| * As defined under Rule 6A-1.099811, Florida Administrative Code. F | or more information, click here. |

School Board Approval

This plan is pending approval by the Volusia County School Board.

SIP Authority

Section 1001.42(18), Florida Statutes, requires district school boards to annually approve and require implementation of a Schoolwide Improvement Plan (SIP) for each school in the district that has a school grade of D or F. This plan is also a requirement for Targeted Support and Improvement (TS&I) and Comprehensive Support and Improvement (CS&I) schools pursuant to 1008.33 F.S. and the Every Student Succeeds Act (ESSA).

To be designated as TS&I, a school must have one or more ESSA subgroup(s) with a Federal Index below 41%. This plan shall be approved by the district. There are three ways a school can be designated as CS&I:

- 1. have a school grade of D or F
- 2. have a graduation rate of 67% or lower
- 3. have an overall Federal Index below 41%.

For these schools, the SIP shall be approved by the district as well as the Bureau of School Improvement.

The Florida Department of Education (FDOE) SIP template meets all statutory and rule requirements for traditional public schools and incorporates all components required for schools receiving Title I funds. This template is required by State Board of Education Rule 6A-1.099811, Florida Administrative Code, for all non-charter schools with a current grade of D or F, or a graduation rate 67% or less. Districts may opt to require a SIP using a template of its choosing for schools that do not fit the aforementioned conditions. This document was prepared by school and district leadership using the FDOE's school improvement planning web application located at www.floridacims.org.

Purpose and Outline of the SIP

The SIP is intended to be the primary artifact used by every school with stakeholders to review data, set goals, create an action plan and monitor progress. The Florida Department of Education encourages schools to use the SIP as a "living document" by continually updating, refining and using the plan to guide their work throughout the year. This printed version represents the SIP as of the "Date Modified" listed in the footer.

Part I: School Information

School Mission and Vision

Provide the school's mission statement.

In an environment of mutual respect and trust, the students, staff, parents, and community of Palm Terrace Elementary will actively share the responsibility of ensuring success for all children.

Provide the school's vision statement.

The community of Palm Terrace Elementary will make a positive difference in the lives of the students and families we serve but creating an environment of clear and high expectations where student and family voice is the norm. We we accelerate learning and increase student achievement by providing access to strong instruction, deep engagement, and grade level assignments.

School Leadership Team

Membership

Identify the name, email address, position title, and job duties/responsibilities for each member of the school leadership team.:

| Name | Position Title | Job Duties and Responsibilities |
|-------------------------|------------------------|---|
| | | Coaches: Support classroom teachers by planning, observing, providing feedback, and providing/supporting resources. Monitoring i-Ready data and assisting with diagnostic set ups. Set up and monitoring of data wall with data cards. |
| Filer, Terranius | Teacher, K-12 | Principal: Monitor data of district assessments, facilitate PLC, determine schedules and structures of campus, classroom observations providing feedback to teachers, VSET, Celebrations of student successes, supervision, discipline |
| | | Assistant Principals: Master schedule, safety and security, facilities, Instructional Review/SIP management, manage funds of grants, Accreditation, Discipline, Monitor lowest quartile student data and learning gains data, VSET, facilitate PD, Textbooks, Celebrations of student successes, supervision, classroom observations and provide feedback to teachers |
| Jordan, Angel | Teacher, K-12 | Third Grade Team Lead |
| Lewandowski, Joseph | Teacher, K-12 | Fifth Grade Team Lead |
| Masters, Kimberly | Math Coach | |
| Swinton, Krysta | Teacher, K-12 | First Grade Team Lead |
| Warmoth, Stephanie | Teacher, K-12 | Fourth Grade Team Lead |
| Cobb, Corrine | Assistant Principal | |
| Elliott, Stefanie | Teacher, K-12 | Administrative Teacher on Assignment |
| Schmitt, Kristina | Teacher, K-12 | Special Area Team Lead |
| Feaster, Corynne | Teacher, ESE | ESE Team Lead |
| Margison, Antoinette | Reading Coach | |
| Troutman, Karen | Assistant Principal | |

Demographic Information

Principal start date

Friday 2/16/2018, Karen Troutman M

Number of teachers with a 2019 3-year aggregate or a 1-year Algebra state VAM rating of Highly Effective. Note: For UniSIG Supplemental Teacher Allocation, teachers must have at least 10 student assessments.

3

Number of teachers with a 2019 3-year aggregate or a 1-year Algebra state VAM rating of Effective. Note: For UniSIG Supplemental Teacher Allocation, teachers must have at least 10 student assessments.

7

Total number of teacher positions allocated to the school

56

Total number of students enrolled at the school

572

Identify the number of instructional staff who left the school during the 2020-21 school year.

7

Identify the number of instructional staff who joined the school during the 2021-22 school year.

Demographic Data

Early Warning Systems

2021-22

The number of students by grade level that exhibit each early warning indicator listed:

| Indicator | Grade Level | | | | | | | | | | | Total | | |
|--|-------------|----|-----|----|----|-----|---|---|---|---|----|-------|----|-------|
| indicator | K | 1 | 2 | 3 | 4 | 5 | 6 | 7 | 8 | 9 | 10 | 11 | 12 | TOtal |
| Number of students enrolled | 98 | 90 | 104 | 96 | 52 | 100 | 0 | 0 | 0 | 0 | 0 | 0 | 0 | 540 |
| Attendance below 90 percent | 77 | 32 | 31 | 25 | 13 | 30 | 0 | 0 | 0 | 0 | 0 | 0 | 0 | 208 |
| One or more suspensions | 0 | 0 | 0 | 0 | 0 | 0 | 0 | 0 | 0 | 0 | 0 | 0 | 0 | |
| Course failure in ELA | 0 | 0 | 0 | 10 | 3 | 3 | 0 | 0 | 0 | 0 | 0 | 0 | 0 | 16 |
| Course failure in Math | 0 | 0 | 0 | 5 | 1 | 1 | 0 | 0 | 0 | 0 | 0 | 0 | 0 | 7 |

Analysis

Data Analysis

Answer the following analysis questions using the progress monitoring data and state assessment data, if applicable.

What trends emerge across grade levels, subgroups and core content areas?

There is an overall trend of growth across grade levels and content areas. In ELA, third grade had a 19% increase of tier 1 students from iReady diagnostic 1 to iReady diagnostic 3. This grade level also demonstrated consistent growth among all three diagnostic assessments. Additionally, in math, third grade demonstrated a 31% increase in tier 1 students from diagnostic 1 to diagnostic 3, and also showed consistent growth among all three assessments.

Fifth grade students also demonstrated consistent growth across ELA and Math and consistent performance in Science. For ELA, there was a 13% increase in tier 1 students and math showed a 28% increase in this tier. Science assessment scores remained fairy consistent across VST 1, 2, and 3 with proficiency rates The levels of proficiency are still below district and state proficiency expectations. Rising third grade and rising fifth grade students show greater discrepancies in both ELA and Math.

What data components, based off progress monitoring and 2019 state assessments, demonstrate the greatest need for improvement?

Data shows that improvement is needed in ELA and Math proficiency. Although science scores were near proficiency it will be necessary to focus on increasing student achievement in this area as well.

What were the contributing factors to this need for improvement? What new actions would need to be taken to address this need for improvement?

There were many contributing factors that led to this need for improvement. There are the results of instructional loss due to Covid 19, through school closure in the 2019-2020 school year, students remaining on virtual instruction for the first half of the 2020-2021 school year, and quarantines due to positive cases. In addition to these factors, students at Palm Terrace have been working hard to overcome large gaps in their learning. Some students are performing one to two grade levels below in ELA and/or Math. The work has been great at Palm Terrace Elementary but there are still areas to improve upon. One of the greatest leverage actions that will be take for the 2021-2022 school year will be increasing teacher and student voice and ownership. The goal of this is to take instruction to the next level in a deliberate and targeted way. Continued specific and actionable feedback will be utilized in order to improve teacher efficacy.

What data components, based off progress monitoring and 2019 state assessments, showed the most improvement?

- -Science Achievement increased by 13 points.
- -PTES increased their percent proficient by 6% from 2019 to 2021.
- -This was the 4th highest increase in the school district.
- -Palm Terrace was one of only 16 schools in the district to increase in Science Achievement.
- -ELA Lowest Quartile Learning Gains increase by 5 points.
- -Palm Terrace was one of only 18 schools in the district to increase ELA Lowest Quartile Learning Gains
- -Increased 1 point in ELA and Math Achievement.
- -One of only 14 schools in the district to increase ELA Achievement.
- -One of only 7 schools in the district to increase Math Achievement.
- -Palm Terrace maintained their overall total percent of possible points.

- -One of two schools in the district who maintained their total percent of possible points.
- -33 schools in the district decreased their overall total percent of possible points.
- -5th grade ELA % proficient increased 11% from 2019 to 2021.
- -3rd grade Math % proficient increased 9% from 2019 to 2021.
- -3rd grade ELA % proficient increased 2% from 2019 to 2021.

What were the contributing factors to this improvement? What new actions did your school take in this area?

The contributing factors to this improvement were a laser like focus on planning and implementation. Immediate, targeted feedback addressing areas of focus. This allowed for teachers to take immediate action to refine and improve instruction.

What strategies will need to be implemented in order to accelerate learning?

Acceleration of learning will take a multifaceted approach. Palm Terrace Elementary will work to increase teacher and student voice. The first step of this will be a clear picture of student data. Teacher will be having frequent data meetings both as PLC groups and with their students. The intention of this will be to ensure that every stakeholder has a deep understanding of the data and what that means for the student instructionally. Palm Terrace Elementary will be utilizing data notebooks in grades K-5 and students as well as teachers will own the data.

The use of this data will aid in acceleration of learning in that, we will know exactly what benchmarks and standards students need support in, and which they have a good grasp on. This will make instruction more targeted, specific, and will increase the pace in which we are able to minimize learning gaps.

Palm Terrace Elementary will also be implementing AVID in grades 3-5. These personal development and instructional strategies will help students to organize their learning, to see their progress and successes along the way, and motivate them to keep working towards success.

Based on the contributing factors and strategies identified to accelerate learning, describe the professional development opportunities that will be provided at the school to support teachers and leaders.

During pre-planning teachers participated in Diversity and Equity Training. Additionally TNTP presented the Opportunity Myth 2.0. In partner with TNTP teachers and leaders with participate in Teacher Like a Champion 2.0. These trainings will take place during four early release Wednesdays.

Provide a description of the additional services that will be implemented to ensure sustainability of improvement in the next year and beyond.

- -Continued focus on lesson planning, preparation, and implementation.
- -Immediate actionable feedback
- -Support of collaborative planning by specifically identified knowledgeable others
- -Targeted coaching cycles
- -Team leads leads will be with TNTP to build leadership capacity

Part III: Planning for Improvement

Areas of Focus:

#1. Instructional Practice specifically relating to ELA

Area of Focus Description and Rationale:

As a result of our Needs Assessment and Analysis it was revealed that our ELA proficiency was 34% and our ELA learning gains were 43%, and lowest quartile showed 47%. The data indicates a continued need for improvement. In addition our ESSA subgroup data indicated that SWD ELA LG were 40% and ELA LQ were 44%. This same group demonstrated 11% math proficiency, 35% Math LG, and 30% math LQ LG. African American students' scores are as follows: ELA Achievement 33%, ELA LG 43%, ELA LQ LG 50%, Math Achievement 33%, Math LG 34%, Math LQ 23%, and Science Achievement 46%.

Measurable Outcome:

In the 2021-2022 school year Palm Terrace Elementary will increase ELA overall proficiency from 34% to 50% in order to focus on ESSA subgroup; African American, and SWD. Palm Terrace will increase ELA learning gains on FSA from 43 to 50%.

- Weekly review of lesson plans with administrative feedback provided and coaching as needed
- Utilize formalized classroom look for documents to provide specific actionable feedback to improve instruction

- Formal and informal coaching cycles based on teacher need as demonstrated through weekly classroom observations and student performance data including iReady, District assessment data, progress monitoring as well as disaggregating ESSA data.

Person responsible

Monitoring:

for monitoring outcome:

Tucker Harris (tharris@volusia.k12.fl.us)

Evidencebased

Strategy:

Focus on teacher clarity (Hattie effect size .75); Planning, preparation, and delivery of instruction.

Rationale for

Evidencebased Strategy: When teachers are clear in the expectation and instruction, students learn more. Teacher clarity is teaching that is organized and intentional. This weekly strategic planning is clear and allows teachers to develop a deep understanding of the standards and the strategies and steps needed to work towards student mastery.

Action Steps to Implement

- Analyze baseline data (FSA, iReady, District Assessments, Ongoing Progress Monitoring)

Person Responsible

Antoinette Margison (amargiso@volusia.k12.fl.us)

- Professional learning in Teacher Clarity with a focus on lesson planning and preparation

Person Responsible

Tucker Harris (tharris@volusia.k12.fl.us)

- Weekly review of lesson plans with administrative feedback provided and coaching as needed

Person Responsible

Tucker Harris (tharris@volusia.k12.fl.us)

- Utilize formalized classroom look for documents to provide specific actionable feedback to improve instruction

Person Responsible

Additional Schoolwide Improvement Priorities

Using the <u>SafeSchoolsforAlex.org</u>, compare the discipline data of the school to discipline data across the state and provide primary or secondary areas of concern that the school will monitor during the upcoming school year. Include how the school culture and environment will be monitored through the lens of behavior or discipline data.

When compared with other elementary schools around the state, data shows that PTE has a higher rate of threats and fights. Considering that data, PTE will focus on reducing the amount of threats and fights. To address these issues we will continue to focus on social and emotional learning and development. In order to accomplish this, we will have an SEL TOA and Behavior Specialist on campus that will support restorative practices, meet with small groups of students to proactively build social and emotional regulation skills. The behavior specialist will also meet with individual students when behavior challenges arise in the classroom. The intention being, to minimize lost instructional time by having the student return to class as soon as possible, equipped with new and productive strategies in dealing with the situation that arose. In addition, support and training will be provided to teachers in order to ensure that everyone is delivering the same high quality SEL instruction. All of these components combined with will enable students to better articulate their needs and express emotions, so the opportunity for escalation can be minimized. This will also enable the students' message to be received in the spirit in which is was intended and help to build a true culture of learning and acceptance. The work of the SEL TOA and Behavior specialist will be monitored through the use of call logs and schedules, as well as informal check ins. It will also be evident in the reduction of these situations and the minimization of students out of classrooms due to behavior challenges, threats, and fights. Instead, PTE will be a calm place where students come to learn and thrive.

Part IV: Positive Culture & Environment

A positive school culture and environment reflects: a supportive and fulfilling environment, learning conditions that meet the needs of all students, people who are sure of their roles and relationships in student learning, and a culture that values trust, respect and high expectations. Consulting with various stakeholder groups to employ school improvement strategies that impact the positive school culture and environment are critical. Stakeholder groups more proximal to the school include teachers, students, and families of students, volunteers, and school board members. Broad stakeholder groups include early childhood providers, community colleges and universities, social services, and business partners.

Stakeholders play a key role in school performance and addressing equity. Consulting various stakeholder groups is critical in formulating a statement of vision, mission, values, goals, and employing school improvement strategies.

Describe how the school addresses building a positive school culture and environment.

All stakeholders at Palm Terrace Elementary are committed to creating an environment where students are valued, respected, and provided belief in themselves to realize their potential.

The Principal works tirelessly to secure business partners that meet the needs of the school in ways such as, donations of backpacks filled with school supplies, uniforms, and funds for special incentives for the students.

Palm Terrace has a long standing relationship with local colleges and universities in order to provide opportunities for interns to come and learn from the teachers and students, often these interns return to give back and teach at Palm Terrace.

Constant communication is in place through the use of teacher contact and Administrative Connect Ed calls. Monthly PTA and SAC meetings are offered in order to ensure that all voices are heard and to work towards building an even stronger school community.

From the first face families see; the front desk Office Specialist to the classroom teachers, and administration each person seeks to make the families feel welcomed and valued. At Palm Terrace Elementary each person views all of the students as "our kids" and works each day to communicate worth and high expectations. Each team member is invested and will stop at nothing to ensure that each student has a chance of winning.

Identify the stakeholders and their role in promoting a positive culture and environment at the school.

- -Administrative team sets the example and precedent for positive student interaction. They also provide behavior support and assign corrective measures as well as incentives and rewards.
- -Behavior specialists support Gen Ed and students with disabilities to provide restorative practices and build social
- -SEL TOA supports students through special area rotations, class meetings, and individual student support
- -All teachers provide daily encouragement and instruction in social emotional learning to ensure that each day is positive and that each student has every opportunity to succeed

Part V: Budget

The approved budget does not reflect any amendments submitted for this project.
