Demographics

Principal: Tamika Hughes Leeks

Start Date for this Principal: 2/22/2014

2021-22 Status (per MSID File)	Active
School Function (per accountability file)	Alternative
School Type and Grades Served (per MSID File)	High School 5-12
Primary Service Type (per MSID File)	Alternative Education
2020-21 Title I School	Yes
2020-21 Economically Disadvantaged (FRL) Rate (as reported on Survey 3)	100%
2020-21 ESSA Subgroups Represented (subgroups with 10 or more students) (subgroups below the federal threshold are identified with an asterisk)	Students With Disabilities Black/African American Students* White Students Economically Disadvantaged Students*
School Improvement Rating History	2021-22: I 2020-21: No Rating 2018-19: Maintaining 2017-18: Maintaining 2016-17: Maintaining
DJJ Accountability Rating	2023-24: No Rating

School Board Approval

This plan is pending approval by the Pinellas County School Board.

SIP Authority

A Schoolwide Improvement Plan (SIP) is a requirement for Comprehensive Support and Improvement (CSI) ungraded schools pursuant to 1001.42 F.S. and the Every Student Succeeds Act (ESSA) and for DJJ schools

receiving a rating of Unsatisfactory pursuant to Sections 1003.51 and 1003.52, F.S. and Rule 6A-1.099813, F.A.C.

CSI schools can be designated as such in 2 ways:

1. Have a graduation of 67% or lower; or
2. Have an overall Federal Index below 41%.

DJJ Unsatisfactory Ratings are based on percentages by program type:

- Prevention and Intervention: 0%-50%
- Nonsecure Programs: 0%-59%
- Secure Programs: 0%-53%

SIP Plans for Ungraded CSI schools and DJJ schools receiving an Unsatisfactory rating must be approved by the district and reviewed by the state.

Purpose and Outline of the SIP

The School Improvement Plan (SIP) provides schools and Local Educational Agencies (LEAs) the opportunity to identify the academic and priority goals along with strategies for each school. School leadership teams may refine their SIP annually to define their school's academic and priority goals to increase student achievement.

Schools and LEAs are strongly encouraged to collaborate in the development and implementation of this plan.

Part I: School Information

School Mission and Vision

Provide the school's mission statement.

100% Student success through preparation, performance and pride.

Provide the school's vision statement.

Disston Academy's school mission is to educate and prepare each student for college, career and life through the expectation of performance and infusion of pride.

Briefly discuss the population unique to your school and the specific supports provided to meet the mission and vision.

Our entire student population is considered to be off track from their peers in one or more of the following areas: Credits Earned, GPA, Reading or Math deficiencies, Attendance, and/or discipline. In addition to meeting that criteria, most students, if not all, have experienced some sort of extensive trauma or are currently experiencing trauma. Minimal supports needed are a full time social worker, full time psychologist, behavior specialist, and campus monitor.

School Leadership Team

Membership

Identify the name, email address, position title, and job duties/responsibilities as it relates to SIP implementation for each member of the school leadership team.:

Name	Position Title	Job Duties and Responsibilities
Hughes-Leeks, Tamika	Principal	<ul style="list-style-type: none"> • Developing, implementing, and evaluating school philosophy, goals and objectives reflecting district and state goals. • Developing and maintaining a positive school/community climate and a safe and healthy learning environment. • Developing alternative methods and options for obtaining high school completion/graduation. • Planning, implementing, and evaluating the school instructional program based on student needs and within state and district guidelines. • Determining staffing needs including selection, supervision, staff development and evaluation of all school personnel. • Managing finances including the budget and record keeping processes, grant management and inventory control of all school resources
Erickson, Edward		<ul style="list-style-type: none"> • Develops, supports, supervises and evaluates assigned staff members to support an effective and diverse faculty with a focus on increased effectiveness and student achievement. • Serves as a member of the school-based leadership team and supports the development and implementation of strategies and actions to make demonstrated progress toward goals within the School Improvement Plan, in alignment to the District Strategic Plan. • Models the leadership and follow-through necessary to build collaborative school based teams which ensure curriculum and instruction initiatives are student-focused, researched based and aligned with statutes, policies, standards and improvement plans. • Supports the schoolwide culture of high expectations, equity and continuous improvement through sound judgement and consistent development, support and accountability for

Name	Position Title	Job Duties and Responsibilities
		<p>themselves and their assigned teams.</p> <ul style="list-style-type: none"> • Actively involved and highly visible within the school and in the community and supports stakeholder engagement across assigned school activities. • Supports and monitors the school learning environment which improves learning for a diverse student population. • Creates a positive school culture and learning environment through the implementation of equity, restorative practices, Positive Behavioral Interventions and Supports (PBIS), and culturally relevant teaching, to ensure academic opportunity through equity and excellence for every student.
Mobley, Lakeshia	Other	<ul style="list-style-type: none"> • Maintains complex set of confidential school records, property files, and financial records; checks and posts invoices; processes work orders and payroll. • Provides information to departments/schools, outside agencies, parents, and the general public based on knowledge of school rules and regulations and school system policies and procedures. • Keys and processes requisitions for internal accounts; receives merchandise; receives and disburses monies from internal accounts; records deposits and withdrawals, and prepares bank deposits. • Prepares monthly budgets and required internal accounting reports • Prepares payrolls, monitors budget; may supervise activities of other clerical personnel • Prepares moderately complex reports and summaries requiring specialized knowledge; independently researches records and files • Applies knowledge of bookkeeping principles and practices; of office procedures, terminology,

Name	Position Title	Job Duties and Responsibilities
		equipment, Business English, and math in performance of job duties.
Cooper, Brian	Other	<ul style="list-style-type: none"> * Identifies situation of existing and/or potential harm to the assigned school grounds, existing facilities, enrolled students and school staff, and proceeds accordingly to prevent continuation/existence of such acts. * Supervises and maintains a safe and orderly environment for students engaged in the school's educational process and it's related school activities. * Collects information/evidence of acts of potential/existing harm which may be disruptive to or incompatible with proper administration of School Board policies, objectives and related activities. * Cooperates/assists with staff members/ security officers involved in investigations as directed. * Responsible for the timely completion of oral and/or written incident/referral reports; reports to the assistant principal for administration. * Establishes and maintains effective, impartial relationships with students and school staff; works under the general direction of the assistant principal for administration; communicates in both oral and written form
Mason, Zyllion	Other	<ul style="list-style-type: none"> • Supervises, evaluates, trains, and delegates work to assigned custodial and, if applicable, maintenance and grounds keeping staff • Inspects areas of facilities for cleanliness and proper maintenance • Instructs employees in use and care of custodial and, if applicable, maintenance and grounds keeping, materials, supplies and equipment • Supervises care of adjacent grounds and performance of on-site maintenance • Utilizes computer for payroll reporting,

Name	Position Title	Job Duties and Responsibilities
		<p>work orders, ordering of supplies, monitoring of budgets, etc.</p> <ul style="list-style-type: none"> • Maintains and operates automated energy management system; keeps related records and writes reports as required. • Monitors areas to prevent problems and checks building security.
Hinton, Allison	School Counselor	<ul style="list-style-type: none"> • Implements the comprehensive school counseling program as outlined in the Pinellas County School District's Professional Counselor plan. • Acts as an advocate for all students. • Consults with a variety of school-based teams to facilitate appropriate placement decisions to enhance student achievement, which includes but is not limited to exceptional student staffing's, 504 determination meetings, and Child Study team meetings. • Confers with classroom teachers, administration, support staff, community agencies and parents regarding students and their needs. • Provides support to teachers in the delivery of counseling program related curriculum. • Guides individuals/groups of students through the development of educational plans, career awareness and personal/social growth issues. • Identifies and disaggregates critical data, such as grades, test scores, attendance, promotion rates, graduation and postsecondary enrollment rate.
Turk, Daniel	School Counselor	<ul style="list-style-type: none"> • Implements the comprehensive school counseling program as outlined in the Pinellas County School District's Professional Counselor plan. • Acts as an advocate for all students. • Consults with a variety of school-based teams to facilitate appropriate placement decisions to enhance student achievement, which includes but is not limited to exceptional student staffing's, 504 determination meetings, and Child Study team meetings.

Name	Position Title	Job Duties and Responsibilities
		<ul style="list-style-type: none"> • Confers with classroom teachers, administration, support staff, community agencies and parents regarding students and their needs. • Provides support to teachers in the delivery of counseling program related curriculum. • Guides individuals/groups of students through the development of educational plans, career awareness and personal/social growth issues. • Identifies and disaggregates critical data, such as grades, test scores, attendance, promotion rates, graduation and postsecondary enrollment rate.
Troupe, Danielle	Behavior Specialist	<ul style="list-style-type: none"> * Develops and/or supports behavior management procedures in a building in cooperation with the administration and the building support team. * Conducts Functional Behavior Assessments and develops Positive Behavior Intervention Plans for students exhibiting significant behavior and assists in creating data collection tools. * Develops and provides intensive one-to-one intervention with individual students when necessary to diminish inappropriate behaviors. * Assists with the selection of the most appropriate data collection system, teaching strategies, and criteria for successful attainment of program objectives as it relates to behavior. * Advises classroom teachers in applying behavior management principles toward classroom organization, physical environmental factors, programming, behavioral/instructional practices and general student management. * Provides professional development to school staff regarding intervention strategies, general behavior management techniques and crisis intervention as necessary

Name	Position Title	Job Duties and Responsibilities
Pippert, Devlin	Other	<ul style="list-style-type: none"> • Facilitates and consults with school staff with regard to individual case situations when appropriate. • Conducts individual and/or group counseling sessions with students and/or parents. • Facilitates student and teacher learning on issues such as character education, child abuse, suicide, safety, alcohol/drug abuse, human relationships, communication skills, peer mediation, teen pregnancy, and other mental health/social issues. • As a member of the county crisis response team, organizes, facilitates, and provides support services to the affected students and school staff during and after a crisis. • Makes referrals to school and community resources to provide both remedial and preventive services to students and their families. • Develops a plan to enhance student learning and participation in school. This may include: monitoring students with poor attendance--intervening and referring as necessary; functional behavioral assessment; academic improvement planning; behavior support planning; and individual education planning. • Assists students and their families in the resolution of behavioral, emotional and social needs through school and community resources and referrals.
Chiou, Margaret	Teacher, K-12	<ul style="list-style-type: none"> • Teaches students knowledge, social skills and concepts. • Identifies long-range goals and specific objectives and plans a program for individualized and group instruction. • Prepares, administers, and corrects tests and records results; evaluates student achievements. • Plans lessons so that students become

Name	Position Title	Job Duties and Responsibilities
		<p>involved in learning and decision-making related to curriculum choices.</p> <ul style="list-style-type: none"> • Maintains a classroom that recognizes respect for both teacher and student; motivates students in an atmosphere of respect and freedom. • Keeps attendance, grade records and book inventories, as required by School Board policy.
Cooper, Lesley	Teacher, K-12	<ul style="list-style-type: none"> • Teaches students knowledge, social skills and concepts. • Identifies long-range goals and specific objectives and plans a program for individualized and group instruction. • Prepares, administers, and corrects tests and records results; evaluates student achievements. • Plans lessons so that students become involved in learning and decision-making related to curriculum choices. • Maintains a classroom that recognizes respect for both teacher and student; motivates students in an atmosphere of respect and freedom. • Keeps attendance, grade records and book inventories, as required by School Board policy.
Hassler, Elizabeth	Teacher, K-12	<ul style="list-style-type: none"> • Teaches students knowledge, social skills and concepts. • Identifies long-range goals and specific objectives and plans a program for individualized and group instruction. • Prepares, administers, and corrects tests and records results; evaluates student achievements. • Plans lessons so that students become involved in learning and decision-making related to curriculum choices. • Maintains a classroom that recognizes respect for both teacher and student; motivates students in an atmosphere of respect and freedom.

Analysis

Data Analysis

Answer the following analysis questions using the progress monitoring data and state assessment data, if applicable.

Reflect on the Areas of Focus from the previous school year. What progress monitoring was in place for low performing ESSA subgroups related to the Areas of Focus?

The data point with the lowest performance is based on the Geometry EOC. Disston Academy is at 0% proficiency in the area of Geometry. Contributing factors that impacted students were a lack of access to project-based planning and student-centered instruction.

Based on ESSA subgroup progress monitoring, which data component showed the most improvement? What new actions did your school take in this area?

Disston Academy is currently at 22% proficiency rate on the US History EOC. Contributing factors that impacted students included the increased use of culturally-responsive teaching and project-based and personalized instruction. The use of innovative scholastic, digital platforms to support collaborative learning and higher-order questioning using DBQs.

What area is in the greatest need of improvement? What specific component of this area is most problematic? What is your basis (data, progress monitoring) for this conclusion?

Disston Academy's area of greatest concern is in the mastery of ELA and Reading standards, skills and application to real life. Across content area, grade level and subgroup, students near struggling with vocabulary acquisition, fluency and comprehension. These deficits have an impact across all content areas. Data used to evaluate and monitor student growth includes Performance Matters data, FSA data, common assessment and formative assessment data, Methods Test prep data, Reading Plus and iReady data.

What trends emerge across grade levels, subgroups and core content areas?

Student engagement is a trending area across grade levels and subgroups. Early warning indicators have shown a minimum of 15% improvement in student attendance rates. Additionally, significant decrease in student discipline indicators (referrals, % of student receiving ISS and OSS) resulting in increases instructional time and improved course completion and GPAs.

What strategies need to be implemented in order to accelerate learning?

Instructional staff will continue to implement literacy standards via the DBQ project and Stanford History Education Group lessons. Instructional staff will provide differentiated, individualized or small-group instruction that is aligned to services and interventions identified in specially designed plans. Instructional staff will implement and utilize digital platforms and adopted curriculum aligned to the standards inclusive of STEAM cross-content or interdisciplinary units.

Based on the contributing factors and strategies identified to accelerate learning, describe the professional development opportunities that will be provided at the school to support teachers and leaders.

Professional development opportunities include:

1. Training on instructional strategies aligned to literacy such as closed reading, text dependent questioning and focused note-taking (AVID WICOR).
2. Training on instructional systems aligned to culturally relevant teaching and diverse and inclusionary text, techniques and structures.
2. Training within the PLC model regarding lesson design and review, activities (protocols/ collaborative discussions) and resources (graphic organizers/sentence starters) in order to help students practice effective elaboration techniques.
3. Training on engagement strategies and systems including Excellence in Equity, Restorative Practices, Check and Connect, and School Mental Health.

Part III: Planning for Improvement

Areas of Focus:

#1. Instructional Practice specifically relating to ELA**Area of Focus Description and Rationale:**

Include a rationale that explains how it was identified as a critical need from the data reviewed.

Assessment data show that students struggle to understand the reading on their Apex courses, state assessments, etc. Students struggle to analyze the content and context of written information presented in their course work. 15% of students will make gains on the ELA FSA.

Measurable Outcome:

State the specific measurable outcome the school plans to achieve. This should be a data based, objective outcome.

15% of students will make gains on the ELA FSA.

Monitoring:

Describe how this Area of Focus will be monitored for the desired outcome.

Administration will monitor classrooms on a bi-weekly basis and provide constructive feedback regarding the effective use of best instructional practices. PLCs will include a monthly, comprehensive analysis and review of formative and summative individual and schoolwide student data to guide instructional shifts.

Person responsible for monitoring outcome:

Melissa Witeck (witeckm@pcsb.org)

Evidence-based Strategy:

Describe the evidence-based strategy being implemented for this Area of Focus.

Effectively implement high-leverage strategies that support organizing students to interact with content, engaging students in rigorous student centered instruction, with purposeful and intentional teacher planning to close the achievement gap. Then we will see increased student achievement and learning gains.

Rationale for Evidence-based Strategy:

Explain the rationale for selecting this specific strategy. Describe the resources/criteria used for selecting this strategy.

By focusing our school improvement efforts on increasing student engagement, rigorous standard-based instruction and effectively applying individualized support for struggling students with fidelity, based on data, we will increase student gains by at least 25%.

Action Steps to Implement:

List the action steps that will be taken as part of this strategy to address the Area of Focus. Identify the person responsible for monitoring each step.

1. Teacher will participate in professional development centered around rigor and identifying critical content, CRT and equity, and student engagement including collaborative systems.

Person Responsible

Melissa Witeck (witeckm@pcsb.org)

2. Teachers will participate in observing other ELA teachers and in collaborative planning.

Person Responsible

[no one identified]

3. Literacy Action Step: ELA instructional staff will implement differentiated scaffolding with question stems our schoolwide literacy initiative "HOQ is What We Do." Specific higher order questioning techniques will be reviewed weekly to determine student growth weekly through a schoolwide mini assessment.

Person Responsible

[no one identified]

4. Equity Action Step: ELA instructional staff will receive professional development regarding the inclusion of culturally relevant strategies including the pursuit of Equity Champion status and participation in a schoolwide equity-based book study.

Person Responsible	[no one identified]
Monitoring ESSA Impact: If this Area of Focus is not related to one or more ESSA subgroups, please describe the process for progress monitoring the impact of the Area of Focus as it relates to all ESSA subgroups not meeting the 41% threshold according to the Federal Index.	<ul style="list-style-type: none">• Administration will monitor classrooms on a bi-weekly basis and provide constructive feedback regarding the effective use of best instructional practices.• PLCs will include a monthly, comprehensive analysis and review of formative and summative individual and schoolwide student data to guide instructional shifts.

#2. Instructional Practice specifically relating to Math**Area of Focus Description and Rationale:**

Include a rationale that explains how it was identified as a critical need from the data reviewed.

Our current level of performance is inconclusive, as evidenced in Mathematics FSA data sources due to testing impacts of a global pandemic. The problem/gap that is occurring shows a lack of consistent standards-based planning and a lack of student comprehension of their course content. If standards-based planning and student comprehension of their course content would occur, the problem and gap would be reduced by 15%.

Measurable Outcome:

State the specific measurable outcome the school plans to achieve. This should be a data based, objective outcome.

The number of students meeting proficiency will exceed the state proficiency rates by a minimum of 15%

Monitoring:

Describe how this Area of Focus will be monitored for the desired outcome.

Administration will monitor classrooms on a bi-weekly basis and provide constructive feedback regarding the effective use of best instructional practices. PLCs will include a monthly, comprehensive analysis and review of formative and summative individual and schoolwide student data to guide instructional shifts.

Person responsible for monitoring outcome:

Margaret Chiou (chioum@pcsb.org)

Evidence-based Strategy:

Describe the evidence-based strategy being implemented for this Area of Focus.

Enhance staff capacity to identify critical content from the standards in alignment with district resources.

Staff will use Literacy Strategy to enforce and engage students in complex tasks.

Strengthen staff's ability to utilize a literacy technique for their content area to focus on consistently.

The strategies identified to improve to enhance student success measures are identified upon student mastery data by standards.

There are patterns found within our digital platform data that identify areas that consistently require remediation or re-visitation.

With structured, repeated practice students' proficiency with comprehension and analyzing texts will increase.

Rationale for Evidence-based Strategy:

Explain the rationale for selecting this specific strategy. Describe the resources/criteria used for selecting this strategy.

Action Steps to Implement:

List the action steps that will be taken as part of this strategy to address the Area of Focus. Identify the person responsible for monitoring each step.

Literacy Action Step: The Math Department instructional staff will implement differentiated scaffolding with question stems our schoolwide literacy initiative "HOQ is What We Do." Specific higher order questioning techniques will be reviewed weekly to determine student growth weekly through a schoolwide mini-assessment.

Person Responsible

Margaret Chiou (chioum@pcsb.org)

Equity Action Step: The Math Department instructional staff will receive professional development regarding the inclusion of culturally relevant strategies including the pursuit of Equity Champion status and participation in a schoolwide equity-based book study.

Person Responsible

Margaret Chiou (chioum@pcsb.org)

Mathematics teachers will include AVID CRT strategies into daily lesson plans that support students at all levels. (See AVID in mathematics instructional strategies matrix for specific recommendations on strategies to implement.)

Person Responsible

Margaret Chiou (chioum@pcsb.org)

Mathematics teachers will participate in school-wide professional development on inclusive instructional practices to support students with disabilities.

Person Responsible

Margaret Chiou (chioum@pcsb.org)

Mathematics teachers will participate in a schoolwide equity-centered reading initiative.

Person Responsible

Margaret Chiou (chioum@pcsb.org)

Monitoring ESSA Impact:

If this Area of Focus is not related to one or more ESSA subgroups, please describe the process for progress monitoring the impact of the Area of Focus as it relates to all ESSA subgroups not meeting the 41% threshold according to the Federal Index.

- Administration will monitor classrooms on a bi-weekly basis and provide constructive feedback regarding the effective use of best instructional practices.
- PLCs will include a monthly, comprehensive analysis and review of formative and summative individual and schoolwide student data to guide instructional shifts.

#3. Instructional Practice specifically relating to Science**Area of Focus Description and Rationale:**

Include a rationale that explains how it was identified as a critical need from the data reviewed.

Problem:

The current level of performance is inconclusive, at this time for Science FSA data due to Covid-19. The problem/gap that is occurring because of a lack of consistent standards-based planning and student-centered instruction.

Goal:

Through, Biology EOC, cycle assessments, common assessments, walkthrough observations, PLC, collaborative planning, and documents reflection, if standards based planning and student-centered instruction is implemented, the problem/gap would be reduced by 15%.

Measurable Outcome:

State the specific measurable outcome the school plans to achieve. This should be a data based, objective outcome.

The percent of all students meeting Science proficiency will increase from the current data point by 15%, as measured by the FSA Science assessments.

Monitoring:

Describe how this Area of Focus will be monitored for the desired outcome.

Monitoring Insert:

- Administration will monitor classrooms on a bi-weekly basis and provide constructive feedback regarding the effective use of best instructional practices.
- PLCs will include a monthly, comprehensive analysis and review of formative and summative individual and schoolwide student data to guide instructional shifts.

Person responsible for monitoring outcome:

Elizabeth Hassler (hasslere@pcsb.org)

Evidence-based Strategy:

Describe the evidence-based strategy being implemented for this Area of Focus.

- Enhance the science staff capacity to identify critical content from the standards in alignment with district resources.
- Strengthen staff ability to engage students in complex tasks.
- Support staff to utilize data to organize student to interact with content in manners which differentiates/scaffolds instruction to meet the needs of each student.
- The strategies identified to improve or enhance student success measures are identified upon student mastery data by standard.
- There are patterns found within our digital platform data identifying areas that consistently require remediation or re-visitation.
- Identifying these standards and increasing the rigor built into the lesson structure as well as identifying instructional strategies that are evidenced to promote progression in our student populations will increase student success.

Rationale for Evidence-based Strategy:

Explain the rationale for selecting this specific strategy. Describe the resources/criteria used for selecting this strategy.

Action Steps to Implement:

List the action steps that will be taken as part of this strategy to address the Area of Focus. Identify the person responsible for monitoring each step.

1. The Science Instructional staff will plan collectively to create and implement standards-based lesson plans that incorporate cognitively complex tasks.

Person Responsible

Elizabeth Hassler (hasslere@pcsb.org)

2. The Science Instructional staff will implement and utilize digital platforms and adopted curriculum aligned to the standards inclusive of STEAM cross-content or interdisciplinary units.

Person Responsible

Elizabeth Hassler (hasslere@pcsb.org)

3. Literacy Action Step:

- The Science Instructional staff will implement differentiated scaffolding with question stems our schoolwide literacy initiative “HOQ is What We Do.”
- Specific higher order questioning techniques will be reviewed weekly to determine student growth weekly through a schoolwide mini assessment.

Person Responsible

Elizabeth Hassler (hasslere@pcsb.org)

. Equity Action Step:

- The Science Instructional staff will receive professional development, such as AVID CRT, Argument Driven Inquiry, culturally relevant teaching, focused note taking, and incorporation of Scientific practice aligned to FSA Science Standards.
- The Science Instructional staff well work to recieve Equity Champion status and participation in a schoolwide equity-based book study.

Person Responsible

Elizabeth Hassler (hasslere@pcsb.org)

Monitoring ESSA Impact:

If this Area of Focus is not related to one or more ESSA subgroups, please describe the process for progress monitoring the impact of the Area of Focus as it relates to all ESSA subgroups not meeting the 41% threshold according to the Federal Index.

- Administration will monitor classrooms on a bi-weekly basis and provide constructive feedback regarding the effective use of best instructional practices.
- PLCs will include a monthly, comprehensive analysis and review of formative and summative individual and schoolwide student data to guide instructional shifts.

#4. Instructional Practice specifically relating to Social Studies**Area of Focus Description and Rationale:**

Include a rationale that explains how it was identified as a critical need from the data reviewed.

Our current level of performance is inconclusive as evidenced in Social Studies FSA data sources. The problem/gap is occurring because of a lack of consistent standards-based planning and student-centered instruction. If standards-based planning and student-centered instruction would occur, the problem would be reduced by 15%.

Measurable Outcome:

State the specific measurable outcome the school plans to achieve. This should be a data based, objective outcome.

The percent of all students meeting Social Studies proficiency will increase from 15%, as measured by the FSA Social Studies assessments (US History, M/J Civics).

Monitoring:

Describe how this Area of Focus will be monitored for the desired outcome.

Administration will monitor classrooms on a bi-weekly basis and provide constructive feedback regarding the effective use of best instructional practices. PLCs will include a monthly, comprehensive analysis and review of formative and summative individual and schoolwide student data to guide instructional shifts

Person responsible for monitoring outcome:

Natasha Sandman (sandmann@pcsb.org)

Evidence-based Strategy:

Describe the evidence-based strategy being implemented for this Area of Focus.

1. Engage in culturally responsive (CRT) practices that support choice, voice, collaboration and accountability to raise achievement level and close achievement gap in social studies.
2. Strengthen staff ability to engage students in complex tasks.
3. Support staff to utilize data to organize student to interact with content in manners which differentiates/scaffolds instruction to meet the needs of each student.

Rationale for Evidence-based Strategy:

Explain the rationale for selecting this specific strategy. Describe the resources/criteria used for selecting this strategy.

The strategies identified to improve or enhance student success and engagement. There are patterns found within our digital platform data identifying areas that consistently require remediation or re-visitation. Identifying these standards and increasing the rigor built into the lesson structure as well as identifying instructional strategies that are evidenced to promote progression in our student populations will increase student success.

Action Steps to Implement:

List the action steps that will be taken as part of this strategy to address the Area of Focus. Identify the person responsible for monitoring each step.

Social Studies teachers will implement and utilize APEX digital platforms and adopted curriculum aligned to the standards inclusive of high-yield instructional strategies.

Person Responsible

Edward Erickson (ericksone@pcsb.org)

Social Studies teachers will plan collectively to create and implement additional standards based lesson plans that incorporate cognitively complex tasks and cultural relevant topics

Person Responsible

Natasha Sandman (sandmann@pcsb.org)

Social studies teachers will continue to integrate literacy standards into the social studies content via Document Based Question (DBQ) Project materials and Stanford History Education Group (SHEG) lessons.

Person Responsible

Edward Erickson (ericksone@pcsb.org)

Social Studies teachers will participate in school-wide reading initiative.

Person Responsible

Edward Erickson (ericksone@pcsb.org)

Social Studies teachers will participate in school wide professional development on inclusive instructional practices to support students with disabilities.

Person Responsible

Edward Erickson (ericksone@pcsb.org)

Social Studies teachers include AVID CRT strategies into daily lesson plans that support students at all levels. (See AVID CRT in Social Studies instructional strategies matrix for specific recommendations on strategies to implement).

Person Responsible

Edward Erickson (ericksone@pcsb.org)

Monitoring ESSA Impact:

If this Area of Focus is not related to one or more ESSA subgroups, please describe the process for progress monitoring the impact of the Area of Focus as it relates to all ESSA subgroups not meeting the 41% threshold according to the Federal Index.

- Administration will monitor classrooms on a bi-weekly basis and provide constructive feedback regarding the effective use of best instructional practices.
- PLCs will include a monthly, comprehensive analysis and review of formative and summative individual and schoolwide student data to guide instructional shifts.

#5. ESSA Subgroup specifically relating to Economically Disadvantaged**Area of Focus Description and Rationale:**

Include a rationale that explains how it was identified as a critical need from the data reviewed.

Our ESSA Federal Index for this subgroup is 12% and has been below 32% for 2 consecutive years. Any ESSA subgroup under 41% identifies a subgroup to be focused on for improvement.

Measurable Outcome:

State the specific measurable outcome the school plans to achieve. This should be a data based, objective outcome.

The percent of our Economically Disadvantaged Subgroup achieving proficiency in math and ELA will increase to at least 41% as measured by FSA data.

Monitoring:

Describe how this Area of Focus will be monitored for the desired outcome.

Cycle Assessments and APEX data.

Person responsible for monitoring outcome:

Edward Erickson (ericksone@pcsb.org)

Evidence-based Strategy:

Describe the evidence-based strategy being implemented for this Area of Focus.

Implement effective academic, behavioral, and culturally relevant teaching practices based on the close monitoring of student data to meet each students needs in this subgroup.

Rationale for Evidence-based Strategy:

Explain the rationale for selecting this specific strategy. Describe the resources/criteria used for selecting this strategy.

Focusing our efforts equally across all sub groups will help increase student achievement and decrease student discipline offenses.

Action Steps to Implement:

List the action steps that will be taken as part of this strategy to address the Area of Focus. Identify the person responsible for monitoring each step.

1. Ensure staff receives or has access to student data bi-weekly if not in real time.
2. Continuously review and analyze student achievement during PLCs, CST, MTSS meetings.
3. Continue providing teachers and staff with training on equity as well as CRT.

Person Responsible

Edward Erickson (ericksone@pcsb.org)

Monitoring ESSA Impact:

If this Area of Focus is not related to one or more ESSA subgroups, please describe the process for progress monitoring the impact of the Area of Focus as it relates to all ESSA subgroups not meeting the 41% threshold according to the Federal Index.

Monitor data sources on a bi-weekly basis at a minimum to ensure progress is headed in the correct direction for this subgroup.

#6. ESSA Subgroup specifically relating to Black/African-American**Area of Focus Description and Rationale:**

Include a rationale that explains how it was identified as a critical need from the data reviewed.

Our current level of performance is below state and federal levels, as evidenced in

Measurable Outcome:

State the specific measurable outcome the school plans to achieve. This should be a data based, objective outcome.

The percentage of black students graduating from high school with their cohort will increase from current levels to 80% as measured by FLDOE end of the year graduation file.

Monitoring:

Describe how this Area of Focus will be monitored for the desired outcome.

Instructional Leadership Team walkthroughs will focus on the implementation of Culturally Relevant Teaching strategies across all content areas.

Person responsible for monitoring outcome:

Tamika Hughes-Leeks (hughes-leekst@pcsb.org)

Evidence-based Strategy:

Describe the evidence-based strategy being implemented for this Area of Focus.

Develop learner profiles and personalized learning plans for all black students who are not on-track to graduate. Implement effective academic, behavioral, and culturally relevant teaching practices based on the close monitoring of student data to meet each students needs in this subgroup.

Rationale for Evidence-based Strategy:

Explain the rationale for selecting this specific strategy. Describe the resources/criteria used for selecting this strategy.

Research shows that when students have a plan and show ownership of the learning they are more inclined to attain academic success. Focusing our efforts equally across all sub groups will help increase student achievement and decrease student discipline offenses.

Action Steps to Implement:

List the action steps that will be taken as part of this strategy to address the Area of Focus. Identify the person responsible for monitoring each step.

1. Ensure 100% of 11th and 12th grade students have graduation and post-secondary plans in place.
2. Implement the mentoring and monitoring systems inclusive of weekly advisement.
3. Implement services and systems using necessary resources to support students deemed at-risk including trauma-informed care, equity in education and cultural-responsive teaching.
4. Ensure staff receives or has access to student data bi-weekly if not in real time.
5. Continuously review and analyze student achievement during PLCs, CST, MTSS meetings.
6. Continue providing teachers and staff with training on equity as well as CRT

Person Responsible

Tamika Hughes-Leeks (hughes-leekst@pcsb.org)

Monitoring ESSA Impact:

If this Area of Focus is not related to one or more ESSA subgroups, please describe the process for progress monitoring the impact of the Area of Focus as it relates to all ESSA subgroups not meeting the 41% threshold according to the Federal Index.

Monitor data sources on a bi-weekly basis at a minimum to ensure progress is headed in the correct direction for this subgroup.

#7. Culture & Environment specifically relating to Early Warning Systems**Area of Focus Description and Rationale:**

Include a rationale that explains how it was identified as a critical need from the data reviewed.

Provide a school-wide structure to include: support for PBIS, CST, and MTSS. Teachers will continue to implement the school-wide structured support system to motivate and promote student achievement with improved conditions for learning. EWS data indicates that 90-100% of our students have less than 90% attendance.

Measurable Outcome:

State the specific measurable outcome the school plans to achieve. This should be a data based, objective outcome.

Decrease the percentage of students with less than 90% attendance to 75%.
Record less than 80 discipline referrals for the 2021-2022 school year,

Monitoring:

Describe how this Area of Focus will be monitored for the desired outcome.

Through MTSS, CST and PBIS review of data in FOCUS and School Profiles.

Person responsible for monitoring outcome:

Edward Erickson (ericksone@pcsb.org)

Evidence-based Strategy:

Describe the evidence-based strategy being implemented for this Area of Focus.

1. Scheduling every student an advisory period to attend once a week.
2. PBIS Tier 1,2, and 3 implementation and proper usage.
3. MTSS focusing on tier 2 and 3 interventions for discipline and academic issues.
4. CST focusing on tier 2 and 3 interventions fo

Rationale for Evidence-based Strategy:

Explain the rationale for selecting this specific strategy. Describe the resources/criteria used for selecting this strategy.

The MTSS framework provides targeted support and interventions to students struggling with behavioral as well as academic issues. The CST framework does the same for attendance. An increase in the use of PBIS systems and rewards should achieve the results desired. Check and connect has been proven to work in the mentorship of all students but most importantly African American Males.

Action Steps to Implement:

List the action steps that will be taken as part of this strategy to address the Area of Focus. Identify the person responsible for monitoring each step.

1. Provide training on PBIS strategies to all staff members. (Danielle Troupe)
2. Schedule consistent CST, PBIS Team and MTSS meetings. (Admin Team)
3. Create and monitor interventions put in place to determine effectiveness. (Admin Team)
4. When teachers submit a student concern form, make sure it is addressed in a timely manner and the intervention/action steps are provided to the teacher. (MTSS/CST)

Person Responsible

Edward Erickson (ericksone@pcsb.org)

Monitoring ESSA Impact:

If this Area of Focus is not related to one or more ESSA subgroups, please describe the process for progress monitoring the impact of the Area of Focus as it relates to all ESSA subgroups not meeting the 41% threshold according to the Federal Index.

- Administration will monitor classrooms on a bi-weekly basis and provide constructive feedback regarding the effective use of best instructional practices.
- PLCs will include a monthly, comprehensive analysis and review of formative and summative individual and schoolwide student data to guide instructional shifts.

#8. Leadership specifically relating to Walkthroughs**Area of Focus Description and Rationale:**

Include a rationale that explains how it was identified as a critical need from the data reviewed.

On-going informational walkthroughs for classroom instructional practice need to be conducted by administration on a weekly basis to ensure that instructional practices are being driven by data and student needs. An increase in teacher-admin observation/data analysis is needed in order to formatively assess instructional choices and effectiveness. By utilizing the Marzano classroom walkthrough tool, administration will monitor the implementation of the District instructional framework with a focus on teacher Modeling and Student Collaboration. If we utilize the learning walk tool to collect, monitor the implementation of the district's instructional framework and critical content from the APEX learning platform, then an increase in student math and ELA performance will occur.

Measurable Outcome:

State the specific measurable outcome the school plans to achieve. This should be a data based, objective outcome.

As a result of the improvement of instructional practice When this system is implemented using the Marzano Walkthrough form, at least 10% of our students will show learning gains on the FSA/ELA tests. At least 10% of our students will pass either the Algebra or Geometry EOC to meet state graduation requirements. Measure medium-term outcomes by examining changes in instructional practice using a CRT classroom walkthrough.

- Review the changes in the observable CRT practices of teachers who consistently practice CRT as observed in classroom walkthroughs.
- Progress will be measure by increase or decrease in attendance, increasing the Graduation rate by 15%, reducing the achievement gap, and reducing the number of Discipline Referrals for minority students by 15%.

Monitoring:

Describe how this Area of Focus will be monitored for the desired outcome.

Person responsible for monitoring outcome:

Tamika Hughes-Leeks (hughes-leekst@pcsb.org)

Evidence-based Strategy:

Describe the evidence-based strategy being implemented for this Area of Focus.

Utilize data from to identify and organize standards-driven critical content and student-centered instructional practice. Strengthen instructional staff ability to engage students in complex and rigorous tasks. Elevate the implementation of systems of the Continuous Instructional Model

Rationale for Evidence-based Strategy:

Explain the rationale for selecting this specific strategy. Describe the resources/criteria used for selecting this strategy.

Research has shown that when administrators consistently monitor instruction through classroom observation (formal or informal walkthrough) stakeholders improve practice and application through accountable frameworks and increase instructional efficacy.

Action Steps to Implement:

List the action steps that will be taken as part of this strategy to address the Area of Focus. Identify the person responsible for monitoring each step.

The administration team will conduct a minimum of five walkthroughs per week and subsequently provide reflective feedback (written or oral) within 48 hours.

Person Responsible Tamika Hughes-Leeks (hughes-leekst@pcsb.org)

Based on the observations of the walkthrough, administration will determine the type of walkthrough to be considered as next steps:

- 1) Implementation Support
- 2) Coaching Support
- 3) Instructional Rounds

Person Responsible Tamika Hughes-Leeks (hughes-leekst@pcsb.org)

Through data analysis, identify trends of strengths and barriers to increase effective instructional practices by content area and by grade level. Use data to drive professional development through our monthly PLCs.

Person Responsible Tamika Hughes-Leeks (hughes-leekst@pcsb.org)

All instructional staff will engage in quarterly peer to peer observational rounds to focus on components integral to the development of a culturally-responsive academic environment.

Person Responsible Tamika Hughes-Leeks (hughes-leekst@pcsb.org)

Monitoring ESSA Impact:

If this Area of Focus is not related to one or more ESSA subgroups, please describe the process for progress monitoring the impact of the Area of Focus as it relates to all ESSA subgroups not meeting the 41% threshold according to the Federal Index.

- Administration will monitor classrooms on a bi-weekly basis and provide constructive feedback regarding the effective use of best instructional practices.
- PLCs will include a monthly, comprehensive analysis and review of formative and summative individual and schoolwide student data to guide instructional shifts.

#9. ESSA Subgroup specifically relating to Students with Disabilities**Area of Focus Description and Rationale:**

Include a rationale that explains how it was identified as a critical need from the data reviewed.

Our current level of performance is inconclusive due to Covid-19 in 2020 and the scores for 2021 have not yet come back. However, our 2018-19 data shows that we had 27% of our ESE students tested made gains in ELA and 45% of our ESE students tested made gains in math. We expect our performance level to be increased by 15% by the end of the 2021-2022 school year. The problem/gap is occurring because of a lack of consistent standards-based planning and student centered instruction

Measurable Outcome:

State the specific measurable outcome the school plans to achieve. This should be a data based, objective outcome.

The percent of ESE students achieving learning gains in Mathematics and ELA proficiency will increase from the current data point to +15% as measured by the FSA Mathematics and ELA assessments.

Monitoring:

Describe how this Area of Focus will be monitored for the desired outcome.

1. Weekly walkthroughs by administration.
2. VE Teacher schedule will include ELA/Math classes with the greatest ESE populations.
3. Cycle assessment data broken down into sub categories to include ESE and 504 students.
4. Apex data pulled and shared weekly with all staff but more specifically discussed during MTSS meetings.

Person responsible for monitoring outcome:

Edward Erickson (ericksone@pcsb.org)

Evidence-based Strategy:

Describe the evidence-based strategy being implemented for this Area of Focus.

1. Students requiring ESE services work towards mastery of meaningful Individualized Education Plan (IEP) goals while learning the foundational skills they need to engage in rigorous, grade-level content in the Least Restrictive Environment (LRE).
2. Ensure that students requiring ESE services receive instruction designed to teach students to advocate for their academic, social and emotional needs.
3. Support staff to utilize data to organize students to interact with content in manners that differentiate/scaffolds instruction to meet the needs of each student.
4. Utilizing the VE Teacher to support ESE students in the general education setting during their core classes.

Rationale for Evidence-based Strategy:

Explain the rationale for selecting this specific strategy. Describe the resources/criteria used for selecting this strategy.

The rationale for this strategy is to ensure that the percentage of ESE students achieve mastery in the FSA Mathematics and ELA Assessments.

Action Steps to Implement:

List the action steps that will be taken as part of this strategy to address the Area of Focus. Identify the person responsible for monitoring each step.

1. Increase collaboration between Mathematics & ELA teams and ESE teacher to identify and implement rigorous instructional strategies and differentiated instruction/services/supports.
2. IEP team will review student data during IEP meetings to determine if student could benefit from additional support and potential enrollment into a learning strategies course.
3. Monitor teacher practices and provide authentic, constructive feedback to support instructional staff development while supporting students with disabilities.
4. Provide professional development to all instructional staff on inclusive instructional practices to support students with disabilities. Note: Administration will review available courses through PLN and the BEES website and finalize the training for staff.
5. VE Teacher schedule will include ELA/Math classes with the greatest ESE populations.
6. Weekly walkthroughs by administration.

Person Responsible

Edward Erickson (ericksone@pcsb.org)

Monitoring ESSA Impact:

If this Area of Focus is not related to one or more ESSA subgroups, please describe the process for progress monitoring the impact of the Area of Focus as it relates to all ESSA subgroups not meeting the 41% threshold according to the Federal Index.

VE teacher and/or case manager will monitor their students progress to ensure all ESSA subgroups are making adequate progress.

#10. Other specifically relating to Conditions for Learning**Area of Focus Description and Rationale:**

Include a rationale that explains how it was identified as a critical need from the data reviewed.

Using the Equity-Centered Problem-Solving Process to review office discipline referrals, ISS and OSS data.

- Analyze current level of performance using multiple data points
- Brainstorm and prioritize alterable barriers contributing to the problem/gap in performance
- Develop predictions on what evidence-based strategy would eliminate or reduce the impact of the target barrier.
- Identify methods and times to monitor implementation fidelity and effectiveness of action plan steps used to implement targeted strategies.

Examples of data to be considered: Office Discipline Referrals (ODRs), ISS, OSS, Classroom Behavior Calls, Tier 1 PBIS Walkthrough with Restorative Practices Elements.

Measurable Outcome:

State the specific measurable outcome the school plans to achieve. This should be a data based, objective outcome.

At the end of the 21-22 school year the percentage for Black/African

American students receiving one or more referrals as evidenced by the School Profiles Behavior Dashboard will be reduced to 60% or less. The gap is occurring because there is a cultural mismatch between students and

staff. If staff establish and maintain positive relationships with all students, we should meet this goal.

Monitoring:

Describe how this Area of Focus will be monitored for the desired outcome.

Discipline data will be discussed and monitored monthly during our MTSS team meetings.

Person responsible for monitoring outcome:

Edward Erickson (ericksone@pcsb.org)

- During preschool and the fall semester, SBLT members will train all staff on discipline procedures for major and minor behavior problems and the data systems to ensure school-wide consistency during preschool. Members of the leadership team will conduct monthly checks for accuracy of information and comprehension (e.g. referral process flowchart, definitions of problem behaviors, explanation of major vs. minor referral forms).
- The Restorative Practices trainer will hold monthly 20 and out sessions during planning periods on classroom management including appropriate use of preventative and proactive surface management as well as minor and major corrective feedback that is delivered in culturally responsive ways.

Evidence-based Strategy:

Describe the evidence-based strategy being implemented for this Area of Focus.

Strategies and actions are based on research and evidence-based nationally recognized programs (PBIS and Restorative Practices). The specific strategies and actions within our SIP were selected to match our

Rationale for Evidence-based Strategy:

Explain the rationale for selecting this specific strategy. Describe the resources/criteria used for selecting this strategy.

school-specific needs based on our review of data utilizing an equity problem solving process.

Action Steps to Implement:

List the action steps that will be taken as part of this strategy to address the Area of Focus. Identify the person responsible for monitoring each step.

1. Attend district training for Restorative approaches and SEL
2. Ensure at least one staff member attends training and becomes a certified trainer of Restorative Practices
3. Implement school-wide roll-out plan and develop a plan of RP/SEL
4. Conduct learning opportunities
5. Monitor and support staff for implementation with fidelity.
6. Review student and teacher data for trends and next steps
7. Update school-wide plan on a monthly basis-celebrate area of growth, and update areas for improvement.

Person Responsible

Danielle Troupe (troupeda@pcsb.org)

Monitoring ESSA Impact:

If this Area of Focus is not related to one or more ESSA subgroups, please describe the process for progress monitoring the impact of the Area of Focus as it relates to all ESSA subgroups not meeting the 41% threshold according to the Federal Index.

- Administration will monitor classrooms on a bi-weekly basis and provide constructive feedback regarding the effective use of best instructional practices.
- PLCs will include a monthly, comprehensive analysis and review of formative and summative individual and schoolwide student data to guide instructional shifts.

#11. ESSA Subgroup specifically relating to English Language Learners**Area of Focus Description and Rationale:**

Include a rationale that explains how it was identified as a critical need from the data reviewed.

Our current level of performance is 100% (1of1) in meeting the graduation requirement as a senior by passing the FSA-ELA retake test. As we plan to have more ELL students enrolled for the 2021-2022 school year, we must ensure we have a strong plan and structure in place to continue this type of success.

Measurable Outcome:

State the specific measurable outcome the school plans to achieve. This should be a data based, objective outcome.

The percent of ELL students achieving ELA proficiency will not drop below 75% from the current data point.

Monitoring:

Describe how this Area of Focus will be monitored for the desired outcome.

1. Weekly walkthroughs by administration.
3. Cycle assessment data broken down into sub categories to include ELL students separately.
4. Apex data pulled and shared weekly with all staff but more specifically discussed during MTSS meetings.

Person responsible for monitoring outcome:

Edward Erickson (ericksone@pcsb.org)

Evidence-based Strategy:

Describe the evidence-based strategy being implemented for this Area of Focus.

1. Enhance staff capacity to strategically plan and implement lessons which meet the needs of English Learners.
2. Strengthen school processes for engaging ELL Learners and families through meaningful communication. If necessary, utilizing the PCSB interpretation services available.

Rationale for Evidence-based Strategy:

Explain the rationale for selecting this specific strategy. Describe the resources/criteria used for selecting this strategy.

The rationale for selecting these strategies is to promote the use of strategies for ELL students to ensure they are receiving the most beneficial instruction to meet their needs.

Action Steps to Implement:

List the action steps that will be taken as part of this strategy to address the Area of Focus. Identify the person responsible for monitoring each step.

Administration will provide data driven conversations at monthly PLC meetings to ensure no additional interventions are needed for our ELL students.

Person Responsible

Edward Erickson (ericksone@pcsb.org)

Monitoring ESSA Impact:

If this Area of Focus is not related to one or more ESSA subgroups, please describe the process for progress monitoring the impact of the Area of Focus as it relates to all ESSA subgroups not meeting the 41% threshold according to the Federal Index.

Monitor Cycle assessment data and APEX progress by subgroup to ensure all groups are progressing forward in each subject area.

#12. Culture & Environment specifically relating to Student Attendance**Area of Focus Description and Rationale:**

Include a rationale that explains how it was identified as a critical need from the data reviewed.

Our current average attendance rate is 66.7% (as of 5/25/21), with approximately 81% of students experiencing a 10% absence rate or higher (according to data from School Profiles). The problem/gap in attendance is occurring because students are disengaged in the classroom setting due to limited student-centered instruction, as well as an increase in remote learning environments. If student-centered, personalized instruction would occur, as well as a reduction of remote-learning environments, the problem would be reduced by 15% by the end of the next school year.

Measurable Outcome:

State the specific measurable outcome the school plans to achieve. This should be a data based, objective outcome.

The percent of all students missing more than 10% of the school year will decrease by 15% evidenced by attendance dashboard data.

Monitoring:

Describe how this Area of Focus will be monitored for the desired outcome.

Using data during our bi-weekly CST meetings.

Person responsible for monitoring outcome:

[no one identified]

Evidence-based Strategy:

Describe the evidence-based strategy being implemented for this Area of Focus.

Strengthen the attendance problem-solving process to address and support the needs of students across all tiers on an ongoing basis

Rationale for Evidence-based Strategy:

Explain the rationale for selecting this specific strategy. Describe the resources/criteria used for selecting this strategy.

The percentage of all students attending less than 90% is currently at 81% for this school year, which is an amount that correlates to a Tier I intervention focus.

Action Steps to Implement:

List the action steps that will be taken as part of this strategy to address the Area of Focus. Identify the person responsible for monitoring each step.

1. Review attendance taking process and the school-wide strategies for positive attendance with all staff. Ensure attendance is accurately taken and recorded on a daily basis and reflects the appropriate entry codes.

Person Responsible

[no one identified]

2. During the first CST meeting of the school year, map the attendance resources, interventions and incentives at our school to support increased attendance for each tier

Person Responsible

Devlin Pippert (pippertd@pcsb.org)

3. Develop and implement an attendance incentive program and competitions (e.g., bulletin board posters, raffles to earn gift cards, etc.) to occur at least quarterly

Person Responsible

Danielle Troupe (troupeda@pcsb.org)

4. Engage students and families in attendance related activities to ensure they are knowledgeable of the data and aware of the importance of attendance. This can be accomplished through the website and through information disseminated to parents via newsletters, phone calls, emails, etc

Person Responsible

Tamika Hughes-Leeks (hughes-leekst@pcsb.org)

5. Review data and effectiveness of school-wide attendance strategies on a bi-weekly basis (via Child Study Team meetings, facilitated by the school social worker).

Person Responsible

Camille Hanks-Myers (hanksc@pcsb.org)

6. Implement Tier 2 and 3 plans for student-specific needs and review barriers and effectiveness on a bi-weekly basis. Please refer to Disston Academy's Child Study Team (CST) Intervention Protocol for specific guidance and procedures to address students experiencing at least 10% absence rate.

Person Responsible

Tamika Hughes-Leeks (hughes-leekst@pcsb.org)

Monitoring ESSA Impact:

If this Area of Focus is not related to one or more ESSA subgroups, please describe the process for progress monitoring the impact of the Area of Focus as it relates to all ESSA subgroups not meeting the 41% threshold according to the Federal Index.

Through CST meetings, looking at the data more deeply by the ESSA subgroups to ensure all groups of students are making adequate progress.

#13. Culture & Environment specifically relating to Equity & Diversity**Area of Focus Description and Rationale:**

Include a rationale that explains how it was identified as a critical need from the data reviewed.

As the result of equity-centered problem solving within an MTSS framework, Disston Academy will develop an equity goal to build relational capacity, empower student voice, and hold high expectations within the following school improvement areas for equity systems change through:

- Sustained Professional Development
- Improved leadership capacity to facilitate equity-centered problem solving for the adoption of equitable practices to impact student learning and successes in instructional practices.
- To address mindset shift for the adoption of equitable practice
- To participate in whole school equity-centered PD and obtain schoolwide Equity Champion status.
- To participate in whole school AVID Training.
- To participate in whole school LGBTQ+ Training.
- School wide book study: "For White Folks Who Teach in The Hood."
- Due to Covid there is no current data to illustrates inequities in the achievement gap a graduation rate.
- Document the number of PD sessions and the percentage of participation by of instructional staff

Measurable Outcome:

State the specific measurable outcome the school plans to achieve. This should be a data based, objective outcome.

- Measure medium-term outcomes by examining changes in instructional practice using a CRT classroom walkthrough.
- Review the changes in the observable CRT practices of teachers who consistently practice CRT as observed in classroom walkthroughs.
- Progress will be measure by increase or decrease in attendance, increasing the Graduation rate by 15%, reducing the achievement gap, and reducing the number of Discipline Referrals for minority students by 15%.

Monitoring:

Describe how this Area of Focus will be monitored for the desired outcome.

- Measure medium-term outcomes by examining changes in instructional practice using a CRT classroom walkthrough.
- Review the changes in the observable CRT practices of teachers who consistently practice CRT as observed in classroom walkthroughs.
- Progress will be measure by increase or decrease in attendance, increasing the Graduation rate by 15%, reducing the achievement gap, and reducing the number of

#14. Culture & Environment specifically relating to Social Emotional Learning**Area of Focus
Description and
Rationale:**

Include a rationale that explains how it was identified as a critical need from the data reviewed.

Our current level of performance in regard to specific measures of social emotional functioning (e.g., knowledge and skills of social/emotional targets) were not assessed during the 2020-2021 school year. However, proximal indicators of social and emotional well-being often include attendance and behavior discipline indicators. Our average attendance rate was 66.7% (as of 5/25/21), with approximately 81% of students experiencing a 10% absence rate or higher (according to data from School Profiles). We had a total of 5 behavior discipline referrals (according to FOCUS as of 7/12/21). The low attendance rate suggests low levels of student engagement, a key indicator of social emotional well-being. Disston Academy's goal is that all students are engaged and active learners who are self-aware, caring, respectful, connected to others, responsible decision makers, and academic achievers. It is also Disston Academy's goal that all educators, students, families, and community members work together to support the healthy social, emotional, and academic development of all students. The current discrepancy may be occurring because the level of intervention is not matched to the social/emotional and environmental needs of students. If multi-tiered systems of support for social emotional learning were in place (including professional development and student-level intervention would occur), the problem would be reduced by the end of the next school year, as evidenced by a reduction in absenteeism and discipline referrals.

**Measurable
Outcome:**

State the specific measurable outcome the school plans to achieve. This should be a data based, objective outcome.

The percent of all students missing more than 10% of the school year will decrease by at least 10%, evidenced by attendance dashboard data. Other evidence-based indicators of social emotional well-being that may be used to assess response to SEL interventions includes:

- Increased State Assessment Test Scores
- Improvement in School Climate as demonstrated by school climate surveys
- Increased relationships between school and attending families
- Increased use of social emotional skills (students demonstrate that they are self-aware, caring, respectful, connected to others, responsible decision makers, and academic achievers)

Monitoring:

Describe how this Area of Focus will be monitored for the desired outcome.

The following will be monitored and documented:

- 1) Development and implementation of an SEL professional development session and student level intervention programs (at least quarterly); and
- 2) Data indicating effectiveness of school-wide social emotional learning interventions (on a biweekly basis via MTSS meetings).

**Person
responsible for
monitoring
outcome:**

Camille Hanks-Myers (hanksc@pcsb.org)

**Evidence-based
Strategy:**

Describe the evidence-based strategy being implemented for this Area of Focus.

Strengthen the social emotional learning assessment and intervention process to address and support the needs of students across all tiers on an ongoing basis. Enhance staff capacity to strategically plan and implement behaviors and lessons which meet the social emotional needs of all students.

Rationale for Evidence-based Strategy:

Explain the rationale for selecting this specific strategy. Describe the resources/criteria used for selecting this strategy.

The percentage of all students attending less than 90% is currently at 81% for this school year, which is an amount that correlates to a Tier I intervention focus. If multi-tiered systems of support for social emotional learning were in place (including professional development and student-level intervention would occur), the problem would be reduced by the end of the next school year, as evidenced by a reduction in absenteeism and discipline referrals.

Action Steps to Implement:

List the action steps that will be taken as part of this strategy to address the Area of Focus. Identify the person responsible for monitoring each step.

Review social emotional learning assessment processes and the school-wide strategies for positive social emotional learning with all staff.

Person Responsible Camille Hanks-Myers (hanksc@pcsb.org)

During the first SEL/MTSS meeting of the school year, map the SEL/MTSS resources, interventions and professional development at our school to support increased social emotional functioning for each tier.

Person Responsible Camille Hanks-Myers (hanksc@pcsb.org)

Identify and implement SEL professional development and student-level intervention programs to occur at least quarterly.

Person Responsible Camille Hanks-Myers (hanksc@pcsb.org)

Engage students and families in social emotional learning related activities to ensure they are knowledgeable of the data and aware of the importance of these skills. This can be accomplished through the website and through information disseminated to parents via newsletters, phone calls, emails, etc.

Person Responsible Sharon Sampson (sampsons@pcsb.org)

Review data and effectiveness of school-wide social emotional learning interventions on a biweekly basis (via MTSS meetings).

Person Responsible Camille Hanks-Myers (hanksc@pcsb.org)

Implement Tier 2 and 3 plans for student-specific social/emotional needs and review barriers and effectiveness on a bi-weekly basis.

Person Responsible Camille Hanks-Myers (hanksc@pcsb.org)

Monitoring ESSA

Impact:

If this Area of Focus is not related to one or more ESSA subgroups, please describe the process for progress monitoring the impact of the Area

Review of the Tier 2 and 3 plans/interventions during MTSS/CST meetings broken down into ESSA sub-group.

of Focus as it relates to all ESSA subgroups not meeting the 41% threshold according to the Federal Index.

#15. Other specifically relating to College and Career Readiness**Area of Focus Description and Rationale:**

Include a rationale that explains how it was identified as a critical need from the data reviewed.

Our current level of performance of XX% of student are eligible for dual-enrollment, as evidenced by the Pinellas County Schools dual-enrollment program requirements. The performance gap is occurring because students do not use a concise post-secondary planning tool to track and monitor attainment of dual-enrollment criteria. If students are placed in grade-level coursework and complete a minimum or two credit recovery criteria, satisfaction would occur, the problem would be reduced by XX%.

Measurable Outcome:

State the specific measurable outcome the school plans to achieve. This should be a data based, objective outcome.

The percentage of all students earning access to dual-enrollment options will increase from XX% to 50% as measured by criteria established by Pinellas County Schools.

Monitoring:

Describe how this Area of Focus will be monitored for the desired outcome.

1. Improve scheduling design to increase the probability of students completing required coursework simultaneously during credit recovery.
2. Strengthen stakeholders' understanding of the Pathways to Graduation (HS) and Advanced Course Pathways (MS).
3. Intensify staff capacity to support students in successfully completing and attaining industry certification.

Person responsible for monitoring outcome:

Tamika Hughes-Leeks (hughes-leekst@pcsb.org)

Evidence-based Strategy:

Describe the evidence-based strategy being implemented for this Area of Focus.

1. Improve scheduling design to increase the probability of students completing required coursework simultaneously during credit recovery.
2. Strengthen stakeholders' understanding of the Pathways to Graduation (HS) and Advanced Course Pathways (MS).
3. Intensify staff capacity to support students in successfully completing and attaining industry certification.

Rationale for Evidence-based Strategy:

Explain the rationale for selecting this specific strategy. Describe the resources/criteria used for selecting this strategy.

Students entering Disston Academy are typically off-track for graduation by 1.5 to 2 in credit acquisition for core academic area courses. It is essential to build individualized plans inclusive of blended instruction, access to digital platforms (APEX) and post-secondary goals to guide the work of students and staff.

Action Steps to Implement:

List the action steps that will be taken as part of this strategy to address the Area of Focus. Identify the person responsible for monitoring each step.

1. Align all school-wide Student Services systems (scheduling, counseling, mentoring) to increase the percentage of students meeting on-track status by the end of the academic year.

Person Responsible

Tamika Hughes-Leeks (hughes-leekst@pcsb.org)

2. Enroll all students in a digital platform (Naviance, Future Plans, etc.) supporting post-secondary planning and update the plan at least once per academic year.

Person Responsible

Allison Hinton (hintona@pcsb.org)

3. The guidance team will communicate all acceleration options including site-based industry certifications and dual-enrollment at Pinellas Technical and St. Petersburg College.

Person Responsible

Daniel Turk (turkd@pcsb.org)

4. Through Title I initiatives, Student Services will host three school-wide events promoting pathways to all post-secondary options including college, vocational education and non-traditional careers exploration.

Person Responsible Sharon Sampson (sampsons@pcsb.org)

5. The SBLT will develop and implement a plan for targeted recruitment of rising eligible juniors and seniors not otherwise engaged in college level courses to take SLS 1101 The College Experience and to ensure seniors with a GPA of at least 2.0 who have not completed an acceleration option take the SLS 1101 course in the fall of their senior year.

Person Responsible Daniel Turk (turkd@pcsb.org)

6. The administration team will increase the number of partnerships with post-secondary institutions and municipal agencies to provide students access to post-secondary career and college opportunities.

Person Responsible Daniel Turk (turkd@pcsb.org)

7. Establish the expectation that every student enrolled in a career and technical education program earns at least one industry certification.

Person Responsible Daniel Turk (turkd@pcsb.org)

Monitoring ESSA Impact:

If this Area of Focus is not related to one or more ESSA subgroups, please describe the process for progress monitoring the impact of the Area of Focus as it relates to all ESSA subgroups not meeting the 41% threshold according to the Federal Index.

All data during leadership team meetings will be broken down into ESSA subgroups.

#16. Culture & Environment specifically relating to Discipline**Area of Focus Description and Rationale:**

Include a rationale that explains how it was identified as a critical need from the data reviewed.

School culture and school climate are intangible, but essential elements within a school environment. Positive school culture provides a safe, supportive, encouraging, inviting and challenging environment for students and staff, which in turn allows students' academic achievement to evolve.

Measurable Outcome:

State the specific measurable outcome the school plans to achieve. This should be a data based, objective outcome.

By intentionally focusing on school culture and climate, it is our goal to decrease the number of behavioral and disciplinary infractions among students, increase positive relationships between all stake holders.

Monitoring:

Describe how this Area of Focus will be monitored for the desired outcome.

Through monthly review of data sources including School Profile, FOCUS Discipline inquiry, Student Conductor, and PBIS Rewards, administration will provide feedback and reflection. Additionally, administration and the Student Services specialists will conduct walkthroughs in an effort to observe classroom management practices and restorative systems to support a reduction in disciplinary action and loss of instructional time.

Person responsible for monitoring outcome:

Edward Erickson (ericksone@pcsb.org)

Evidence-based Strategy:

Describe the evidence-based strategy being implemented for this Area of Focus.

The evidence-based strategy that will be used for achieving this goal is the full implementation of the PBIS Rewards program and promotion of PBIS events.

Rationale for Evidence-based Strategy:

Explain the rationale for selecting this specific strategy. Describe the resources/criteria used for selecting this strategy.

When implemented with fidelity, PBIS can profoundly change school climate Refocusing discipline away from punitive measures and investing in teaching appropriate behaviors changes the way your staff and students relate to one another. The improved relationships between students and staff have a positive effect on the entire school population.

Action Steps to Implement:

List the action steps that will be taken as part of this strategy to address the Area of Focus. Identify the person responsible for monitoring each step.

1. Admin-facilitated professional development
2. Collaborative planning sessions for faculty and staff in their respective roles.
3. Development AND consistent meetings of a school-based PBIS committee.
4. School-based professional development as needed for faculty and staff.

Person Responsible

Edward Erickson (ericksone@pcsb.org)

Monitoring ESSA Impact:

If this Area of Focus is not related to one or more ESSA subgroups, please describe the process for progress monitoring the impact of the Area of Focus as it relates to all ESSA subgroups not meeting the 41% threshold according to the Federal Index.

Date will be monitored during our MTSS meetings and disaggregated by ESSA subgroups..

#17. Culture & Environment specifically relating to Parent Involvement**Area of Focus Description and Rationale:**

Include a rationale that explains how it was identified as a critical need from the data reviewed.

Our current level of performance is 11.3% as evidenced by Title One Family Event sign-in sheets. The problem/gap occurring because of the inconsistency of events. We expect to effectively communicate with families about their students' progress and keep them informed regarding school process and practices.

Measurable Outcome:

State the specific measurable outcome the school plans to achieve. This should be a data based, objective outcome.

Increase parent and family engagement from 17% to 30% and have parents actively involved in Parent and Community Groups. If the method and timelines of communication occur then the problem would be reduced by 13%.

Monitoring:

Describe how this Area of Focus will be monitored for the desired outcome.

Through Title 1 sign in sheets. The total number of parents for each meeting should be entered into a spreadsheet to monitor parent attendance rate.

Person responsible for monitoring outcome:

Sharon Sampson (sampsons@pcsb.org)

Evidence-based Strategy:

Describe the evidence-based strategy being implemented for this Area of Focus.

Provide academic tools for families to support their students' achievement at home. Purposefully involve families for them to advocate for their learners. Intentionally build positive relationships with families and communities partners,

Rationale for Evidence-based Strategy:

Explain the rationale for selecting this specific strategy. Describe the resources/criteria used for selecting this strategy.

The rationale for selecting this strategy is to promote more family engagement and involvement for parents of learners here at Disston Academy.

Action Steps to Implement:

List the action steps that will be taken as part of this strategy to address the Area of Focus. Identify the person responsible for monitoring each step.

1. Facilitate quarterly family engagement or information session to present school data and systems.
2. Provide workshops and webinars focused on academic achievement to increase supports in home environment.
3. Provide opportunities for families to attend workshops and webinars with community partners and external agencies promoting parent advocacy.
4. Increase positive communication and interaction with families and community partners.

Person Responsible

Sharon Sampson (sampsons@pcsb.org)

Monitoring ESSA Impact:

If this Area of Focus is not related to one or more ESSA subgroups, please describe the process for progress monitoring the impact of the Area of Focus as it relates to all ESSA subgroups not meeting the 41% threshold according to the Federal Index.

Sign ins from Title 1 events will be disaggregated by ESSA sub-groups.

#18. Culture & Environment specifically relating to Community Involvement**Area of Focus Description and Rationale:**

Include a rationale that explains how it was identified as a critical need from the data reviewed.

Data identified through our Comprehensive Needs Assessment showed this to be an area of concern for our school

Measurable Outcome:

State the specific measurable outcome the school plans to achieve. This should be a data based, objective outcome.

By the end of the 2021-2022 school year, we will have 4 or more partnerships built with community resources to enhance PBIS and learning opportunities.

Monitoring:

Describe how this Area of Focus will be monitored for the desired outcome.

Ms. Troupe will update the administration team at least once a month on her current prospects and/or commitments received.

Person responsible for monitoring outcome:

Danielle Troupe (troupeda@pcsb.org)

Evidence-based Strategy:

Describe the evidence-based strategy being implemented for this Area of Focus.

1. Maintain effective social media platforms and school website to enhance and promote the Disston Academy "Brand" to attract community organizations to partner with our school.
2. Continue growing partnerships with community organizations. Last year, Ms. Troupe was able to build relationships with McDonalds and Home Depot and will continue to strengthen these relationships as well as developing additional opportunities.

Rationale for Evidence-based Strategy:

Explain the rationale for selecting this specific strategy. Describe the resources/criteria used for selecting this strategy.

Research has proven that businesses who have current, updated and enhanced content on their site attracts more visitors.

Action Steps to Implement:

List the action steps that will be taken as part of this strategy to address the Area of Focus. Identify the person responsible for monitoring each step.

1. Continue our relationship with the City of Saint Petersburg's Cohort of Champions program to mentor and facilitate learning for our 5000 Role Model Students.
2. Continue relationship with Home Depot and Mcdonalds to obtain incentives for PBIS and to make the campus more attractive.
3. Build new partnerships by sending letters and/or calling new potential community partners to gauge interest.

Person Responsible

Danielle Troupe (troupeda@pcsb.org)

Monitoring ESSA Impact:

If this Area of Focus is not related to one or more ESSA subgroups, please describe the process for progress monitoring the impact of the Area of Focus as it relates to all ESSA subgroups not meeting the 41% threshold according to the Federal Index.

Providing more relevant rewards to our students and providing them a campus they can be proud to call theirs.

Part IV: Positive Culture & Environment

A positive school culture and environment reflects: a supportive and fulfilling environment, learning conditions that meet the needs of all students, people who are sure of their roles and relationships in student learning, and a culture that values trust, respect and high expectations. Consulting with various stakeholder groups to employ school improvement strategies that impact the positive school culture and environment are critical. Stakeholder groups more proximal to the school include teachers, students, and families of students, volunteers, and school board members. Broad stakeholder groups include early childhood providers, community colleges and universities, social services, and business partners.

Stakeholders play a key role in school performance and addressing equity. Consulting various stakeholder groups is critical in formulating a statement of vision, mission, values, goals, and employing school improvement strategies.

Describe how the school addresses building a positive school culture and environment.

The goal of all staff at Disston Academy is to foster and forward positive relationships with students and among peers. Generating school and classroom rules, expectations, and having leadership that will follow through consistently with discipline and consequences can create a sense of trust and support; for staff to feel as though they are supported to do their jobs well, and trust among all school constituents that the rules are followed and enforced consistently. Hand-written notes, creating a certificate, a bulletin board of class completions, phone calls home to keep family informed of upcoming events, and a school newsletter that will be distributed quarterly, recognize students and/or staff, and make them feel appreciated through PBIS events. Title One Family nights where family members come and enjoy such as activities as creating a family tree, Art Nights, and Family Cultural nights. In addition, Disston Academy will recognize scholars for academic achievement in January 2022 and the Annual Recognition of Scholars and Seniors May 2022.

Identify the stakeholders and their role in promoting a positive culture and environment at the school.

While building and maintaining a positive culture and environment is an undertaking of the entire school community, specific roles have been assigned to guide the work. Key staff members and stakeholders including the following:

Mrs. Hughes-Leeks, Principal
 Mr. Erickson, Assistant Principal
 Officer Ferguson- School Resource Officer
 Mr. Cooper- Campus Monitor/Lead Check and Connect Mentor
 Ms. Hinton and Mr. Turk- Guidance Counselors/Threat Assessment Support
 Ms. Pippert- Social Worker and Attendance Facilitator
 Mrs. Hanks-Myers- School Psychologist and MTSS Coordinator
 Ms. Troupe- PBIS Facilitator and Behavior Specialist
 Ms. Whitcher- Site-based Equity trainer and SAVE Club advisor
 Ms. Hassler- Site-based Restorative Practices trainer and Equity Champion
 Ms. Green- Family and Community Liaison
