Support Tier	
ESSA Status	

\* As defined under Rule 6A-1.099811, Florida Administrative Code. For more information, click here.

## **School Board Approval**

This plan is pending approval by the Seminole County School Board.

#### **SIP Authority**

Section 1001.42(18), Florida Statutes, requires district school boards to annually approve and require implementation of a Schoolwide Improvement Plan (SIP) for each school in the district that has a school grade of D or F. This plan is also a requirement for Targeted Support and Improvement (TS&I) and Comprehensive Support and Improvement (CS&I) schools pursuant to 1008.33 F.S. and the Every Student Succeeds Act (ESSA).

To be designated as TS&I, a school must have one or more ESSA subgroup(s) with a Federal Index below 41%. This plan shall be approved by the district. There are three ways a school can be designated as CS&I:

- 1. have a school grade of D or F
- 2. have a graduation rate of 67% or lower
- 3. have an overall Federal Index below 41%.

For these schools, the SIP shall be approved by the district as well as the Bureau of School Improvement.

The Florida Department of Education (FDOE) SIP template meets all statutory and rule requirements for traditional public schools and incorporates all components required for schools receiving Title I funds. This template is required by State Board of Education Rule 6A-1.099811, Florida Administrative Code, for all non-charter schools with a current grade of D or F, or a graduation rate 67% or less. Districts may opt to require a SIP using a template of its choosing for schools that do not fit the aforementioned conditions. This document was prepared by school and district leadership using the FDOE's school improvement planning web application located at <a href="https://www.floridacims.org">www.floridacims.org</a>.

## Purpose and Outline of the SIP

The SIP is intended to be the primary artifact used by every school with stakeholders to review data, set goals, create an action plan and monitor progress. The Florida Department of Education encourages schools to use the SIP as a "living document" by continually updating, refining and using the plan to guide their work throughout the year. This printed version represents the SIP as of the "Date Modified" listed in the footer.

This printed version represents the SIP as of the "Date Modified" listed in the footer.

## **Part I: School Information**

#### **School Mission and Vision**

#### Provide the school's mission statement.

The Mission of Layer Elementary School is To Build a Community of Confident Problem Solvers and Productive Citizens of Tomorrow.

#### Provide the school's vision statement.

One Year's Growth in One Year's Time: Accelerate Beyond Proficiency to Mastery

## School Leadership Team

#### Membership

Identify the name, email address, position title, and job duties/responsibilities for each member of the school leadership team.:

Name	Position Title	Job Duties and Responsibilities
Nicholas, Cheryl	Principal	Instructional Leader, Student Study Administrator, SAC and PTA Administrative Member, Implement and Monitor SIP
Wright, Artranise	Assistant Principal	Instructional Leader, MTSS Administrative Facilitator, Test Coordinator, Professional Development Coordinator, Business Partner/Dividend Coordinator, Implement and Monitor SIP, Facilitates Math and Science PLCs, Covid Safety Manager, Math and Science Coach
Holcomb, Rebecca	Reading Coach	Reading Coach, Monitors Reading data, Facilitates Reading and Writing PLCs, iReadyChampion, Facilitator of PD, MTSS member, Reading Intervention Facilitator
Akins, Neva	School Counselor	Guidance, MTSS member, Social/Emotional Coordinator, Student Study Coordinator, Attendance/Truancy, Family and Community Liaison, FIN Coordinator
Borrazzo, Kristi	Instructional Technology	Educational Technology Facilitator, PBS Facilitator, Media Specialist, STEAM Team Coordinator

## **Demographic Information**

## Principal start date

Tuesday 1/7/2014, Cheryl Lindsay

Number of teachers with a 2019 3-year aggregate or a 1-year Algebra state VAM rating of Highly Effective. Note: For UniSIG Supplemental Teacher Allocation, teachers must have at least 10 student assessments.

0

Number of teachers with a 2019 3-year aggregate or a 1-year Algebra state VAM rating of Effective. Note: For UniSIG Supplemental Teacher Allocation, teachers must have at least 10 student assessments.

10

Total number of teacher positions allocated to the school

40

Total number of students enrolled at the school

535

Identify the number of instructional staff who left the school during the 2020-21 school year.

10

Identify the number of instructional staff who joined the school during the 2021-22 school year.

2

**Demographic Data** 

## **Early Warning Systems**

## 2021-22

## The number of students by grade level that exhibit each early warning indicator listed:

Indicator	Grade Level													
indicator	K	1	2	3	4	5	6	7	8	9	10	11	12	Total
Number of students enrolled	96	90	80	96	75	92	0	0	0	0	0	0	0	529

## **Grade Level Data Review - Progress Monitoring Assessments**

Provide the progress monitoring tool(s) by grade level used to compile the below data.

iReady Diagnostic Assessments were utilized to progress monitor\*:

- ELA Grades 1-5
- Mathematics Grades 1-5

In Grade 5 Science, teacher based formative assessments were used for progress monitoring. Data is unavailable for these assessments.

\*Reported data is based upon having 10 or more students in the subgroup. Less than 10 students will be reported as 0.

		Grade 1

## **Analysis**

## **Data Analysis**

Answer the following analysis questions using the progress monitoring data and state assessment data, if applicable.

## What trends emerge across grade levels, subgroups and core content areas?

The performance of students with disabilities across all grade levels and content areas is a concerning trend.

What data components, based off progress monitoring and 2019 state assessments, demonstrate the greatest need for improvement?

The achievement and learning gains of students with disabilities demonstrates the greatest need for improvement.

What were the contributing factors to this need for improvement? What new actions would need to be taken to address this need for improvement?

Factors contributing to the low performance of students with disabilities in ELA and Math proficiency and learning gains include disruption in instructional continuity due to the pandemic that further widened gaps in students' foundational skills. Actions to support improvement in these areas will include frequent formative progress monitoring with target support and acceleration in identified areas of need.

What data components, based off progress monitoring and 2019 state assessments, showed the most improvement?

Progress monitoring data reflects improvement for ELA and mathematics at all grade levels.

What were the contributing factors to this improvement? What new actions did your school take in this area?

Deliberate monitoring of specific student groups contributed to this improvement. Actions included focus on the monitoring of the lowest 30% of students, acceleration of high level 1 and high level 2 and level 3 students along with standards-based tutoring.

## What strategies will need to be implemented in order to accelerate learning?

Acceleration strategies will include strategic monitoring of lowest 30% of students, acceleration of high level 1 and high level 2 and level 3 students, more frequent common formative assessment to gather progress monitoring data and highly structured professional learning community discussions using this data to collaborate on strategies to accelerate student learning.

Based on the contributing factors and strategies identified to accelerate learning, describe the professional development opportunities that will be provided at the school to support teachers and leaders.

Professional development will be focused on the development of highly effective professional learning communities and how school-based leaders can foster the growth and development of teacher collaboration for student success.

Provide a description of the additional services that will be implemented to ensure sustainability of improvement in the next year and beyond.

Additional services dedicated to student acceleration include social emotional learning support for students and families, data driven tutoring and acceleration support; and expanded use of SCPS early warning tracking and MTSS based support.

## Part III: Planning for Improvement

## Areas of Focus:

## #1. ESSA Subgroup specifically relating to Students with Disabilities

Area of Focus **Description** and

Increasing academic achievement of students with disabilities. ESSA Federal Percent of Points Index indicates this is a high priority need and focusing on the success of these students will reduce achievement gaps and prepare these students for future academic success.

Rationale: Measurable Outcome:

Increase achievement and learning gains for students with disabilities.

Monitoring:

This area of focus will be monitored through classroom walk throughs, review of progress monitoring data and through data chats with professional learning communities.

Person responsible

Cheryl Nicholas (cheryl\_nicholas@scps.k12.fl.us) for

monitoring outcome:

Evidence-

based

Lessons aligned to Florida Standards at the appropriate level of complexity with ongoing feedback loops between leadership and teachers, students and teachers and student with students and PLCs focused on data, instructional planning and student evidence of learning.

Strategy: Rationale for

Evidence-

based

Standards based lessons differentiated to meet the needs of these specific student groups and data driven deliberate action planning will improve achievement and learning gains for our students. This strategy is aligned to having high expectations for all learners

and teachers. Strategy:

#### **Action Steps to Implement**

Student owned progress monitoring Low 30% Monitoring High Level 1 and High Level 2 Monitoring Low Level 3 Acceleration Collaborative Data Driven PLCs Tutorina

See SCPS School Improvement Plan for additional details

Person Responsible

Cheryl Nicholas (cheryl\_nicholas@scps.k12.fl.us)

## #2. Instructional Practice specifically relating to ELA

Area of Focus
Description and
Rationale:

Improving Reading/ELA instruction for all students. FSA achievement data reflects that less than 50% of students scored a level 3 or above on the 2021 FSA.

Measurable Outcome:

The measurable outcome will be an increase in the percentage of students scoring

level 3 or above on the spring 2022 FSA.

Monitoring:

This area of focus will be monitored through strategic, data aligned PLC planning and collaboration, common formative assessment data, DRA and iReady outcomes.

Person responsible for

monitoring outcome:

Cheryl Nicholas (cheryl\_nicholas@scps.k12.fl.us)

Evidence-based

Strategy:

Research reflects a 0.47 effect size for small group learning.

Rationale for Evidence-based Strategy:

By working with students in small groups, teachers can provide targeted lessons and feedback to quickly accelerate student learning through both differentiation in

the core and intervention.

## **Action Steps to Implement**

Developing highly collaborative PLCs strategically focused on the use of formative assessment data. Utilizing results of DRA and iReady diagnostics to design reading acceleration support for students. Utilizing SCPS Early Warning/MTSS systems to support interventions.

Reading walk-throughs focused on identifying standards-based and differentiated whole group instruction and small group instruction.

Utilizing pacing calendars and research based instructional materials and practices in 90-minute block. Utilizing additional research-based intervention curriculum for tier 2 and 3 students.

See Seminole County Public Schools' School Improvement Plan for additional details.

## **Additional Schoolwide Improvement Priorities**

Using the <u>SafeSchoolsforAlex.org</u>, compare the discipline data of the school to discipline data across the state and provide primary or secondary areas of concern that the school will monitor during the upcoming school year. Include how the school culture and environment will be monitored through the lens of behavior or discipline data.

## **Part IV: Positive Culture & Environment**

A positive school culture and environment reflects: a supportive and fulfilling environment, learning conditions that meet the needs of all students, people who are sure of their roles and relationships in student learning, and a culture that values trust, respect and high expectations. Consulting with various stakeholder groups to employ school improvement strategies that impact the positive school culture and environment are critical. Stakeholder groups more proximal to the school include teachers, students, and families of students, volunteers, and school board members. Broad stakeholder groups include early childhood providers, community colleges and universities, social services, and business partners.

Stakeholders play a key role in school performance and addressing equity. Consulting various stakeholder groups is critical in formulating a statement of vision, mission, values, goals, and employing school improvement strategies.

## Describe how the school addresses building a positive school culture and environment.

Our school provides counseling, mentoring, and social groups to ensure the social-emotional needs of all students are being met. We have support staff who are always available to meet with students and offer guidance. Social Emotional Learning Strategies are implemented in teachers' classrooms consistently and ongoing Professional Development is provided. Layer has a sensory path in a hallway for students to self-regulate and strengthen positive behavior environments. Layer uses a PBIS system to support the social-emotional needs of its students. Kagan strategies are used to help students develop stronger social skills in the classroom.

Identify the stakeholders and their role in promoting a positive culture and environment at the school.
