Support Tier	
ESSA Status	
* As defined under Rule 6A-1.099811, Florida Administrative Code. For more information, click here .	

School Board Approval

This plan is pending approval by the Broward County School Board.

SIP Authority

Section 1001.42(18), Florida Statutes, requires district school boards to annually approve and require implementation of a Schoolwide Improvement Plan (SIP) for each school in the district that has a school grade of D or F. This plan is also a requirement for Targeted Support and Improvement (TS&I) and Comprehensive Support and Improvement (CS&I) schools pursuant to 1008.33 F.S. and the Every Student Succeeds Act (ESSA).

To be designated as TS&I, a school must have one or more ESSA subgroup(s) with a Federal Index below 41%. This plan shall be approved by the district. There are three ways a school can be designated as CS&I:

1. have a school grade of D or F
2. have a graduation rate of 67% or lower
3. have an overall Federal Index below 41%.

For these schools, the SIP shall be approved by the district as well as the Bureau of School Improvement.

The Florida Department of Education (FDOE) SIP template meets all statutory and rule requirements for traditional public schools and incorporates all components required for schools receiving Title I funds. This template is required by State Board of Education Rule 6A-1.099811, Florida Administrative Code, for all non-charter schools with a current grade of D or F, or a graduation rate 67% or less. Districts may opt to require a SIP using a template of its choosing for schools that do not fit the aforementioned conditions. This document was prepared by school and district leadership using the FDOE's school improvement planning web application located at www.floridacims.org.

Purpose and Outline of the SIP

The SIP is intended to be the primary artifact used by every school with stakeholders to review data, set goals, create an action plan and monitor progress. The Florida Department of Education encourages schools to use the SIP as a "living document" by continually updating, refining and using the plan to guide their work throughout the year. This printed version represents the SIP as of the "Date Modified" listed in the footer.

Part I: School Information

School Mission and Vision

Provide the school's mission statement.

The mission of Dillard Elementary is to provide quality education to all students, to collaboratively develop students and prepare them for the 21st century in a stimulating, safe and motivating learning environment. Dillard Elementary embodies its purpose through a variety of program offerings and high expectations that are embedded within the culture of the school. All students are provided with a stimulating learning environment that consists of reading, writing, language arts, mathematics, science, and social studies. Students' learning is enhanced through the use of multi-media such as I-pads, and laptops. Classrooms are also equipped with Smart Boards or Promethean Boards, projectors, document cameras, and Elmos.

This year we are placing an emphasis on increasing tier 1 teaching and learning and closing the achievement gap through studying and implementing Don Lemov's text: Teach Like A Champion.

Provide the school's vision statement.

At Dillard Elementary, it is our belief that all students can learn if provided the opportunity. The vision of Dillard Elementary is to develop a healthy community of learners who are academically proficient, effective communicators, and responsible citizens. All stakeholders have high expectations for students and are dedicated to providing all students with a challenging and rewarding learning environment

School Leadership Team

Membership

Identify the name, email address, position title, and job duties/responsibilities for each member of the school leadership team.:

Name	Position Title	Job Duties and Responsibilities
Atkins, Gretchen	Principal	<p>The primary leader in the school building. The principal is responsible for establishing a schoolwide vision of commitment to high standards and the success of all students. The principal ensures that the school allows both adults and children to put learning at the center of their daily activities by being the head of the school leadership team and monitoring the implementation of the school's vision. The principal also monitors school-wide data to assess student, class, grade and school-wide progress to ensure the school is achieving its goals and engages teachers in conversation regarding class, grade, and school-wide data, mentor teachers and facilitate reflective conversations.</p> <p>The principal also supports teachers and coaches to develop curriculum knowledge to maximize classroom instruction and student learning.</p>
Orr, Camille	Assistant Principal	<p>Supports teachers in developing their knowledge about the curriculum, promote teacher collaboration with a focus on effective classroom instruction. Monitors school-wide data to assess student, class, grade and school-wide progress to ensure the school is achieving its goals and engages teachers in conversation regarding class, grade, and school-wide data, mentor teachers and facilitate reflective conversations, supports teachers and coaches to develop curriculum knowledge to maximize classroom instruction and student learning.</p>
Basden, Adrienne	Instructional Coach	<p>Mrs. Basden is the Literacy Coach at Dillard Elementary School. She supports teachers in planning and implementing effective standards based English Language Arts lessons. Mrs. Ashley also creates standards based assessments for grades 2-5 and meets with teachers to dig deep into the data and use the data to inform instruction. Mrs. Ashley also creates and modifies the Math Instructional Focus calendar as needed. She also facilitates and leads Math Professional Learning Communities.</p>
Williams, Fitzroy	Math Coach	<p>Mrs. Ashley is the Math Coach at Dillard Elementary School. She supports teachers in planning and implementing effective standards based math lessons. Mrs. Ashley also creates standards based assessments for grades 2-5 and meets with teachers to dig deep into the data and use the data to inform instruction. Mrs. Ashley also creates and modifies the Math Instructional Focus calendar as needed. She also facilitates and leads Math Professional Learning Communities.</p>
Chestnut, Kierra	School Counselor	<p>Mr. Willimas supports the social and emotional learning of the students at Dillard Elementary. He assists students and teachers with learning strategies, self-management and social skills, and promotes success for our diverse students. He implements a school counseling program to support students through this important developmental period. The program provides education, prevention and intervention activities, which are integrated into all aspects of our students' lives. The program teaches knowledge, attitudes and</p>

Grade Level Data Review - Progress Monitoring Assessments

Provide the progress monitoring tool(s) by grade level used to compile the below data.

The progress monitoring data used to compile the information below is the iReady Diagnostic given during the Fall, Winter, and Spring.

Economically Disadvantaged is not a group that is reported therefore you will note NR.

Science data reported is derived from School City Science Assessments that is given to students in 5th grade only.

Grade 1				
	Number/% Proficiency	Fall	Winter	Spring
English Language Arts	All Students	29%	26%	36%
	Economically Disadvantaged	NR	NR	NR
	Students With Disabilities	33%	0%	60%

Analysis

Data Analysis

Answer the following analysis questions using the progress monitoring data and state assessment data, if applicable.

What trends emerge across grade levels, subgroups and core content areas?

ELA

*As students matriculate from 3rd grade to fourth and fifth reading proficiency decreases.

*Students with disabilities and English Language Learners also see a decrease in proficiency in ELA and Math as they progress from primary to intermediate grade levels.

Math

There is a slight increase in Math proficiency from 1st to 4th grade however there is a slight drop in fifth grade.

While reviewing the iReady Diagnostic results, it was noted that English Language Learners (ELLs) made very little progress from fall to spring and in some cases no progress at all.

What data components, based off progress monitoring and 2019 state assessments, demonstrate the greatest need for improvement?

Although there has been an upward trend in ELA proficiency, when looking at 2019 ELA data; 50% of students tested in grades 3-5 are not proficient readers. There was a 16 point increase from 2019 to 2020 ELA FSA scores from 34% to 50% proficiency however this is still below the district and state average.

What were the contributing factors to this need for improvement? What new actions would need to be taken to address this need for improvement?

The contributing factors for this need for improvement are evident in the checkpoint assessments that were given to students during the 2020-21 school year. Proficiency totals are significantly lower in years past for ELA and Math.

What data components, based off progress monitoring and 2019 state assessments, showed the most improvement?

Based on 2019 state assessment data, ELA, Science, and the Lowest Quartile Learning Gains in Math showed the most improvement:

ELA- Increase of 16%

Science- Increase of 18%

LQMath- Increase of 21%

What were the contributing factors to this improvement? What new actions did your school take in this area?

Contributing factors were:

1. Monitoring of Tier 1 instruction via classroom walkthroughs
2. Timely feedback
3. Teachers sharing best practices
4. Authentic and relevant PLC

What strategies will need to be implemented in order to accelerate learning?

Providing teachers with Professional Development on effective reading and math strategies, coaching support (modeling best practices, feedback), classroom walkthroughs, effective PLCs, sharing best practices, hosting Family Curriculum Nights

Based on the contributing factors and strategies identified to accelerate learning, describe the professional development opportunities that will be provided at the school to support teachers and leaders.

Professional Development will be provided in the following areas:

1. Benchmark Universe (Reading Program)
2. Phonics Intervention programs

3. Small Group Math Instruction
4. Infusing manipulatives in math instruction

Provide a description of the additional services that will be implemented to ensure sustainability of improvement in the next year and beyond.

1. Teachers will be provided professional development prior to the start of the school year in ELA, math, and science strategies
2. Additional support personnel will provide students with small group instruction in the classroom.

Part III: Planning for Improvement

Areas of Focus:

#1. Instructional Practice specifically relating to ELA

Area of Focus Description and Rationale:	Proficiency in ELA based on 2019-20 FSA is 50% which is below the state and district average. 2020-21 iReady Diagnostic and FSA data suggests that students are now significantly below 50% proficiency in ELA.
Measurable Outcome:	By June 2022, by providing high-quality rigorous standards-based tier 1 instruction, student learning will increase resulting in an increase in ELA proficiency on the FSA to 55%.
Monitoring:	The December iReady Diagnostic will serve as a checkpoint as well various School City interim and unit assessments that are administered biweekly and quarterly.
Person responsible for monitoring outcome:	Adrienne Basden (adrienne.smoot@browardschools.com)
Evidence-based Strategy:	Tier 1 instruction: incorporating standards-aligned instructional units, skill-based instruction, and Teach Like A Strategy Techniques.
Rationale for Evidence-based Strategy:	This year, we are focused on increasing the effectiveness of Tier 1 instruction and closing the achievement gap by studying the text and incorporating the techniques discussed in the text Teach Like a Champion. Through a partnership with the Teacher Professional and Leadership Growth department (TPLG), our coaches and administrators are learning more about implementing high-quality tier 1 instructional units.

Action Steps to Implement

1. Utilizing the Uncommon standards-aligned units.
2. Weekly teacher planning with instructional coaches on implementing standards-aligned units.
3. Tier-II and Tier III instruction provided to students in small groups and Power Hour.
4. Assessment data will inform individual student instruction.

Person Responsible Adrienne Basden (adrienne.smoot@browardschools.com)

#2. ESSA Subgroup specifically relating to Students with Disabilities

Area of Focus	Based on 2019 FSA data and 2020 iReady Diagnostic data, Proficiency in ELA for SWDs is at 23%. Providing high-quality, rigorous standards-based instruction will positively impact student learning resulting in an increase in literacy skills and ELA achievement.
Description and Rationale:	
Measurable Outcome:	By June 2020, Students With Disabilities will score at or above 41% of the Federal Percent of Points Index (FPPI).
Monitoring:	SWD data from iReady winter diagnostic as well as additional interim and checkpoint assessments will be monitored and shared with the ESE and general education teachers. Updates will be made to instructional strategies and individual IEPs as needed.
Person responsible for monitoring outcome:	Camille Orr (camille.orr@browardschools.com)
Evidence-based Strategy:	Tier 1 instruction: incorporating standards-aligned instructional units, skill-based instruction, and Teach Like A Strategy Techniques.
Rationale for Evidence-based Strategy:	This year, the ESE Support Facilitator will participate in our school-wide focus on increasing the effectiveness of Tier 1 instruction and closing the achievement gap by studying the text and incorporating the techniques discussed in the text Teach Like a Champion. Through a partnership with the Teacher Professional and Leadership Growth department (TPLG), our coaches and administrators are learning more about implementing high-quality tier 1 instructional units.

Action Steps to Implement

1. Utilizing the Uncommon standards-aligned units.
2. Weekly teacher planning with instructional coaches on implementing standards-aligned units.
3. ESE facilitator planning weekly with classroom teachers. and instructional coaches
4. Tier-II and Tier III instruction provided to students in small groups and Power Hour.
5. Assessment data will inform individual student instruction.

Person Responsible Camille Orr (camille.orr@browardschools.com)

Additional Schoolwide Improvement Priorities

Using the [SafeSchoolsforAlex.org](https://www.safeschoolsforalex.org), compare the discipline data of the school to discipline data across the state and provide primary or secondary areas of concern that the school will monitor during the upcoming school year. Include how the school culture and environment will be monitored through the lens of behavior or discipline data.

A Positive School-Wide Behavior Plan will be implemented. All staff, students, and parents will be trained and made aware of the plan as well as provide input.

Part IV: Positive Culture & Environment

A positive school culture and environment reflects: a supportive and fulfilling environment, learning conditions that meet the needs of all students, people who are sure of their roles and relationships in student learning, and a culture that values trust, respect and high expectations. Consulting with various stakeholder groups to employ school improvement strategies that impact the positive school culture and environment are critical. Stakeholder groups more proximal to the school include teachers, students, and families of students, volunteers, and school board members. Broad stakeholder groups include early childhood providers, community colleges and universities, social services, and business partners.

Stakeholders play a key role in school performance and addressing equity. Consulting various stakeholder groups is critical in formulating a statement of vision, mission, values, goals, and employing school improvement strategies.

Describe how the school addresses building a positive school culture and environment.

Dillard Elementary will foster and build a positive school culture and environment by creating an environment where teachers, students, and parents feel genuinely supported. Some strategies that will be implemented are: respecting teacher's time by limiting the number of meetings that are held. This will leave more time for teachers to plan and collaborate with each other. Interruptions to the instructional day will be held to a minimum. Teachers will be provided with specific, timely, and relevant feedback and we will plan student and staff celebrations as well as implement a teacher recognition program.

Identify the stakeholders and their role in promoting a positive culture and environment at the school.

The administration team will spearhead monthly staff celebrations.

The instructional leadership team will spearhead student celebrations as well as family nights.

Part V: Budget

The approved budget does not reflect any amendments submitted for this project.

1	III.A.	Areas of Focus: Instructional Practice: ELA					\$5,493.00
	Function	Object	Budget Focus	Funding Source	FTE	2021-22	
		140-Substitute Teachers	0271 - Dillard Elementary School	Title, I Part A		\$5,493.00	
			Notes: Substitutes needed for ELA training				
2	III.A.	Areas of Focus: ESSA Subgroup: Students with Disabilities					\$0.00
Total:							\$5,493.00
