Demographics

Principal: Susan Sasse

Start Date for this Principal: 7/1/2013

2019-20 Status (per MSID File)	Active
School Type and Grades Served (per MSID File)	Elementary School PK-5
Primary Service Type (per MSID File)	K-12 General Education
2020-21 Title I School	Yes
2020-21 Economically Disadvantaged (FRL) Rate (as reported on Survey 3)	100%
2020-21 ESSA Subgroups Represented (subgroups with 10 or more students) (subgroups below the federal threshold are identified with an asterisk)	Students With Disabilities* English Language Learners* Black/African American Students* Hispanic Students White Students Economically Disadvantaged Students
School Grades History	2018-19: B (59%) 2017-18: B (56%) 2016-17: B (55%)
2019-20 School Improvement (SI) Information*	
SI Region	Southeast
Regional Executive Director	LaShawn Russ-Porterfield
Turnaround Option/Cycle	N/A
Year	
Support Tier	
ESSA Status	
* As defined under Rule 6A-1.099811, Florida Administrative Code. For more information, click here .	

School Board Approval

This plan is pending approval by the Broward County School Board.

SIP Authority

Section 1001.42(18), Florida Statutes, requires district school boards to annually approve and require implementation of a Schoolwide Improvement Plan (SIP) for each school in the district that has a school grade of D or F. This plan is also a requirement for Targeted Support and Improvement (TS&I) and Comprehensive Support and Improvement (CS&I) schools pursuant to 1008.33 F.S. and the Every Student Succeeds Act (ESSA).

To be designated as TS&I, a school must have one or more ESSA subgroup(s) with a Federal Index below 41%. This plan shall be approved by the district. There are three ways a school can be designated as CS&I:

1. have a school grade of D or F
2. have a graduation rate of 67% or lower
3. have an overall Federal Index below 41%.

For these schools, the SIP shall be approved by the district as well as the Bureau of School Improvement.

The Florida Department of Education (FDOE) SIP template meets all statutory and rule requirements for traditional public schools and incorporates all components required for schools receiving Title I funds. This template is required by State Board of Education Rule 6A-1.099811, Florida Administrative Code, for all non-charter schools with a current grade of D or F, or a graduation rate 67% or less. Districts may opt to require a SIP using a template of its choosing for schools that do not fit the aforementioned conditions. This document was prepared by school and district leadership using the FDOE's school improvement planning web application located at www.floridacims.org.

Purpose and Outline of the SIP

The SIP is intended to be the primary artifact used by every school with stakeholders to review data, set goals, create an action plan and monitor progress. The Florida Department of Education encourages schools to use the SIP as a "living document" by continually updating, refining and using the plan to guide their work throughout the year. This printed version represents the SIP as of the "Date Modified" listed in the footer.

School Board Approval

This plan is pending approval by the Broward County School Board.

SIP Authority

Section 1001.42(18), Florida Statutes, requires district school boards to annually approve and require implementation of a school improvement plan (SIP) for each school in the district that has a school grade of D or F.

The Florida Department of Education (FDOE) SIP template meets all statutory and rule requirements for traditional public schools and incorporates all components required for schools receiving Title I funds. This template is required by State Board of Education Rule 6A-1.099811, Florida Administrative Code, for all non-charter schools with a current grade of D or F (see page 4). For schools receiving a grade of A, B, or C, the district may opt to require a SIP using a template of its choosing. This document was prepared by school and district leadership using the FDOE's school improvement planning web application located at <https://www.floridacims.org>.

Purpose and Outline of the SIP

The SIP is intended to be the primary artifact used by every school with stakeholders to review data, set goals, create an action plan and monitor progress. The Florida Department of Education encourages schools to use the SIP as a "living document" by continually updating, refining and using the plan to guide their work throughout the year. This printed version represents the SIP as of the "Date Modified" listed in the footer.

Part I: School Information

School Mission and Vision

Provide the school's mission statement.

Preparing the next generation to be problem solvers and innovative thinkers through S.T.E.M. project based learning.

Provide the school's vision statement.

Pines Lakes Elementary is committed to providing a happy, caring and stimulating environment where children will recognize and achieve their fullest potential.

School Leadership Team

Membership

Identify the name, email address, position title, and job duties/responsibilities for each member of the school leadership team.:

Name	Position Title	Job Duties and Responsibilities
Sasse, Susan	Principal	To provide the leadership and management necessary to administer and supervise all programs, policies and activities of Pines Lakes Elementary (PLE) to ensure high quality educational experiences and services for the students in a safe and enriching environment. Monitor student performance and teacher instructional practice, analyze data trends, and along with instructional coaches, provide support for teachers.
Balroop, Amrita	Assistant Principal	Monitor student performance and teacher instructional practice, analyze data trends, and along with the Literacy coach, provide support for teachers. Shares current educational trends, research and technology; understands the unique needs, population trends and characteristics of the students served at PLE; demonstrate effective communication and interaction skills with all stakeholders and track accountability.
Dejean, Christina	SAC Member	Responsible for implementing and facilitating strategies and materials to meet the needs of all students as part of the School Improvement Plan. Also serve on subcommittees such as Grade Level Chairs, Community Events and SAC/SAF.
Taber, Andrea	Teacher, ESE	ESE Specialist - provides support to school to ensure that students with disabilities demonstrate increased participation and performance in the standard or Access curriculum, statewide assessments, and accountability systems. Support teachers in tracking students' data to make appropriate instructional decisions. The ESE Specialist provides personalized support based on identified needs of individuals based on differentiated supports that foster the growth and development of teachers.
Creviston, Kelly	Instructional Coach	Provide guidance and support for teachers in the area of English Language Arts (ELA), collaborate appropriate professional development and PLC support. Instructional Coach provides personalized support that is based on identified needs of individual teachers and differentiated supports that foster the growth and development of teachers. In addition to strategic content focused mentoring, coach supports teachers to develop skills in critical areas such as establishing positive classroom culture and climate, implementing instructional strategies, analyzing student work, differentiating instruction and supporting English Language Learners and student with special needs. Also, coaches will work collaboratively, build skills, analyze data, examine needs related to professional practice and engage in peer coaching with teachers.
Wolfe-Yoloye, Carlene	School Counselor	Help students process their problems and plan goals and action. Mediate conflict between students and teachers to ensure that they can meet their academic goals.

Demographic Information

Principal start date

Monday 7/1/2013, Susan Sasse

Number of teachers with a 2019 3-year aggregate or a 1-year Algebra state VAM rating of Highly Effective. *Note: For UniSIG Supplemental Teacher Allocation, teachers must have at least 10 student assessments.*

2

Number of teachers with a 2019 3-year aggregate or a 1-year Algebra state VAM rating of Effective. *Note: For UniSIG Supplemental Teacher Allocation, teachers must have at least 10 student assessments.*

4

Total number of teacher positions allocated to the school

38

Total number of students enrolled at the school

531

Identify the number of instructional staff who left the school during the 2020-21 school year.

4

Identify the number of instructional staff who joined the school during the 2021-22 school year.

5

Demographic Data

Early Warning Systems

2021-22

The number of students by grade level that exhibit each early warning indicator listed:

Indicator	Grade Level													Total
	K	1	2	3	4	5	6	7	8	9	10	11	12	
Number of students enrolled	83	88	84	79	84	82	0	0	0	0	0	0	0	500
Attendance below 90 percent	30	18	19	17	10	18	0	0	0	0	0	0	0	112
One or more suspensions	0	0	1	1	2	0	0	0	0	0	0	0	0	4

Analysis

Data Analysis

Answer the following analysis questions using the progress monitoring data and state assessment data, if applicable.

What trends emerge across grade levels, subgroups and core content areas?

Math - In reviewing our Spring 2021 iReady data we noticed that none of our grade levels met our goal of 50% proficiency.

ELA - In reviewing our Spring 2021 iReady Math data we noticed that only 2 of 5 of our grade levels met our goal of 56% proficiency or higher.

ELL Subgroup - Our English Language Learners did not meet our goals and therefore is in need of additional support for ELA and Math.

What data components, based off progress monitoring and 2019 state assessments, demonstrate the greatest need for improvement?

Data from 2019 FSA and 2021 iReady Spring results were analyzed for areas of improvement. Students with Disabilities scored significantly lower than our general population and therefore is our area in greatest need of improvement.

What were the contributing factors to this need for improvement? What new actions would need to be taken to address this need for improvement?

The contributing factors included students' learning location, technology concerns and access to full time and in-school participation.

What data components, based off progress monitoring and 2019 state assessments, showed the most improvement?

In comparing the 2019 FSA to 2021 FSA, the results revealed that our ELA lowest quartile learning gains increased by 28%.

What were the contributing factors to this improvement? What new actions did your school take in this area?

Students not returning to in-person learning, and the lack of participation of eLearners contributed to a decrease in student achievement in ELA, Math & Science. For the 21-22 school year, additional instructional staff were hired to focus on closing this gap. Teachers are implementing Thinking Maps into all subject areas this school year as part of our action plan.

What strategies will need to be implemented in order to accelerate learning?

Our focus is on increasing teachers' capacity to implement a variety of strategies during instruction to engage students and meet individual needs. Students will be tracking their own learning goals to help reach their literacy targets.

Based on the contributing factors and strategies identified to accelerate learning, describe the professional development opportunities that will be provided at the school to support teachers and leaders.

This year, teachers are receiving professional development in Thinking Maps. Teachers will also participate in training to implement the Benchmark Advance ELA materials.

Provide a description of the additional services that will be implemented to ensure sustainability of improvement in the next year and beyond.

To ensure sustainability, three teachers will serve as Thinking Maps "Train the Trainer" to provide continuous support and improve fidelity of implementation. Teacher's Best Practices are highlighted at monthly collaboration meetings. Our teacher-led PLCs are aligned with our instructional cycle calendar and by participating in PLCs teachers learn strategies to improve instruction.

Part III: Planning for Improvement

Areas of Focus:

#1. Instructional Practice specifically relating to Standards-aligned Instruction

In order to improve High Quality and Standards-aligned Instruction at Pines Lakes Elementary the following was identified as critical needs for improvement.

Area of Focus Description and Rationale:

In comparing the 2019 FSA to the 2021 FSA, the results revealed that our overall ELA proficiency decreased by 10%.
 In comparing the 2019 FSA to 2021 FSA, the results revealed that our ELA learning gains decreased by 7%.
 In comparing the 2019 FSA to 2021 FSA, the results revealed that our ELA lowest quartile learning gains increased by 28%.
 In comparing the 2019 FSA to 2021 FSA, the results revealed that our Math proficiency data decreased by 29%.
 In comparing the 2019 FSA to 2021 FSA, the results revealed that our Math learning gains decreased by 35%.
 In comparing the 2019 FSA to 2021 FSA, the results revealed that our Math lowest quartile learning gains decreased by 20%.
 2019 FSA to 2021 FSA results revealed that our Science decreased by 33%.

Measurable Outcome:

By June 2022, the percentage of students achieving proficiency or higher in ELA, Math and Science will increase by 19%. Learning gains for ELA, and Math will increase by 22% and our lowest quartile component will increase by 7% as measured by the Spring 2022 FSA Administration results.

Monitoring:

This area of focus will be monitored through ongoing student cycle assessment data, iReady data and teacher/classroom observations conducted by administration.

Person responsible for monitoring outcome:

Susan Sasse (susan.sasse@browardschools.com)

Evidence-based Strategy:

Teacher-led PLCs are aligned with our instructional cycle calendar and by participating in PLCs teachers learn strategies to improve instruction.

Rationale for Evidence-based Strategy:

Professional Learning Communities impact both teacher practices and student achievement.

Action Steps to Implement

Teacher teams review their student performance data to determine the focus of their PLC.

Person Responsible

Amrita Balroop (amrita.balroop-sookhansingh@browardschools.com)

Admin will review and approve of PLCs.

Person Responsible

Susan Sasse (susan.sasse@browardschools.com)

Teachers will actively participate in PLCs throughout the year.

Person Responsible

Amrita Balroop (amrita.balroop-sookhansingh@browardschools.com)

Teachers will reteach & remediate their instruction based on review of student progress monitoring data.

Person Responsible Susan Sasse (susan.sasse@browardschools.com)

#2. ESSA Subgroup specifically relating to Students with Disabilities

Area of Focus Description and Rationale: At Pines Lakes Elementary students with disabilities have not shown adequate progress for meeting the ESSA FPPI requirement of 41% or higher. By focusing on this subgroup students will meet the ESSA requirement and increase student achievement.

Measurable Outcome: At Pines Lakes Elementary the subgroup of Students With Disabilities will increase their ELA learning gains in by 11% as evidenced by the Spring 2020 FSA assessment results.

Monitoring: This area of focus will be monitored through ongoing student cycle assessment data, iReady data and teacher observations conducted by administration. Students who need extra support will provided opportunities to participate in ELO camps.

Person responsible for monitoring outcome: Susan Sasse (susan.sasse@browardschools.com)

Evidence-based Strategy: Pines Lakes Elementary will use the following:
 1. Teacher led instruction through iReady resources
 2. Interventions and instruction that target individual student IEP goals
 3. Additional support through extended learning opportunities

Rationale for Evidence-based Strategy: All of the evidenced based strategies listed above have been chosen since they provide us with critical progress monitoring tools and resources to tailor instruction to meet individual student needs.

Action Steps to Implement

Determine student needs through initial diagnostic assessments.

Person Responsible Susan Sasse (susan.sasse@browardschools.com)

Analyze student data to determine student progress and goals.

Person Responsible Christina Dejean (christina.dejean@browardschools.com)

Create individual student goals for all students.

Person Responsible Susan Sasse (susan.sasse@browardschools.com)

Ensure teacher instructional plan is aligned to student goals on IEPs.

Person Responsible Andrea Taber (andrea.taber@browardschools.com)

Continue to progress monitor throughout the school year.

Person Responsible Amrita Balroop (amrita.balroop-sookhansingh@browardschools.com)

Plan and implement ELO camps for identified students.

Person Responsible Christina Dejean (christina.dejean@browardschools.com)

#3. Instructional Practice specifically relating to ELA

In order to improve High Quality and Standards-aligned Instruction at Pines Lakes Elementary the following was identified as critical needs for improvement.

**Area of Focus
Description and
Rationale:**

Pines Lakes Elementary 2021 FSA ELA results indicated that no tested grade levels received 50% or above proficiency.

3rd Grade 46% Proficiency
4th Grade 42% Proficiency
5th Grade 40% Proficiency

**Measurable
Outcome:**

By June 2022, students will achieve 50% or above proficiency or higher as measured by the Spring 2022 FSA ELA Administration.

Monitoring:

This area of focus will be monitored through ongoing student cycle assessment data, iReady data and teacher/classroom observations conducted by administration.

**Person responsible
for monitoring
outcome:**

Susan Sasse (susan.sasse@browardschools.com)

**Evidence-based
Strategy:**

Teacher-led PLCs are aligned with our instructional cycle calendar and by participating in PLCs teachers learn strategies to improve instruction.

**Rationale for
Evidence-based
Strategy:**

Professional Learning Communities impact both teacher practices and student achievement.

Action Steps to Implement

Teacher teams review their student performance data to determine the focus of their PLC.

Person Responsible Amrita Balroop (amrita.balroop-sookhansingh@browardschools.com)

Admin will review and approve of PLCs.

Person Responsible Susan Sasse (susan.sasse@browardschools.com)

Teachers will actively participate in PLCs throughout the year.

Person Responsible Amrita Balroop (amrita.balroop-sookhansingh@browardschools.com)

Teachers will reteach & remediate their instruction based on review of student progress monitoring data.

Additional Schoolwide Improvement Priorities

Using the [SafeSchoolsforAlex.org](https://www.safe-schools-for-alex.org), compare the discipline data of the school to discipline data across the state and provide primary or secondary areas of concern that the school will monitor during the upcoming school year. Include how the school culture and environment will be monitored through the lens of behavior or discipline data.

In comparing the data across the state Pines Lakes Elementary's data revealed that there were no reported incidents. The school culture and environment will be monitored by our School Wide Positive Behavior Team on a quarterly basis through our BASIS discipline reporting system. The discipline will be addressed through the review of our School Wide Positive Behavior Plan.

Part IV: Positive Culture & Environment

A positive school culture and environment reflects: a supportive and fulfilling environment, learning conditions that meet the needs of all students, people who are sure of their roles and relationships in student learning, and a culture that values trust, respect and high expectations. Consulting with various stakeholder groups to employ school improvement strategies that impact the positive school culture and environment are critical. Stakeholder groups more proximal to the school include teachers, students, and families of students, volunteers, and school board members. Broad stakeholder groups include early childhood providers, community colleges and universities, social services, and business partners.

Stakeholders play a key role in school performance and addressing equity. Consulting various stakeholder groups is critical in formulating a statement of vision, mission, values, goals, and employing school improvement strategies.

Describe how the school addresses building a positive school culture and environment.

The “Power of 3” framework is taught and reinforced schoolwide. The three tenets are: Taking Care of Self, Taking Care of Others, and Taking Care of our Environment. All teachers utilize the Rick Morris Behavior monitoring system. Teachers are encouraged to use deescalation strategies and a calm-down corner for identified students. Students are provided visual schedules, incremental time feedback systems, checklists, and social stories to help them to be successful academically.

Identify the stakeholders and their role in promoting a positive culture and environment at the school.

The role of all staff is to provide input into our Schoolwide Positive Behavior Plan. Staff are trained in the plan & students participate in a quarterly behavior assembly. Parents are informed of our plan and we work alongside parents and families to have carryover expectations of our positive school environment into the home.

Parents have an important role to be an active participant in their child's academic, behavior, and social-emotional growth. They will be invited and encouraged to become active members of the School Advisory Council. At these monthly meetings, parents are provided information regarding the school's Title I budget allocation, including professional development and parent involvement funds. Parents are encouraged to provide input into the development of our SIP and Title I activities. An annual evaluation will be conducted using surveys completed by parents, staff, and students. Results will be analyzed to evaluate the effectiveness of the school's Title I Parent Involvement Plan.

Administration takes on the role of implementing the plan and providing consequences as needed.

Part V: Budget

The approved budget does not reflect any amendments submitted for this project.

1	III.A.	Areas of Focus: Instructional Practice: Standards-aligned Instruction				\$0.00
	Function	Object	Budget Focus	Funding Source	FTE	2021-22
	5100	120-Classroom Teachers	2861 - Pines Lakes Elementary School	Title, I Part A		\$0.00

						<i>Notes: Teachers will be trained in Thinking Maps.</i>
2	III.A.	Areas of Focus: ESSA Subgroup: Students with Disabilities				\$0.00
	Function	Object	Budget Focus	Funding Source	FTE	2021-22
	5100	100-Salaries	2861 - Pines Lakes Elementary School	School Improvement Funds		\$0.00
						<i>Notes: Teacher salaries for ELO camps.</i>
	5100	500-Materials and Supplies	2861 - Pines Lakes Elementary School			\$0.00
						<i>Notes: Instructional materials for ELO camps.</i>
			2861 - Pines Lakes Elementary School			\$0.00
3	III.A.	Areas of Focus: Instructional Practice: ELA				\$0.00
					Total:	\$0.00
