School Board Approval

This plan is pending approval by the Broward County School Board.

Last Modified: 4/27/2024 https://www.floridacims.org Page 3 of 18

SIP Authority

Section 1001.42(18), Florida Statutes, requires district school boards to annually approve and require implementation of a Schoolwide Improvement Plan (SIP) for each school in the district that has a school grade of D or F. This plan is also a requirement for Targeted Support and Improvement (TS&I) and Comprehensive Support and Improvement (CS&I) schools pursuant to 1008.33 F.S. and the Every Student Succeeds Act (ESSA).

To be designated as TS&I, a school must have one or more ESSA subgroup(s) with a Federal Index below 41%. This plan shall be approved by the district. There are three ways a school can be designated as CS&I:

- have a school grade of D or F
- 2. have a graduation rate of 67% or lower
- 3. have an overall Federal Index below 41%.

For these schools, the SIP shall be approved by the district as well as the Bureau of School Improvement.

The Florida Department of Education (FDOE) SIP template meets all statutory and rule requirements for traditional public schools and incorporates all components required for schools receiving Title I funds. This template is required by State Board of Education Rule 6A-1.099811, Florida Administrative Code, for all non-charter schools with a current grade of D or F, or a graduation rate 67% or less. Districts may opt to require a SIP using a template of its choosing for schools that do not fit the aforementioned conditions. This document was prepared by school and district leadership using the FDOE's school improvement planning web application located at www.floridacims.org.

Purpose and Outline of the SIP

The SIP is intended to be the primary artifact used by every school with stakeholders to review data, set goals, create an action plan and monitor progress. The Florida Department of Education encourages schools to use the SIP as a "living document" by continually updating, refining and using the plan to guide their work throughout the year. This printed version represents the SIP as of the "Date Modified" listed in the footer.

Part I: School Information

School Mission and Vision

Provide the school's mission statement.

The mission of Sunland Park Elementary School is to make a difference in the lives of students by providing

learning experiences and opportunities for them to achieve high levels of academic performance. Through

fostering positive growth in social, emotional, and work behaviors, students will be able to learn the necessary

skills to become successful adults in the workplace

Provide the school's vision statement.

Sunland Park Academy's vision is to provide a quality prescriptive social and academic education so that all students are able to reach their full potential within a caring, secure environment.

School Leadership Team

Membership

Identify the name, email address, position title, and job duties/responsibilities for each member of the school leadership team.:

| Name | Position Title | Job Duties and Responsibilities |
|------------------------|------------------------|---|
| Ragin, Nikia | Principal | Provide instructional vision for all educational programs to increase student achievement as well as progress monitor the growth and success of all students. |
| Kassim, Helen | Assistant Principal | Assist in providing instructional vision for all educational programs for increasing student achievement as well as progress monitoring the growth and success of all students. |
| Tibble, Cara | Teacher, PreK | Provide coaching opportunities and assist with curriculum development for teachers assigned to their departments/teams. |
| Davis, Nicole | Reading Coach | Provide coaching opportunities and assist with curriculum development for teachers assigned to their departments/teams. |
| Bennett, Raymond | Teacher, K-12 | Provide coaching opportunities and assist with curriculum development for teachers assigned to their departments/teams. |
| Watson, Josephine | Teacher, K-12 | Provide coaching opportunities and assist with curriculum development for teachers assigned to their departments/teams. |
| Alouidor, Alexandra | Teacher, ESE | Sustains or improves students achievement by developing IEPs and by promoting a culture of learning to include all stakeholders. |

Demographic Information

Principal start date

Wednesday 7/21/2021, Nikia Ragin

Number of teachers with a 2019 3-year aggregate or a 1-year Algebra state VAM rating of Highly Effective. Note: For UniSIG Supplemental Teacher Allocation, teachers must have at least 10 student assessments.

24

Number of teachers with a 2019 3-year aggregate or a 1-year Algebra state VAM rating of Effective. Note: For UniSIG Supplemental Teacher Allocation, teachers must have at least 10 student assessments.

10

Total number of teacher positions allocated to the school

27

Total number of students enrolled at the school

398

Identify the number of instructional staff who left the school during the 2020-21 school year.

3

Identify the number of instructional staff who joined the school during the 2021-22 school year.

Demographic Data

Early Warning Systems

2021-22

The number of students by grade level that exhibit each early warning indicator listed:

| Indicator | Grade Level | | | | | | | | | | | | | Total |

Analysis

Data Analysis

Answer the following analysis questions using the progress monitoring data and state assessment data, if applicable.

What trends emerge across grade levels, subgroups and core content areas?

The data shows an increase in Math achievement and a slight increase in ELA achievement. The data also shows that Sunland Park Academy performed high in Math and performed relative the same in ELA in comparison to that of the district and the state achievement percentages.

What data components, based off progress monitoring and 2019 state assessments, demonstrate the greatest need for improvement?

Based on the progress monitoring and 2019 state assessment, the data components revealed ELA achievement to be the greatest need for improvement. The ELA achievement was a 52% in 2018 and increase 2% in 2019. With a slight increase in ELA achievement there is a need to continue this improvement.

What were the contributing factors to this need for improvement? What new actions would need to be taken to address this need for improvement?

The contributing factors that contributed to the needs of improvement in ELA were the instructional ability to align ELA lesson and activities to grade level standards, strategically addressing learning gaps through remediation and the ability to make data driven decision. Providing standards-based data driven instruction will need to take place to address this need for improvement.

What data components, based off progress monitoring and 2019 state assessments, showed the most improvement?

Based on the progress monitoring and 2019 state assessment, the data components revealed Math achievement to have shown the most improvement. The Math achievement increased from a 61% in 2018 to a 73% in 2019. This increase of 12% showed a great improvement in Math.

What were the contributing factors to this improvement? What new actions did your school take in this area?

The contributing factors that contributed to the needs of improvement in Math were the instructional ability to provide small group remediation and enrichment and differentiated lessons and activities. Providing the students with mathematical fluency components is an area we incorporated to continue this increase in improvement.

What strategies will need to be implemented in order to accelerate learning?

To accelerate learning some strategies that will need to be implemented are common formative assessments as well as providing teachers will professional learning focused on standards-based data driven instruction and standards based differentiated instruction and assignments.

Based on the contributing factors and strategies identified to accelerate learning, describe the professional development opportunities that will be provided at the school to support teachers and leaders.

Teacher and leaders will engage in on-going professional development focused on the data needs of the students as well as ongoing data chats to conduct data driven decision and instruction.

Provide a description of the additional services that will be implemented to ensure sustainability of improvement in the next year and beyond.

Services that will be implemented to ensure sustainability or improvement in the next year and beyond are:

- 1. Standards-based quality Tier 1 instructions
- 2. Standards-based differentiated instructions
- 3. Remediation, enrichment and fluency lessons and activities
- 4. ELO camps
- 5. Parental and community involvement

Part III: Planning for Improvement

Areas of Focus:

#1. Instructional Practice specifically relating to ELA

Area of

Focus The results from the 2020-2021 Florida Standards Assessment (FSA) revealed that 60% of our 3rd grade students scored below a level 3 on the statewide English Language Arts Description

(ELA) assessment. and

Rationale:

Measurable By June 2022, we will increase student proficiency in ELA from 40% to 50%. Outcome:

To progress monitor student achievement, we will utilize the iReady checkpoint 1,

Monitoring: checkpoint 2 and

checkpoint 3 diagnostics.

Person responsible

for Nikia Ragin (nikia.ragin@browardschools.com)

monitoring outcome:

To improve the academic performance of students, Sunland Park Academy will follow the

BEST Blueprint

Evidencebased Strategy:

by provide school level assessments for continual data collection, use the CARE cycle to streamline instruction and remediate students, conduct team and administrative data chats, conduct grade level PLCs and use the Rtl system to provide appropriate interventions,

monitor attendance, identify struggling students and reasons for low performance.

Rationale

for Evidencebased

The BEST Blueprint strategy was selected because provides a strategic approach to addressing our ELA area of focus while also building capacity and supporting our Broward County Public School's system mission and vision of ensure all students are success and

college and career readv. Strategy:

Action Steps to Implement

provide common formative and summative assessment checkpoint 1, checkpoint 2 and checkpoint 3 diagnostics, ongoing data chats, intervention block, response to intervention and instructional scheduling.

Person

Nicole Davis (nicoledavis@browardschools.com) Responsible

#2. Other specifically relating to Students with Disabilities

Area of

and

Focus
Description

The data trends from 2018 and 2019 revealed Students With Disabilities (SWD) are performing lower then their peers thus presenting an area of concern and focus.

Rationale:

Measurable

By June 2022, we will increase student proficiency in ELA from 40% to 50% and SWD will

Outcome: increase by 5%.

To progress monitor student achievement, we will utilize the iReady checkpoint 1,

Monitoring: checkpoint 2 and

checkpoint 3 diagnostics.

Additional Schoolwide Improvement Priorities

Using the <u>SafeSchoolsforAlex.org</u>, compare the discipline data of the school to discipline data across the state and provide primary or secondary areas of concern that the school will monitor during the upcoming school year. Include how the school culture and environment will be monitored through the lens of behavior or discipline data.

Based on the 2019-2020 Florida School Safety dashboard, the discipline data revealed fighting to be Sunland Park Academy a primary area of concern. We will implement a positive behavior plan and will monitor during the upcoming school year.

Part IV: Positive Culture & Environment

A positive school culture and environment reflects: a supportive and fulfilling environment, learning conditions that meet the needs of all students, people who are sure of their roles and relationships in student learning, and a culture that values trust, respect and high expectations. Consulting with various stakeholder groups to employ school improvement strategies that impact the positive school culture and environment are critical. Stakeholder groups more proximal to the school include teachers, students, and families of students, volunteers, and school board members. Broad stakeholder groups include early childhood providers, community colleges and universities, social services, and business partners.

Stakeholders play a key role in school performance and addressing equity. Consulting various stakeholder groups is critical in formulating a statement of vision, mission, values, goals, and employing school improvement strategies.

Describe how the school addresses building a positive school culture and environment.

Sunland Park Academy will implement and utilize strategies to sustain and improve a positive school culture and environment. These strategies include our Character Trait Education, our Social Emotional Learning lesson and programs as well as keeping an open door communication forum with all stakeholders.

Identify the stakeholders and their role in promoting a positive culture and environment at the school.

Sunland Park Academy's stakeholders include students, staff and community members. A representative from each stakeholders are a part of the school's School Advisory Council (SAC) composition. In addition to Sunland Park Academy's SAC we also support our School Advisory Forum (SAF). During our SAC and SAF meetings stakeholders collaborate and discuss strategies to support the vision and mission of the school for promoting a positive culture and environment.

Part V: Budget

The approved budget does not reflect any amendments submitted for this project.
