School Board Approval

This plan is pending approval by the Hernando County School Board.

SIP Authority

Section 1001.42(18), Florida Statutes, requires district school boards to annually approve and require implementation of a Schoolwide Improvement Plan (SIP) for each school in the district that has a school grade of D or F. This plan is also a requirement for Targeted Support and Improvement (TS&I) and Comprehensive Support and Improvement (CS&I) schools pursuant to 1008.33 F.S. and the Every Student Succeeds Act (ESSA).

To be designated as TS&I, a school must have one or more ESSA subgroup(s) with a Federal Index below 41%. This plan shall be approved by the district. There are three ways a school can be designated as CS&I:

1. have a school grade of D or F
2. have a graduation rate of 67% or lower
3. have an overall Federal Index below 41%.

For these schools, the SIP shall be approved by the district as well as the Bureau of School Improvement.

The Florida Department of Education (FDOE) SIP template meets all statutory and rule requirements for traditional public schools and incorporates all components required for schools receiving Title I funds. This template is required by State Board of Education Rule 6A-1.099811, Florida Administrative Code, for all non-charter schools with a current grade of D or F, or a graduation rate 67% or less. Districts may opt to require a SIP using a template of its choosing for schools that do not fit the aforementioned conditions. This document was prepared by school and district leadership using the FDOE's school improvement planning web application located at www.floridacims.org.

Purpose and Outline of the SIP

The SIP is intended to be the primary artifact used by every school with stakeholders to review data, set goals, create an action plan and monitor progress. The Florida Department of Education encourages schools to use the SIP as a "living document" by continually updating, refining and using the plan to guide their work throughout the year. This printed version represents the SIP as of the "Date Modified" listed in the footer.

Analysis

Data Analysis

Answer the following analysis questions using the progress monitoring data and state assessment data, if applicable.

What trends emerge across grade levels, subgroups and core content areas?

What data components, based off progress monitoring and 2019 state assessments, demonstrate the greatest need for improvement?

What were the contributing factors to this need for improvement? What new actions would need to be taken to address this need for improvement?

What data components, based off progress monitoring and 2019 state assessments, showed the most improvement?

What were the contributing factors to this improvement? What new actions did your school take in this area?

What strategies will need to be implemented in order to accelerate learning?

Based on the contributing factors and strategies identified to accelerate learning, describe the professional development opportunities that will be provided at the school to support teachers and leaders.

Provide a description of the additional services that will be implemented to ensure sustainability of improvement in the next year and beyond.

Part III: Planning for Improvement

Areas of Focus:

#1. Culture & Environment specifically relating to Social Emotional Learning

Area of Focus Description and Rationale: Based on our student engagement survey, 71% of students feel supported by their peers and 64% of students work in class with students other than their friends. By increasing these percentages we will improve our school culture and create an environment that allows students to feel they can take risks and actively participate in their education.

Measurable Outcome: We want to increase the percentage of students who feel supported by their peers to 80% and the percentage of students who work with students other than their friends to 75%.

- sign-in sheets and agendas for Sanford Harmony PD

Monitoring: - Meet Up Planner posted in classrooms
- Suncoast Executive Team participation tracking form

Person responsible for monitoring outcome: Scott Piesik (piesik_s@hcsb.k12.fl.us)

Evidence-based Strategy: Sanford Harmony SEL

Rationale for Evidence-based Strategy: Sanford Harmony SEL is a free, easy to use program that is being implemented as a district initiative. When used with fidelity this program will help foster and support student connections, collaborations, and learning.

Action Steps to Implement

Select teachers were chosen to be the Sanford Harmony representative for their grade level and will attend the Train the Trainer PD.

K - Adina Eaton, 1st - Maria Krieg, 2nd - Heather Zielinski, 3rd - Amy Hynes, 4th - Erica Enriquez, 5th - Kaitlyn Brunner, Administration - Dacey Hughes

Person Responsible: Dacey Hughes (hughes_d1@hcsb.k12.fl.us)

The master schedule will include a time for the classroom Meet Up.

Person Responsible: Scott Piesik (piesik_s@hcsb.k12.fl.us)

Materials will be prepared and provided to teachers.

Person Responsible: Dacey Hughes (hughes_d1@hcsb.k12.fl.us)

Grade level representatives will provide training during pre-school week.

Person Responsible: Dacey Hughes (hughes_d1@hcsb.k12.fl.us)

Teachers and students will participate in Meet Up each morning and Buddy Up throughout the week.

Person Responsible: Scott Piesik (piesik_s@hcsb.k12.fl.us)

Teachers will post Meet Up Planner in their rooms as part of their board configuration.

Person Responsible: Scott Piesik (piesik_s@hcsb.k12.fl.us)

Members of the Suncoast Executive Team will participate with a different class each morning.

Person Responsible Scott Piesik (piesik_s@hcsb.k12.fl.us)

Mr. Piesik will begin each staff meeting with Meet Up/Buddy Up.

Person Responsible Scott Piesik (piesik_s@hcsb.k12.fl.us)

#2. Leadership specifically relating to Leadership Development

Area of Focus Description and Rationale: Based on our 2020-2021 District Walkthrough data 27.3% of our students were fully engaged in the work of the lesson and 27.3% of students were responsible for doing the thinking in the classroom. The 2020-2021 Administrative Walkthrough heat maps show that in Domain 3c: Engaging Students in Learning, 4% of walkthroughs fell in the Needs Improvement category, 77% fell in the Effective category, and 18% fell in the Highly Effective category.

Measurable Outcome: On our 2021-2022 District Walkthrough, we want to increase the percentage of students engaged in the work on the lesson and the percentage of students responsible for doing the thinking in the classroom to 40%. On Administrative Walkthroughs we want to increase the percentage of Domain 3C walkthroughs in the Highly Effective category to 30%.

Monitoring:

- SBLT PLC sign in sheets and agendas
- Learning Walk Reflections
- Administrative Walkthrough Data
- District Walkthrough Data

Person responsible for monitoring outcome: Scott Piesik (piesik_s@hcsb.k12.fl.us)

Evidence-based Strategy: Through quarterly SBLT PLCs, we will analyze data, conduct learning walks, and plan vertically to brainstorm ways to increase students engagement in and student ownership of standards based learning.

Rationale for Evidence-based Strategy: The Professional Learning Community format is a process that focuses on learning, collaboration, and results. PLCs are a common and proven practice to promote teacher collaboration that increases student achievement. This strategy will result in developing teacher leaders at the school.

Action Steps to Implement

Establish SBLT members.
Administration, Grade Level Representatives, MTSS Coordinator, Guidance Counselor, and Dean.

Person Responsible Scott Piesik (piesik_s@hcsb.k12.fl.us)

Establish SBLT PLC dates.

Person Responsible Scott Piesik (piesik_s@hcsb.k12.fl.us)

Develop agendas for each SBLT PLC.

Person Responsible Scott Piesik (piesik_s@hcsb.k12.fl.us)

Hold SBLT PLCs.

Person Responsible Scott Piesik (piesik_s@hcsb.k12.fl.us)

#3. Instructional Practice specifically relating to Differentiation

Area of Focus Description and Rationale: Based on our 2020-2021 i-Ready Reading Diagnostic Growth Report, 56% of students met their Typical Growth and 32% of students met their Stretch Growth. Based on our 2020-2021 i-Ready Math Diagnostic Growth Report, 55% of students met their Typical Growth and 29% of students met their Stretch Growth.

Measurable Outcome: We want to increase the percentage of students who meet Typical Growth on the Reading and Math Diagnostic to 65% and the percentage of students who meet Stretch Growth on the Reading and Math Diagnostic to 40%.

Monitoring:
 - PLC/Facilitated Planning Minutes
 - Differentiated Instruction Look fors Checklist
 - i-Ready Diagnostic Growth Reports

Person responsible for monitoring outcome: Dacey Hughes (hughes_d1@hcsb.k12.fl.us)

Evidence-based Strategy: Through weekly grade level PLCs, we will use data to plan standards-based instruction to meet the needs of our students.

Rationale for Evidence-based Strategy: The Professional Learning Community format is a process that focuses on learning, collaboration, and results. PLCs are a common and proven practice to promote teacher collaboration that increases student achievement.

#4. ESSA Subgroup specifically relating to Black/African-American

Area of Focus Description and Rationale: Based on out 2020-2021 i-Ready Diagnostic AP 3 data, 38% of Black/African American students were on or above grade level in Reading and 41% of Black/African American students were on or above level in Math.

Measurable Outcome: We want to increase the percentage of Black/African American students who are on or above level on their i-Ready AP 3 in Reading and Math to 45%.

#6. Instructional Practice specifically relating to ELA

Area of Focus
Description and Rationale: Based on our 2021 ELA FSA, 38% of 5th Grade students were proficient (level 3 or higher). Based on our 2020-2021 i-Ready Reading Final Diagnostic, 35% of 2nd Grade students were mid grade level, on grade level, or above grade level.

Measurable Outcome: We want to increase the percent of 5th Grade students who are proficient on the 2022 ELA FSA to 50%. We also want to increase the percent of 2nd Grade students who are mid grade level, on grade level, or above grade level on the final 2021-2022 i-Ready Reading Diagnostic to 50%.

- PLC/Planning Minutes/Notes/Plans
- Admin Walkthroughs
- i-Ready Diagnostic Data

Person responsible for monitoring outcome: Scott Piesik (piesik_s@hcsb.k12.fl.us)

Evidence-based Strategy: Teachers will plan higher-order, standards-based questions to use during instruction.

Rationale for Evidence-based Strategy: According to John Hattie's research, Questioning has an effect size of 0.48, which falls in the zone of desired effects.

Action Steps to Implement

Teachers will preread texts and come with questions to planning/PLC.

Person Responsible: Scott Piesik (piesik_s@hcsb.k12.fl.us)

Teachers, admin, and coach will collaborate during planning/PLC to determine standards-based, higher-order questions to use during instruction.

Person Responsible: Scott Piesik (piesik_s@hcsb.k12.fl.us)

Teachers will use questions decided upon during planning/PLC in their instruction.

Additional Schoolwide Improvement Priorities

Using the [SafeSchoolsforAlex.org](https://www.safeschoolsforalex.org), compare the discipline data of the school to discipline data across the state and provide primary or secondary areas of concern that the school will monitor during the upcoming school year. Include how the school culture and environment will be monitored through the lens of behavior or discipline data.

Suncoast Elementary School ranked #147 out of 1,395 elementary schools in the State of Florida. There were 0.1 incidents reported per 100 students. Compared to all elementary schools statewide, SES falls into the very low category. SES's statewide rank for total reported suspensions was #816 out of 1,395. Our primary focus for the upcoming school year will be to improve our statewide rank for total number of suspensions. The School Based Leadership Team and Positive Behavior Support Team will monitor discipline data monthly. Discipline data will be pulled from RtIB for monitoring.

Part IV: Positive Culture & Environment

A positive school culture and environment reflects: a supportive and fulfilling environment, learning conditions that meet the needs of all students, people who are sure of their roles and relationships in student learning, and a culture that values trust, respect and high expectations. Consulting with various stakeholder groups to employ school improvement strategies that impact the positive school culture and environment are critical. Stakeholder groups more proximal to the school include teachers, students, and families of students, volunteers, and school board members. Broad stakeholder groups include early childhood providers, community colleges and universities, social services, and business partners.

Stakeholders play a key role in school performance and addressing equity. Consulting various stakeholder groups is critical in formulating a statement of vision, mission, values, goals, and employing school improvement strategies.

Describe how the school addresses building a positive school culture and environment.

Suncoast Elementary plans on strengthening the positive culture & environment by implementing Sanford Harmony SEL. Harmony fosters knowledge, skills, and attitudes that students need to develop healthy identities, create meaningful relationships, and engage productively by providing SEL learning resources, tools, and strategies. Teachers will lead a Sanford Harmony Meet-Up everyday for their class and utilize Buddy-Up throughout the week. Studies have shown that students that participate in Harmony have more peer relationships and were more likely engage with a wider array of peers.

Identify the stakeholders and their role in promoting a positive culture and environment at the school.

Teachers - teachers will implement the Sanford Harmony program in their classrooms daily.
Parents - parents are invited to be involved in their child's education through school events and committee (PTA/SAC/Title I) participation.
Business/Community Partners - business/community partners are invited to participate in committees. We also collaborate with them to provide resources for students, parents, and staff throughout the year.
