Year						
Support Tier						
ESSA Status	CS&I					

* As defined under Rule 6A-1.099811, Florida Administrative Code. For more information, click here.

School Board Approval

This plan is pending approval by the Collier County School Board.

SIP Authority

Section 1001.42(18), Florida Statutes, requires district school boards to annually approve and require implementation of a Schoolwide Improvement Plan (SIP) for each school in the district that has a school grade of D or F. This plan is also a requirement for Targeted Support and Improvement (TS&I) and Comprehensive Support and Improvement (CS&I) schools pursuant to 1008.33 F.S. and the Every Student Succeeds Act (ESSA).

To be designated as TS&I, a school must have one or more ESSA subgroup(s) with a Federal Index below 41%. This plan shall be approved by the district. There are three ways a school can be designated as CS&I:

- 1. have a school grade of D or F
- 2. have a graduation rate of 67% or lower
- 3. have an overall Federal Index below 41%.

For these schools, the SIP shall be approved by the district as well as the Bureau of School Improvement.

The Florida Department of Education (FDOE) SIP template meets all statutory and rule requirements for traditional public schools and incorporates all components required for schools receiving Title I funds. This template is required by State Board of Education Rule 6A-1.099811, Florida Administrative Code, for all non-charter schools with a current grade of D or F, or a graduation rate 67% or less. Districts may opt to require a SIP using a template of its choosing for schools that do not fit the aforementioned conditions. This document was prepared by school and district leadership using the FDOE's school improvement planning web application located at www.floridacims.org.

Purpose and Outline of the SIP

The SIP is intended to be the primary artifact used by every school with stakeholders to review data, set goals, create an action plan and monitor progress. The Florida Department of Education encourages schools to use the SIP as a "living document" by continually updating, refining and using the plan to guide their work throughout the year. This printed version represents the SIP as of the "Date Modified" listed in the footer.

School Board Approval

This plan is pending approval by the Collier County School Board.

SIP Authority

Section 1001.42(18), Florida Statutes, requires district school boards to annually approve and require implementation of a school improvement plan (SIP) for each school in the district that has a school grade of D or F.

The Florida Department of Education (FDOE) SIP template meets all statutory and rule requirements for traditional public schools and incorporates all components required for schools receiving Title I funds. This template is required by State Board of Education Rule 6A-1.099811, Florida Administrative Code, for all non-charter schools with a current grade of D or F (see page 4). For schools receiving a grade of A, B, or C, the district may opt to require a SIP using a template of its choosing. This document was prepared by school and district leadership using the FDOE's school improvement planning web application located at https://www.floridaCIMS.org.

Purpose and Outline of the SIP

The SIP is intended to be the primary artifact used by every school with stakeholders to review data, set goals, create an action plan and monitor progress. The Florida Department of Education encourages schools to use the SIP as a "living document" by continually updating, refining and using the plan to guide their work throughout the year. This printed version represents the SIP as of the "Date Modified" listed in the footer.

Part I: School Information

School Mission and Vision

Provide the school's mission statement.

Mission - How We Get There

Pinecrest Elementary School is a collaborative learning community of devoted students, parents, community members and staff focused on ensuring a safe and positive learning environment, which values perseverance and determination in the pursuit of excellence.

Provide the school's vision statement.

Vision: Where We Want to Be

To create a learning community that advances academic potential, personal character, and social responsibility.

Pinecrest - PCR

P - Academic Potential

C - Personal Character

R - Social Responsibility

School Leadership Team

Membership

Identify the name, email address and position title for each member of the school leadership team:

Name	Title	Job Duties and Responsibilities
Jordan, Susan	Principal	Coordinates meetings throughout the school year for all stakeholders to review and revise the SIP Ensures that instruction and intervention are directly related to the Florida Standards and the School Improvement Plan goals and strategies Participates in collaborative instructional planning with instructional coaches and grade level teams Reviews student assessment data to monitor progress of all students, subgroups of students and effectiveness of instruction Attends MTSS meetings and communicates support for the MTSS process with various school stakeholders Conducts classroom walkthroughs, informal observations and formal observations to monitor instructional effectiveness Meets with Assistant Principals of Curriculum to monitor all tiers of instruction and review teacher observation results and reports Ensures that support is in place to improve and strengthen core instruction by utilizing instructional coaches to facilitate collaborative planning and implement coaching cycles for teachers identified through classroom observations and data analysis Coordinates the SIP and Title I budgets and the use of funds to provide personnel and materials to support the SIP goals and student achievement
Gray, Christine	Assistant Principal	Participates in meetings throughout the school year for all stakeholders to review and revise the SIP Participates in collaborative instructional planning with instructional coaches and grade level teams Reviews student assessment data to monitor progress of students and effectiveness of instruction Attends MTSS meetings and communicates support for the MTSS process with various school stakeholders Conducts classroom walkthroughs, informal observations and formal observation to monitor instructional effectiveness Coordinates the schedules of Title I funded staff to meet the needs of students Coordinates the services provided for students receiving supplemental Title 1 services

Name	Title	Job Duties and Responsibilities
Name	Title	Coordinates professional development for non-instructional staff Coordinates district and state assessments to ensure the integrity of student assessment Meets with all grade level teams monthly to ensure that progress monitoring plans are up-to-date and entered appropriately in data warehouse and records meetings in Data Warehouse Schedules problem solving meetings for students struggling to meet core level instructional targets Coordinates and facilitates parent conferences with teachers to review intervention progress and discuss academic concerns for students receiving intensive intervention
		Monitors the progress of students receiving intensive intervention and facilitates diagnostic assessments to further inform the intervention process including possible ESE or EL services School
Herrera, Melinda	Other	ESE Program Specialist Facilitates school procedures, professional development and activities regarding student intervention and the support students with disabilities require to increase achievement. Monitors the progress of students receiving ESE services and support
Soto, Martha	Teacher, K-12	EL Lead Teacher Facilitates school procedures, professional development and activities regarding the support English Language learners require to increase achievement. Provides instruction and monitors the progress of students receiving EL services and support
Duffy, Patricia	Assistant Principal	Participates in meetings throughout the school year for all stakeholders to review and revise the SIP Participates in collaborative instructional planning with instructional coaches and grade level teams Reviews student assessment data to monitor progress of students and effectiveness of instruction Attends MTSS meetings and communicates support for the MTSS process with various school stakeholders

Name	Title	Job Duties and Responsibilities
		Conducts classroom walkthroughs, informal observations and formal observation to monitor instructional effectiveness
		Coordinates the schedules of Title I funded staff to meet the needs of students
		Coordinates the services provided for students receiving supplemental Title 1 services
		Coordinates professional development for non-instructional staff
		Coordinates district and state assessments to ensure the integrity of student assessment
		Meets with all grade level teams monthly to ensure that progress monitoring plans are up-to-date and entered appropriately in data warehouse and records meetings in Data Warehouse
		Schedules problem solving meetings for students struggling to meet core level instructional targets
		Coordinates and facilitates parent conferences with teachers to review intervention progress and discuss academic concerns for students receiving intensive intervention
		Monitors the progress of students receiving intensive intervention and facilitates diagnostic assessments to further inform the intervention process including possible ESE or EL services School
Kennedy, Holly	Instructional Coach	ELA Instructional Coach Facilitates collaborative instructional planning with grade level teams Participates in PLC Data Meetings and facilitates ongoing progress monitoring Observes instructional practices in all classrooms to identify teachers in need of support Meets with administration to schedule appropriate coaching activities for teachers in need of support Attends MTSS meetings and provides guidance in developing problem statements, identifying instructional targets and intervention materials and implementing interventions Monitors the effectiveness of tiered intervention and provides guidance on instructional adjustments Monitors the fidelity of use of digital learning programs
Grezlik, Mary	Instructional Coach	Academic Instructional Coach Facilitates collaborative instructional planning with grade level teams Participates in PLC Data Meetings and facilitates ongoing progress monitoring Observes instructional practices in all classrooms to identify teachers in need

Name	Title	Job Duties and Responsibilities
		of support Meets with administration to schedule appropriate coaching activities for teachers in need of support Attends MTSS meetings and provides guidance in developing problem statements, identifying instructional targets and intervention materials and implementing interventions Monitors the effectiveness of tiered intervention and provides guidance on instructional adjustments Monitors the fidelity of use of digital learning programs
Gerber, Cynthia	Other	EL Contact and Academic Support for EL Teachers Facilitates school procedures, professional development and activities regarding the support English Language learners require to increase achievement. Provides instructional support for teachers and monitors the progress of students receiving EL services and support
		Participates in meetings throughout the school year for all stakeholders to review and revise the SIP
		Participates in collaborative instructional planning with instructional coaches and grade level teams
		Reviews student assessment data to monitor progress of students and effectiveness of instruction
		Attends MTSS meetings and communicates support for the MTSS process with various school stakeholders
Holland,	Assistant	Conducts classroom walkthroughs, informal observations and formal observation to monitor instructional effectiveness
Holley	Principal	Coordinates the schedules of Title I funded staff to meet the needs of students
		Coordinates the services provided for students receiving supplemental Title 1 services
		Coordinates professional development for non-instructional staff
		Coordinates district and state assessments to ensure the integrity of student assessment
		Meets with all grade level teams monthly to ensure that progress monitoring plans are up-to-date and entered appropriately in data warehouse and records meetings in Data Warehouse
		Schedules problem solving meetings for students struggling to meet core level

Name	Title	Job Duties and Responsibilities
		instructional targets
		Coordinates and facilitates parent conferences with teachers to review intervention progress and discuss academic concerns for students receiving intensive intervention
		Monitors the progress of students receiving intensive intervention and facilitates diagnostic assessments to further inform the intervention process including possible ESE or EL services School
Luciano, Jacquie	Instructional Coach	ELA Instructional Coach Facilitates collaborative instructional planning with grade level teams Participates in PLC Data Meetings and facilitates ongoing progress monitoring Observes instructional practices in all classrooms to identify teachers in need of support Meets with administration to schedule appropriate coaching activities for teachers in need of support Attends MTSS meetings and provides guidance in developing problem statements, identifying instructional targets and intervention materials and implementing interventions Monitors the effectiveness of tiered intervention and provides guidance on instructional adjustments Monitors the fidelity of use of digital learning programs
Jasko, Jackie	Instructional Coach	Academic Instructional Coach- Math Facilitates collaborative instructional planning with grade level teams Participates in PLC Data Meetings and facilitates ongoing progress monitoring Observes instructional practices in all classrooms to identify teachers in need of support Meets with administration to schedule appropriate coaching activities for teachers in need of support Attends MTSS meetings and provides guidance in developing problem statements, identifying instructional targets and intervention materials and implementing interventions Monitors the effectiveness of tiered intervention and provides guidance on instructional adjustments Monitors the fidelity of use of digital learning programs

Early Warning Systems

Analysis

Data Reflection

Answer the following reflection prompts after examining any/all relevant school data sources (see guide for examples for relevant data sources).

Which data component showed the lowest performance? Explain the contributing factor(s) to last year's low performance and discuss any trends.

Overall ELA proficiency continues to be low at 33%.

This is a decrease of 2% from the previous year.

This proficiency score places PCR in the Lowest 300 performing schools.

The percentage of students making gains decreased 12%.

The percentage of students in the lowest 25% making gains decreased 10%

The ELA proficiency for students that receive migrant services was 28% (Grade 3), 22% (Grade 4) and 14% (Grade 5).

The ELA Proficiency for students with disabilities was 0% (Grade 3), 0% (Grade 4) and 17% (Grade 5).

Specific contributing factors include a weakness in Subskill 2 - Integration of Knowledge and Ideas and Subskill 1 - Key Ideas and Details. Additionally, students in Grade 5 made significantly less learning gains than students in Grade 4 and students with disabilities did not meet proficiency in multiple areas.

Which data component showed the greatest decline from the prior year? Explain the factor(s) that contributed to this decline.

Math Lowest 25% Gain declined by 14 points.

Fourth Grade Lowest 25% data - 16% of students made a gain

Fifth Grade Lowest 25% data - 36% of students made a gain

Specific contributing factors include weakness in Subskill 3 in Grade 4 - Fractions and Subskill 3 in Grade 5 Measurement, Data and Geometry and Subskill 1 - Fractions. Additionally, students in the lowest quartile did not make learning gains in Grade 4. Less that 25% of SWD met proficiency standards in Math. Only 30% of students in the Black subgroup met proficiency.

Which data component had the greatest gap when compared to the state average? Explain the factor(s) that contributed to this gap and any trends.

Math Lowest 25% Learning Gains had the biggest difference from both the district and the state. Students in Grade 4 Lowest 25% demonstrated a weakness in all subskills in Math.

Which data component showed the most improvement? What new actions did your school take in this area?

No area improved. However ELA proficiency did not decrease as significantly as other data areas and ELA Lowest 25th Learning Gains was 1 point below district and 2 points below state. Contributing factors to ELA Learning Gains were the use of standards based materials along with digital learning experiences using iReady system. Standards Mastery assessments were analyzed and instruction in conventions and grammar supported learning gains.

Reflecting on the EWS data from Part I (D), identify one or two potential areas of concern? (see Guidance tab for additional information)

EWS data details several areas of concern. A significant number of students (97) scored a Level 1 on one or both FSA assessments. Of the 41 students that scored a Level 1 in Grade 3 ELA, 12 students in Grade 3 did not meet any Good Cause criteria and have been retained.

Rank your highest priorities (maximum of 5) for schoolwide improvement in the upcoming school year.

- 1. Improve ELA proficiency in all grades
- 2. Improve ELA Learning Gains in Grades 4 and 5
- 3 .Improve learning gains for Lowest 25% in Math
- 4. Improve proficiency for SWD in ELA and Math
- 5. Improve Science Achievement
- 6. Improve proficiency with Text Based Writing in Grades 4 and 5 specifically in evidence and elaboration

Part III: Planning for Improvement

Areas of Focus:

#1

Title

Provide rigorous and relevant standards based instruction in ELA to increase proficiency and learning gains for all students.

Overall ELA proficiency continues to be low at 33%. This is a decrease of 2% from the previous year.

This proficiency score places PCR in the Lowest 300 performing schools.

The percentage of students making gains (42%) decreased 12%.

The percentage of students in the lowest 25% making gains (50%) decreased 10% ELA proficiency for English Language Learners was 16% (Grade 3), 13% (Grade 4) and 12% (Grade 5). ELA proficiency for students that receive migrant services was 28% (Grade 3), 22% (Grade 4) and 14% (Grade 5).

Rationale

ELA Proficiency for students with disabilities was 0% (Grade 3), 0% (Grade 4) and 17% (Grade 5).

Specific contributing factors include a weakness in Subskill 2 - Integration of Knowledge and Ideas and Subskill 1 - Key Ideas and Details. Students in Grd 5 made significantly less learning gains than students in Grd 4 and SWD did not meet proficiency in multiple areas.

State the measurable outcome the school plans to achieve

Increase ELA proficiency, learning gains and low 25% learning gains by a minimum of 3%

Person responsible for monitoring outcome

Susan Jordan (jordansu@collierschools.com)

Evidence-based Strategy

Students will be consistently engaged in learning the Florida Standards for ELA as evidenced by student work samples that demonstrate alignment to grade-level standards.

Rationale for Evidence-based Strategy

Lesson Plans, FSA reports, student work products teacher observation reports, teacher deliberate practice plans and observations during teacher student data chats demonstrate that some ELA instructional practices are not consistently implemented to the expectation of the grade-level standard.

Action Step

- 1. Provide professional development on delivering rigorous, standards-based instruction.
- 2. Provide coaching and modeling support for ELA instruction and interventions.
- 3. Provide actionable, focused feedback to teachers through observations conducted by administration, coaches and peers.
- 4. Support instructional collaborative planning and ongoing data analysis including the use of success criteria, student evidence of learning and tiered academic and behavioral intervention and enrichment.

Description

- 5. Provide resources and support for teachers to successfully integrate essential instructional elements, collaborative activities, digital learning and experiential based lessons to ensure an appropriate level of instructional rigor and student engagement.
- 6. Conduct PLC Data Chats with teachers, ESE teachers, ELL and resource teachers to monitor student data and plan for instructional adjustments.
- 7. Provide additional support to students through ELL immersion teachers, resource teachers and EL tutors.

- 8. Provide additional allocations for ELL immersion and resource teachers at tested grade levels.
- 9. Provide extended learning opportunities for identified students.
- 10. Ensure interventions and specifically designed instruction is targeted to meet student academic needs.

#2

Title

Rationale

Provide rigorous and relevant standards based instruction in Math to increase proficiency and learning gains for all students.

Overall Math proficiency continues is low at 42%%. This is a decrease of 6% from the previous year.

The percentage of students making gains (40%) decreased 12%.

The percentage of students in the lowest 25% (25) making gains decreased 10% Math proficiency for English Language Learners was 47% (Grade 3), 31% (Grade 4) and 24% (Grade 5).

Matter and Grade 5).

Math proficiency for students that receive migrant services was 47% (Grade 3), 31% (Grade 4) and 24% (Grade 5).

Math Proficiency for students with disabilities was 42% (Grade 3), 27% (Grade 4) and 11% (Grade 5).

State the measurable outcome the school plans to achieve

Increase Math proficiency, learning gains and low 25% learning gains by a minimum of 3%

Person responsible for monitoring outcome

- 5. Provide resources and support for teachers to successfully integrate essential instructional elements, collaborative activities, digital learning and experiential based lessons to ensure an appropriate level of instructional rigor and student engagement.
- 6. Conduct PLC Data Chats with teachers, ESE teachers, ELL and resource teachers to monitor student data and plan for instructional adjustments.
- 7. Provide additional support to students through ELL immersion teachers, resource teachers and EL tutors.
- 8. Provide additional allocations for ELL immersion and resource teachers at tested grade levels.
- 9. Provide extended learning opportunities for identified students.

Person Responsible

Christine Gray (graych@collierschools.com)

Additional Schoolwide Improvement Priorities (optional)

After choosing your Area(s) of Focus, explain how you will address the remaining schoolwide improvement priorities (see the Guidance tab for more information).

Parent and Family Engagement

Pinecrest will provide opportunities for parents and families to engage in activities and learn how to provide academic support for their children at home.

- 1. Conduct regular training programs to support parents as they learn English, use technology and learn activities to use at home with their children.
- 2. Host Title I parent institutes on campus during a variety of days and times to best meet the needs of parents.
- 3. Conduct parent involvement workshops with staff to support our work with our parent population.

Part IV: Title I Requirements

Additional Title I Requirements

This section must be completed if the school is implementing a Title I, Part A schoolwide program and opts to use the Schoolwide Improvement Plan to satisfy the requirements of the schoolwide program plan, as outlined in the Every Student Succeeds Act, Public Law No. 114-95, § 1114(b). This section is not required for non-Title I schools.

Describe how the school plans to build positive relationships with parents, families, and other community stakeholders to fulfill the school's mission and support the needs of students.

PFEP Uploaded

PFEP Link

The school completes a Parental Involvement Plan (PFEP), which is available at the school site.

Describe how the school ensures the social-emotional needs of all students are being met, which may include providing counseling, mentoring and other pupil services.

All schools implement Social Emotional Learning (SEL) priorities to focus on student sense of belonging and connectedness, safety, mental well-being, social awareness and a safe, supportive learning environment. These initiatives and practices include counseling, social work services, surveys attendance support and check ins with new students on a documented timeline.

Describe the strategies the school employs to support incoming and outgoing cohorts of students in transition from one school level to another.

All schools implement a minimum of two transition activities for incoming kindergarten students and their families each year. The spring event includes an orientation for parents and students with registration available at that time. At this event, parents and students meet the teachers, visit classrooms, learn about the expectations and the curriculum, and tour the school. At the spring Orientation and also upon registration, a booklet (available in multiple languages) is provided to all parents. This booklet is designed to help parents look at their child's physical, social, emotional, and cognitive development. It provides checklists and tips to help guide them as they work and play with their child. The checklists contain items that are important to the child's success in kindergarten and are specifically designed for four-year-olds. Before school begins the schools hold an Open House. The students and parents visit classrooms, tour the school, cafeteria and media center. This helps with the transition to school.

The School District of Collier County is also a VPK provider, both during the school year and during the summer session. The school year program includes the Head Start/ESE Inclusion/Title I/Migrant prekindergarten classes and a few full-day VPK/child care classes. These prekindergarten programs are

provided in various school sites across the county. Both programs provide opportunities for students to learn the basics for success in school and also provide an easy transition to kindergarten for the students.

In addition to Kindergarten readiness our school provides transition activities for 5th grader moving to middle school. Students have school tours, parent nights and visitors to the 5th grade classes. Each year in May, the District schedules a 5th to 6th Grade Student Articulation Visit. On the evening before the visit, a parent night is scheduled for parents of rising 6th graders.

Describe the process through which school leadership identifies and aligns all available resources (e.g., personnel, instructional, curricular) in order to meet the needs of all students and maximize desired student outcomes. Include the methodology for coordinating and supplementing federal, state and local funds, services and programs. Provide the person(s) responsible, frequency of meetings, how an inventory of resources is maintained and any problem-solving activities used to determine how to apply resources for the highest impact.

Collier County Schools provide a systematic and strategic approach to providing services through the District Strategic Plan and the K-12 Comprehensive Reading Plan. Goals and objectives of each program and department are aligned with these overarching district plans.

Title I Parts A, C, D, SIG 1003g, UniSIG, Title II, Part A and Title IV are managed out of the same department. They share administrative staff so that oversight, coordination, budgeting, staffing, and monitoring are efficiently coordinated. Informal communications and monthly administrative meetings are held to discuss program needs, issues and coordinate efforts.

Leadership staff of the Title I Parts A, C, D, Title II, Title III, Title IV, Head Start/VPK and Title IX programs meet monthly to coordinate efforts and receive joint staff development for improving their services.

Curriculum and Instruction (C&I) department meetings include program coordinators, including IDEA, Perkins, Head Start, and Career and Technical education.

Title IX, LEA, Title I Parts A and C coordinate services to identify and assist homeless children, assist with registration and provide support services. Title I and District jointly fund the Homeless Liaison to support homeless students in all schools.

Title I Parts A and C and Title III funds are coordinated to provide at risk students with supplemental instructional support and resources.

Title I and C&I coordinators collaborate in providing workshops to build the capacity of parents and foster strong home/school connections.

Title I, Parts A and C and Title II, Part A funds are coordinated to provide customized staff development that ensures students receive high quality, differentiated instruction.

Title I, Part A funds are used in collaboration with Title II Part A and Reading Categorical to fund Reading Coaches to support lowest performing schools.

Title II, Part A and IDEA fund exam reimbursements to ensure staff meet certification requirements.

Describe the strategies the school uses to advance college and career awareness, which may include establishing partnerships with business, industry or community organizations.

Fifth grade students take a career interest assessment each year and save this in their iPortfolio. Fifth grade students participate in a career day and visit local colleges and career/technical education centers as they explore possible career choices.

Part V: Budget

The approved budget does not reflect any amendments submitted for this project.
