## Demographics

**Principal: Alik Bovoletis**

Start Date for this Principal: 7/1/2021

<b>2019-20 Status</b> (per MSID File)	Active
<b>School Type and Grades Served</b> (per MSID File)	Elementary School PK-5
<b>Primary Service Type</b> (per MSID File)	K-12 General Education
<b>2020-21 Title I School</b>	Yes
<b>2020-21 Economically Disadvantaged (FRL) Rate</b> (as reported on Survey 3)	100%
<b>2020-21 ESSA Subgroups Represented</b> (subgroups with 10 or more students) (subgroups below the federal threshold are identified with an asterisk)	Students With Disabilities* English Language Learners Black/African American Students* Hispanic Students Multiracial Students White Students Economically Disadvantaged Students
<b>School Grades History</b>	2018-19: C (49%) 2017-18: B (56%) 2016-17: B (61%)
<b>2019-20 School Improvement (SI) Information*</b>	
<b>SI Region</b>	Central
<b>Regional Executive Director</b>	<a href="#">Lucinda Thompson</a>
<b>Turnaround Option/Cycle</b>	N/A
<b>Year</b>	
<b>Support Tier</b>	
<b>ESSA Status</b>	

\* As defined under Rule 6A-1.099811, Florida Administrative Code. For more information, [click here](#).

## School Board Approval

This plan is pending approval by the Manatee County School Board.

## SIP Authority

Section 1001.42(18), Florida Statutes, requires district school boards to annually approve and require implementation of a Schoolwide Improvement Plan (SIP) for each school in the district that has a school grade of D or F. This plan is also a requirement for Targeted Support and Improvement (TS&I) and Comprehensive Support and Improvement (CS&I) schools pursuant to 1008.33 F.S. and the Every Student Succeeds Act (ESSA).

To be designated as TS&I, a school must have one or more ESSA subgroup(s) with a Federal Index below 41%. This plan shall be approved by the district. There are three ways a school can be designated as CS&I:

1. have a school grade of D or F
2. have a graduation rate of 67% or lower
3. have an overall Federal Index below 41%.

For these schools, the SIP shall be approved by the district as well as the Bureau of School Improvement.

The Florida Department of Education (FDOE) SIP template meets all statutory and rule requirements for traditional public schools and incorporates all components required for schools receiving Title I funds. This template is required by State Board of Education Rule 6A-1.099811, Florida Administrative Code, for all non-charter schools with a current grade of D or F, or a graduation rate 67% or less. Districts may opt to require a SIP using a template of its choosing for schools that do not fit the aforementioned conditions. This document was prepared by school and district leadership using the FDOE's school improvement planning web application located at [www.floridacims.org](http://www.floridacims.org).

## Purpose and Outline of the SIP

The SIP is intended to be the primary artifact used by every school with stakeholders to review data, set goals, create an action plan and monitor progress. The Florida Department of Education encourages schools to use the SIP as a "living document" by continually updating, refining and using the plan to guide their work throughout the year. This printed version represents the SIP as of the "Date Modified" listed in the footer.

### School Demographics

School Type and Grades Served (per MSID File)	2020-21 Title I School	2020-21 Economically Disadvantaged (FRL) Rate (as reported on Survey 3)
Elementary School PK-5	Yes	100%
Primary Service Type (per MSID File)	Charter School	2018-19 Minority Rate (Reported as Non-white on Survey 2)
K-12 General Education	No	63%

### School Grades History

Year	2020-21	2019-20	2018-19	2017-18
Grade		C	C	B

### School Board Approval

This plan is pending approval by the Manatee County School Board.

### SIP Authority

Section 1001.42(18), Florida Statutes, requires district school boards to annually approve and require implementation of a school improvement plan (SIP) for each school in the district that has a school grade of D or F.

The Florida Department of Education (FDOE) SIP template meets all statutory and rule requirements for traditional public schools and incorporates all components required for schools receiving Title I funds. This template is required by State Board of Education Rule 6A-1.099811, Florida Administrative Code, for all non-charter schools with a current grade of D or F (see page 4). For schools receiving a grade of A, B, or C, the district may opt to require a SIP using a template of its choosing. This document was prepared by school and district leadership using the FDOE's school improvement planning web application located at

<https://www.floridacims.org>.

### Purpose and Outline of the SIP

The SIP is intended to be the primary artifact used by every school with stakeholders to review data, set goals, create an action plan and monitor progress. The Florida Department of Education encourages schools to use the SIP as a "living document" by continually updating, refining and using the plan to guide their work throughout the year. This printed version represents the SIP as of the "Date Modified" listed in the footer.

## Part I: School Information

### School Mission and Vision

#### Provide the school's mission statement.

Sea Breeze Elementary School strives to maintain high expectations and promote academic excellence for all students by creating a positive school climate which respects and values diversity and nurtures self-esteem.

#### Provide the school's vision statement.

Sea Breeze Elementary School values all our students and diversity. Communication among all stakeholders is important to support high academic standards.

### School Leadership Team

#### Membership

Identify the name, email address, position title, and job duties/responsibilities for each member of the school leadership team.:

Name	Position Title	Job Duties and Responsibilities
VanOverbeke, Tami	Principal	Oversee all operation building-wide
Mueller, Mark	Assistant Principal	
Shapiro, Samantha	Behavior Specialist	
	Reading Coach	
Darby, Mark	School Counselor	
Kozlowski, Eric	Instructional Media	

### Demographic Information

#### Principal start date

Thursday 7/1/2021, Alik Bovoletis

**Number of teachers with a 2019 3-year aggregate or a 1-year Algebra state VAM rating of Highly Effective.** *Note: For UniSIG Supplemental Teacher Allocation, teachers must have at least 10 student assessments.*

0

**Number of teachers with a 2019 3-year aggregate or a 1-year Algebra state VAM rating of Effective.** *Note: For UniSIG Supplemental Teacher Allocation, teachers must have at least 10 student assessments.*

5

**Total number of teacher positions allocated to the school**

30

**Total number of students enrolled at the school**

525

Identify the number of instructional staff who left the school during the 2020-21 school year.

20

Identify the number of instructional staff who joined the school during the 2021-22 school year.

11

### Demographic Data

## Early Warning Systems

### 2021-22

The number of students by grade level that exhibit each early warning indicator listed:

Indicator	Grade Level													Total
	K	1	2	3	4	5	6	7	8	9	10	11	12	
Number of students enrolled	73	92	89	91	65	69	0	0	0	0	0	0	0	479
Attendance below 90 percent	23	37	35	32	33	26	0	0	0	0	0	0	0	186
One or more suspensions	0	0	0	1	1	0	0	0	0	0	0	0	0	2
Course failure in ELA	0	0	0	10	0	0	0	0	0	0	0	0	0	10
Course failure in Math	0	0	0	0	0	0	0	0	0	0	0	0	0	
Level 1 on 2019 statewide FSA ELA assessment	0	0	0	0	0	0	0	0	0	0	0	0	0	
Level 1 on 2019 statewide FSA Math assessment	0	0	0	0	0	0	0	0	0	0	0	0	0	
Number of students with a substantial reading deficiency	12	10	17	39	9	25	0	0	0	0	0	0	0	112

The number of students with two or more early warning indicators:

Indicator	Grade Level													Total
	K	1	2	3	4	5	6	7	8	9	10	11	12	
Students with two or more indicators	0	0	0	11	1	0	0	0	0	0	0	0	0	12

The number of students identified as retainees:

Indicator	Grade Level													Total
	K	1	2	3	4	5	6	7	8	9	10	11	12	
Retained Students: Current Year	0	0	0	10	0	0	0	0	0	0	0	0	0	10
Students retained two or more times	0	0	0	0	0	0	0	0	0	0	0	0	0	

Date this data was collected or last updated

## Analysis

### Data Analysis

Answer the following analysis questions using the progress monitoring data and state assessment data, if applicable.

#### What trends emerge across grade levels, subgroups and core content areas?

ELL and SWD students are underperforming compared to non-ELL and non-SWD in reading and math across all grade levels. African American students are performing below the 41% percentile. ELA proficiency is greater than math proficiency in grades 1-3.

#### What data components, based off progress monitoring and 2019 state assessments, demonstrate the greatest need for improvement?

The lowest 25th percentile in math is the area with the greatest need of improvement followed by science achievement based on 2019 state assessments. Increasing proficiency of the ELL and SWD students is the greatest need based on progress monitoring. Closing the achievement gap for African American students is identified as a need based on the subgroup data review.

#### What were the contributing factors to this need for improvement? What new actions would need to be taken to address this need for improvement?

A contributing factor is a need to focus support utilizing coaches, intervention, and additional staff in the identified areas. We need to identify students who are in one or more of the identified areas of need, provide targeted support, and progress monitor closely to ensure academic growth and gains.

#### What data components, based off progress monitoring and 2019 state assessments, showed the most improvement?

Overall math achievement is the only area of improvement from 2018 to 2019.

**What were the contributing factors to this improvement? What new actions did your school take in this area?**

A contributing factor is a need to identify students who are not making academic gains in all content areas. To address student achievement and gains needs, students need to be progress monitoring and tracked to ensure all students are making gains towards or achieving at grade level.

**What strategies will need to be implemented in order to accelerate learning?**

We will identify students in need of support, provide support, and progress monitor to ensure progress. Acaletics and the additional hour of reading instruction will be implemented with fidelity. Collaborative planning meetings will occur monthly for ELA and math with a focus on rigor and pacing.

**Based on the contributing factors and strategies identified to accelerate learning, describe the professional development opportunities that will be provided at the school to support teachers and leaders.**

Monthly collaborative planning in reading and math, targeted support from the reading coach, and training to support the current standards will be provided to support teachers. Leaders will attend district provided trainings to support the enhancement and development of teachers.

**Provide a description of the additional services that will be implemented to ensure sustainability of improvement in the next year and beyond.**

Collaborative planning in ELA and math, reading coach support, professional development surrounding the standards and rigor, monthly staff meetings with a focus on data, identification of students in need of support, tracking of student data to ensure achievement, and fidelity implementation of core and tiered programs and resources.

## Part III: Planning for Improvement

### Areas of Focus:

**#1. Instructional Practice specifically relating to ELA**

**Area of Focus Description and Rationale:** ELA achievement and learning gains have declined from 2018 to present based on FSA 2018, 2019, and 2021 data.

**Measurable Outcome:** Grades 3-5 overall learning gains as measured by the 2022 FSA in ELA will increase from 52% to at least 70%.  
 Grades 3-5 overall bottom quartile learning gains as measured by the 2022 FSA in ELA will increase from 56% to at least 65%.  
 Grades 3-5 student proficiency as measured by the 2022 FSA in ELA will increase from 42% to at least 50%.

**Monitoring:** In kindergarten through second grades, progress will be monitored using formal and informal monthly running records, the beginning, middle, and end of year iReady diagnostic assessments, and quarterly benchmark assessments (second grade only).  
 In third through fifth grades, progress will be monitored using common assessments, the beginning, middle, and end of year iReady diagnostic assessments, and quarterly benchmark assessments.

**Person responsible for monitoring outcome:** Mark Mueller (muellerm2@manateeschools.net)

**Evidence-based Strategy:** In kindergarten through second grades, guided reading groups using the Literacy Footprints and Literacy Footprints Intervention kits will be implemented within the 90 minute reading block and the Tiered intervention hour.  
 In third through fifth grades, Tiered interventions (SRA Corrective, Wonders Tier 2 materials, and HMH Close Reading in Science) and Reading/Writing project text sets will be implemented.

**Rationale for Evidence-based Strategy:** The identified resources are adopted by the district and align with district reading initiative guidelines as well as being systematic, sequential, and multi-sensory.

**Action Steps to Implement**

1. Train teachers who have not previously received training in Literacy Footprints, Corrective Reading, and/or reading/writing project text sets.

**Person Responsible** Mark Mueller (muellerm2@manateeschools.net)

2. Provide additional training support or coaching cycles (reading coach) for teachers who need assistance or support implementing the identified programs.

**Person Responsible** Mark Mueller (muellerm2@manateeschools.net)

3. Conduct fidelity monitoring

**Person Responsible** Mark Mueller (muellerm2@manateeschools.net)

4. Implement progress monitoring and support with data chats

**Person Responsible** Mark Mueller (muellerm2@manateeschools.net)

5. Implement monthly collaborative planning

**Person Responsible** Mark Mueller (muellerm2@manateeschools.net)

## #2. Instructional Practice specifically relating to Math

**Area of Focus Description and Rationale:** Math achievement and learning gains are have declined from 2018 to present based on FSA 2018, 2019, and 2021 data.

**Measurable Outcome:** Grades 3-5 overall learning gains as measured by the 2022 FSA in Math will increase from 52% to at least 75%.  
Grades 3-5 overall bottom quartile learning gains as measured by the 2022 FSA in Math will increase from 29% to at least 70%.  
Grades 3-5 student proficiency as measured by the 2022 FSA in Math will increase from 47% to at least 57%>

**Monitoring:** In kindergarten through second grades, the iReady beginning, middle, and end of year diagnostic assessments and common assessments using Envision resources will be used to monitor . District benchmark assessments will be used in second year.  
In third through fifth grades, the iReady beginning, middle, and end of year diagnostic assessments, common assessments using Envision resources, and district benchmarks will be used to monitor progress towards desired outcomes.

**Person responsible for monitoring outcome:** Tami VanOverbeke (vanoverbeket@manateeschools.net)

**Evidence-based Strategy:** Acaletics is being implementing in kindergarten through fifth grades.

**Rationale for Evidence-based Strategy:** Acaletics is supported by the district and expected to be implemented in 4th and 5th grades.

## Action Steps to Implement

1. Train teachers who lack appropriate training in Acaletics.

**Person Responsible** Tami VanOverbeke (vanoverbeket@manateeschools.net)

2. Monitor fidelity

**Person Responsible** Tami VanOverbeke (vanoverbeket@manateeschools.net)

3. Implement monthly collaborative math planning to support acaletics and the math block.

**Person Responsible** Tami VanOverbeke (vanoverbeket@manateeschools.net)

4. Provide a coaching/feedback loop

**Person Responsible** Tami VanOverbeke (vanoverbeket@manateeschools.net)

5. Use Acaletics grouping strategies and celebrate success

**Person Responsible** Tami VanOverbeke (vanoverbeket@manateeschools.net)

## Additional Schoolwide Improvement Priorities

Using the [SafeSchoolsforAlex.org](https://www.safeschoolsforalex.org), compare the discipline data of the school to discipline data across the state and provide primary or secondary areas of concern that the school will monitor during the upcoming school year. Include how the school culture and environment will be monitored through the lens of behavior or discipline data.

### Comparable Manatee County Elementary Schools Referral Data:

**Total Number of Referrals Total Number of Students with Referrals**

**Able: 154 54**

**Bayshore: 243 109**

**Moody: 159 73**

**Sea Breeze: 71 33**

After reviewing data above we have determined that our school's number of referrals are the lowest in the cluster of schools with comparable socioeconomic standing as Sea Breeze. We plan to use positive reinforcement, SEL, and connecting with students/families to continue to lessen the number of referrals at our school. Creating a school culture of setting clear expectations, holding students accountable, and making student center decisions will continue to support our plan. Our Student Behavior Committee will meet monthly to disaggregate the data, look at trends, respond to the trends, and develop proactive behavior supports and implement as necessary.

## Part IV: Positive Culture & Environment

A positive school culture and environment reflects: a supportive and fulfilling environment, learning conditions that meet the needs of all students, people who are sure of their roles and relationships in student learning, and a culture that values trust, respect and high expectations. Consulting with various stakeholder groups to employ school improvement strategies that impact the positive school culture and environment are critical. Stakeholder groups more proximal to the school include teachers, students, and families of students, volunteers, and school board members. Broad stakeholder groups include early childhood providers, community colleges and universities, social services, and business partners.

Stakeholders play a key role in school performance and addressing equity. Consulting various stakeholder groups is critical in formulating a statement of vision, mission, values, goals, and employing school improvement strategies.

## Describe how the school addresses building a positive school culture and environment.

To build staff cohesiveness and a positive school culture, we kicked off the 2021-2022 school year by looking at our staff, student, and school expectations through the lenses of what does this look like, sound like, and feel like. This enabled teachers to play a crucial role in determining what we expect of our peers, our administration/leadership, and our students. We are integrating staff celebrations, community building activities, and staff functions to build togetherness and build a sense of family. The kickoff tasks were transitioned to the classrooms so that students have a role in building classroom culture and ownership. As we move forward, valuing each other, opinions, trust, shared leadership, and individual as well as group ownership includes our relationships with our families, business partners, and community partners.

**Identify the stakeholders and their role in promoting a positive culture and environment at the school.**

Stakeholders:

\*School-based School Improvement committee: creating and communicating the school improvement plan

\*Instructional Leadership Team: Supporting teachers in promoting and maintaining a positive culture and environment

\*Grants, Business partnerships, and Parent/Community Involvement committee: Involve the community and business partners with our school

\*Local partnerships with businesses: Enhance community

\*Local community partnerships: Enhance community

**Part V: Budget**

**The approved budget does not reflect any amendments submitted for this project.**

1	III.A.	Areas of Focus: Instructional Practice: ELA	\$0.00
2	III.A.	Areas of Focus: Instructional Practice: Math	\$0.00
Total:			\$0.00
