desiring to attend school remotely.

Demographic Information

Principal start date

Saturday 3/10/2012, Jeanne Ziemba

Number of teachers with a 2019 3-year aggregate or a 1-year Algebra state VAM rating of Highly Effective. *Note: For UniSIG Supplemental Teacher Allocation, teachers must have at least 10 student assessments.*

0

Number of teachers with a 2019 3-year aggregate or a 1-year Algebra state VAM rating of Effective. *Note: For UniSIG Supplemental Teacher Allocation, teachers must have at least 10 student assessments.*

0

Total number of teacher positions allocated to the school

30

Total number of students enrolled at the school

56

Identify the number of instructional staff who left the school during the 2020-21 school year.

3

Identify the number of instructional staff who joined the school during the 2021-22 school year.

36

Analysis

Data Analysis

Answer the following analysis questions using the progress monitoring data and state assessment data, if applicable.

What trends emerge across grade levels, subgroups and core content areas?

We do not have this data available to us as the provider offers instruction across the state and our students are part of that data.

What data components, based off progress monitoring and 2019 state assessments, demonstrate the greatest need for improvement?

We do not have this data available to us as the provider offers instruction across the state and our students are part of that data.

What were the contributing factors to this need for improvement? What new actions would need to be taken to address this need for improvement?

We do not have this data available to us as the provider offers instruction across the state and our students are part of that data.

What data components, based off progress monitoring and 2019 state assessments, showed the most improvement?

We do not have this data available to us as the provider offers instruction across the state and our students are part of that data.

What were the contributing factors to this improvement? What new actions did your school take in this area?

We will request more frequent diagnostic data and grade performance data to monitor our students' progress.

What strategies will need to be implemented in order to accelerate learning?

The provider is offering tutoring sessions and interventions.

Based on the contributing factors and strategies identified to accelerate learning, describe the professional development opportunities that will be provided at the school to support teachers and leaders.

We do not have input on the professional development strategies for the provider's instructors. Our counseling team will monitor student progress and diagnostic data once this is provided.

Provide a description of the additional services that will be implemented to ensure sustainability of improvement in the next year and beyond.

None

Part III: Planning for Improvement

Areas of Focus:

#1. Instructional Practice specifically relating to ELA**Area of Focus Description and Rationale:**

One or more grades (3, 4, 5) are below 50% for proficiency in ELA. Grades 3 and 4 are below 50% proficiency.

Measurable Outcome:

By the end of 2022, 51% of students in grade 3 and 4 will show proficiency in ELA

Monitoring:

This area of focus will be monitored using iReady diagnostic and student performance in their courses.

Person responsible for monitoring outcome:

Jeanne Ziemba (jeanne.ziemba@stlucieschools.org)

Evidence-based Strategy:

May include but are not limited to:
(K-5)

- Online curriculum
- Monthly student connects by the provider instructors
- Class connects with provider instructors
- iReady prescribed lessons offered by provider
- Resources provided to Learning Coach by provider
- Remediation Class Connects by provider instructors
- Additional iReady targeted lessons offered by provider instructors
- Intensive reading 42 minutes per day offered by provider instructors
- Intensive reading small group class connect offered by provider instructors
- Monthly intensive reading student connects offered by provider instructors
- Homeroom teacher 2nd touchpoint offered by provider instructors

When students are reported as not meeting grade level expectations, an escalation report is provided to the school administrator in St. Lucie (Jeanne Ziemba) and the concerns are followed up on based on our district's Problem Solving Team Meeting protocol to support the student further.

Rationale for Evidence-based Strategy:

As a provider-based program that our district contracts with for curriculum and instruction, we rely on an agreed-upon level of student support to meet the needs of our virtual students entrusted to their program. These are the strategies they provide based on our students' needs.

Action Steps to Implement

No action steps were entered for this area of focus

Additional Schoolwide Improvement Priorities

Using the [SafeSchoolsforAlex.org](https://www.SafeSchoolsforAlex.org), compare the discipline data of the school to discipline data across the state and provide primary or secondary areas of concern that the school will monitor during the upcoming school year. Include how the school culture and environment will be monitored through the lens of behavior or discipline data.

No data

Part IV: Positive Culture & Environment

A positive school culture and environment reflects: a supportive and fulfilling environment, learning conditions that meet the needs of all students, people who are sure of their roles and relationships in student learning, and a culture that values trust, respect and high expectations. Consulting with various stakeholder groups to employ school improvement strategies that impact the positive school culture and environment are critical. Stakeholder groups more proximal to the school include teachers, students, and families of students, volunteers, and school board members. Broad stakeholder groups include early childhood providers, community colleges and universities, social services, and business partners.

Stakeholders play a key role in school performance and addressing equity. Consulting various stakeholder groups is critical in formulating a statement of vision, mission, values, goals, and employing school improvement strategies.

Describe how the school addresses building a positive school culture and environment.

Since this school is provider taught as a Virtual Instruction Program we don't have influence over the school culture and environment as we rely on the provider and their track record to provide this for our students. Additionally, our students are rostered with students from other districts and students in the same grade level may have completely different instructors across the country yet certified in the state of Florida.

Identify the stakeholders and their role in promoting a positive culture and environment at the school.

K12, inc Stride are the stakeholders in the VIP for the grade levels identified as part of House Bill 7011 RAISE. Their role is to administer the teaching and learning for students enrolled from our district.

Part V: Budget

The approved budget does not reflect any amendments submitted for this project.

1	III.A.	Areas of Focus: Instructional Practice: ELA	\$0.00
