| ESSA Status | |

* As defined under Rule 6A-1.099811, Florida Administrative Code. For more information, [click here](#).

School Board Approval

This plan is pending approval by the Polk County School Board.

SIP Authority

Section 1001.42(18), Florida Statutes, requires district school boards to annually approve and require implementation of a Schoolwide Improvement Plan (SIP) for each school in the district that has a school grade of D or F. This plan is also a requirement for Targeted Support and Improvement (TS&I) and Comprehensive Support and Improvement (CS&I) schools pursuant to 1008.33 F.S. and the Every Student Succeeds Act (ESSA).

To be designated as TS&I, a school must have one or more ESSA subgroup(s) with a Federal Index below 41%. This plan shall be approved by the district. There are three ways a school can be designated as CS&I:

1. have a school grade of D or F
2. have a graduation rate of 67% or lower
3. have an overall Federal Index below 41%.

For these schools, the SIP shall be approved by the district as well as the Bureau of School Improvement.

The Florida Department of Education (FDOE) SIP template meets all statutory and rule requirements for traditional public schools and incorporates all components required for schools receiving Title I funds. This template is required by State Board of Education Rule 6A-1.099811, Florida Administrative Code, for all non-charter schools with a current grade of D or F, or a graduation rate 67% or less. Districts may opt to require a SIP using a template of its choosing for schools that do not fit the aforementioned conditions. This document was prepared by school and district leadership using the FDOE's school improvement planning web application located at www.floridacims.org.

Purpose and Outline of the SIP

The SIP is intended to be the primary artifact used by every school with stakeholders to review data, set goals, create an action plan and monitor progress. The Florida Department of Education encourages schools to use the SIP as a "living document" by continually updating, refining and using the plan to guide their work throughout the year. This printed version represents the SIP as of the "Date Modified" listed in the footer.

Part I: School Information

School Mission and Vision

Provide the school's mission statement.

We believe each child is unique and has potential. We believe it is our responsibility to instill in each child the ability to think critically, work cooperatively, pursue knowledge, respect others and make responsible healthy choices.

Provide the school's vision statement.

Chain of Lakes Elementary is a family partnership committed to excellence. We expect everyone to cooperatively acquire the skills and knowledge necessary to become successful lifelong learners and productive citizens with respect for themselves, others and the world around them.

School Leadership Team

Membership

Identify the name, email address, position title, and job duties/responsibilities for each member of the school leadership team.:

| Name | Position Title | Job Duties and Responsibilities |
|------------------|---------------------------|--|
| Nelson, Suzie | Principal | Chief Instructional Leader, engages stakeholders, and collaborates with staff about data and instructional planning. |
| Linn, Heather | Assistant Principal | Collaborates with staff about data and instructional planning in the content area of Math. |
| Klupp, Stephen | Assistant Principal | Collaborates with staff about data and instructional planning in the content area of ELA and Science. |
| Thomas, Brittany | Teacher, ESE | Coordinates with ESE teachers, administration, students, and families to ensure students receive instruction based upon their up-to-date individualized education plans. |
| Drehmer, Melissa | ELL Compliance Specialist | Coordinates with teachers, administration, families, and students to ensure English Language Learners receive needed ESOL support. |
| Nottage, Laveria | School Counselor | Coordinates with administration, teachers, students, and families to provide support to students needing interventions and/or 504 plans. |
| Wilson, Kristi | Math Coach | Induction Coordinator. Coaches teachers in the content area of math. Collaborates with teachers about math data and instruction. |
| Victor, Bruce | Dean | Promotes CHAMP and PBIS implementation. Collaborates with administration, staff, families, and students to support students needing behavior interventions. |
| Garcia, Ramon | Instructional Technology | Provides staff with technology support. Coordinates with district staff to repair and maintain technology devices. |

Demographic Information

Principal start date

Wednesday 7/1/2020, Suzie Nelson

Number of teachers with a 2019 3-year aggregate or a 1-year Algebra state VAM rating of Highly Effective. *Note: For UniSIG Supplemental Teacher Allocation, teachers must have at least 10 student assessments.*

6

Number of teachers with a 2019 3-year aggregate or a 1-year Algebra state VAM rating of Effective. *Note: For UniSIG Supplemental Teacher Allocation, teachers must have at least 10 student assessments.*

11

Total number of teacher positions allocated to the school

84

Total number of students enrolled at the school

909

Identify the number of instructional staff who left the school during the 2020-21 school year.

17

Identify the number of instructional staff who joined the school during the 2021-22 school year.

24

Grade Level Data Review - Progress Monitoring Assessments

Provide the progress monitoring tool(s) by grade level used to compile the below data.

First Grade uses Star Early Literacy and Star Math for progress monitoring in Fall, Winter, and Spring.
Second Grade uses Star Early Literacy and Star Math for progress monitoring in Fall, Winter, and Spring.

Third Grade uses Star Reading and Star Math for progress monitoring in Fall, Winter, and Spring.
Fourth Grade uses Star Reading and Star Math for progress monitoring in Fall, Winter, and Spring.

Fifth Grade uses Star Reading, Star Math, and the district quarterly science assessment for progress monitoring in Fall, Winter, and Spring.

Analysis

Data Analysis

Answer the following analysis questions using the progress monitoring data and state assessment data, if applicable.

What trends emerge across grade levels, subgroups and core content areas?

EOY reading proficiency below BOY reading proficiency in grade 3-2 year trend

- Economically Disadvantaged students and Students with Disabilities EOY reading proficiency below BOY reading proficiency in grade 3-2 year trend
- EOY mathematics proficiency score below BOY proficiency score in grades K-1 and 4-5 below BOY mathematics proficiency-2020-2021
- Students with Disabilities math proficiency score below BOY mathematics proficiency score in grade 3-2 year trend
- More than 10% of our first and second-grade students remained in STAR Early Literacy-2 year trend
- Majority of Discipline referrals are categorized as Disruptive Behavior-2020-2021
- Inconsistent science proficiency PM scores and state scores (Scores below reading proficiency.)

What data components, based off progress monitoring and 2019 state assessments, demonstrate the greatest need for improvement?

- Hispanic students reading proficiency
- Black and Hispanic students mathematics proficiency
- Students with Disabilities reading and mathematics proficiency
- Economically Disadvantaged students reading proficiency
- Science proficiency for all students *trend data when compared to reading proficiency
- Science-departmentalization tied to ELA information text standards
- Cross-curricular connections
- Writing to summarize learning

What were the contributing factors to this need for improvement? What new actions would need to be taken to address this need for improvement?

- Students lack foundational skills in ELA and math
 - Student small group focus focused on building phonics skills and fluency
 - Planning with teachers addressing K-2 B.E.S.T. standards
- School Name: Chain of Lakes Elementary
Principal: Suzie Nelson
Date: July 16, 2021
- Planning with teachers in grades 3-5 focused on student evidence of learning through the analysis of student work samples
 - Students with Disabilities-inconsistency in scheduling due to campus shifts between eSchool and face to face instruction (20-21)

What data components, based off progress monitoring and 2019 state assessments, showed the most improvement?

- ELL students demonstrated growth in ELA and mathematics

What were the contributing factors to this improvement? What new actions did your school take in this area?

- Consistent implementation of ELL small groups focused on student needs

What strategies will need to be implemented in order to accelerate learning?

- Novel studies
- Open-ended, multi-entry questioning
- Write to respond to learning
- Plan for misconceptions

Based on the contributing factors and strategies identified to accelerate learning, describe the professional development opportunities that will be provided at the school to support teachers and leaders.

- K-2 B.E.S.T. standard collaborative planning

Provide a description of the additional services that will be implemented to ensure sustainability of improvement in the next year and beyond.

- Assign leadership team members specific components to monitor, analyze and report
- Consistent agendas centered around the discussion of trends, observation, and data
- Continuous planning, revising, and editing of plans based on outcomes

Part III: Planning for Improvement

Areas of Focus:

#1. Instructional Practice specifically relating to B.E.S.T. Standards

| | |
|--|--|
| Area of Focus Description and Rationale: | <p>Area of Focus: Improving Instruction for K-2 Foundational Skills in Reading using the new B.E.S.T. Standards.</p> <ul style="list-style-type: none"> -Training and coaching teachers on the foundations of reading. -Students leaving grade level, mastering grade-level foundations benchmarks. <p>Rationale:</p> <ul style="list-style-type: none"> • EOY reading proficiency below BOY reading proficiency in grade 3-2 year trend • Economically Disadvantaged students and Students with Disabilities EOY reading proficiency below BOY reading proficiency in grade 3-2 year trend • More than 10% of our first and second-grade students remained in STAR Early Literacy-2 year trend • Majority of Discipline referrals are categorized as Disruptive Behavior in 2020-2021 |
| Measurable Outcome: | <p>Our goal is to decrease the number of students in first and second grade scoring at an intervention level or lower from 20% to 16% in the winter screening period and from 15% to 12% in the spring screening period.</p> |
| Monitoring: | <p>During regularly scheduled collaborative planning and data chats teachers, academic coaches, and administrators will track students' progress with interventions and make adjustments as needed.</p> |
| Person responsible for monitoring outcome: | <p>Stephen Klupp (stephen.klupp@polk-fl.net)</p> |
| Evidence-based Strategy: | <p>We will offer K-2 teachers time for ongoing collaborative planning and coaching focused on improving instruction foundational reading skills and the new B.E.S.T. standards.</p> |
| Rationale for Evidence-based Strategy: | <p>Teachers will require support while adopting the new B.E.S.T. standards. Focusing on foundational skills will increase the number of our proficient readers entering our third-grade classrooms.</p> |
| Action Steps to Implement | |
| <p>Use of Title I funds to provide teachers with planning days before units for learning and creating resources for lessons.</p> | |
| Person Responsible | <p>Jackie Brock (jackie.brock@polk-fl.net)</p> |
| <p>The administrative team and academic coaches will collaborate with teachers to provide training, coaching, and lesson planning to increase the focus on reading foundations during both whole group and small group instruction.</p> | |
| Person Responsible | <p>Stephen Klupp (stephen.klupp@polk-fl.net)</p> |
| <p>The administrative team and academic coaches will conduct data charts with teachers to identify students needing strategic interventions, monitor progress, and collaborate on improving the quality of interventions.</p> | |
| Person Responsible | <p>Suzie Nelson (suzie.nelson@polk-fl.net)</p> |
| <p>Offer opportunities for families and staff to collaborate during evening events to learn about the new B.E.S.T. standards and share strategies families can use to encourage and support their students with independent reading.</p> | |

Person Responsible Jackie Brock (jackie.brock@polk-fl.net)

#2. Instructional Practice specifically relating to Science

Area of Focus Area of Focus: K-5 Science Instruction
Description and Rationale: Rationale: Our school has had inconsistent science proficiency with the district quarterly assessments and the Florida Science Assessment. Additionally, the science proficiency is much lower than our school's reading proficiency.

Measurable Outcome: Our goal is to increase our students' proficiency on the second quarterly district science assessment from 63% to 67% and increase our students' proficiency on the third quarterly district science assessment from 75% to 77%

Monitoring: Using ongoing data tracking and spiral reviews, teacher-created quizzes, and tests, and the district's science quarterly assessments we will have teachers track students' individual mastery of the NGSSS.

Person responsible for monitoring outcome: Stephen Klupp (stephen.klupp@polk-fl.net)

Evidence-based Strategy: We will offer teachers time for ongoing collaborative planning and a collection of resources that will enable them to engage students with hands-on science lessons.

Rationale for Evidence-based Strategy: Providing students with the opportunity to engage with complex science text and hands-on learning will increase their ability to process and apply the gained knowledge.

Action Steps to Implement

Academic coaches and administrators will meet with teachers during collaborative planning to ensure instruction is meeting the needs of the students and fully teaching the standards to mastery.

Person Responsible Stephen Klupp (stephen.klupp@polk-fl.net)

Allocating someone to spearhead the science initiative to build an archive of resources and lessons for science.

Person Responsible Stephen Klupp (stephen.klupp@polk-fl.net)

Use of Title I funds to provide teachers with planning days before units for learning and creating resources for lessons.

Person Responsible Jackie Brock (jackie.brock@polk-fl.net)

#3. Instructional Practice specifically relating to Math

| | |
|---|---|
| Area of Focus | K-5 Mathematics Proficiency |
| Description and Rationale: | EOY mathematics proficiency score below BOY proficiency score in grades K-1 and 4-5 below BOY mathematics proficiency-2020-2021 |
| Measurable Outcome: | Our goal is to increase the level of math proficiency on the spring Star Math assessment in 1st grade from 68% to 72%, 2nd grade from 59%-63%, 4th grade 53%-57%, and 5th grade from 62%- 66%. |
| Monitoring: | During regularly scheduled collaborative planning and data chats teachers, academic coaches, and administrators will track students' progress with mastery of the standards on classroom assessments and Star Math assessments. |
| Person responsible for monitoring outcome: | Heather Linn (heather.linn1@polk-fl.net) |
| Evidence-based Strategy: | We will offer teachers time for ongoing collaborative planning and coaching focused on improving instruction math and implementation of the new B.E.S.T. standards. |
| Rationale for Evidence-based Strategy: | After a year and a half of inconsistent instruction in math do Covid 19 many of our students demonstrated a loss of proficiency in math. In addition, teachers will need additional support in planning to implement a new set of standards and fill in the gaps of instruction students may have missed. |

Action Steps to Implement

Use of Title I funds to provide teachers with planning days before units for learning and creating resources for lessons.

Person Responsible Jackie Brock (jackie.brock@polk-fl.net)

The administrative team and academic coaches will collaborate with teachers to provide training, coaching, and lesson planning to improve math instruction and increase a focus on math fact fluency.

Person Responsible Heather Linn (heather.linn1@polk-fl.net)

Offer opportunities for families and staff to collaborate during evening events to learn about the new B.E.S.T. standards and share strategies families can use to improve math fact fluency at each grade level.

Person Responsible Jackie Brock (jackie.brock@polk-fl.net)

#4. Instructional Practice specifically relating to ELA

| | |
|---|--|
| Area of Focus Description and Rationale: | Our 4th grade ELA proficiency of 49% is underperforming the State's R.A.I.S.E. minimum goal of 50%. We plan to improve instruction in our fourth-grade ELA blocks by targeting students for interventions, conducting ongoing evaluation of intervention plans, and recording student mastery with individual standards. |
| Measurable Outcome: | Our goal is to increase the number of students in fourth grade scoring at a level of proficient or higher from 49% to 54% on 2022 ELA FSA. |
| Monitoring: | During regularly scheduled collaborative planning and data chats, teachers, academic coaches, and administrators will analyze student work samples and track students' progress with standards using weekly assessments and Star Reading data. |
| Person responsible for monitoring outcome: | Suzie Nelson (suzie.nelson@polk-fl.net) |
| Evidence-based Strategy: | We will implement the R.A.C.E writing format for analytical writing and open-ended question stems. When addressing essay prompts in both opinion and expository essays, we will train students to use the T.R.E.E planning format. During PLCs we will work with teachers to calibrate evaluating student work samples and identifying exemplar texts. We will have multi-tiered levels of support for students receiving Tier 2 and 3 MTSS interventions. Students will receive interventions using Wiley Blevins phonics kits and/ or i-Ready Reading. |
| Rationale for Evidence-based Strategy: | After a year and a half of inconsistent instruction in ELA do to Covid-19, many of our 4th graders demonstrated a loss of proficiency in ELA. In addition, teachers will need additional support in planning to implement a new curriculum with transitioning standards and to fill in the gaps of instruction students may have missed. |

Action Steps to Implement

The administration will reach out to a district Writing Curriculum Specialist to set a day to provide our new team of fourth-grade teachers with training on providing instruction for dissecting a writing prompt, planning for essay writing, the process of essay writing, and evaluating student essays using state-provided rubrics.

Person Responsible Stephen Klupp (stephen.klupp@polk-fl.net)

The administrative team and academic coaches will collaborate with teachers to provide training, coaching, and lesson planning to improve ELA instruction in reading comprehension, creating stem questions and planning to implement the new expectations of writing using both the R.A.C.E and T.R.E.E formats.

Person Responsible Suzie Nelson (suzie.nelson@polk-fl.net)

Teachers and the Leadership team will meet and analyze data to target students to receive MTSS services. We will offer interventions in fluency, phonics, and comprehension.

Person Responsible Lavieria Nottage (lavieria.nottage@polk-fl.net)

Additional Schoolwide Improvement Priorities

Using the [SafeSchoolsforAlex.org](https://www.safeschoolsforalex.org), compare the discipline data of the school to discipline data across the state and provide primary or secondary areas of concern that the school will monitor during the upcoming school year. Include how the school culture and environment will be monitored through the lens of behavior or discipline data.

Our school's discipline data has a much lower rate than most other schools across the state. Our incident rate per one hundred students is .2, our ISS rate is 1.2 and our OSS rate is 2.2. Based on the data our two greatest areas of concern would be in-school suspension and out-of-school suspensions. The majority of our discipline referrals are categorized as disruptive behavior. One area of focus to combat this is by improving the quality of engaging lessons and improving targeted interventions for both academics and behaviors. We will work on celebrating students of the month during lunchtime and encourage teachers to reward students with PBIS points using specific praise. Students on behavior intervention plans will have a mentor that they will meet with using the check-in and out method.

Part IV: Positive Culture & Environment

A positive school culture and environment reflects: a supportive and fulfilling environment, learning conditions that meet the needs of all students, people who are sure of their roles and relationships in student learning, and a culture that values trust, respect and high expectations. Consulting with various stakeholder groups to employ school improvement strategies that impact the positive school culture and environment are critical. Stakeholder groups more proximal to the school include teachers, students, and families of students, volunteers, and school board members. Broad stakeholder groups include early childhood providers, community colleges and universities, social services, and business partners.

Stakeholders play a key role in school performance and addressing equity. Consulting various stakeholder groups is critical in formulating a statement of vision, mission, values, goals, and employing school improvement strategies.

Describe how the school addresses building a positive school culture and environment.

Chain of Lakes Elementary addresses building positive school culture and environment involving all stakeholders by building relationships with school families and community members in an ongoing, welcoming environment. This is a constant, flexible process with multiple avenues including, monthly grade chair meetings, weekly grade-level meetings, family involvement activities. We participate actively in community and college events and support our community colleges by hosting interns, promoting summer activities on campuses, and hosting a summer showcase.

Identify the stakeholders and their role in promoting a positive culture and environment at the school.

Our school has many community stakeholders ranging from students, parents, teachers, retired educators, community members. These various stakeholders fill the ranks of our school's PTO, volunteers, staff, and School Advisory Council. We actively seek input on Chain of Lakes Elementary's mission, protocols, and input on school plans for decision-making through our stakeholder meetings, surveys, family involvement surveys after each family activity, and a comprehensive SAC committee that includes a sampling of all stakeholders. Our PTO helps to promote our school spirit by hosting family and school events throughout the year. Our volunteers support instruction and contribute to the improved morale of our staff. Our families attend school events and provide us with valuable feedback. Our staff is dedicated, friendly, and

hardworking. Everyone on campus works diligently to make our campus a safe environment focused on providing students with a quality education.

Part V: Budget

The approved budget does not reflect any amendments submitted for this project.

| | | | |
|--------|--------|--|--------|
| 1 | III.A. | Areas of Focus: Instructional Practice: B.E.S.T. Standards | \$0.00 |
| 2 | III.A. | Areas of Focus: Instructional Practice: Science | \$0.00 |
| 3 | III.A. | Areas of Focus: Instructional Practice: Math | \$0.00 |
| 4 | III.A. | Areas of Focus: Instructional Practice: ELA | \$0.00 |
| Total: | | | \$0.00 |
