Demographics

Principal: Jennifer Fornes

Start Date for this Principal: 6/1/2020

2019-20 Status (per MSID File)	Active
School Type and Grades Served (per MSID File)	Combination School KG-8
Primary Service Type (per MSID File)	K-12 General Education
2020-21 Title I School	Yes
2020-21 Economically Disadvantaged (FRL) Rate (as reported on Survey 3)	100%
2020-21 ESSA Subgroups Represented (subgroups with 10 or more students) (subgroups below the federal threshold are identified with an asterisk)	Students With Disabilities* English Language Learners* Black/African American Students Hispanic Students White Students Economically Disadvantaged Students
School Grades History	2018-19: C (51%) 2017-18: B (56%) 2016-17: B (59%)
2019-20 School Improvement (SI) Information*	
SI Region	Central
Regional Executive Director	Lucinda Thompson
Turnaround Option/Cycle	N/A
Year	
Support Tier	
ESSA Status	
* As defined under Rule 6A-1.099811, Florida Administrative Code. For more information, click here .	

School Board Approval

This plan was approved by the Osceola County School Board on 10/7/2021.

SIP Authority

Section 1001.42(18), Florida Statutes, requires district school boards to annually approve and require implementation of a Schoolwide Improvement Plan (SIP) for each school in the district that has a school grade of D or F. This plan is also a requirement for Targeted Support and Improvement (TS&I) and Comprehensive Support and Improvement (CS&I) schools pursuant to 1008.33 F.S. and the Every Student Succeeds Act (ESSA).

To be designated as TS&I, a school must have one or more ESSA subgroup(s) with a Federal Index below 41%. This plan shall be approved by the district. There are three ways a school can be designated as CS&I:

1. have a school grade of D or F
2. have a graduation rate of 67% or lower
3. have an overall Federal Index below 41%.

For these schools, the SIP shall be approved by the district as well as the Bureau of School Improvement.

The Florida Department of Education (FDOE) SIP template meets all statutory and rule requirements for traditional public schools and incorporates all components required for schools receiving Title I funds. This template is required by State Board of Education Rule 6A-1.099811, Florida Administrative Code, for all non-charter schools with a current grade of D or F, or a graduation rate 67% or less. Districts may opt to require a SIP using a template of its choosing for schools that do not fit the aforementioned conditions. This document was prepared by school and district leadership using the FDOE's school improvement planning web application located at www.floridacims.org.

Purpose and Outline of the SIP

The SIP is intended to be the primary artifact used by every school with stakeholders to review data, set goals, create an action plan and monitor progress. The Florida Department of Education encourages schools to use the SIP as a "living document" by continually updating, refining and using the plan to guide their work throughout the year. This printed version represents the SIP as of the "Date Modified" listed in the footer.

School Board Approval

This plan was approved by the Osceola County School Board on 10/7/2021.

SIP Authority

Section 1001.42(18), Florida Statutes, requires district school boards to annually approve and require implementation of a school improvement plan (SIP) for each school in the district that has a school grade of D or F.

The Florida Department of Education (FDOE) SIP template meets all statutory and rule requirements for traditional public schools and incorporates all components required for schools receiving Title I funds. This template is required by State Board of Education Rule 6A-1.099811, Florida Administrative Code, for all non-charter schools with a current grade of D or F (see page 4). For schools receiving a grade of A, B, or C, the district may opt to require a SIP using a template of its choosing. This document was prepared by school and district leadership using the FDOE's school improvement planning web application located at <https://www.floridacims.org>.

Purpose and Outline of the SIP

The SIP is intended to be the primary artifact used by every school with stakeholders to review data, set goals, create an action plan and monitor progress. The Florida Department of Education encourages schools to use the SIP as a "living document" by continually updating, refining and using the plan to guide their work throughout the year. This printed version represents the SIP as of the "Date Modified" listed in the footer.

Part I: School Information

School Mission and Vision

Provide the school's mission statement.

We partner with parents to provide the highest quality of education which prepares students for a lifetime of leadership, academic excellence and exemplary character.

Provide the school's vision statement.

We educate and inspire every child to succeed!

School Leadership Team

Membership

Identify the name, email address, position title, and job duties/responsibilities for each member of the school leadership team.:

Name	Position Title	Job Duties and Responsibilities
Trevino, Anna	Principal	<ul style="list-style-type: none"> • Implement the school's charter in collaboration with the school's board of directors and the authorizing institution. • Establish and communicate standards for student and professional performance. • Continually assess school practices and procedures and adjust them to support the diverse learning needs of students. • Assume responsibility for the health, safety and welfare of the students, staff and visitors. • Infuse the school culture with Imagine Schools' Six Measures of Excellence. • Demonstrate an understanding of the Imagine Schools Six Measures of Excellence in the execution of duties. • Model positive character virtues and habits. Assist students in developing positive moral and performance character attributes. • Responsible for overseeing the financial management of the school, including: development of the annual budget, overseeing the management of accounts payable and accounts receivable, approving payroll, and provision of required financial reports to the board, district and state. Also responsible for seeing that the annual financial audit is completed in a timely manner. • Responsible for the hiring and supervision of school personnel. • Collaborate and clearly communicate with parents/guardians, and other educators to assist the students. • Regularly communicate with all members of the school community.
Robinet, Patricia	Assistant Principal	<ul style="list-style-type: none"> • Implement the school's charter in collaboration with the Principal, the board of directors and the authorizing institution. • Exert co-leadership in the adaptation of the general program of education meeting the needs of the State and the community served. • Infuse the school culture with Imagine Schools' Six Measures of Excellence. • Demonstrate an understanding of the Imagine Schools Six Measures of Excellence in the execution of duties. • Model positive character virtues and habits. Assist students in developing positive moral and performance character attributes. • Assist in administering the budget appropriation allocated to the school. • Assist the Principal to implement in a fair and consistent manner, effective discipline and attendance systems that have high standards and are consistent with the philosophy, values and mission of the school. • Promote a safe and orderly environment that encourages students to take responsibility for their behavior, creating high morale for staff and students. • Assume the responsibility for the health, safety and welfare of the students, staff and visitors. • Collaborate and clearly communicate with parents/guardians, and other educators create a cooperative relationship in support of the students. • Assist staff in the performance of their duties. • Perform other duties as assigned by Principal/School Leader.
Ballard, Elizabeth	School Counselor	<ul style="list-style-type: none"> • Provide short-term individual and small group counseling services to students • Monitor students who may need counseling, mediation or support due to

Name	Position Title	Job Duties and Responsibilities
		<p>attendance, academic or disciplinary concerns. Tier 2 Second Step small groups</p> <ul style="list-style-type: none"> • Consulting with teachers about building classroom connections, effective classroom management and the role of social/emotional factors in student success • Oversee 504 meetings • Advocate for students at individual education plan meetings • Advisement and appraisal for academic planning • Part of the Threat Assessment Team - Meets monthly • Train and Coach staff on Restorative Practices to include Community Circles. • Research best Restorative Practices (on-going). • Create staff community circle plans. • Meet regularly with the behavior team. • Looks at Jupiter data and conducts check-ins with students who have excessive discipline marks (MS). • Coordinates monitoring and feedback for community time • Coordinates Character Strong • Plans Restorative Initiatives and monitors community time during Excel time
Bader, Leigh	Instructional Coach	Assists teachers with student data and growth
Cruz, Keri	Instructional Coach	Assists teachers with all academic programs for student growth.

Demographic Information

Principal start date

Monday 6/1/2020, Jennifer Fornes

Number of teachers with a 2019 3-year aggregate or a 1-year Algebra state VAM rating of Highly Effective. *Note: For UniSIG Supplemental Teacher Allocation, teachers must have at least 10 student assessments.*

37

Number of teachers with a 2019 3-year aggregate or a 1-year Algebra state VAM rating of Effective. *Note: For UniSIG Supplemental Teacher Allocation, teachers must have at least 10 student assessments.*

37

Total number of teacher positions allocated to the school

46

Total number of students enrolled at the school

683

Identify the number of instructional staff who left the school during the 2020-21 school year.

15

Identify the number of instructional staff who joined the school during the 2021-22 school year.

16

Demographic Data

Number of Consecutive Years White Students Subgroup Below 32%	
Economically Disadvantaged Students	
Federal Index - Economically Disadvantaged Students	43
Economically Disadvantaged Students Subgroup Below 41% in the Current Year?	NO
Number of Consecutive Years Economically Disadvantaged Students Subgroup Below 32%	

Analysis

Data Analysis

Answer the following analysis questions using the progress monitoring data and state assessment data, if applicable.

What trends emerge across grade levels, subgroups and core content areas?

We have noticed that our ESE proficiency is low. Reading proficiency across the school is low.

What data components, based off progress monitoring and 2019 state assessments, demonstrate the greatest need for improvement?

Based off of the state assessment, the ELA lowest 25% component of Imagine Kissimmee Charter student data showed the greatest need for improvement. ELA also showed the greatest area of improvement based off the scores.

What were the contributing factors to this need for improvement? What new actions would need to be taken to address this need for improvement?

The factors that contributed to this decline was due to teachers not setting aside time to unpack the reading standards in weekly horizontal and vertical planning and align their resources appropriately for ongoing assessment and progress monitoring.

What data components, based off progress monitoring and 2019 state assessments, showed the most improvement?

Based off of the progress monitoring tools, Math was the component at Imagine Kissimmee Charter student data that showed the area that we were the strongest in.

What were the contributing factors to this improvement? What new actions did your school take in this area?

Imagine Kissimmee put extra efforts into explaining to teachers the importance of using Formative Assessment to guide their instruction. In addition, small group instruction was used and efforts were put into assisting the teachers in understanding of ESE accommodations.

What strategies will need to be implemented in order to accelerate learning?

We have provided additional interventionists in middle school, and para-professionals in grades K-5 to push into the classroom and also to pull out small groups. We also implement EXCEL time in the morning for the first 40 minutes of the day to promote additional reading and math assistance.

Based on the contributing factors and strategies identified to accelerate learning, describe the professional development opportunities that will be provided at the school to support teachers and leaders.

We have provided professional development before school began in the fall, and are continuing professional development opportunities in the english language arts throughout the year. We also have an MTSS coach, academic coach and peer coaches who assist our teachers as needed.

Provide a description of the additional services that will be implemented to ensure sustainability of improvement in the next year and beyond.

Providing training for our teachers will assist out instructional staff to have the skills that they need to assist students for years to come with the best strategies and techniques to scaffold learning for students.

Part III: Planning for Improvement

Areas of Focus:

#1. Instructional Practice specifically relating to ELA

Area of Focus Description and Rationale:	The lowest 25% of ELA was identified as a critical need from the review of our assessment scores. Based on the 2019 school data, ELA proficiency 53%, which is below the state average of 61%. The district average is 56% & however, the goal is to increase to the state average of 61% while focusing on all the lowest 25% of English Language Arts is the area of focus that IKCA will be targeting. The lowest 25% of ELA students are at 37% proficiency. During the Covid-19 pandemic, our students scores have decreased. When we have good readers, and writers, this will help the student in all academic
Measurable Outcome:	During the 2021-2022 school year, our goal is to maintain the or increase our score by 1%.
Monitoring:	This will be monitored by our Interventionist as we use STAR progress monitoring.
Person responsible for monitoring outcome:	Leigh Bader (leigh.bader@imagineschools.org)
Evidence-based Strategy:	Studies show that analysis of student assessment data serves a critical role in teacher decision making and meeting the diverse needs of individual students. Additionally collaborative analysis of formative and summative assessments to adjust instruction produces significant learning gains for all students including those with disabilities. Research also indicates that MTSS model and differentiation appropriately has a great effect on student achievement which IKCA will implement to assist our students ELA proficiency.
Rationale for Evidence-based Strategy:	Research correlates a connection between students achievement and the development of an achievable rigorous and aligned curriculum. Additionally schools that consistently utilize common assessments have the greatest student achievement. The use of common formative assessments, when well implemented can effectively double the speed of learning (Marzano 2003). The rationale for selecting these specific testing strategies include the resources/criteria, identified by Dylan William (2018), to assist our teachers as they prepare our students to thrive in the complex world of the 21st century.

Action Steps to Implement

All staff will be trained in best practice strategies for increasing student engagement through quality instruction to improve student literacy including embedded informative assessment by Dylan Williams.

Person Responsible Leigh Bader (leigh.bader@imagineschools.org)

2. Teachers utilize the reading pacing guides to collaboratively plan rigorous lessons that integrate the literacy focus strategies and use researched based reading tools to ensure that lessons are standards-driven, cohesive and correctly paced.

Person Responsible Leigh Bader (leigh.bader@imagineschools.org)

Staff will use progress monitoring data, classroom observations and scoring rubrics to identify individual student needs.

Person Responsible Leigh Bader (leigh.bader@imagineschools.org)

Adherence to the Common Core State Standards shifts is evident with a true balance of literary and informational texts in classroom libraries, read-aloud and during instruction.

Person Responsible Leigh Bader (leigh.bader@imagineschools.org)

Content area teachers outside of the ELA classroom emphasize literacy experiences in their planning and instruction.

Person Responsible Leigh Bader (leigh.bader@imagineschools.org)

Leadership team will monitor classroom observations and improvement in student achievement on formative assessments.

Person Responsible Leigh Bader (leigh.bader@imagineschools.org)

Administration will offer additional intervention time to support struggling students

Person Responsible Patricia Robinet (patricia.robinet@imaginekca.org)

#2. Instructional Practice specifically relating to Math

Area of Focus Description and Rationale: The lowest 25% of math proficient students was identified as a critical need from the review of our assessment scores. Based on the school data, IKCA Math proficiency is 58%, which is below the state average of 62%. The district average is 52%, however, the goal is to increase to the state average of 62% while focusing on all the lowest 25% of students in mathematics is the area of focus that IKCA will be targeting. The lowest 25% of Math students are at 37% proficiency. During the 2020-21 Covid-19 pandemic, we have found that our scores have decreased from the past school year assessment. When we have good mathematicians this will help the student in

Measurable Outcome: During the 2021-2022 school year, our goal is to maintain or increase our score by 1%.

Monitoring: Our MTSS Coach and Academic Coach will monitor student data from STAR assessments given throughout the year.

Person responsible for monitoring outcome: Keri Cruz (keri.cruz@imageschools.org)

Evidence-based Strategy: Studies show that analysis of student assessment data serves a critical role in teacher decision making and meeting the diverse needs of individual students. Additionally collaborative analysis of formative and summative assessments to adjust instruction produces significant learning gains for all students including those with disabilities. Research also indicates that MTSS model and differentiation appropriately has a great effect on student achievement which IKCA will implement to assist our students math proficiency.

Rationale for Evidence-based Strategy: Research correlates a connection between students achievement and the development of an achievable rigorous and aligned curriculum. Additionally schools that consistently utilize common assessments have the greatest student achievement. The use of common formative assessments, when well implemented can effectively double the speed of learning (Marzano 2003). The rationale for selecting these specific testing strategies include the resources/criteria, identified by Dylan William (2018), to assist our teachers as they prepare our students to thrive in the complex world of the 21st century.

Action Steps to Implement

All staff will be trained in best practice strategies for increasing student engagement through quality instruction to improve student literacy including embedded informative assessment by Dylan Williams.

Person Responsible: Keri Cruz (keri.cruz@imageschools.org)

Teachers utilize pacing guides to collaboratively plan rigorous lessons that integrate the math focus strategies and use researched based tools to ensure that lessons are standards driven, cohesive and correctly paced.

Person Responsible: Keri Cruz (keri.cruz@imageschools.org)

Staff will use progress monitoring data, classroom observations and scoring rubrics to identify individual student needs.

Person Responsible: Keri Cruz (keri.cruz@imageschools.org)

Adherence to the Common Core State Standards shifts is evident.

Person Responsible Keri Cruz (keri.cruz@imagineschools.org)

Content area teachers outside of the math classroom emphasize math experiences in their planning and instruction.

Person Responsible [no one identified]

Leadership team will monitor classroom observations and improvement in student achievement on formative assessments.

Person Responsible Keri Cruz (keri.cruz@imagineschools.org)

Administration will offer additional intervention time to support struggling students.

Person Responsible Anna Trevino (anna.trevino@imagineschools.org)

#3. Culture & Environment specifically relating to Social Emotional Learning

Area of Focus Description and Rationale:	A positive school climate includes a safe environment, strong student and staff relations, and supports for learning. It provides the foundation that students need to develop the social, emotional, and academic competencies they need to succeed in life. Well implemented programs designed to foster SEL are associated with positive outcomes ranging from better test scores and higher graduation rates to improved social behavior. Social-emotional competencies include skills, such as the ability to collaborate and make responsible decisions, mindsets, such as thinking positively about how to handle challenges, and habits, such as coming to class prepared.
---	--

Measurable Outcome: In 2020-2021 students who will participate in the SEL climate survey will show 60 % or more feel favorably for school belonging.

Monitoring: Our School Counselor and Restorative Coach will provide student needs assessments and restorative circles, counseling, and other as needed.

Person responsible for monitoring outcome: Elizabeth Ballard (elizabeth.ballard@imagineschools.org)

Evidence-based Strategy: Studies show that analysis of student data serves a critical role in teacher decision making and meeting the diverse needs of individual students. Students are diverse in their learning styles and needs. It is essential to assess individual learning styles and be flexible in time management to allow for meeting these different needs.

Rationale for Evidence-based Strategy: Character Strong is our curriculum of choice, and trainings are focused on fostering the Whole Child with vertically-aligned lessons that teach SEL and character, side-by-side. Social and Emotional learning (SEL) is an approach that reflects a set of teaching strategies and practices that are student -centered. They use teaching techniques that build on students' current knowledge and skills.

Action Steps to Implement

Teachers and staff will plan activities that are engaging and relevant to student identifying on building on students individual assets and passions.

Person Responsible Elizabeth Ballard (elizabeth.ballard@imagineschools.org)

Each morning, teachers hold "community time" where an environment of belonging occurs.

Person Responsible Elizabeth Ballard (elizabeth.ballard@imagineschools.org)

Teachers will increase student input and voice through planning and reflection activities.

Person Responsible Elizabeth Ballard (elizabeth.ballard@imagineschools.org)

Teachers will encourage and facilitate students shared decision making through planning.

Person Responsible Elizabeth Ballard (elizabeth.ballard@imagineschools.org)

Teachers will incorporate SEL strategic into their curriculum, such as self management, self confidence, and self awareness where applicable.

Person Responsible Elizabeth Ballard (elizabeth.ballard@imagineschools.org)

Additional Schoolwide Improvement Priorities

Using the [SafeSchoolsforAlex.org](https://www.safeschoolsforalex.org/), compare the discipline data of the school to discipline data across the state and provide primary or secondary areas of concern that the school will monitor during the upcoming school year. Include how the school culture and environment will be monitored through the lens of behavior or discipline data.

Our school discipline data was very good during the past school year. We had between 40% and 60% of our students enrolled in digital learning during the past school year. Our biggest concern is now that our students are all back on campus, we may have more behavior issues that arise as they will be monitored more closely by educators and staff in school.

Part IV: Positive Culture & Environment

A positive school culture and environment reflects: a supportive and fulfilling environment, learning conditions that meet the needs of all students, people who are sure of their roles and relationships in student learning, and a culture that values trust, respect and high expectations. Consulting with various stakeholder groups to employ school improvement strategies that impact the positive school culture and environment are critical. Stakeholder groups more proximal to the school include teachers, students, and families of students, volunteers, and school board members. Broad stakeholder groups include early childhood providers, community colleges and universities, social services, and business partners.

Stakeholders play a key role in school performance and addressing equity. Consulting various stakeholder groups is critical in formulating a statement of vision, mission, values, goals, and employing school improvement strategies.

Describe how the school addresses building a positive school culture and environment.

A positive school culture and environment reflects: a supportive and fulfilling environment, learning conditions that meet the needs of all students, people who are sure of their roles and relationships in student learning, and a culture that values trust, respect and high expectations. Consulting with various stakeholder groups to employ school improvement strategies that impact the positive school culture and environment are critical. Stakeholder groups more proximal to the school include teachers, students, and families of students, volunteers, and school board members. Broad stakeholder groups include early childhood providers, community colleges and universities, social services, and business partners.

Identify the stakeholders and their role in promoting a positive culture and environment at the school.

Stakeholders play a key role in school performance and addressing equity. Consulting various stakeholder groups is critical in formulating a statement of vision, mission, values, goals, and employing school improvement strategies. Our parents, students, City of Kissimmee and local business and neighborhood partnerships assist with building our positive culture and environment at the school.

Part V: Budget

The approved budget does not reflect any amendments submitted for this project.

1	III.A.	Areas of Focus: Instructional Practice: ELA	\$0.00
2	III.A.	Areas of Focus: Instructional Practice: Math	\$0.00
3	III.A.	Areas of Focus: Culture & Environment: Social Emotional Learning	\$0.00
Total:			\$0.00
