School Board Approval

This plan is pending approval by the Lee County School Board.

SIP Authority

Section 1001.42(18), Florida Statutes, requires district school boards to annually approve and require implementation of a Schoolwide Improvement Plan (SIP) for each school in the district that has a school grade of D or F. This plan is also a requirement for Targeted Support and Improvement (TS&I) and Comprehensive Support and Improvement (CS&I) schools pursuant to 1008.33 F.S. and the Every Student Succeeds Act (ESSA).

To be designated as TS&I, a school must have one or more ESSA subgroup(s) with a Federal Index below 41%. This plan shall be approved by the district. There are three ways a school can be designated as CS&I:

1. have a school grade of D or F
2. have a graduation rate of 67% or lower
3. have an overall Federal Index below 41%.

For these schools, the SIP shall be approved by the district as well as the Bureau of School Improvement.

The Florida Department of Education (FDOE) SIP template meets all statutory and rule requirements for traditional public schools and incorporates all components required for schools receiving Title I funds. This template is required by State Board of Education Rule 6A-1.099811, Florida Administrative Code, for all non-charter schools with a current grade of D or F, or a graduation rate 67% or less. Districts may opt to require a SIP using a template of its choosing for schools that do not fit the aforementioned conditions. This document was prepared by school and district leadership using the FDOE's school improvement planning web application located at www.floridacims.org.

Purpose and Outline of the SIP

The SIP is intended to be the primary artifact used by every school with stakeholders to review data, set goals, create an action plan and monitor progress. The Florida Department of Education encourages schools to use the SIP as a "living document" by continually updating, refining and using the plan to guide their work throughout the year. This printed version represents the SIP as of the "Date Modified" listed in the footer.

Answer the following analysis questions using the progress monitoring data and state assessment data, if applicable.

What trends emerge across grade levels, subgroups and core content areas?

ELA scores for 9th and 10th grades

What data components, based off progress monitoring and 2019 state assessments, demonstrate the greatest need for improvement?

ELA Learning gains for 9th and 10th grades.

What were the contributing factors to this need for improvement? What new actions would need to be taken to address this need for improvement?

Common planning given to all 9th and 10th grade ELA teachers.

What data components, based off progress monitoring and 2019 state assessments, showed the most improvement?

Algebra scores showed the most improvement.

What were the contributing factors to this improvement? What new actions did your school take in this area?

PLC guidance by administration. Leading and learning meetings to disseminate key focus standards.

What strategies will need to be implemented in order to accelerate learning?

Cooperative learning, common planning, common assessments.

Based on the contributing factors and strategies identified to accelerate learning, describe the professional development opportunities that will be provided at the school to support teachers and leaders.

Data chats with PLCs, complete data analysis after exemplars, modify bellwork to reteach lowest standards

Provide a description of the additional services that will be implemented to ensure sustainability of improvement in the next year and beyond.

targeted after school tutoring, identify students not making gains after each exemplar, small groups

Additional Schoolwide Improvement Priorities

Using the [SafeSchoolsforAlex.org](https://www.safeschoolsforalex.org), compare the discipline data of the school to discipline data across the state and provide primary or secondary areas of concern that the school will monitor during the upcoming school year. Include how the school culture and environment will be monitored through the lens of behavior or discipline data.

We will decrease the percentage of ISS/OSS suspension days by 3% by utilizing ATs interventions such as after school detentions and Saturday schools.

Part IV: Positive Culture & Environment

A positive school culture and environment reflects: a supportive and fulfilling environment, learning conditions that meet the needs of all students, people who are sure of their roles and relationships in student learning, and a culture that values trust, respect and high expectations. Consulting with various stakeholder groups to employ school improvement strategies that impact the positive school culture and environment are critical. Stakeholder groups more proximal to the school include teachers, students, and families of students, volunteers, and school board members. Broad stakeholder groups include early childhood providers, community colleges and universities, social services, and business partners.

Stakeholders play a key role in school performance and addressing equity. Consulting various stakeholder groups is critical in formulating a statement of vision, mission, values, goals, and employing school improvement strategies.

Describe how the school addresses building a positive school culture and environment.

Riverdale has implemented a JUST BE NICE program that allows for staff members to nominate students who consistently go above and beyond for another students or staff members. The staff looks for students that fit the mold of the what we think a Riverdale student looks like. Once the student is selected, they receive a JUST BE NICE shirt they are to wear on certain days. When we have our "pop up" JUST BE NICE days, students wearing the shirt will receive a special treat during their lunch period.

Identify the stakeholders and their role in promoting a positive culture and environment at the school.

Teachers and staff nominate/select the students for the JUST BE NICE program. They also are the ones that advertise the information to students.
