## School Board Approval

This plan is pending approval by the Dade County School Board.

## SIP Authority

Section 1001.42(18), Florida Statutes, requires district school boards to annually approve and require implementation of a Schoolwide Improvement Plan (SIP) for each school in the district that has a school grade of D or F. This plan is also a requirement for Targeted Support and Improvement (TS&I) and Comprehensive Support and Improvement (CS&I) schools pursuant to 1008.33 F.S. and the Every Student Succeeds Act (ESSA).

To be designated as TS&I, a school must have one or more ESSA subgroup(s) with a Federal Index below 41%. This plan shall be approved by the district. There are three ways a school can be designated as CS&I:

1. have a school grade of D or F
2. have a graduation rate of 67% or lower
3. have an overall Federal Index below 41%.

For these schools, the SIP shall be approved by the district as well as the Bureau of School Improvement.

The Florida Department of Education (FDOE) SIP template meets all statutory and rule requirements for traditional public schools and incorporates all components required for schools receiving Title I funds. This template is required by State Board of Education Rule 6A-1.099811, Florida Administrative Code, for all non-charter schools with a current grade of D or F, or a graduation rate 67% or less. Districts may opt to require a SIP using a template of its choosing for schools that do not fit the aforementioned conditions. This document was prepared by school and district leadership using the FDOE's school improvement planning web application located at [www.floridacims.org](http://www.floridacims.org).

## Purpose and Outline of the SIP

The SIP is intended to be the primary artifact used by every school with stakeholders to review data, set goals, create an action plan and monitor progress. The Florida Department of Education encourages schools to use the SIP as a “living document” by continually updating, refining and using the plan to guide their work throughout the year. This printed version represents the SIP as of the “Date Modified” listed in the footer.

## Part I: School Information

### School Mission and Vision

#### Provide the school's mission statement.

BridgePrep Academy believes every child learns best in a safe, nurturing and stimulating environment where high academic expectations, self-esteem, good character, and an appreciation for the arts are promoted. BridgePrep Academy's mission is to provide a challenging academic curriculum that will encompass an enriched Spanish language program, technology and experiences that will enable students to develop in all areas. BridgePrep Academy's goal is to educate well rounded individuals and enable students to reach their maximum potential.

#### Provide the school's vision statement.

BridgePrep Academy believes that each child is a unique individual who needs a secure, nurturing and stimulating environment in which to grow and mature emotionally, intellectually, physically and socially. BridgePrep believes in a student-centered educational philosophy that emphasizes hands on learning and students actively participating in learning. Students will be able to discover through hands on, engaging activities that will incorporate different approaches to accommodate each child's learning style and thus, raise academic achievements.

### School Leadership Team

#### Membership

Identify the name, email address, position title, and job duties/responsibilities for each member of the school leadership team.:

Name	Position Title	Job Duties and Responsibilities
Gonzalez, Guillermo	Principal	The role of a principal is to provide strategic direction in the school system. Principal develops standardized curricula, assess teaching methods, monitor student achievement, encourage parent involvement, revise policies and procedures, administer the budget, hire and evaluate staff and oversee facilities. Data is utilized to drive decision-making, cultivate leadership in others, and provide the appropriate curriculum offerings. Mr. Gonzalez establishes high expectations for all students, and ensures that the school-based team is implementing Multi-Tiered System of Supports (MTSS).
Solis, Sofia	Instructional Coach	As the instructional coach, Ms. Solis provides direct instructional services related to improving and supporting classroom instruction. Ms. Solis utilizes the coaching model to support teachers in effective evidenced-based instructional strategies that will improve students' academic success.
Martinez, Sandra	Other	As the math lead, Ms. Martinez provides direct instructional services related to improving and supporting classroom instruction for all grade levels.

## Analysis

### Data Analysis

Answer the following analysis questions using the progress monitoring data and state assessment data, if applicable.

**What trends emerge across grade levels, subgroups and core content areas?**

**What data components, based off progress monitoring and 2019 state assessments, demonstrate the greatest need for improvement?**

**What were the contributing factors to this need for improvement? What new actions would need to be taken to address this need for improvement?**

**What data components, based off progress monitoring and 2019 state assessments, showed the most improvement?**

**What were the contributing factors to this improvement? What new actions did your school take in this area?**

**What strategies will need to be implemented in order to accelerate learning?**

**Based on the contributing factors and strategies identified to accelerate learning, describe the professional development opportunities that will be provided at the school to support teachers and leaders.**

**Provide a description of the additional services that will be implemented to ensure sustainability of improvement in the next year and beyond.**

### **Part III: Planning for Improvement**

#### **Areas of Focus:**

*No activities were entered for this section.*

#### **Additional Schoolwide Improvement Priorities**

Using the [SafeSchoolsforAlex.org](https://www.safe-schools-for-alex.org), compare the discipline data of the school to discipline data across the state and provide primary or secondary areas of concern that the school will monitor during the upcoming school year. Include how the school culture and environment will be monitored through the lens of behavior or discipline data.

### **Part IV: Positive Culture & Environment**

A positive school culture and environment reflects: a supportive and fulfilling environment, learning conditions that meet the needs of all students, people who are sure of their roles and relationships in student learning, and a culture that values trust, respect and high expectations. Consulting with various stakeholder groups to employ school improvement strategies that impact the positive school culture and environment are critical. Stakeholder groups more proximal to the school include teachers, students, and families of students, volunteers, and school board members. Broad stakeholder groups include early childhood providers, community colleges and universities, social services, and business partners.

Stakeholders play a key role in school performance and addressing equity. Consulting various stakeholder groups is critical in formulating a statement of vision, mission, values, goals, and employing school improvement strategies.

**Describe how the school addresses building a positive school culture and environment.**

Identify the stakeholders and their role in promoting a positive culture and environment at the school.

### Part V: Budget

The approved budget does not reflect any amendments submitted for this project.
