## School Board Approval

This plan is pending approval by the Hernando County School Board.

## SIP Authority

Section 1001.42(18), Florida Statutes, requires district school boards to annually approve and require implementation of a Schoolwide Improvement Plan (SIP) for each school in the district that has a school grade of D or F. This plan is also a requirement for Targeted Support and Improvement (TS&I) and Comprehensive Support and Improvement (CS&I) schools pursuant to 1008.33 F.S. and the Every Student Succeeds Act (ESSA).

To be designated as TS&I, a school must have one or more ESSA subgroup(s) with a Federal Index below 41%. This plan shall be approved by the district. There are three ways a school can be designated as CS&I:

1. have a school grade of D or F
2. have a graduation rate of 67% or lower
3. have an overall Federal Index below 41%.

For these schools, the SIP shall be approved by the district as well as the Bureau of School Improvement.

The Florida Department of Education (FDOE) SIP template meets all statutory and rule requirements for traditional public schools and incorporates all components required for schools receiving Title I funds. This template is required by State Board of Education Rule 6A-1.099811, Florida Administrative Code, for all non-charter schools with a current grade of D or F, or a graduation rate 67% or less. Districts may opt to require a SIP using a template of its choosing for schools that do not fit the aforementioned conditions. This document was prepared by school and district leadership using the FDOE's school improvement planning web application located at [www.floridacims.org](http://www.floridacims.org).

## Purpose and Outline of the SIP

The SIP is intended to be the primary artifact used by every school with stakeholders to review data, set goals, create an action plan and monitor progress. The Florida Department of Education encourages schools to use the SIP as a "living document" by continually updating, refining and using the plan to guide their work throughout the year. This printed version represents the SIP as of the "Date Modified" listed in the footer.

**Analysis**

**Data Analysis**

Answer the following analysis questions using the progress monitoring data and state assessment data, if applicable.

**What trends emerge across grade levels, subgroups and core content areas?**

**What data components, based off progress monitoring and 2019 state assessments, demonstrate the greatest need for improvement?**

**What were the contributing factors to this need for improvement? What new actions would need to be taken to address this need for improvement?**

**What data components, based off progress monitoring and 2019 state assessments, showed the most improvement?**

**What were the contributing factors to this improvement? What new actions did your school take in this area?**

**What strategies will need to be implemented in order to accelerate learning?**

**Based on the contributing factors and strategies identified to accelerate learning, describe the professional development opportunities that will be provided at the school to support teachers and leaders.**

**Provide a description of the additional services that will be implemented to ensure sustainability of improvement in the next year and beyond.**

**Part III: Planning for Improvement**

**Areas of Focus:**

**#1. Leadership specifically relating to Instructional Leadership Team**

**Area of Focus Description and Rationale:** District walkthrough data revealed that 60% of classroom instruction was not standards-aligned, based on the standard displayed.

**Measurable Outcome:** Administration will monitor lesson plans at least twice per quarter using the lesson plan checklist for student engagement, standards alignment, rigorous instructional practices, differentiation and instructional delivery methods. At least 80% of observed lesson plans will result in teachers achieving a ranking of "effective" or "highly effective" in Domain 1.

**Monitoring:** Administration will access digital lesson plans while performing classroom walkthroughs. Heat maps will be generated to determine the percentage of "effective" and "highly effective" rankings in Domain 1.

**Person responsible for monitoring outcome:** Dan O'Rourke (orourke\_d@hcsb.k12.fl.us)

**Evidence-based Strategy:** Universal Design for Learning (UDL) training has been provided to staff in order to facilitate student engagement, standards alignment, rigorous instructional practices, differentiation and instructional delivery methods in the lesson planning process.

**Rationale for Evidence-based Strategy:** UDL is designed to differentiate instruction utilizing student-driven instruction based on multiple learning styles, levels of proficiency. background and culture. District staff has provided UDL training to all staff members.

**Action Steps to Implement**

Subject area administrators will monitor the submission of electronic lesson plans at least twice per quarter. Teachers will be encouraged to update and provide standards-based lesson plans in accordance with their respective curriculum maps.

**Person Responsible** Dan O'Rourke (orourke\_d@hcsb.k12.fl.us)

**#2. Instructional Practice specifically relating to Student Engagement**

**Area of Focus Description and Rationale:** District walkthrough data revealed that the 46.7% of students observed were "somewhat" or "not yet" engaged in the observed lessons. Based on the 2020-2021 Student Engagement Survey data showed that 41.3% of students find their classes "seldom" or "rarely/never" interesting.

**Measurable Outcome:** Students will be intellectually engaged in the lessons, as evidenced by classroom walkthrough data. Classroom walkthrough data as measured in component 3C will show that 80% of walkthroughs will be rated as "effective" or "highly effective".

**Monitoring:** Monitoring will occur through lesson plan checks in concordance with walkthrough data. With a focus on utilizing the UDL format for creating multiple means of engagement throughout the lessons.

**Person responsible for monitoring outcome:** Brad Merschbach (merschbach\_b@hcsb.k12.fl.us)

**Evidence-based Strategy:** UDL will be implemented to ensure student engagement for area of focus.

**Rationale for Evidence-based Strategy:** UDL collaborative lesson planning ties directly to student engagement. District supplied training materials were provided during the 2020-2021 school year. Follow up training will be ongoing throughout the 2021-2022 school year.

**Action Steps to Implement**

1. Collaborative/Common Planning based on subject area will provided to staff to create lessons that incorporate student engagement.
2. Administration will conduct walkthroughs that will prioritize a focus on student engagement in the lessons.
3. Review of walkthrough data every 4 1/2 weeks with a goal target of 80% of observed lessons resulting in "effective" or "highly effective"
4. Lesson plans will be monitored by administration at least twice per quarter to review documented student engagement in the lessons.

**#3. Instructional Practice specifically relating to Standards-aligned Instruction**

<b>Area of Focus Description and Rationale:</b>	Based on district walkthrough data, Nearly 30% of observed classroom lessons were not standard aligned.
<b>Measurable Outcome:</b>	Teachers will create standard aligned lessons in their classroom. Administration will monitor standard alignment through lesson plan checks, with 80% "effective" or "highly effective" on walkthroughs in Domain 1: Planning and Preparation.
<b>Monitoring:</b>	Administration will complete at least 2 lesson plan checks per quarter. Administrative walkthroughs will utilize a review of lesson plans and board configurations to check for standard aligned instruction. Domain 1 will show results of 80% "effective" or "highly effective" during administrative walkthroughs.
<b>Person responsible for monitoring outcome:</b>	[no one identified]
<b>Evidence-based Strategy:</b>	Hernando High School will be utilizing the SPDG funds to train our staff in SIM Content Enhancement, and Learning Strategies for our Extreme Reading classes. This grant will provide our staff with the opportunity to become more knowledgeable in the above areas, so that they may provide more rigorous lessons and differentiation opportunities.
<b>Rationale for Evidence-based Strategy:</b>	These strategies are used to provide multiple teaching and learning opportunities for students. Teachers will have a variety of research-based strategies to reach different types of learners and promote student engagement.

**Additional Schoolwide Improvement Priorities**

Using the [SafeSchoolsforAlex.org](https://www.safeschoolsforalex.org), compare the discipline data of the school to discipline data across the state and provide primary or secondary areas of concern that the school will monitor during the upcoming school year. Include how the school culture and environment will be monitored through the lens of behavior or discipline data.

### Part IV: Positive Culture & Environment

A positive school culture and environment reflects: a supportive and fulfilling environment, learning conditions that meet the needs of all students, people who are sure of their roles and relationships in student learning, and a culture that values trust, respect and high expectations. Consulting with various stakeholder groups to employ school improvement strategies that impact the positive school culture and environment are critical. Stakeholder groups more proximal to the school include teachers, students, and families of students, volunteers, and school board members. Broad stakeholder groups include early childhood providers, community colleges and universities, social services, and business partners.

Stakeholders play a key role in school performance and addressing equity. Consulting various stakeholder groups is critical in formulating a statement of vision, mission, values, goals, and employing school improvement strategies.

**Describe how the school addresses building a positive school culture and environment.**

**Identify the stakeholders and their role in promoting a positive culture and environment at the school.**
