School Board Approval

This plan is pending approval by the Lee County School Board.

SIP Authority

Section 1001.42(18), Florida Statutes, requires district school boards to annually approve and require implementation of a Schoolwide Improvement Plan (SIP) for each school in the district that has a school grade of D or F. This plan is also a requirement for Targeted Support and Improvement (TS&I) and Comprehensive Support and Improvement (CS&I) schools pursuant to 1008.33 F.S. and the Every Student Succeeds Act (ESSA).

To be designated as TS&I, a school must have one or more ESSA subgroup(s) with a Federal Index below 41%. This plan shall be approved by the district. There are three ways a school can be designated as CS&I:

1. have a school grade of D or F
2. have a graduation rate of 67% or lower
3. have an overall Federal Index below 41%.

For these schools, the SIP shall be approved by the district as well as the Bureau of School Improvement.

The Florida Department of Education (FDOE) SIP template meets all statutory and rule requirements for traditional public schools and incorporates all components required for schools receiving Title I funds. This template is required by State Board of Education Rule 6A-1.099811, Florida Administrative Code, for all non-charter schools with a current grade of D or F, or a graduation rate 67% or less. Districts may opt to require a SIP using a template of its choosing for schools that do not fit the aforementioned conditions. This document was prepared by school and district leadership using the FDOE's school improvement planning web application located at www.floridacims.org.

Purpose and Outline of the SIP

The SIP is intended to be the primary artifact used by every school with stakeholders to review data, set goals, create an action plan and monitor progress. The Florida Department of Education encourages schools to use the SIP as a "living document" by continually updating, refining and using the plan to guide their work throughout the year. This printed version represents the SIP as of the "Date Modified" listed in the footer.

Part I: School Information

School Mission and Vision

Provide the school's mission statement.

At Orangewood Elementary, diversity is celebrated in both academics and individual talents. As a safe and welcoming community, we strive to create a student-driven culture that builds confident, life-long leaders. By practicing the 7 Habits, we develop the whole person enabling ALL to achieve their personal best.

Provide the school's vision statement.

Inspiring a passion for learning through leadership.

School Leadership Team

Membership

Identify the name, email address, position title, and job duties/responsibilities for each member of the school leadership team.:

| Name | Position Title | Job Duties and Responsibilities |
|---------------|---------------------|---------------------------------|
| Browder, Jami | Principal | |
| Peters, John | Assistant Principal | |

Demographic Information

Principal start date

Monday 9/20/2021, Jami Browder

Number of teachers with a 2019 3-year aggregate or a 1-year Algebra state VAM rating of Highly Effective. *Note: For UniSIG Supplemental Teacher Allocation, teachers must have at least 10 student assessments.*

6

Number of teachers with a 2019 3-year aggregate or a 1-year Algebra state VAM rating of Effective. *Note: For UniSIG Supplemental Teacher Allocation, teachers must have at least 10 student assessments.*

3

Total number of teacher positions allocated to the school

Total number of students enrolled at the school

607

Identify the number of instructional staff who left the school during the 2020-21 school year.

Identify the number of instructional staff who joined the school during the 2021-22 school year.

Demographic Data

Early Warning Systems

2021-22

The number of students by grade level that exhibit each early warning indicator listed:

| Indicator | Grade Level | | | | | | | | | | | | | Total |
|--|-------------|-----|----|----|----|-----|---|---|---|---|----|----|----|-------|
| | K | 1 | 2 | 3 | 4 | 5 | 6 | 7 | 8 | 9 | 10 | 11 | 12 | |
| Number of students enrolled | 105 | 109 | 99 | 95 | 98 | 101 | 0 | 0 | 0 | 0 | 0 | 0 | 0 | 607 |
| Attendance below 90 percent | 9 | 12 | 18 | 14 | 17 | 19 | 0 | 0 | 0 | 0 | 0 | 0 | 0 | 89 |
| One or more suspensions | 0 | 0 | 3 | 1 | 1 | 5 | 0 | 0 | 0 | 0 | 0 | 0 | 0 | 10 |

Analysis

Data Analysis

Answer the following analysis questions using the progress monitoring data and state assessment data, if applicable.

What trends emerge across grade levels, subgroups and core content areas?

We show trends of scores dropping from the previous FSA Assessment in ELA and Math. Attendance was a great concern from last school year and as well as this year.

What data components, based off progress monitoring and 2019 state assessments, demonstrate the greatest need for improvement?

ELA demonstrates a high level of need from FSA and iReady progress monitoring. Our progress monitoring also shows that students are struggling in ELA than Math. The declines shown are great than just a summer slide for all students, even our high performing students showed a decline. Students still struggle in both areas.

What were the contributing factors to this need for improvement? What new actions would need to be taken to address this need for improvement?

We had large issues with student absences due to COVID last year and the start of this year. Absences this school year are improving. Multiple instructional options that kept students out of school versus face to face instruction added to declines as well. We saw students not working or staying on task and had a large amount of parent support, which is not a true picture of what students can do. We are continuing to reward positive attendance trends as well as really working with parents to get students back in school sooner.

What data components, based off progress monitoring and 2019 state assessments, showed the most improvement?

Science was our area of greatest improvement! We showed a positive trend by increasing our Science proficiency from 49% to 51%.

What were the contributing factors to this improvement? What new actions did your school take in this area?

In Science, we instituted Science Days to focus on hands-on skills to gain understanding for our students. Teachers also used Science journals to keep notes and have it easily accessible for students to study. We also had days during our daily intervention block dedicated to Science.

What strategies will need to be implemented in order to accelerate learning?

We will continue on this trend in Science, but also we have added in more hands-on days and they are using data to plan those days. The standards that are the lowest will be taught using this method. This data will come from our quarterly checks, teacher input, and some classroom assignments.

Based on the contributing factors and strategies identified to accelerate learning, describe the professional development opportunities that will be provided at the school to support teachers and leaders.

Promethean Boards
ActiveInspire
Monthly Play by Play PD
Authentic Engagement
Kagan - monthly structures taught and incorporated
Common Configuration Boards

Provide a description of the additional services that will be implemented to ensure sustainability of improvement in the next year and beyond.

Our training plan is monitored by our PCT as well as admin. We are incorporating our PLC facilitators to help lead and follow up on trainings to build capacity. Teams are using PLC conversations to help guide needed trainings so that we can get it scheduled for those teams. The Wonders curriculum is requiring multiple training and planning sessions with district officials. This is directly attended by teachers and admin/resource team members. This helps build capacity as well.

Part III: Planning for Improvement

Areas of Focus:

#1. Other specifically relating to ELA

Area of Focus Description and Rationale:

The ELA data for Orangewood Elementary School shows a 47% proficiency rate. This is 8 percentage points below the 2018-19 FSA results. Due to the pandemic and this drop in scores, we feel that this is a critical area of need.
 The ELA data for Orangewood Elementary School shows 44 % learning gains. This is 13 percentage points below the 2018-19 FSA results. Due to the pandemic and this drop in scores, we feel that this is a critical area of need.
 The ELA data for Orangewood Elementary School shows 36% L25 learning gains. This is a 21 percentage points below the 2018-19 FSA results. Due to the pandemic and this drop in scores, we feel that this is a critical area of need.

Measurable Outcome:

Orangewood Elementary will increase our ELA learning gains from 44% to 46% as measured by the ELA FSA assessment.

Data is monitored during weekly PLC meetings and by admin during admin PLC's. Data is tracked on exemplars and iReady. Teachers and Administration monitor and review weekly iReady usage monitoring sheet.

Monitoring:

PLC facilitator meetings/ monthly admin PLC's, facilitators will share out/ Resource teachers lead PLC/monthly learning PLC based on instructional needs and data Admin monitor agenda notes and google drives

Person responsible for monitoring outcome:

Jami Browder (jamimb@leeschools.net)

Evidence-based Strategy:

We are continuing to work on this - back to the basics...continuing to work on High Yield Strategies, Student Engagement, i-Ready, implementing school wide Writing strategies, and High Reliability School strategies. PD based off observations and feedback. We will continue with PBIS, discipline/classroom management, and our Leader In Me and Kagan. PD will continue monthly with our after school PD/planning time (T/Th PLC times). This PD will be a continuation of our pre-school focus and areas of need. PCT/Resource Teacher support/coaching. During the school year we will be doing a book study/PD based on the book, 'Teach Like a Champion' with Apples and any interested parties.

Rationale for Evidence-based Strategy:

Cooperative Learning and Distributive Summarizing have over a 1.0 effect size according to John Hattie's research.

Action Steps to Implement

Monthly Professional Development is pre-planned for the first semester and can be adjusted based on need. The plan was created during district leadership. Calendar reminders have been set so that information goes out in a timely manner. Our PCT oversees this process with the Assistant Principal.

Person Responsible

John Peters (johnmp@leeschools.net)

#2. ESSA Subgroup specifically relating to English Language Learners

Area of Focus Description and Rationale: The ELA data for our ELL subgroup at Orangewood Elementary School shows a 13% proficiency rate. This is 2 percentage points below the 2018-19 FSA results. Due to the pandemic and this drop in scores, we feel that this is a critical area of need. The ELA data for our ELL subgroup at Orangewood Elementary School shows 35% learning gains. This is 5 percentage points below the 2018-19 FSA results. Due to the pandemic and this drop in scores, we feel that this is a critical area of need. The ELA data for our ELL subgroup at Orangewood Elementary School shows 37% L25 learning gains. This is 3 percentage points below the 2018-19 FSA results. Due to the pandemic and this drop in scores, we feel that this is a critical area of need.

Measurable Outcome: Orangewood Elementary will increase our ELA learning gains for our ELL subgroup from 35 to 37% as measured by the ELA FSA assessment. Data is monitored during weekly PLC meetings and by admin during admin PLC's. Data is tracked on exemplars and iReady. Teachers and Administration monitor and review weekly iReady usage monitoring sheet.

Monitoring: PLC facilitator meetings/ monthly admin PLC's, facilitators will share out/ Resource teachers lead PLC/monthly learning PLC based on instructional needs and data Admin monitor agenda notes and google drives. Our LY students are supported by our ESOL paraprofessionals and also use the Imagine learning software. This data is monitored weekly and support is given to teachers as needed.

Person responsible for monitoring outcome: Jami Browder (jamimb@leeschools.net)

Evidence-based Strategy: We are continuing to work on this - back to the basics...continuing to work on High Yield Strategies, Student Engagement, i-Ready, implementing school wide Writing strategies, and High Reliability School strategies. PD based off observations and feedback. We will continue with PBIS, discipline/classroom management, and our Leader In Me and Kagan. PD will continue monthly with our after school PD/planning time (T/Th PLC times). This PD will be a continuation of our pre-school focus and areas of need. PCT/Resource Teacher support/coaching. During the school year we will be doing a book study/PD based on the book, 'Teach Like a Champion' with Apples and any interested parties.

Rationale for Evidence-based Strategy: Our ELL students benefit from all of these strategies as well as specific support from our ESOL paraprofessionals and specific curriculum support from the instructional guides. Cooperative Learning and Distributive Summarizing have over a 1.0 effect size according to John Hattie's research. Instructional strategies for ELL learners are documented in lesson plans and are evidence based.

Action Steps to Implement

Monthly Professional Development is pre-planned for the first semester and can be adjusted based on need. The plan was created during district leadership. Calendar reminders have been set so that information goes out in a timely manner. Our PCT oversees this process with the Assistant Principal.

Imagine learning is monitored weekly by our PCT and support is given to teachers when needed. Our ESOL paraprofessionals work weekly with our ELL contact to get support and training.

Person Responsible John Peters (johnmp@leeschools.net)

#3. ESSA Subgroup specifically relating to Black/African-American

Area of Focus The ELA data for our African American subgroup at Orangewood Elementary School shows a 35% proficiency rate. This is 4 percentage points below the 2018-19 FSA results. Due to the pandemic and this drop in scores, we feel that this is a critical area of need.

Description and Rationale: The ELA data for our African American L25 subgroup at Orangewood Elementary School shows 31% learning gains. This is a 9 percentage points below the 2018-19 FSA results. Due to the pandemic and this drop in scores, we feel that this is a critical area of need.

This subgroups learning gains did go up but only by 1 percentage point.

Measurable Outcome: Orangewood Elementary will increase our African American subgroup L25 ELA learning gains from 31% to 33% as measured by the ELA FSA assessment.

Data is monitored during weekly PLC meetings and by admin during admin PLC's. Data is tracked on exemplars and iReady. Teachers and Administration monitor and review weekly iReady usage monitoring sheet.

Monitoring:

PLC facilitator meetings/ monthly admin PLC's, facilitators will share out/ Resource teachers lead PLC/monthly learning PLC based on instructional needs and data Admin monitor agenda notes and google drives

Person responsible for monitoring outcome: Jami Browder (jamimb@leeschools.net)

Evidence-based Strategy: We are continuing to work on this - back to the basics...continuing to work on High Yield Strategies, Student Engagement, i-Ready, implementing school wide Writing strategies, and High Reliability School strategies. PD based off observations and feedback. We will continue with PBIS, discipline/classroom management, and our Leader In Me and Kagan. PD will continue monthly with our after school PD/planning time (T/Th PLC times). This PD will be a continuation of our pre-school focus and areas of need.

PCT/Resource Teacher support/coaching.

During the school year we will be doing a book study/PD based on the book, 'Teach Like a Champion' with Apples and any interested parties.

Rationale for Evidence-based Strategy: Cooperative Learning and Distributive Summarizing have over a 1.0 effect size according to John Hattie's research.

Action Steps to Implement

Monthly Professional Development is pre-planned for the first semester and can be adjusted based on need. The plan was created during district leadership. Calendar reminders have been set so that information goes out in a timely manner. Our PCT oversees this process with the Assistant Principal.

Additional Schoolwide Improvement Priorities

Using the [SafeSchoolsforAlex.org](https://www.safeschoolsforalex.org), compare the discipline data of the school to discipline data across the state and provide primary or secondary areas of concern that the school will monitor during the upcoming school year. Include how the school culture and environment will be monitored through the lens of behavior or discipline data.

Orangewood Elementary School will maintain discipline data which is consistent with SafeSchoolsforAlex.org.

Part IV: Positive Culture & Environment

A positive school culture and environment reflects: a supportive and fulfilling environment, learning conditions that meet the needs of all students, people who are sure of their roles and relationships in student learning, and a culture that values trust, respect and high expectations. Consulting with various stakeholder groups to employ school improvement strategies that impact the positive school culture and environment are critical. Stakeholder groups more proximal to the school include teachers, students, and families of students, volunteers, and school board members. Broad stakeholder groups include early childhood providers, community colleges and universities, social services, and business partners.

Stakeholders play a key role in school performance and addressing equity. Consulting various stakeholder groups is critical in formulating a statement of vision, mission, values, goals, and employing school improvement strategies.

Describe how the school addresses building a positive school culture and environment.

Identify the stakeholders and their role in promoting a positive culture and environment at the school.

Part V: Budget

The approved budget does not reflect any amendments submitted for this project.
