School Board Approval

This plan is pending approval by the Seminole County School Board.

SIP Authority

A Schoolwide Improvement Plan (SIP) is a requirement for Comprehensive Support and Improvement (CSI) ungraded schools pursuant to 1001.42 F.S. and the Every Student Succeeds Act (ESSA) and for DJJ schools receiving a rating of Unsatisfactory pursuant to Sections 1003.51 and 1003.52, F.S. and Rule 6A-1.099813, F.A.C.

CSI schools can be designated as such in 2 ways:

1. Have a graduation of 67% or lower; or
2. Have an overall Federal Index below 41%.

DJJ Unsatisfactory Ratings are based on percentages by program type:

- Prevention and Intervention: 0%-50%
- Nonsecure Programs: 0%-59%
- Secure Programs: 0%-53%

SIP Plans for Ungraded CSI schools and DJJ schools receiving an Unsatisfactory rating must be approved by the district and reviewed by the state.

Purpose and Outline of the SIP

The School Improvement Plan (SIP) provides schools and Local Educational Agencies (LEAs) the opportunity to identify the academic and priority goals along with strategies for each school. School leadership teams may refine their SIP annually to define their school's academic and priority goals to increase student achievement.

Schools and LEAs are strongly encouraged to collaborate in the development and implementation of this plan.

Part I: School Information

School Mission and Vision

Provide the school's mission statement.

To ensure that all students acquire the knowledge, skills, and attitudes to be successful in the educational, career, and community mainstream.

Provide the school's vision statement.

Endeavor School and Hopper Center aligns with Seminole County Public Schools vision to be a premier school district in the State of Florida and to be recognized nationally for high standards, academic performance and offering students customized educational pathways 24/7/365.

Briefly discuss the population unique to your school and the specific supports provided to meet the mission and vision.

Endeavor School and Hopper Center serve students with significant emotional and behavioral challenges. Every student at Endeavor has an Individualized Education Plan (IEP) that is written to address their unique needs. Endeavor school provides a very small student to staff ratio and numerous other supports to address the unique needs of the students. In addition to teachers and paraprofessionals in every class, we also have a full-time psychologist, as well as a full-time social worker and student support services facilitator. Our goal is to provide our students with the resources and support needed to make the academic, social, and emotional growth necessary to be successful in the school and community mainstream.

School Leadership Team

Membership

Identify the name, email address, position title, and job duties/responsibilities as it relates to SIP implementation for each member of the school leadership team.:

Analysis

Data Analysis

Answer the following analysis questions using the progress monitoring data and state assessment data, if applicable.

Reflect on the Areas of Focus from the previous school year. What progress monitoring was in place for low performing ESSA subgroups related to the Areas of Focus?

Endeavor and Hopper Center are "separate day schools" where every student in attendance has an Individual Education Plan (IEP). Our students come to Endeavor and Hopper Center because of significant emotional and behavioral challenges. Progress monitoring efforts utilized the SCPS Early Warning systems for data monitoring and monitoring support for students utilizing resources from Student Support Services team.

Based on ESSA subgroup progress monitoring, which data component showed the most improvement? What new actions did your school take in this area?

N/A - no prior year data is available for Endeavor/Hopper Center.

What area is in the greatest need of improvement? What specific component of this area is most problematic? What is your basis (data, progress monitoring) for this conclusion?

N/A - no prior year data is available for Endeavor/Hopper Center.

What trends emerge across grade levels, subgroups and core content areas?

Endeavor School and Hopper Center are co-located ESE centers who serve students with emotional/behavior disabilities many of whom are also economically disadvantaged. Endeavor School and Hopper Center's Federal Percent of Points Index reflects deficiencies in achievement and learning gains for students with disabilities and economically disadvantaged students.

What strategies need to be implemented in order to accelerate learning?

1. Student owned progress monitoring
2. Provide teachers with ongoing instructional feedback resulting from regular classroom observations.
3. Provide ongoing professional development for all staff that focuses on the Art and Science of Teaching, Project based and high engagement learning, and instructional best practices.
4. Provide ongoing professional development that focuses on best practices for behavioral intervention and classroom management.
5. Facilitate Professional Learning Communities that focus on trauma informed care, restorative practices, and the effectiveness of intervention plans.
6. Explore, develop, and implement new technology to enhance instruction, engage students in academics, gather information, and communicate knowledge.

Based on the contributing factors and strategies identified to accelerate learning, describe the professional development opportunities that will be provided at the school to support teachers and leaders.

Professional development for teachers and school leaders will focus on resources available to support students and families and professional learning communities focused on social emotional needs, relationship building and restorative practices.

Part III: Planning for Improvement

Areas of Focus:

#1. ESSA Subgroup specifically relating to Outcomes for Multiple Subgroups

Area of Focus Description and Rationale:
 Include a rationale that explains how it was identified as a critical need from the data reviewed.

Endeavor School and Hopper Center are co-located ESE centers who serve students with emotional/behavior disabilities. Endeavor School's Federal Percent of Points Index reflects deficiencies in achievement and learning gains for students with disabilities most of whom are economically disadvantaged.

Measurable Outcome:
 State the specific measurable outcome the school plans to achieve. This should be a data based, objective outcome.

Increase achievement and learning gains for students with disabilities, reduction in behavioral incidents and crisis situations, evidence of school social worker support provided to students and families.

Monitoring:
 Describe how this Area of Focus will be monitored for the desired outcome.

SCPS Early Warning Systems will be used to monitor student academic progress and discipline incidents. Student Support Services updates will provide evidence of school social worker support.

Person responsible for monitoring outcome:

Paul Harshman (paul_harshman@scps.k12.fl.us)

Evidence-based Strategy:
 Describe the evidence-based strategy being implemented for this Area of Focus.

Lessons aligned to Florida Standards at the appropriate level of complexity with ongoing feedback loop between leadership and teacher, students and teachers and student with students and PLC focused on relationship building data, instructional planning and student evidence of learning.

Rationale for Evidence-based Strategy:
 Explain the rationale for selecting this specific strategy. Describe the resources/criteria used for selecting this strategy.

Standards based lessons differentiated to meet the needs of these specific student groups and data driven deliberate action planning will improve achievement and learning gains for our students. This strategy is aligned to having high expectations for all learners and teachers.

Action Steps to Implement:
 List the action steps that will be taken as part of this strategy to address the Area of Focus. Identify the person responsible for monitoring each step.

Endeavor School strives to provide every student with the support and resources needed to be successful. Endeavor staff will monitor and evaluate the needs of our students on a daily basis and support and provide every resource possible to address those needs. Monitoring will take place through tracking the school social worker support and resources provided to students and families.

Person Responsible Paul Harshman (paul_harshman@scps.k12.fl.us)

Ongoing professional development and professional learning communities have been established to provide a continual focus on building relationships and trust, as well as provide academic and behavioral interventions and best practices. Evidence of success will be a reduction of behavioral incidents and crisis situations and academic growth.

Person Responsible Paul Harshman (paul_harshman@scps.k12.fl.us)

Monitoring ESSA Impact:
 If this Area of Focus is not related to one or more ESSA subgroups, please describe the process for progress monitoring the impact of the Area of Focus as it relates to all ESSA subgroups not meeting the 41% threshold according to the Federal Index.

#2. Instructional Practice specifically relating to ELA

Area of Focus Description and Rationale:

Include a rationale that explains how it was identified as a critical need from the data reviewed.

Improving Reading/ELA instruction for all students. FSA achievement data reflects that less than 50% of students scored a level 3 or above on the 2021 FSA.

Measurable Outcome:

State the specific measurable outcome the school plans to achieve. This should be a data based, objective outcome.

The measurable outcome will be an increase in the percentage of students scoring level 3 or above on the spring 2022 FSA.

Monitoring:

Describe how this Area of Focus will be monitored for the desired outcome.

This area of focus will be monitored through strategic, data aligned PLC planning and collaboration, common formative assessment data and iReady outcomes.

Person responsible for monitoring outcome:

Paul Harshman
(paul_harshman@scps.k12.fl.us)

Evidence-based Strategy:

Describe the evidence-based strategy being implemented for this Area of Focus.

Research reflects a 0.47 effect size for small group learning.

Rationale for Evidence-based Strategy:

Explain the rationale for selecting this specific strategy. Describe the resources/criteria used for selecting this strategy.

By working with students in small groups, teachers can provide targeted lessons and feedback to quickly accelerate student learning through both differentiation in the core and intervention.

Action Steps to Implement:

List the action steps that will be taken as part of this strategy to address the Area of Focus. Identify the person responsible for monitoring each step.

Developing highly collaborative PLCs strategically focused on the use of formative assessment data.
Utilizing results of DRA and iReady diagnostics to design reading acceleration support for students.
Utilizing SCPS Early Warning/MTSS systems to support interventions.
Reading walk-throughs focused on identifying standards-based and differentiated whole group instruction and small group instruction.
Utilizing pacing calendars and research based instructional materials and practices in 90-minute block.
Utilizing additional research-based intervention curriculum for tier 2 and 3 students.
See Seminole County Public Schools' School Improvement Plan for additional details.

Monitoring ESSA Impact:

If this Area of Focus is not related to one or more ESSA subgroups, please describe the process for progress monitoring the impact of the Area of Focus as it relates to all ESSA subgroups not meeting the 41% threshold according to the Federal Index.

Part IV: Positive Culture & Environment

A positive school culture and environment reflects: a supportive and fulfilling environment, learning conditions that meet the needs of all students, people who are sure of their roles and relationships in student learning, and a culture that values trust, respect and high expectations. Consulting with various stakeholder groups to employ school improvement strategies that impact the positive school culture and environment are critical. Stakeholder groups more proximal to the school include teachers, students, and families of students, volunteers, and school board members. Broad stakeholder groups include early childhood providers, community colleges and universities, social services, and business partners.

Stakeholders play a key role in school performance and addressing equity. Consulting various stakeholder groups is critical in formulating a statement of vision, mission, values, goals, and employing school improvement strategies.

Describe how the school addresses building a positive school culture and environment.

Endeavor School serves students with significant emotional and behavioral challenges. The foundation of everything we do is built by building relationships and trust with students and the staff that serve them. There is a consistent and constant focus in this area. Endeavor provides a very small staff to student ratio, and thus, we have the opportunity to work very closely with our students and families to provide the unconditional support and interventions needed to build the academic and emotional skills our students need to be successful and happy. Many of our students never experienced school success prior to coming to us. Through this extensive support system our students learn to trust and begin having school success academically and behaviorally. The result of this success are students that enjoy coming to school, possibly for the first time. This positive attitude and trust is infectious and results in a positive school culture and environment.

Identify the stakeholders and their role in promoting a positive culture and environment at the school.

Staff: Endeavor School serves students with significant emotional and behavioral challenges. All of the staff (administration, teachers, support personnel, office, custodial, etc.) at Endeavor fully understand this challenge and provide the support, trust building, interventions, and relationships needed to foster the academic and behavioral success of our students.

Students: Over the course of time our students learn how to have positive relationships and trust the adults at the school who support them. Students often become leaders on the campus once this has been established and support and promote a positive culture and environment for newer students still becoming acclimated with the school and staff.

Families: Building trust and relationships with families is just as important as it is with students. Staff at Endeavor provide daily communication with families and are constantly encouraging and coaching family members on how we can work together as a team to provide consistency of expectations, rewards, and consequences between school and home. These relationships result in great support from most of our parents and lead to student success that positively impacts the school culture and environment.
