Year	
Support Tier	
ESSA Status	
* As defined under Rule 6A-1.099811, Florida Administrative Code. For more information, click here .	

School Board Approval

This plan is pending approval by the Collier County School Board.

SIP Authority

Section 1001.42(18), Florida Statutes, requires district school boards to annually approve and require implementation of a Schoolwide Improvement Plan (SIP) for each school in the district that has a school grade of D or F. This plan is also a requirement for Targeted Support and Improvement (TS&I) and Comprehensive Support and Improvement (CS&I) schools pursuant to 1008.33 F.S. and the Every Student Succeeds Act (ESSA).

To be designated as TS&I, a school must have one or more ESSA subgroup(s) with a Federal Index below 41%. This plan shall be approved by the district. There are three ways a school can be designated as CS&I:

1. have a school grade of D or F
2. have a graduation rate of 67% or lower
3. have an overall Federal Index below 41%.

For these schools, the SIP shall be approved by the district as well as the Bureau of School Improvement.

The Florida Department of Education (FDOE) SIP template meets all statutory and rule requirements for traditional public schools and incorporates all components required for schools receiving Title I funds. This template is required by State Board of Education Rule 6A-1.099811, Florida Administrative Code, for all non-charter schools with a current grade of D or F, or a graduation rate 67% or less. Districts may opt to require a SIP using a template of its choosing for schools that do not fit the aforementioned conditions. This document was prepared by school and district leadership using the FDOE's school improvement planning web application located at www.floridacims.org.

Purpose and Outline of the SIP

The SIP is intended to be the primary artifact used by every school with stakeholders to review data, set goals, create an action plan and monitor progress. The Florida Department of Education encourages schools to use the SIP as a "living document" by continually updating, refining and using the plan to guide their work throughout the year. This printed version represents the SIP as of the "Date Modified" listed in the footer.

School Board Approval

This plan is pending approval by the Collier County School Board.

SIP Authority

Section 1001.42(18), Florida Statutes, requires district school boards to annually approve and require implementation of a school improvement plan (SIP) for each school in the district that has a school grade of D or F.

The Florida Department of Education (FDOE) SIP template meets all statutory and rule requirements for traditional public schools and incorporates all components required for schools receiving Title I funds. This template is required by State Board of Education Rule 6A-1.099811, Florida Administrative Code, for all non-charter schools with a current grade of D or F (see page 4). For schools receiving a grade of A, B, or C, the district may opt to require a SIP using a template of its choosing. This document was prepared by school and district leadership using the FDOE's school improvement planning web application located at <https://www.floridacims.org>.

Purpose and Outline of the SIP

The SIP is intended to be the primary artifact used by every school with stakeholders to review data, set goals, create an action plan and monitor progress. The Florida Department of Education encourages schools to use the SIP as a "living document" by continually updating, refining and using the plan to guide their work throughout the year. This printed version represents the SIP as of the "Date Modified" listed in the footer.

Part I: School Information

School Mission and Vision

Provide the school's mission statement.

The goal of Alternative School Programs, DJJ included is to provide an alternative route for students that have not been successful in the traditional school setting. Students are encouraged to reclaim responsibility and become an active participant in their educational experience.

Provide the school's vision statement.

All students will complete school prepared for ongoing learning, as well as community and global responsibilities.

School Leadership Team

Membership

Identify the name, email address, position title, and job duties/responsibilities for each member of the school leadership team.:

Name	Position Title	Job Duties and Responsibilities
Janssen, Cynthia	Principal	Dr. Janssen monitors the Assistant Principals and handles all staff hiring for the DJJ site. She delegates the leadership teams duties and manages the finances. She reports to the district and ensures that DJJ is in compliance with all state and district requirements. She does an evaluation on each staff member. Dr. Janssen ensures that her three assistant principals are up to date with program and district information by holding weekly debriefs, along with leadership team meetings bi-weekly will all of the lead teachers and key people in leadership roles.
Klein, Brent	Assistant Principal	Mrs. Costin serves as the Assistant Principal for Alternative Schools. She monitors the data for this program. She is responsible for the textbook orders, instructional supplies and laptops. She compiles the school improvement plan, and gathers information from the other sites. She is the testing coordinator for Alternative Schools in Naples.

Demographic Information

Principal start date

Thursday 7/12/2012, Brent Klein

Number of teachers with a 2019 3-year aggregate or a 1-year Algebra state VAM rating of Highly Effective. *Note: For UniSIG Supplemental Teacher Allocation, teachers must have at least 10 student assessments.*

0

Number of teachers with a 2019 3-year aggregate or a 1-year Algebra state VAM rating of Effective. *Note: For UniSIG Supplemental Teacher Allocation, teachers must have at least 10 student assessments.*

0

Total number of teacher positions allocated to the school

4

Total number of students enrolled at the school

6

Identify the number of instructional staff who left the school during the 2020-21 school year.

0

Identify the number of instructional staff who joined the school during the 2021-22 school year.

Analysis

Data Analysis

Answer the following analysis questions using the progress monitoring data and state assessment data, if applicable.

What trends emerge across grade levels, subgroups and core content areas?

No data available.

What data components, based off progress monitoring and 2019 state assessments, demonstrate the greatest need for improvement?

No data available.

What were the contributing factors to this need for improvement? What new actions would need to be taken to address this need for improvement?

No data available.

What data components, based off progress monitoring and 2019 state assessments, showed the most improvement?

No data available.

What were the contributing factors to this improvement? What new actions did your school take in this area?

No data available.

What strategies will need to be implemented in order to accelerate learning?

No data available.

Based on the contributing factors and strategies identified to accelerate learning, describe the professional development opportunities that will be provided at the school to support teachers and leaders.

No data available.

Provide a description of the additional services that will be implemented to ensure sustainability of improvement in the next year and beyond.

No data available.

Part III: Planning for Improvement

Areas of Focus:

No activities were entered for this section.

Additional Schoolwide Improvement Priorities

Using the [SafeSchoolsforAlex.org](https://www.safeschoolsforalex.org), compare the discipline data of the school to discipline data across the state and provide primary or secondary areas of concern that the school will monitor during the upcoming school year. Include how the school culture and environment will be monitored through the lens of behavior or discipline data.

Students are exposed to community organizations that focus on the positive behavior aspects of their citizenship. Additionally, students are monitored by their ALT schools site while they are in the DJJ facility to assist with their transition back to ALT sites.

Part IV: Positive Culture & Environment

A positive school culture and environment reflects: a supportive and fulfilling environment, learning conditions that meet the needs of all students, people who are sure of their roles and relationships in student learning, and a culture that values trust, respect and high expectations. Consulting with various stakeholder groups to employ school improvement strategies that impact the positive school culture and environment are critical. Stakeholder groups more proximal to the school include teachers, students, and families of students, volunteers, and school board members. Broad stakeholder groups include early childhood providers, community colleges and universities, social services, and business partners.

Stakeholders play a key role in school performance and addressing equity. Consulting various stakeholder groups is critical in formulating a statement of vision, mission, values, goals, and employing school improvement strategies.

Describe how the school addresses building a positive school culture and environment.

Students are able to continue their education while in the Collier Juvenile Detention Center. Additionally, the instructional staff keep students connected with their home schools to ease the transition back into regular

schools. Students are taught lessons on positive citizenship and mentorship programs are dedicated to helping students avoid returning to the Collier Juvenile Detention Center.

Identify the stakeholders and their role in promoting a positive culture and environment at the school.

Principal, APC, four teachers, and itinerant staff.

Part V: Budget

The approved budget does not reflect any amendments submitted for this project.

Total:	\$0.00
--------	--------
