Demographics

Principal: Deborah Cox

Start Date for this Principal: 7/1/2019

2019-20 Status (per MSID File)	Active
School Type and Grades Served (per MSID File)	Middle School 6-8
Primary Service Type (per MSID File)	K-12 General Education
2020-21 Title I School	No
2020-21 Economically Disadvantaged (FRL) Rate (as reported on Survey 3)	100%
2020-21 ESSA Subgroups Represented (subgroups with 10 or more students) (subgroups below the federal threshold are identified with an asterisk)	Students With Disabilities* English Language Learners* Black/African American Students Hispanic Students Multiracial Students White Students Economically Disadvantaged Students
School Grades History	2018-19: C (51%) 2017-18: A (64%) 2016-17: B (61%)
2019-20 School Improvement (SI) Information*	
SI Region	Southwest
Regional Executive Director	
Turnaround Option/Cycle	N/A
Year	
Support Tier	
ESSA Status	
* As defined under Rule 6A-1.099811, Florida Administrative Code. For more information, click here .	

School Board Approval

This plan is pending approval by the Collier County School Board.

SIP Authority

Section 1001.42(18), Florida Statutes, requires district school boards to annually approve and require implementation of a Schoolwide Improvement Plan (SIP) for each school in the district that has a school grade of D or F. This plan is also a requirement for Targeted Support and Improvement (TS&I) and Comprehensive Support and Improvement (CS&I) schools pursuant to 1008.33 F.S. and the Every Student Succeeds Act (ESSA).

To be designated as TS&I, a school must have one or more ESSA subgroup(s) with a Federal Index below 41%. This plan shall be approved by the district. There are three ways a school can be designated as CS&I:

1. have a school grade of D or F
2. have a graduation rate of 67% or lower
3. have an overall Federal Index below 41%.

For these schools, the SIP shall be approved by the district as well as the Bureau of School Improvement.

The Florida Department of Education (FDOE) SIP template meets all statutory and rule requirements for traditional public schools and incorporates all components required for schools receiving Title I funds. This template is required by State Board of Education Rule 6A-1.099811, Florida Administrative Code, for all non-charter schools with a current grade of D or F, or a graduation rate 67% or less. Districts may opt to require a SIP using a template of its choosing for schools that do not fit the aforementioned conditions. This document was prepared by school and district leadership using the FDOE's school improvement planning web application located at www.floridacims.org.

Purpose and Outline of the SIP

The SIP is intended to be the primary artifact used by every school with stakeholders to review data, set goals, create an action plan and monitor progress. The Florida Department of Education encourages schools to use the SIP as a "living document" by continually updating, refining and using the plan to guide their work throughout the year. This printed version represents the SIP as of the "Date Modified" listed in the footer.

Analysis

Data Analysis

Answer the following analysis questions using the progress monitoring data and state assessment data, if applicable.

What trends emerge across grade levels, subgroups and core content areas?

The number of students in the lowest 25% who scored a Level 1 or 2 decreased by 3% in grades 6 and 7 ELA and 2% in grade 8 ELA. The number of students in the lowest 25% who scored a Level 1 or 2 in Civics increased by 9%. The number of students in the lowest 25% who scored a Level 1 or 2 increased by 12% in both grade 6 and grade 8 math. SWD who scored a Level 1 or 2 increased by 19% in grade 7 ELA, 16% in grade 8 ELA, and 26% in Civics.

What data components, based off progress monitoring and 2019 state assessments, demonstrate the greatest need for improvement?

The data components that demonstrate the greatest need are the lowest 25% in mathematics, the lowest 25% in English Language Arts who are taking Civics, and our SWD students in English Language Arts.

What were the contributing factors to this need for improvement? What new actions would need to be taken to address this need for improvement?

Contributing factors to this need for improvement were mid-year hires in grade 7 ELA and a new teacher in Civics. This year we have implemented the use of common pre and post-assessments that the teachers should use in all content areas in order to monitor student progress and guide instruction to review what concepts need to be revisited and retaught. Identification of the lowest 25% in reading and math and monitoring their progress needs to be done on a regular basis.

What data components, based off progress monitoring and 2019 state assessments, showed the most improvement?

Improvement can be seen in several areas. The number of students scoring a Level 1 or 2 in ELA decreased by 3% in grades 6 and 7. The number of student scoring a Level 1 or 2 in grade 8 math decreased by 12%. SWD scoring a Level 1 or 2 decreased by 18% in grade 6 ELA and by 16% in grade 6 math. Students scoring a Level 4 or 5 increased by 2% in grade 6 and 7 ELA. Students scoring a Level 4 or 5 in math saw an increase of 6% in grades 6 and 8 and an increase of 4% in grade 7. The number of LY students scoring a Level 1 or 2 in ELA decreased by 11% in grade 6 and by 4% in grade 8. In math, the number of LY students scoring a Level 1 or Level 2 decreased by 19% in grade 6 and 2% in grade 8.

What were the contributing factors to this improvement? What new actions did your school take in this area?

New teachers in grade 8 ELA and math contributed to the improvement. Common planning, introduction of pre-assessments and data analysis fostered growth and communication amongst grade levels and content areas.

What strategies will need to be implemented in order to accelerate learning?

Rigor needs to be increased in ELA, science, and social studies. Focusing on Webb's Depth of Knowledge, specifically questions found in level three and four, will scaffold acceleration and promote higher level thinking. Common pre and post-assessments in all core content areas will promote common planning and self-reflection among teachers.

Based on the contributing factors and strategies identified to accelerate learning, describe the professional development opportunities that will be provided at the school to support teachers and leaders.

Monthly professional development trainings are offered to teachers. Some of the topics are based on survey feedback results from teachers. The trainings being offered will include how to differentiate within the classroom for all levels, best practices for monitoring pre and post-assessment data, and best practices for monitoring for student understanding and engagement.

Provide a description of the additional services that will be implemented to ensure sustainability of improvement in the next year and beyond.

In-depth data analysis and individual data chats between the FTEM administrator and each teacher will be held in all tested areas for each benchmark administered. The purpose will be to identify areas of need and discuss supports and interventions that the teacher will put into place to help close the achievement gap. Monitoring of student progress through pre and post-assessments and support from the literacy coach and math coach will help to close the achievement gap. Incorporating supportive instructional programs, such as Read 180, System 44 and ALEKS, will help to differentiate the content and identify specific student needs.

Part III: Planning for Improvement

Areas of Focus:

#1. Instructional Practice specifically relating to ELA

Area of Focus Description and Rationale:	In grade 7 ELA, SWD in L1 & L2 increased from 74% to 93%. In grade 8 ELA, SWD in L1 & L2 increased from 78% to 93%.
Measurable Outcome:	By May of 2022, the percentage of SWD in L1 & L2 in grades 7 & 8 ELA will decrease by 3% through the implementation of collaborative planning, differentiation through Read 180, instructional coaching through the Literacy Coach, and standards aligned instruction, as measured by the FSA ELA assessment.
Monitoring:	Collaborative planning weekly notes, monthly Read 180 reports from teachers will be reviewed and analyzed at the PLC level, Literacy Coach will provide specific feedback to teachers, small-group differentiation through inclusion teachers, and classroom observations of standards aligned instruction.
Person responsible for monitoring outcome:	Amanda Holderfield (holdea@collierschools.com)
Evidence-based Strategy:	The use of Read 180/System 44 programs to determine student needs, remediation and support through differentiation. Pre- and post data from literacy coach-created assessments will be documented and reviewed by teachers during PLCs. Lastly, disaggregation of data from QBA1 and QBA2 benchmarks will be shared with teachers in individual meetings.
Rationale for Evidence-based Strategy:	Based on the data, student work was not aligned to grade-level standards,. Students will be better prepared to show growth on statewide assessments with more focused support.

Action Steps to Implement

Common pre and post-assessments will be administered in all ELA classes and the data will be reviewed during common planning and monthly PLCs to identify targeted instructional practices to close the achievement gap.

Person Responsible Amanda Holderfield (holdea@collierschools.com)

Quarterly benchmark data will be disaggregated and shared with teachers. Individual data chats will also follow to discuss necessary supports needed for student improvement.

Person Responsible Amanda Holderfield (holdea@collierschools.com)

Monitoring of Read 180 & System 44 progress reports with monthly recognition for classes that show the greatest progress in all grade levels. This will help close the achievement gap and motivate the students to strive towards increased proficiency.

Person Responsible Amanda Holderfield (holdea@collierschools.com)

All ELA teachers will collaboratively plan on a weekly basis to ensure standards aligned instruction is being implemented and pacing is being followed.

Person Responsible	Amanda Holderfield (holdea@collierschools.com)
---------------------------	--

#2. Instructional Practice specifically relating to Math**Area of Focus Description and Rationale:**

The FY 21 FSA math data revealed an increase in students scoring L1 & L2 in grades 6 and 7.

Measurable Outcome:

By May of 2022, the percentage of students who score L1 & L2 in mathematics will decrease by 3% in grades 6, 7, and 8 through the implementation and monitoring of ALEKS, support and differentiation through inclusion teachers and part-time math coach, common pre- and post-assessments, and standards aligned instruction, as measured by the FSA mathematics assessment.

Monitoring:

Collaborative planning documentation through weekly notes, monthly ALEKS pie progress reports from teachers will be reviewed and analyzed at the PLC level, math coach will provide specific feedback to teachers, small-group differentiation through inclusion teachers, data analysis of quarterly benchmarks and data chats with teachers, and classroom observations of standards aligned instruction.

Person responsible for monitoring outcome:

Debbie Cox (coxde@collierschools.com)

Evidence-based Strategy:

The use of ALEKS to determine student needs, remediation and support through differentiation. Pre- and post data from literacy coach-created assessments will be documented and reviewed by teachers during PLCs. Lastly, disaggregation of data from QBA1 and QBA2 benchmarks will be shared with teachers in individual meetings.

Rationale for Evidence-based Strategy:

Overall, there was an increase in students scoring a L1 & L2 across the three grades. Grade 6 saw an increase of 1% and grade 7 saw an increase of 6%. Grade 8 saw an increase of 12% for the lowest 25% of the students.

Grade 6 saw a decrease from 58% to 45% in Subskill #1 ratios and proportions and grade 7 saw a decrease from 53% to 47% in Subskill #1 ratios and proportions. The students who are in the lowest 25% in math require additional support and monitoring in order to make gains and progress towards proficiency.

Action Steps to Implement

Focus and monitoring of Aleks progress reports with monthly recognition for classes that show the greatest progress in all grade levels. This will help close the achievement gap and motivate the students to strive towards increased proficiency.

Person Responsible

Elise Resemius (resemie@collierschools.com)

All math teachers will collaboratively plan on a weekly basis to ensure standards aligned instruction is being implemented and pacing is being followed.

Person Responsible

Debbie Cox (coxde@collierschools.com)

Quarterly benchmark data will be disaggregated and shared with teachers. Individual data chats will also follow to discuss necessary supports needed for student improvement.

Person Responsible

Debbie Cox (coxde@collierschools.com)

#3. Instructional Practice specifically relating to Social Studies**Area of****Focus****Description
and****Rationale:**

The percentage of students in the lowest 25% in reading who scored a L1 or L2 in Civics increased from 65% to 74%.

**Measurable
Outcome:**

By May of 2022, the percentage of students scoring L1 & L2 will decrease by 3% for the students scoring in the lowest 25% in reading through the implementation of common pre and post assessments, differentiation based on the pre-assessment data, and supportive strategies, such as summarizing, sequencing, and vocabulary development, as measured by the EOC Civics exam and FSA ELA assessment.

Monitoring:

This area of focus will be monitored through data analysis of quarterly benchmarks, pre- and post-assessments, collaborative planning weekly notes, and classroom observations of standards-aligned instruction.

**Person
responsible
for
monitoring
outcome:**

Kriste Eaton (eatonk@collierschools.com)

**Evidence-
based
Strategy:**

Teacher created common pre and post-assessments, standards-aligned instruction which supports skill development, such as summarizing and sequencing, continued instruction focused on vocabulary development, and disaggregation of data from quarterly benchmarks which is shared in individual data chats with teachers.

**Rationale
for
Evidence-
based
Strategy:**

Because the students being targeted in this area of focus are in the lowest 25% in reading, they will need literacy support in Civics to help process the content. Professional development on literacy-focused supports will be provided by the literacy coach to the Civics teachers. Guidance and strategies on how to implement targeted instruction that focuses on certain strategies, such as summarizing, sequencing, and developing their vocabulary, will also be provided by the literacy coach.

Action Steps to Implement

Quarterly benchmark data will be disaggregated and shared with teachers. Individual data chats will also follow to discuss necessary supports needed for student improvement.

**Person
Responsible**

Kriste Eaton (eatonk@collierschools.com)

All Civics teachers will collaboratively plan on a weekly basis to ensure standards aligned instruction is being implemented and pacing is being followed.

**Person
Responsible**

Kriste Eaton (eatonk@collierschools.com)

Common pre-assessments and post-assessments will be administered to all students. The teachers will analyze the data and identify areas in need of support to close the achievement gap and ensure student comprehension.

**Person
Responsible**

Kriste Eaton (eatonk@collierschools.com)

Strategies on how to implement targeted instruction that promotes literacy strategies will be shared with the teachers by the literacy coach.

**Person
Responsible**

Teri Sweigart (sweigate@collierschools.com)

Additional Schoolwide Improvement Priorities

Using the [SafeSchoolsforAlex.org](https://www.safeschoolsforalex.org), compare the discipline data of the school to discipline data across the state and provide primary or secondary areas of concern that the school will monitor during the upcoming school year. Include how the school culture and environment will be monitored through the lens of behavior or discipline data.
