Demographics

Principal: Jacqueline Carro

Start Date for this Principal: 9/27/2015

2019-20 Status (per MSID File)	Active
School Type and Grades Served (per MSID File)	Elementary School PK-5
Primary Service Type (per MSID File)	K-12 General Education
2020-21 Title I School	Yes
2020-21 Economically Disadvantaged (FRL) Rate (as reported on Survey 3)	98%
2020-21 ESSA Subgroups Represented (subgroups with 10 or more students) (subgroups below the federal threshold are identified with an asterisk)	Students With Disabilities* English Language Learners Asian Students Black/African American Students Hispanic Students White Students Economically Disadvantaged Students
School Grades History	2018-19: B (61%) 2017-18: B (56%) 2016-17: C (52%)
2019-20 School Improvement (SI) Information*	
SI Region	Southeast
Regional Executive Director	LaShawn Russ-Porterfield
Turnaround Option/Cycle	N/A
Year	
Support Tier	
ESSA Status	

* As defined under Rule 6A-1.099811, Florida Administrative Code. For more information, [click here](#).

School Board Approval

This plan is pending approval by the Broward County School Board.

SIP Authority

Section 1001.42(18), Florida Statutes, requires district school boards to annually approve and require implementation of a Schoolwide Improvement Plan (SIP) for each school in the district that has a school grade of D or F. This plan is also a requirement for Targeted Support and Improvement (TS&I) and Comprehensive Support and Improvement (CS&I) schools pursuant to 1008.33 F.S. and the Every Student Succeeds Act (ESSA).

To be designated as TS&I, a school must have one or more ESSA subgroup(s) with a Federal Index below 41%. This plan shall be approved by the district. There are three ways a school can be designated as CS&I:

1. have a school grade of D or F
2. have a graduation rate of 67% or lower
3. have an overall Federal Index below 41%.

For these schools, the SIP shall be approved by the district as well as the Bureau of School Improvement.

The Florida Department of Education (FDOE) SIP template meets all statutory and rule requirements for traditional public schools and incorporates all components required for schools receiving Title I funds. This template is required by State Board of Education Rule 6A-1.099811, Florida Administrative Code, for all non-charter schools with a current grade of D or F, or a graduation rate 67% or less. Districts may opt to require a SIP using a template of its choosing for schools that do not fit the aforementioned conditions. This document was prepared by school and district leadership using the FDOE's school improvement planning web application located at www.floridacims.org.

Purpose and Outline of the SIP

The SIP is intended to be the primary artifact used by every school with stakeholders to review data, set goals, create an action plan and monitor progress. The Florida Department of Education encourages schools to use the SIP as a "living document" by continually updating, refining and using the plan to guide their work throughout the year. This printed version represents the SIP as of the "Date Modified" listed in the footer.

Part I: School Information

School Mission and Vision

Provide the school's mission statement.

The mission of Sheridan Park Elementary is to facilitate the development of lifelong learning in our students by providing a foundation of academic and social skills for the 21st century.

Provide the school's vision statement.

Preparing today's students to be tomorrow's leaders.

School Leadership Team

Membership

Identify the name, email address, position title, and job duties/responsibilities for each member of the school leadership team.:

Name	Position Title	Job Duties and Responsibilities
Carro, Jacqueline	Principal	Oversees daily activities and operations of the school.
Arden, Kathleen	Reading Coach	Oversees school's literacy program, RTI, PLC
Aziz-Prescott, Juliana	Instructional Coach	Oversees Autism Special Program
Linares-Colon, Delcarmen	Math Coach	Oversee school's math program, ESOL contact

Demographic Information

Principal start date

Sunday 9/27/2015, Jacqueline Carro

Number of teachers with a 2019 3-year aggregate or a 1-year Algebra state VAM rating of Highly Effective. *Note: For UniSIG Supplemental Teacher Allocation, teachers must have at least 10 student assessments.*

2

Number of teachers with a 2019 3-year aggregate or a 1-year Algebra state VAM rating of Effective. *Note: For UniSIG Supplemental Teacher Allocation, teachers must have at least 10 student assessments.*

7

Total number of teacher positions allocated to the school

34

Total number of students enrolled at the school

565

Identify the number of instructional staff who left the school during the 2020-21 school year.

4

Identify the number of instructional staff who joined the school during the 2021-22 school year.

3

Demographic Data

Early Warning Systems

2021-22

The number of students by grade level that exhibit each early warning indicator listed:

Indicator	Grade Level													Total
	K	1	2	3	4	5	6	7	8	9	10	11	12	
Number of students enrolled	92	87	114	103	102	110	0	0	0	0	0	0	0	608
Attendance below 90 percent	32	13	20	14	19	13	0	0	0	0	0	0	0	111
One or more suspensions	1	0	0	0	2	1	0	0	0	0	0	0	0	4
Course failure in ELA	0	0	0	0	0	0	0	0	0	0	0	0	0	
Course failure in Math	0	0	0	0	0	0	0	0	0	0	0	0	0	
Level 1 on 2019 statewide FSA ELA assessment	0	0	0	0	8	18	0	0	0	0	0	0	0	26
Level 1 on 2019 statewide FSA Math assessment	0	0	0	0	4	16	0	0	0	0	0	0	0	20
Number of students with a substantial reading deficiency	3	13	28	18	21	10	0	0	0	0	0	0	0	93

The number of students with two or more early warning indicators:

Indicator	Grade Level													Total
	K	1	2	3	4	5	6	7	8	9	10	11	12	
Students with two or more indicators	5	7	10	8	12	17	0	0	0	0	0	0	0	59

The number of students identified as retainees:

Indicator	Grade Level													Total

Analysis

Data Analysis

Answer the following analysis questions using the progress monitoring data and state assessment data, if applicable.

What trends emerge across grade levels, subgroups and core content areas?

The common trend that emerges in ELA for this school year across grade levels is that students with disabilities and our students in the lowest quartile were making progress and learning gains; however the 2021 school year shows that these students scored below grade level and did not make learning gains.

What data components, based off progress monitoring and 2019 state assessments, demonstrate the greatest need for improvement?

The data components that indicate the greatest need for improvement are the achievement levels in ELA across all grade levels and all subgroups.

What were the contributing factors to this need for improvement? What new actions would need to be taken to address this need for improvement?

Contributing factors that led to this need for improvement were the hybrid learning model and lack of student attendance and participation.

The new actions would be to continue to monitor student attendance during face to face learning. Also, ensuring that new adopted reading series is being implemented, and reading interventions using evidence-based strategies is occurring daily.

What data components, based off progress monitoring and 2019 state assessments, showed the most improvement?

The data components that indicate the greatest area of improvement are the achievement levels in the subgroup of SWD in the area of math.

What were the contributing factors to this improvement? What new actions did your school take in this area?

Contributing factors that led to this improvement include adding math IEP goals, mainstreaming in the areas of math for students with autism, and offering extended learning opportunities in the mornings and afternoons for our students needing remediation beyond the classroom setting. The new actions would be to continue these practices along with utilizing the ESSR position support.

What strategies will need to be implemented in order to accelerate learning?

Strategies that will need to be implemented include the following:

- * small group instruction for remediation conducted with fidelity and using evidence-based practices
- * utilizing the ESSR reading position to target students showing a substantial reading deficiency
- * provide extended learning opportunities earlier in the school year and to include all grade levels
- * continue to monitor student data based on BAS running records, i-Ready Diagnostic and weekly reading lessons, teacher observations
- * conduct weekly RTI meetings and monitor the progress of Tier2/Tier 3 students; ensuring that interventions match student needs and are evidence based

Based on the contributing factors and strategies identified to accelerate learning, describe the professional development opportunities that will be provided at the school to support teachers and leaders.

Professional development opportunities will be offered both on the district and school level. Primary and Intermediate grades will be offered professional development on the Benchmark Advanced Reading Series and BEST Standards given by the Elementary Learning Department. Teachers will also have opportunities to participate in district trainings on intervention strategies given by the Literacy Department on Heggerty Phonemic Awareness, Leveled Literacy Interventions and Reading Horizons.

These district trainings will be supported on the school level by the literacy coach who will conduct voluntary trainings monthly and visiting and observing classrooms.

For math, professional development is offered by the Math Department on BEST Standards and the GAP Analysis of the MAFS and BEST Standards. The math coach will support these trainings by conducting voluntary monthly meetings and visiting and observing classrooms.

Provide a description of the additional services that will be implemented to ensure sustainability of improvement in the next year and beyond.

Additional services that will be implemented to ensure sustainability of improvement in the next year and beyond will be:

- * Support staff will provide guidance and assistance to all teachers as needed
- * Guidance counselor will provide SEL lessons and resources
- * Principal will continue to meet with teachers and address classroom needs of students

Part III: Planning for Improvement

Areas of Focus:

#1. Instructional Practice specifically relating to ELA

Area of Focus Description and Rationale: After reviewing the school's data based on i-Ready and FSA scores from 2021, the area of ELA was chosen.

Measurable Outcome: By May of 2022, 52% of our third, fourth, and fifth graders will score proficient on the Spring 2022 FSA ELA assessment.

This area of focus(ELA), will be monitored in the following ways:

- * i-Ready Diagnostic
- * i-Ready Lessons
- * Administration of the Benchmark Assessment for AP2 and AP3
- * Data chats with grade levels
- * Monitoring of Tier 2 and Tier 3 students in the RTI process
- * Unit Assessments from Benchmark Advanced

Person responsible for monitoring outcome: Jacqueline Carro (jacqueline.carro@browardschools.com)

Evidence-based Strategy: The evidence-based strategy that will be implemented for this area of focus will be to deliver reading instruction using an explicit and systematic approach. This will include all the areas of reading: phonemic awareness, phonics, fluency, vocabulary, and comprehension. These practices will be utilized in both whole group and differentiated small group instruction. Students will be screened using diagnostic assessments and progress monitored. The strategies will be utilized using resources from Benchmark Advance Reading Series, Leveled Literacy Instruction, Reading Horizons, and Foundations/Wilson.

Rationale for Evidence-based Strategy: The rationale for selecting these specific strategies is that these are evidence-based strategies as outlined in the Broward County K-12 Reading Plan.

Action Steps to Implement

* Screening and identifying students using the Benchmark Assessment AP1, i-Ready Diagnostic, and 2021 FSA scores

Person Responsible Kathleen Arden (kathleen.arden@browardschools.com)

* Use data collected to determine the specific interventions needed for identified students and progress monitor these students through the MTSS/RTI process.

Person Responsible Kathleen Arden (kathleen.arden@browardschools.com)

* Provide resources to teachers for screening, diagnosing, and progress monitoring.

Person Responsible Kathleen Arden (kathleen.arden@browardschools.com)

* Monitor teacher classrooms to ensure that these practices are being implemented with fidelity.

Person Responsible Jacqueline Carro (jacqueline.carro@browardschools.com)

#2. Instructional Practice specifically relating to Math

Area of Focus Description and Rationale: After reviewing our i-Ready Diagnostic and Math 2021 FSA Scores an additional area of focus will be in the area of math.

Measurable Outcome: By May of 2022, 52% of third, fourth, fifth graders will score proficient or above on the 2022 Math FSA assessment.

Monitoring: This area of focus will be monitored by the following:
 * i-Ready Diagnostics
 * i-Ready Lessons
 * Go Math Chapter Tests
 * Small group instruction
 * Data Chats
 * Use of evidence based interventions for math students in Tier 2 and Tier 3 in the MTSS/RTI process

Person responsible for monitoring outcome: Delcarmen Linares-Colon (delcarmen.linares@browardschools.com)

Evidence-based Strategy: The evidence based strategy that will be implemented in this area of focus will be to teach the seven mathematical thinking and reasoning standards in an explicit and systematic manner.

Rationale for Evidence-based Strategy: The MAFS and BEST Standards are both based on students being able to fluently solve computational math problems and then use mathematical reasoning to apply this knowledge to solve word problems.

Action Steps to Implement

* Screening and identifying students using the GO Chapter Tests, i-Ready Diagnostic, and 2021 FSA scores

Person Responsible Delcarmen Linares-Colon (delcarmen.linares@browardschools.com)

* Use data collected to determine the specific interventions needed for identified students and progress monitor these students through the MTSS/RTI process.

Person Responsible Delcarmen Linares-Colon (delcarmen.linares@browardschools.com)

* Provide resources to teachers for screening, diagnosing, and progress monitoring.

Person Responsible Delcarmen Linares-Colon (delcarmen.linares@browardschools.com)

* Monitor teacher classrooms to ensure that these practices are being implemented with fidelity.

Person Responsible Jacqueline Carro (jacqueline.carro@browardschools.com)

Additional Schoolwide Improvement Priorities

Using the [SafeSchoolsforAlex.org](https://www.safeschoolsforalex.org), compare the discipline data of the school to discipline data across the state and provide primary or secondary areas of concern that the school will monitor during the upcoming school year. Include how the school culture and environment will be monitored through the lens of behavior or discipline data.

After reviewing our school discipline data to the data across the state our incidents were very low. The primary concern that will monitor this school year will be property incidents which has been identified as computers being issued to students last school year for hybrid learning. The school culture and environment will be monitored by using a collection of discipline data on this type of incident.

Part IV: Positive Culture & Environment

A positive school culture and environment reflects: a supportive and fulfilling environment, learning conditions that meet the needs of all students, people who are sure of their roles and relationships in student learning, and a culture that values trust, respect and high expectations. Consulting with various stakeholder groups to employ school improvement strategies that impact the positive school culture and environment are critical. Stakeholder groups more proximal to the school include teachers, students, and families of students, volunteers, and school board members. Broad stakeholder groups include early childhood providers, community colleges and universities, social services, and business partners.

Stakeholders play a key role in school performance and addressing equity. Consulting various stakeholder groups is critical in formulating a statement of vision, mission, values, goals, and employing school improvement strategies.

Describe how the school addresses building a positive school culture and environment.

The school addresses building a positive school culture and environment by implementing a school wide behavior plan that focuses on reinforcing positive behaviors. Classroom teachers are also implementing 10 minutes daily of SEL lessons.

Identify the stakeholders and their role in promoting a positive culture and environment at the school.

The stakeholders and their roles in promoting a positive culture and environment at the school are the following:

Leadership- ensures that all stakeholders are aware of the schoolwide positive behavior plan

Teachers- are implementing the schoolwide positive behavior plan

Students- are aware of the schoolwide positive behavior plan and follow the rules and procedures of the school and classrooms

Parents- are aware of the behavior plan and reinforce expected behaviors with their child

Business Partners- provide incentives and rewards to be used for reinforcing student behavior and to boost teacher morale

Part V: Budget

The approved budget does not reflect any amendments submitted for this project.

1	III.A.	Areas of Focus: Instructional Practice: ELA				\$60,400.00
	Function	Object	Budget Focus	Funding Source	FTE	2021-22
	3336		1321 - Sheridan Park Elementary Schl	Title, I Part A		\$7,600.00
			<i>Notes: iReady Teacher Toolbox for remediation materials for teachers to utilize with teachers during small group instruction as well as during ELO camps</i>			
	5000		1321 - Sheridan Park Elementary Schl	Other		\$47,800.00
			<i>Notes: Instructional support teachers hired using ESSER funds to remediate students.</i>			
	5000		1321 - Sheridan Park Elementary Schl	Other Federal		\$5,000.00
			<i>Notes: Funding for ELO camps for students needing additional remediation beyond the school day.</i>			
2	III.A.	Areas of Focus: Instructional Practice: Math				\$52,800.00
	Function	Object	Budget Focus	Funding Source	FTE	2021-22
