School Board Approval

This plan is pending approval by the Broward County School Board.

SIP Authority

Section 1001.42(18), Florida Statutes, requires district school boards to annually approve and require implementation of a Schoolwide Improvement Plan (SIP) for each school in the district that has a school grade of D or F. This plan is also a requirement for Targeted Support and Improvement (TS&I) and Comprehensive Support and Improvement (CS&I) schools pursuant to 1008.33 F.S. and the Every Student Succeeds Act (ESSA).

To be designated as TS&I, a school must have one or more ESSA subgroup(s) with a Federal Index below 41%. This plan shall be approved by the district. There are three ways a school can be designated as CS&I:

1. have a school grade of D or F
2. have a graduation rate of 67% or lower
3. have an overall Federal Index below 41%.

For these schools, the SIP shall be approved by the district as well as the Bureau of School Improvement.

The Florida Department of Education (FDOE) SIP template meets all statutory and rule requirements for traditional public schools and incorporates all components required for schools receiving Title I funds. This template is required by State Board of Education Rule 6A-1.099811, Florida Administrative Code, for all non-charter schools with a current grade of D or F, or a graduation rate 67% or less. Districts may opt to require a SIP using a template of its choosing for schools that do not fit the aforementioned conditions. This document was prepared by school and district leadership using the FDOE's school improvement planning web application located at www.floridacims.org.

Purpose and Outline of the SIP

The SIP is intended to be the primary artifact used by every school with stakeholders to review data, set goals, create an action plan and monitor progress. The Florida Department of Education encourages schools to use the SIP as a "living document" by continually updating, refining and using the plan to guide their work throughout the year. This printed version represents the SIP as of the "Date Modified" listed in the footer.

Part I: School Information

School Mission and Vision

Provide the school's mission statement.

Hollywood Park Elementary School's mission is to provide an environment that is conducive to collaboration and reflection, in order for all students to thrive in a global society.

Provide the school's vision statement.

Hollywood Park Elementary School's vision is a community where all children feel loved, respected and encouraged to develop to their fullest potential as lifelong learners.

School Leadership Team

Membership

Identify the name, email address, position title, and job duties/responsibilities for each member of the school leadership team.:

| Name | Position Title | Job Duties and Responsibilities |
|------------------|---------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Menendez, Mari | Principal | Provides strategic direction related to process, policies and procedures in the school. Responsible for the safety and security of the campus including, monitoring the effective implementation of curriculum, student achievement and growth, hiring and retention of staff, balancing of school budget and overseeing the daily operations of the school. |
| Lindsay, Antonio | Assistant Principal | Assists principal in overseeing school campus and staff |
| Darley, Sara | Math Coach | Provides instructional support for teachers and students |
| Damas, Jennifer | Reading Coach | Provides instructional support for teachers and students |

Demographic Information

Principal start date

Wednesday 1/20/2016, Mari Menendez

Number of teachers with a 2019 3-year aggregate or a 1-year Algebra state VAM rating of Highly Effective. *Note: For UniSIG Supplemental Teacher Allocation, teachers must have at least 10 student assessments.*

3

Number of teachers with a 2019 3-year aggregate or a 1-year Algebra state VAM rating of Effective. *Note: For UniSIG Supplemental Teacher Allocation, teachers must have at least 10 student assessments.*

24

Total number of teacher positions allocated to the school

27

Total number of students enrolled at the school

382

Identify the number of instructional staff who left the school during the 2020-21 school year.

3

Identify the number of instructional staff who joined the school during the 2021-22 school year.

1

Demographic Data

Early Warning Systems

2021-22

The number of students by grade level that exhibit each early warning indicator listed:

| Indicator | Grade Level | | | | | | | | | | | | | Total |
|----------------------------------------------------------|-------------|----|----|----|----|----|---|---|---|---|----|----|----|-------|
| | K | 1 | 2 | 3 | 4 | 5 | 6 | 7 | 8 | 9 | 10 | 11 | 12 | |
| Number of students enrolled | 44 | 50 | 69 | 70 | 62 | 62 | 0 | 0 | 0 | 0 | 0 | 0 | 0 | 357 |
| Attendance below 90 percent | 15 | 16 | 20 | 13 | 12 | 11 | 0 | 0 | 0 | 0 | 0 | 0 | 0 | 87 |
| One or more suspensions | 0 | 0 | 0 | 0 | 0 | 0 | 0 | 0 | 0 | 0 | 0 | 0 | 0 | |
| Course failure in ELA | 0 | 0 | 0 | 0 | 0 | 0 | 0 | 0 | 0 | 0 | 0 | 0 | 0 | |
| Course failure in Math | 0 | 0 | 0 | 0 | 0 | 0 | 0 | 0 | 0 | 0 | 0 | 0 | 0 | |
| Level 1 on 2019 statewide FSA ELA assessment | 0 | 0 | 0 | 10 | 11 | 16 | 0 | 0 | 0 | 0 | 0 | 0 | 0 | 37 |
| Level 1 on 2019 statewide FSA Math assessment | 0 | 0 | 0 | 12 | 16 | 28 | 0 | 0 | 0 | 0 | 0 | 0 | 0 | 56 |
| Number of students with a substantial reading deficiency | 0 | 10 | 38 | 43 | 31 | 31 | 0 | 0 | 0 | 0 | 0 | 0 | 0 | 153 |

The number of students with two or more early warning indicators:

| Indicator | Grade Level | | | | | | | | | | | | | Total |
|--------------------------------------|-------------|---|---|----|----|----|---|---|---|---|----|----|----|-------|
| | K | 1 | 2 | 3 | 4 | 5 | 6 | 7 | 8 | 9 | 10 | 11 | 12 | |
| Students with two or more indicators | 0 | 0 | 0 | 10 | 11 | 16 | 0 | 0 | 0 | 0 | 0 | 0 | 0 | 37 |

The number of students identified as retainees:

| Indicator | Grade Level | | | | | | | | | | | | | Total |
|-------------------------------------|-------------|---|---|---|---|---|---|---|---|---|----|----|----|-------|
| | K | 1 | 2 | 3 | 4 | 5 | 6 | 7 | 8 | 9 | 10 | 11 | 12 | |
| Retained Students: Current Year | 0 | 0 | 0 | 0 | 0 | 0 | 0 | 0 | 0 | 0 | 0 | 0 | 0 | |
| Students retained two or more times | 0 | 0 | 0 | 0 | 0 | 0 | 0 | 0 | 0 | 0 | 0 | 0 | 0 | |

Date this data was collected or last updated

Friday 9/24/2021

2020-21 - As Reported

The number of students by grade level that exhibit each early warning indicator:

| Indicator | Grade Level | Total |
|-----------------------------------------------|-------------|-------|
| Number of students enrolled | | |
| Attendance below 90 percent | | |
| One or more suspensions | | |
| Course failure in ELA | | |
| Course failure in Math | | |
| Level 1 on 2019 statewide FSA ELA assessment | | |
| Level 1 on 2019 statewide FSA Math assessment | | |

The number of students with two or more early warning indicators:

| Indicator | Grade Level | Total |
|--------------------------------------|-------------|-------|
| Students with two or more indicators | | |

The number of students identified as retainees:

| Indicator | Grade Level | Total |
|-------------------------------------|-------------|-------|
| Retained Students: Current Year | | |
| Students retained two or more times | | |

2020-21 - Updated

The number of students by grade level that exhibit each early warning indicator:

Analysis

Data Analysis

Answer the following analysis questions using the progress monitoring data and state assessment data, if applicable.

What trends emerge across grade levels, subgroups and core content areas?

Historically, our subgroups such as Students with Disabilities and English Language Learners do not perform as well on progress monitoring assessments and the Florida Standards Assessment. In addition, our fifth graders struggle to perform above 50% proficiency on the Science Standards Assessment.

What data components, based off progress monitoring and 2019 state assessments, demonstrate the greatest need for improvement?

The areas in greatest need of improvement based on the 2019 FSA are ELA achievement, ELA lowest quartile learning gains, and Science achievement.

What were the contributing factors to this need for improvement? What new actions would need to be taken to address this need for improvement?

Some factors that contribute to the need for improvement include student attendance and parent involvement. To address these needs, we are developing interventions to address the alterable barriers such as implementing attendance incentive programs and implementing our Parent & Family Engagement Plan.

What data components, based off progress monitoring and 2019 state assessments, showed the most improvement?

The areas that showed the most improvement on the 2019 assessments include Math achievement and Math learning gains.

What were the contributing factors to this improvement? What new actions did your school take in this area?

The contributing factors include conceptual-based instruction using manipulatives and student response boards. Our school facilitated various professional development opportunities to effectively implement these changes in instruction.

What strategies will need to be implemented in order to accelerate learning?

In order to accelerate learning, teachers need to address unfinished learning due to the pandemic. In addition, teachers need to continue providing effective instruction and differentiating to meet students' individual needs.

Based on the contributing factors and strategies identified to accelerate learning, describe the professional development opportunities that will be provided at the school to support teachers and leaders.

Some professional development opportunities that will be provided including a FSA-based writing PD, using response boards to provide immediate and specific feedback, and effective standard-based instructional strategies. Additional professional development will be provided in the area of ELA & Math focused on the effective components of a Math block and quality small group reading instruction using our newly adopted series.

Provide a description of the additional services that will be implemented to ensure sustainability of improvement in the next year and beyond.

In addition to professional development, the instructional coaches will be modeling and providing support for all K-5 teachers, as well as facilitating PLCs.

Part III: Planning for Improvement

Areas of Focus:

#1. Instructional Practice specifically relating to ELA

Area of Focus
Description and Rationale: Based on 2020-2021 FSA data in English Language Arts our fifth-grade students performed the lowest. This grade level scored 47% proficient in ELA. This was the only grade level that scored below 50% proficiency.

Measurable Outcome: By June 2022, our students in 5th grade will increase their reading proficiency from 47% to 55%, as measured by the FSA.

Monitoring: To monitor this Area of Focus, we will use the I-Ready Diagnostic assessment 3 times throughout the year. In addition, we will use I-Ready Mastery Checks and standard-based assessments as more frequent formative assessments to monitor students' progress.

Person responsible for monitoring outcome: Mari Menendez (mari.menendez@browardschools.com)

Evidence-based Strategy: To address this Area of Focus, we are implementing PLCs to share best practices with fifth grade teachers, standard-based instruction, small-group guided reading, one-on-one conferencing and goal setting with students, backwards planning, and data analysis. We also service these students through our ESE Support Facilitator, who aligns IEP Goals with students' grade-level needs and implements standard-based instruction in both pull-out groups and push-in to team teach with teachers. In addition, students reading below grade level are placed in an intervention and receive LLI daily and their response to intervention is monitored through RtI.

Rationale for Evidence-based Strategy: We chose these specific strategies because they have proven to be effective in the past. The year we were a B in 2019, these were the strategies that we implemented and saw success from in ELA.

Action Steps to Implement

- Modeling best practices during PLCs
- Backwards planning with instructional staff
- One-on-one conferencing
- Goal setting with students and teachers
- Standards based professional learning and planning.

Person Responsible Jennifer Damas (jennifer.damas@browardschools.com)

- Facilitating data analysis during PLCs
- Standard-based instruction through both pull-out and push-in groups.
- Team teach with teachers.
- Monitor and track student growth.

Person Responsible Sara Darley (sara.darley@browardschools.com)

Additional Schoolwide Improvement Priorities

Using the [SafeSchoolsforAlex.org](https://www.safeschoolsforalex.org), compare the discipline data of the school to discipline data across the state and provide primary or secondary areas of concern that the school will monitor during the upcoming school year. Include how the school culture and environment will be monitored through the lens of behavior or discipline data.

Hollywood Park Elementary ranked #65 out of 116 elementary schools in Broward County and fell into the moderate category based on our number of incidents. Our incident data was lower than the state average. The school culture and environment will be monitored through our Schoolwide Positive Behavior Plan and implementation of CHAMPs to create a positive school culture.

Part IV: Positive Culture & Environment

A positive school culture and environment reflects: a supportive and fulfilling environment, learning conditions that meet the needs of all students, people who are sure of their roles and relationships in student learning, and a culture that values trust, respect and high expectations. Consulting with various stakeholder groups to employ school improvement strategies that impact the positive school culture and environment are critical. Stakeholder groups more proximal to the school include teachers, students, and families of students, volunteers, and school board members. Broad stakeholder groups include early childhood providers, community colleges and universities, social services, and business partners.

Stakeholders play a key role in school performance and addressing equity. Consulting various stakeholder groups is critical in formulating a statement of vision, mission, values, goals, and employing school improvement strategies.

Describe how the school addresses building a positive school culture and environment.

Hollywood Park Elementary builds a positive school culture and environment through our implementation of CHAMPs and our SPBP. This positive behavior system focuses on positive behaviors rather than negative. We use CHAMPs schoolwide, to minimize behavior incidents both in and out of the classroom. This is also a part of our Schoolwide Positive Behavior plan, which we develop with various stakeholders and share at School Advisory Council meetings. We also work with the Boys & Girls Club to maximize positive behaviors for our students who attend their afterschool program.

Identify the stakeholders and their role in promoting a positive culture and environment at the school.

The stakeholders primarily responsible for promoting a positive culture and environment at our school are our school staff. On a day-to-day basis, our school staff implements the components of our SPBP and CHAMPs. This helps to promote a positive school culture and minimize behavior incidents in and out of the classroom. In addition to our school staff, the parents and community partners are also a part of promoting a positive school culture, as they are a part of SAC and SAF meetings, as well as family events at the school.

Part V: Budget

The approved budget does not reflect any amendments submitted for this project.
