School Board Approval

This plan is pending approval by the Broward County School Board.

SIP Authority

Section 1001.42(18), Florida Statutes, requires district school boards to annually approve and require implementation of a Schoolwide Improvement Plan (SIP) for each school in the district that has a school grade of D or F. This plan is also a requirement for Targeted Support and Improvement (TS&I) and Comprehensive Support and Improvement (CS&I) schools pursuant to 1008.33 F.S. and the Every Student Succeeds Act (ESSA).

To be designated as TS&I, a school must have one or more ESSA subgroup(s) with a Federal Index below 41%. This plan shall be approved by the district. There are three ways a school can be designated as CS&I:

1. have a school grade of D or F
2. have a graduation rate of 67% or lower
3. have an overall Federal Index below 41%.

For these schools, the SIP shall be approved by the district as well as the Bureau of School Improvement.

The Florida Department of Education (FDOE) SIP template meets all statutory and rule requirements for traditional public schools and incorporates all components required for schools receiving Title I funds. This template is required by State Board of Education Rule 6A-1.099811, Florida Administrative Code, for all non-charter schools with a current grade of D or F, or a graduation rate 67% or less. Districts may opt to require a SIP using a template of its choosing for schools that do not fit the aforementioned conditions. This document was prepared by school and district leadership using the FDOE's school improvement planning web application located at www.floridacims.org.

Purpose and Outline of the SIP

The SIP is intended to be the primary artifact used by every school with stakeholders to review data, set goals, create an action plan and monitor progress. The Florida Department of Education encourages schools to use the SIP as a “living document” by continually updating, refining and using the plan to guide their work throughout the year. This printed version represents the SIP as of the “Date Modified” listed in the footer.

Part I: School Information

School Mission and Vision

Provide the school's mission statement.

We, the faculty and staff of Endeavour Primary Learning Center, have a commitment to excellence. We believe that with the cooperation of students, parents, teachers, school staff, and the community, we can provide opportunities for children to reach their full potential and be prepared to meet the challenges of a diverse and rapidly changing society.

Provide the school's vision statement.

All Endeavour Primary Learning Center students will reach their maximum potential. Our vision is based on a foundation of collaborative planning, focused instruction, and continuous evaluation.

School Leadership Team

Membership

Identify the name, email address, position title, and job duties/responsibilities for each member of the school leadership team.:

Name	Position Title	Job Duties and Responsibilities
Lawrence, Denise	Principal	<p>Provide instructional leadership for all educational programs at the school; prepare and manage the school's budget provide opportunities for Professional Development, analyze assessment data, provide ongoing feedback, adjusting areas of concerns based on student data.</p> <p>Provide on-going coaching to Instructional Staff, with specific feedback and follow-up.</p> <p>Implement and monitor an instructional framework that aligns curriculum with state standards and effective instructional practices.</p> <p>Recruit, retain, develop and evaluate an effective and diverse faculty and staff. Facilitate effective professional learning and provide timely feedback to faculty and staff to improve their professional performance and offer assistance to strengthen weaknesses in performance.</p>
Dukes, Marisa	Assistant Principal	<p>Provide instructional leadership, in collaboration with the Principal, for all educational programs at the school. Monitor curriculum instruction, analyze assessment data, provide ongoing feedback, and address student disciplinary concerns. Analyze student data to better identify Professional Learning Opportunities.</p> <p>Provide on-going coaching to Instructional Staff, with specific feedback and follow-up.</p> <p>Collaborate to implement and monitor an instructional framework that aligns curriculum with state standards and effective instructional practices.</p> <p>Assist in recruiting, retaining, developing and evaluating an effective and diverse faculty and staff. Assist in managing the school, operations, and facilities in ways that maximize the use of resources to promote a safe, efficient, legal, and effective learning environment</p>
Steadman, Joleen	Reading Coach	<p>Model lessons, Coach individual teachers with delivery of instruction and provide feedback to teachers to help improve their practice. Develop Instructional Focus Calendars aligned to the standards.</p> <p>Facilitate Professional Learning based on student data and teacher's needs to help achieve academic goals.</p> <p>Work with the school's Leadership Team in planning and implementing the basic skills remediation program as determined by the Florida State Assessment.</p> <p>Provide individual diagnostic testing to enable better prescriptive approaches for classroom instruction.</p>

Analysis

Data Analysis

Answer the following analysis questions using the progress monitoring data and state assessment data, if applicable.

What trends emerge across grade levels, subgroups and core content areas?

The number of students demonstrating proficiency, based on iReady in 2020-21, across grade levels is low, for both ELA & Math.

The school's grade is calculated only on student proficiency of Level 3 or higher in ELA and Math. Reviewing the data for the past three years, there has been a trend of declined proficiency in both subject areas. The proficiency data for ELA is 2017 - 39%, 2018 - 37%, 2019- 32% and for Math is 2017 - 46%, 2018 - 45%, 2019 - 36%.

What data components, based off progress monitoring and 2019 state assessments, demonstrate the greatest need for improvement?

Both ELA & Math show a great need for improvement.

iReady 2020-21-less than half of the students in each grade were proficient in Math & ELA. 2019-20 FSA -ELA=32% and Math was 36%

What were the contributing factors to this need for improvement? What new actions would need to be taken to address this need for improvement?

For the previous school year, Virtual Learning was a huge factor in the decline of student proficiency. Students have returned to face-to-face instruction. Teachers are implementing Interventions across the grade level each day for a specific amount of time. Additionally, we will have an Interventionist to work with the Tier 3 students with a deliberate curriculum to improve academic proficiency.

Also for ELA, one of the contributing factors was not enough in-depth analysis of the progress monitoring data, the Benchmark Assessment System (BAS), to better align curriculum and instruction for individual student needs.

Historically for Math, grade level standards were not fully covered, prior to the state assessment, due to teachers spending too much time on deficient standards.

What data components, based off progress monitoring and 2019 state assessments, showed the most improvement?

Based on iReady data during the 2020-21 school year, ELA showed the most improvement across all grade-levels.

What were the contributing factors to this improvement? What new actions did your school take in this area?

More students returned to in-person learning in January 2021. Teachers were able to implement more intentionally instruction and students were able to engage in a more authenticated manner. Teachers were implementing more small group instruction and providing more modeling before releasing students to work on their own.

What strategies will need to be implemented in order to accelerate learning?

Targeted intervention with frequent progress monitoring to make decisions for increasing intensity or moving student up to next level.

Small group instruction, with teacher modeling and guiding before releasing students to work independently.

Based on the contributing factors and strategies identified to accelerate learning, describe the professional development opportunities that will be provided at the school to support teachers and leaders.

Part III: Planning for Improvement

Areas of Focus:

#1. Instructional Practice specifically relating to ELA

Area of Focus	Endeavour Primary Learning Center's FSA English Language Arts performance has had a decline for the past three years. This category has shown to be a major area of weakness that needs to be addressed and monitored closely to increase the proficiency of our third grade students.
Description and Rationale:	Teachers will begin with creating lesson plans that are standards-aligned. Teacher-led whole group and small group will address grade level standards, independent student work will task students to complete activities on grade level, students will be assigned grade level standards in their teacher assigned iReady folder and will complete their diagnostic paths to reinforce the foundation skills in their iReady Learning Path folder.
Measurable Outcome:	If all instructional staff embed Balanced Literacy researched based strategies and interventions into their classroom instruction in all content areas, then Endeavour Primary Learning Center will be able to increase their proficiency to at least 40% as measured by FSA English Language Arts state assessment.
Monitoring:	Progress monitoring will be through collection of BAS, i-Ready and School City data along with resources used to support this strategy and lesson planning to implement these two components of Balanced Literacy with fidelity.
Person responsible for monitoring outcome:	Joleen Steadman (joleen.steadman@browardschools.com)
Evidence-based Strategy:	The instructional staff will participate in literacy trainings (Benchmark Advance, Balanced Literacy, F&P Phonics and Word Study Systems) and implement the strategies learned as demonstrated by explicitly instructing interactive read alouds and small group guided reading with fidelity. Teachers will begin with creating lesson plans that are standards-aligned. Teacher-led whole group and small group will address grade level standards, independent student work will task students to complete activities on grade level, students will be assigned grade level standards in their teacher assigned iReady folder and will complete their diagnostic paths to reinforce the foundation skills in their iReady Learning Path folder..
Rationale for Evidence-based Strategy:	This strategy was selected for this area of weakness because our data indicates a gradual decline in the past four years. The levels of evidence will be defined by the differentiated literacy strategies used during the ELA block to meet the needs of all learners.

Action Steps to Implement

1. Instructional staff will attend district Literacy trainings to improve their teaching practice during the ELA block.

Person Responsible Denise Lawrence (denise.lawrence@browardschools.com)

Teachers will implement interactive read aloud and small group guided reading and interventions during their ELA block differentiating instruction to meet the needs of learners.

Person Responsible Denise Lawrence (denise.lawrence@browardschools.com)

Leadership team will collect and analyze student data to identify areas of weakness.

Person Responsible Denise Lawrence (denise.lawrence@browardschools.com)

Based on areas of weakness,(determined by analyzing data) collaborate with teachers to identify and implement researched based reading strategies and interventions needed to address areas of weakness while continuing to develop strengths.

Person Responsible Denise Lawrence (denise.lawrence@browardschools.com)

Professional Learning Communities will center on the implementation of BAS calibration, interactive read aloud and small group guided reading instructional practices of the Balanced Literacy.

Person Responsible Denise Lawrence (denise.lawrence@browardschools.com)

SWD students will receive additional support in the area of reading.

Person Responsible Denise Lawrence (denise.lawrence@browardschools.com)

EPLC will offer Extended Learning Opportunity Camps for Reading.

#2. Instructional Practice specifically relating to Math

Area of Focus	Endeavour Primary Learning Center's FSA Math performance has had a decline for the past three years. This category has shown to be a major area of weakness that needs to be addressed and monitored closely to increase the proficiency of our third grade students
Description and Rationale:	
Measurable Outcome:	All instructional staff will implement with fidelity the components of the school-wide Pacing Guide and Math Instructional Focus Calendar. Both are created to provide rigorous instruction, remediation and enrichment. If implemented then, Endeavour Primary Learning Center's math proficiency will increase to at least 50% as measured by the FSA Math Achievement Test.
Monitoring:	Schoolcity Checkpoints and iReady Diagnostics will be used to monitor student outcome
Person responsible for monitoring outcome:	Denise Lawrence (denise.lawrence@browardschools.com)
Evidence-based Strategy:	Explicit Instruction involves teaching a specific concept or procedure in a highly structured and carefully sequenced manner.
Rationale for Evidence-based Strategy:	Teaching mathematics in this manner is highly effective and will significantly improve a student's ability to perform mathematical operations (e.g., adding, multiplying,) as well as to solve word problems. This strategy has been shown to be effective across all grade levels and for diverse groups of students, including students with disabilities and ELLs.

Action Steps to Implement

Focused instruction to include: clearly identify skill/concept to be learned, making connection with prior knowledge, modeling, and allowing opportunity for guided practice

Person Responsible Marisa Dukes (marisa.dukes@browardschools.com)

Guided practice to include: student verbalizing what strategy is being used to solve, teacher providing feedback and clarifying misconceptions on the spot.

Person Responsible Marisa Dukes (marisa.dukes@browardschools.com)

Teacher models lessons that build upon one another going from simple to more complex by scaffolding instruction and using manipulatives to meet diverse learner needs.

Person Responsible Marisa Dukes (marisa.dukes@browardschools.com)

Teacher breaks complex skills into smaller, more manageable chunks, a method also known as task analysis.

Person Responsible Marisa Dukes (marisa.dukes@browardschools.com)

#3. ESSA Subgroup specifically relating to Students with Disabilities

Area of Focus Description and Rationale: Proficiency in both Math and ELA for students with disabilities indicated consecutive years of proficiency below 41%. The progress monitoring data indicated by iReady ELA diagnostic, show that students with disabilities are performing at 7% proficiency and iReady Math diagnostics at 0% proficiency.

Measurable Outcome: By June 2022, students with disabilities will increase ELA proficiency by at least 28 points and in Math by at least 41 points as measured by iReady 2022.

Monitoring: ESE teacher will implement targeted interventions to meet the students' Individual Education Plan (IEP) and General Education teachers will scaffold grade level curriculum during small group instruction. The district's Exceptional Student Learning Support will be assisting our ESE Specialist and ESE Support Facilitator with monitoring student progress. The team has met and reviewed each student's IEP. Collaboration has been initiated with the classroom teacher to assist with identifying strategies in ELA and Math that will allow students to increase their proficiency levels.

Person responsible for monitoring outcome: Denise Lawrence (denise.lawrence@browardschools.com)

Evidence-based Strategy: ESE teacher will push in/pull-out with students to implement their IEP's. Teach Like a Champion (TLAC) strategies will be provided to assist teachers beginning with shaping the classroom culture.

Rationale for Evidence-based Strategy: The strategies will be used to help close the academic gaps, while meeting the students at their present level of performance. Teach Like a Champion (TLAC) strategies will be provided to assist teachers beginning with shaping the classroom culture. Strategy (1) Wait Time - making time productive so that responses are rigorous, Strategy (2) Cold Call - Checking for Understanding, Creating a culture of engaged responsibility, pacing, and Backstopping ratio, and (3) Call and Response - class to answer questions in unison from time to time to build energetic, positive engagement. These strategies will be shared through exemplar videos, modeling and observed by Administration and support staff from Teaching Professional Learning and Growth Dept.

Action Steps to Implement

ESE teacher will push in/pull-out with students to implement their IEP's.

Person Responsible: Marisa Dukes (marisa.dukes@browardschools.com)

Teachers will provide rigorous instruction aligned to the ELA and math standards, while also meeting individual needs through explicit small group lessons aligned with IEP goals.

Person Responsible: Denise Lawrence (denise.lawrence@browardschools.com)

Support staff and administration will meet with classroom teachers and support facilitators in student reviews (data chats) to monitor student progress. Progress will be monitored through the use of BAS, iReady, and School City.

Using the [SafeSchoolsforAlex.org](https://www.safeschoolsforalex.org), compare the discipline data of the school to discipline data across the state and provide primary or secondary areas of concern that the school will monitor during the upcoming school year. Include how the school culture and environment will be monitored through the lens of behavior or discipline data.

Endeavour Primary Learning Center reported 0.3 incidents per 100 students. Compared to all elementary schools statewide, it falls into the low category.

The school has (1) Property incident involving breaking/entering-burglary. The school does not have a secondary area of concern. The reported incident was not attached to unknown students. The area will continue to be monitored by security staff and school personnel.

Part IV: Positive Culture & Environment

A positive school culture and environment reflects: a supportive and fulfilling environment, learning conditions that meet the needs of all students, people who are sure of their roles and relationships in student learning, and a culture that values trust, respect and high expectations. Consulting with various stakeholder groups to employ school improvement strategies that impact the positive school culture and environment are critical. Stakeholder groups more proximal to the school include teachers, students, and families of students, volunteers, and school board members. Broad stakeholder groups include early childhood providers, community colleges and universities, social services, and business partners.

Stakeholders play a key role in school performance and addressing equity. Consulting various stakeholder groups is critical in formulating a statement of vision, mission, values, goals, and employing school improvement strategies.

Describe how the school addresses building a positive school culture and environment.

Endeavour Primary Learning Center (EPLC) will make use of multiple modalities to communicate and engage our parents in the educational process. Utilizing the school's website, twitter page, parent-links and traditional flyers, parents and stakeholders will be contacted for all school events. We will conduct a recruitment at the annual public meeting whereby parents will be invited and encouraged to become active members of the School Advisory Council (SAC), School Advisory Forum (SAF), and Parent Teacher Association (PTA) and active Volunteers for our classrooms. Parents are encouraged to provide input in the

development and decision-making process of all Title I activities related to the school. An annual evaluation will be conducted using surveys completed by parents, staff, and students. Results will be analyzed to evaluate the effectiveness of the school's parent involvement program and changes will be made to improve those areas of concern.

Identify the stakeholders and their role in promoting a positive culture and environment at the school.

School's Leadership Team to include: Principal, Assistant Principal, Literacy Coach, Guidance Counselor, ESE Specialist.

The team will keep stakeholders informed, provided guidance and/or assistance when needed.

			Notes: Provide stipends for 2nd and 3rd Grade ELA/MATH Extended Learning Opportunity Camps. The camp will provide remediation and enrichment to small groups of students. Instruction and materials will be selected based on data. Our student groups will be built homogeneously to best differentiate instruction. All these strategies will help us achieve our goal of increasing our number of proficient students. ELO camps will be held between October 2021 and April 2022. Teachers will work to increase standards proficiency in ELA and Math. Stipends will be paid at hourly rate; \$36/hour will be used for budgeting purposes. There will be approximately 50-100 total students anticipated to attend the ELO camps. The student to teacher ratio for ELO camps will be a minimum of 10:1. If the student to teacher ratio is not met, the number of teachers providing instruction must be reduced to meet that ratio. If there are unspent ELO funds at the end of the school year, the school will extend ELO opportunities into Summer 2022 for current students. - ELO Camp Session 1: 5 teachers x 13 hours x \$36 stipend = \$2,340 - ELO Camp Session 2: 10 teachers x 10 hours x \$36 stipend = \$3,600 - Total ELO Camp Request: \$2,340 + \$3,600 = \$5,940
