Demographics

Principal: Warren Stevens

Start Date for this Principal: 7/1/2009

2019-20 Status (per MSID File)	Active
School Type and Grades Served (per MSID File)	Elementary School PK-5
Primary Service Type (per MSID File)	K-12 General Education
2020-21 Title I School	No
2020-21 Economically Disadvantaged (FRL) Rate (as reported on Survey 3)	21%
2020-21 ESSA Subgroups Represented (subgroups with 10 or more students) (subgroups below the federal threshold are identified with an asterisk)	Students With Disabilities Hispanic Students Multiracial Students White Students Economically Disadvantaged Students
School Grades History	2018-19: A (67%) 2017-18: A (72%) 2016-17: A (70%)
2019-20 School Improvement (SI) Information*	
SI Region	Northwest
Regional Executive Director	Rachel Heide
Turnaround Option/Cycle	N/A
Year	
Support Tier	
ESSA Status	
* As defined under Rule 6A-1.099811, Florida Administrative Code. For more information, click here .	

School Board Approval

This plan was approved by the Santa Rosa County School Board on 10/5/2021.

SIP Authority

Section 1001.42(18), Florida Statutes, requires district school boards to annually approve and require implementation of a Schoolwide Improvement Plan (SIP) for each school in the district that has a school grade of D or F. This plan is also a requirement for Targeted Support and Improvement (TS&I) and Comprehensive Support and Improvement (CS&I) schools pursuant to 1008.33 F.S. and the Every Student Succeeds Act (ESSA).

To be designated as TS&I, a school must have one or more ESSA subgroup(s) with a Federal Index below 41%. This plan shall be approved by the district. There are three ways a school can be designated as CS&I:

1. have a school grade of D or F
2. have a graduation rate of 67% or lower
3. have an overall Federal Index below 41%.

For these schools, the SIP shall be approved by the district as well as the Bureau of School Improvement.

The Florida Department of Education (FDOE) SIP template meets all statutory and rule requirements for traditional public schools and incorporates all components required for schools receiving Title I funds. This template is required by State Board of Education Rule 6A-1.099811, Florida Administrative Code, for all non-charter schools with a current grade of D or F, or a graduation rate 67% or less. Districts may opt to require a SIP using a template of its choosing for schools that do not fit the aforementioned conditions. This document was prepared by school and district leadership using the FDOE's school improvement planning web application located at www.floridacims.org.

Purpose and Outline of the SIP

The SIP is intended to be the primary artifact used by every school with stakeholders to review data, set goals, create an action plan and monitor progress. The Florida Department of Education encourages schools to use the SIP as a “living document” by continually updating, refining and using the plan to guide their work throughout the year. This printed version represents the SIP as of the “Date Modified” listed in the footer.

School Board Approval

This plan was approved by the Santa Rosa County School Board on 10/5/2021.

SIP Authority

Section 1001.42(18), Florida Statutes, requires district school boards to annually approve and require implementation of a school improvement plan (SIP) for each school in the district that has a school grade of D or F.

The Florida Department of Education (FDOE) SIP template meets all statutory and rule requirements for traditional public schools and incorporates all components required for schools receiving Title I funds. This template is required by State Board of Education Rule 6A-1.099811, Florida Administrative Code, for all non-charter schools with a current grade of D or F (see page 4). For schools receiving a grade of A, B, or C, the district may opt to require a SIP using a template of its choosing. This document was prepared by school and district leadership using the FDOE's school improvement planning web application located at <https://www.floridacims.org>.

Purpose and Outline of the SIP

The SIP is intended to be the primary artifact used by every school with stakeholders to review data, set goals, create an action plan and monitor progress. The Florida Department of Education encourages schools to use the SIP as a "living document" by continually updating, refining and using the plan to guide their work throughout the year. This printed version represents the SIP as of the "Date Modified" listed in the footer.

Part I: School Information

School Mission and Vision

Provide the school's mission statement.

Encourage all students to reach their highest potential while providing a supportive and engaging environment.

Provide the school's vision statement.

All students will be prepared to conquer future academic challenges and develop self-confidence to make decisions that will have a positive impact on their future.

School Leadership Team

Membership

Identify the name, email address, position title, and job duties/responsibilities for each member of the school leadership team.:

Name	Position Title	Job Duties and Responsibilities
Coady, Tricia	Teacher, K-12	<ul style="list-style-type: none"> • Serve K-5 students (to include ESE**) in the lowest 25% in Tier 1/2/*3 instruction • Serve students in ELA/math • Provide daily intensive instruction for small group during Tier 1 (90 minutes ELA and 60 minutes Math) and/or • Provide daily intensive Tier 2 (no less than 15 minutes three times per week) and/or Tier 3 (no less than 30 minutes per day) intervention in small groups or one-on-one instruction • Use district approved/supported Tier 2/*3 intervention programs and protocols <ul style="list-style-type: none"> o Based upon the researched-based program, intervention minutes may change • Complete PMP documentation on students served o Administer progress monitoring assessments to students served • Collaborate with AIS on “Read at Home” Plan and family involvement • Complete reporting requirements as pertains to grants • Collaborate with MTSS Team to provide data for students served • Work with the teacher and use progress-monitoring data to plan intervention lessons and activities that are most appropriate for each student
Stevens, Warren	Principal	<ul style="list-style-type: none"> * Manage and administer the overall instructional program at the assigned school. * Manage and administer the overall activities of assessing and developing the instructional program at the assigned school. * Manage and administer the selection of textbooks, materials and equipment needed at the assigned school. * Manage and administer the accreditation program for the assigned school. * Actively participate, as requested, in the development and adoption of district assessments, textbooks and curriculum programs. * Participate, as requested, in the development of District guides related to instruction and personnel. * Participate, as requested, in the development and adoption of the District’s assessment program. * Manage and administer the assessment program for the school.. * Manage and supervise the wise use of personnel resources. * Manage, supervise and evaluate personnel. * Manage the implementation and administration of negotiated employee contracts at the school level. * Manage and administer the development of long and short-range instructional and facility needs. * Manage and administer plant safety and facility inspection, including supervision of the buildings and grounds at the school.

Analysis

Data Analysis

Answer the following analysis questions using the progress monitoring data and state assessment data, if applicable.

What trends emerge across grade levels, subgroups and core content areas?

Progress monitor tools and FSA data reflect improved student performance over the prior year in ELA, Math, and Science. High achievement scores are the result of strong learning gains in math and reading. Science progress monitoring assessment show strong gains between the fall and spring assessment. Learning gains were strong in both core and lower quartile student groups. A comparison of FSA 2019 to FSA 2020 shows that GBE students improved ELA Achievement from 82 to 84%, learning gains improved to 76%, up from 69%, and our lowest quartile ELA achievement improved to 64% from 47%. Math Achievement also improved to 88%, up from 83%. Math learning gains improved from 69% up to 84%, and the lowest quartile improved from 52% to 70%. Science achievement was also up, improving from 68% proficiency to 85%.

What data components, based off progress monitoring and 2019 state assessments, demonstrate the greatest need for improvement?

Although ELA SWD performance (based on FSA data) improved from 47% vs 52%, it remains the area in most need of improvement when compared to the school-wide ELA performance (84% proficient).

What were the contributing factors to this need for improvement? What new actions would need to be taken to address this need for improvement?

Our most academically challenged students often have the greatest need for intensive specialized instruction. Last year, the achievement level for this group improved from 47 to 52% proficient due to increased focus on tier 3 interventions and increased attention to small group rotations focused on current standards and student needs. We plan to continue to focus on tier three interventions by adding reading endorsed teachers to support the specialized instruction needed in tier 3.

What data components, based off progress monitoring and 2019 state assessments, showed the most improvement?

Science achievement improved from 68 to 85 percent proficient and Math achievement increased from 83 to 88 percent proficient .

What were the contributing factors to this improvement? What new actions did your school take in this area?

In addition to strong core whole group instruction, increased attention to small group rotations focused on current standards and student needs as well as regular unique interventions based on progress monitoring data and classroom performance.

What strategies will need to be implemented in order to accelerate learning?

While continuing to emphasize tier 1 instruction via whole group and targeted small group instruction, additional focus on tier 2 and 3, students will be supported via core subject area support and specialized instruction during school-wide scheduled intervention time.

Based on the contributing factors and strategies identified to accelerate learning, describe the professional development opportunities that will be provided at the school to support teachers and leaders.

Core instruction will be supported via school-wide PLCs focused on new reading and math standards, common assessments reviewed during grade level data chats, and district supported inservice focused on the new reading series. Tier 2 and 3 supports will scheduled school-wide, collaborative time will be scheduled for each grade level and tiered data will be reviewed in data chat sessions.

Provide a description of the additional services that will be implemented to ensure sustainability of improvement in the next year and beyond.

The most important factor in sustainability is the broadening of instructional knowledge. Both core instruction (tier 1) and interventions (tier 2 and tier 3) are based on the collaborative efforts of our academic team. Strengthening our tier 3 instruction and core reading knowledge base will directly impact learning for the foreseeable future.

Part III: Planning for Improvement

Areas of Focus:

#1. ESSA Subgroup specifically relating to Students with Disabilities

Area of Focus Description and Rationale: Although our SWD ELA FSA results improved from 2019 to 2021, the subgroup still lags behind the school-wide results (52% vs 84% proficient).

Measurable Outcome: SWD ELA FSA proficiency will be above 55%

Monitoring: Progress toward this goal will be monitored using progress monitoring data to be discussed during grade level and administrative data chats. MTSS strategies and results are monitored via regular MTSS meetings involving MTSS team members, teachers, parents and administration. Adjustments to interventions are made based on data presented during both MTSS and Data Meetings.

Person responsible for monitoring outcome: Warren Stevens (stevensw@santarosa.k12.fl.us)

Evidence-based Strategy: MTSS meetings focused on varied levels of student supports and how those supports impact student achievement will rely on student data, teacher and parent feedback to allow for specific intervention based on student need. ELA tier 3 students will be supported by reading endorsed teachers who will also participate in subsequent MTSS meetings.

Rationale for Evidence-based Strategy: MTSS is the systemic use of data to identify and monitor students at risk for academic failure, while identifying the interventions shown to be most effective for each student. The structure and process are designed to use a clear structure to progress through levels of support. ESE students identified as needing tier 3 support will be supported by a reading endorsed teacher, using research based materials, such as SIPPS, 95% Group, or Phonics for Reading , in addition to services listed on the IEP Parents, teachers and interventionist all participate in supporting the learning process.

Action Steps to Implement

1. Professional development PLC based on new B.E.S.T. standards for ELA
2. Professional development PLC based on Tier 2 and 3 intervention strategies
3. Data chats focused on student achievement growth and the identification of learning gaps
4. ESE and classroom teachers will collaborate regularly to discuss individual student needs

Person Responsible Warren Stevens (stevensw@santarosa.k12.fl.us)

#2. Instructional Practice specifically relating to ELA

Area of Focus Description and Rationale: Although bottom quartile learning gains improved from 47% to 64% (2019 to 2021 FSA ELA comparison), the school wide learning gains were 76.

Measurable Outcome: Increase bottom quartile learning gains to above 64%, based of FSA ELA

Monitoring: ELA progress monitoring results will reviewed in grade level and with individual teachers. Those results will be the core focus of regular data chats.

Person responsible for monitoring outcome: Warren Stevens (stevensw@santarosa.k12.fl.us)

Evidence-based Strategy: Teachers (classroom and ESE) in collaboration with grade level facilitators (PLC Groups) will focus on the new B.E.S.T. standards by using clear stated learning goals with an attached rubric for student self assessment.

Rationale for Evidence-based Strategy: Clear learning goals allow students to self evaluate and create a learning path. Research shows that systematic identification of skills and goals prior to delivery of instruction increases student focus and retention of targeted materials.

Action Steps to Implement

1. Professional development PLC based on new B.E.S.T. standards for ELA
2. Professional development PLC based on Tier 2 and 3 intervention strategies
3. Data chats focused on student achievement growth and the identification of learning gaps
4. ESE and classroom teachers will collaborate regularly to discuss individual student needs

Person Responsible: Warren Stevens (stevensw@santarosa.k12.fl.us)

#3. Instructional Practice specifically relating to Math

Area of Focus Description and Rationale: Although our bottom quartile learning gains for math improved from 52 to 70%, the school-wide learning gains for math were 84%.

Measurable Outcome: Increase bottom quartile learning gains to above 70% based on math FSA.

Monitoring: Progress monitoring will focus on classroom observations and data chats based on progress monitoring assessments.

Person responsible for monitoring outcome: Warren Stevens (stevensw@santarosa.k12.fl.us)

Evidence-based Strategy: Explicit instruction based on the new B.E.S.T. Standards in whole-group format, followed by small group instruction based on individual student learning needs focused on acceleration and remediation of learning.

Rationale for Evidence-based Strategy: Explicit instruction is a high-impact strategy that has been shown to be especially successful mitigating academic deficiencies related to isolated academic concepts or strands. Small group instruction allows for the tailoring of academic focus to promote acceleration and/or acquisition of remedial skills.

Action Steps to Implement

1. Professional development PLC based on new B.E.S.T. standards for Math with focus on supporting remediation for small groups
2. Professional development PLC based on small group manipulative use to develop math critical thinking strategies with focus on supporting remediation and acceleration, based on student needs.
3. Data chats focused on student achievement growth and the identification of learning gaps with focus on collaborative strategy discussion, based on classroom experiences.
4. ESE and classroom teachers will collaborate regularly to discuss individual student needs with focus on students receiving tier 2, tier 3, or acceleration in small groups.

Person Responsible: Warren Stevens (stevensw@santarosa.k12.fl.us)

Additional Schoolwide Improvement Priorities

Using the [SafeSchoolsforAlex.org](https://www.safeschoolsforalex.org), compare the discipline data of the school to discipline data across the state and provide primary or secondary areas of concern that the school will monitor during the upcoming school year. Include how the school culture and environment will be monitored through the lens of behavior or discipline data.

According to the "SafeSchoolsforAlex" site, GBE is tied for number 1 in the state with fewer than one suspension per 100 students and fewer than 1 drug related or violent acts per 100 students. The use of progressive discipline is used in conjunction with classroom behavior management and parent communication to manage student behaviors. Our teachers and administrators work closely with families in need of support to assure our student have the most positive learning environment.

Part IV: Positive Culture & Environment

A positive school culture and environment reflects: a supportive and fulfilling environment, learning conditions that meet the needs of all students, people who are sure of their roles and relationships in student learning, and a culture that values trust, respect and high expectations. Consulting with various stakeholder groups to employ school improvement strategies that impact the positive school culture and environment are critical. Stakeholder groups more proximal to the school include teachers, students, and families of students, volunteers, and school board members. Broad stakeholder groups include early childhood providers, community colleges and universities, social services, and business partners.

Stakeholders play a key role in school performance and addressing equity. Consulting various stakeholder groups is critical in formulating a statement of vision, mission, values, goals, and employing school improvement strategies.

Describe how the school addresses building a positive school culture and environment.

A positive school culture starts with the mindset that all classes will be inclusive and welcoming to all stakeholders. The spirit of inclusivity is stressed as an important part of building a positive school culture. Traditionally Gulf Breeze Elementary has benefitted from sustained partnerships throughout the Gulf Breeze Community. Our volunteers add to the richness of the student experience while supporting our school's vision and mission. We consistently have over 600 approved volunteers, contributing over 15,000 volunteer hours annually, working to give our students the best environment to find success.

Identify the stakeholders and their role in promoting a positive culture and environment at the school.

Our most important stakeholders are our students. When changes are made or activities are added, the first question should be, "How will this impact the student experience?". An active Parent-Teacher Organization adds structure to our volunteer group, while supporting a wide variety of school functions and activities. Our School Advisory Council, along with teachers, administration and staff contribute to the formulation and review of our School Improvement Plan annually, while consistently working to improve the learning environment.
