\* As defined under Rule 6A-1.099811, Florida Administrative Code. For more information, [click here](#).

## School Board Approval

This plan is pending approval by the Broward County School Board.

## SIP Authority

Section 1001.42(18), Florida Statutes, requires district school boards to annually approve and require implementation of a Schoolwide Improvement Plan (SIP) for each school in the district that has a school grade of D or F. This plan is also a requirement for Targeted Support and Improvement (TS&I) and Comprehensive Support and Improvement (CS&I) schools pursuant to 1008.33 F.S. and the Every Student Succeeds Act (ESSA).

To be designated as TS&I, a school must have one or more ESSA subgroup(s) with a Federal Index below 41%. This plan shall be approved by the district. There are three ways a school can be designated as CS&I:

1. have a school grade of D or F
2. have a graduation rate of 67% or lower
3. have an overall Federal Index below 41%.

For these schools, the SIP shall be approved by the district as well as the Bureau of School Improvement.

The Florida Department of Education (FDOE) SIP template meets all statutory and rule requirements for traditional public schools and incorporates all components required for schools receiving Title I funds. This template is required by State Board of Education Rule 6A-1.099811, Florida Administrative Code, for all non-charter schools with a current grade of D or F, or a graduation rate 67% or less. Districts may opt to require a SIP using a template of its choosing for schools that do not fit the aforementioned conditions. This document was prepared by school and district leadership using the FDOE's school improvement planning web application located at [www.floridacims.org](http://www.floridacims.org).

## Purpose and Outline of the SIP

The SIP is intended to be the primary artifact used by every school with stakeholders to review data, set goals, create an action plan and monitor progress. The Florida Department of Education encourages schools to use the SIP as a "living document" by continually updating, refining and using the plan to guide their work throughout the year. This printed version represents the SIP as of the "Date Modified" listed in the footer.

## Analysis

### Data Analysis

Answer the following analysis questions using the progress monitoring data and state assessment data, if applicable.

#### What trends emerge across grade levels, subgroups and core content areas?

School-wide literacy data declined in all grade levels.

#### What data components, based off progress monitoring and 2019 state assessments, demonstrate the greatest need for improvement?

ELA Lowest 25th Percentile showed the greatest decline from the prior year. Only a 1/3 of our students reported to school during the hybrid learning period which impacted students' performance greatly. Absenteeism due to disciplinary infractions can result in the lack of progression a student who normally have. Inconsistent progress monitoring allowed for lapses in student performance and it also made it difficult for proper remediation efforts to take place.

#### What were the contributing factors to this need for improvement? What new actions would need to be taken to address this need for improvement?

ELA performance in the Lowest Quartile declined is where we performed the lowest. Due to the pandemic, a majority of our students were at home and were not able to receive the full benefits of an in-person learning experience. Specific teaching methods were not able to employed in this hybrid setting which hurt our students. School-wide literacy focus implementation was not as effective as years prior. The school-wide push for embedding literacy strategies across other content area classrooms. Having students see the same strategies consistently throughout the school day will assist with students' cognitive abilities and for information retention efforts.

#### What data components, based off progress monitoring and 2019 state assessments, showed the most improvement?

Due to the COVID-19 mitigation efforts, the cancellation 2019 test results, and lack of testing data, resulted in no data collection for academic 2020 year.

#### What were the contributing factors to this improvement? What new actions did your school take in this area?

No improvement was established. Elementary and Secondary School Emergency Relief Fund positions were created to provide tier one and tier two assistance for teachers.

#### What strategies will need to be implemented in order to accelerate learning?

Tiered approach to learning. Consistent data collection and data chats.

**Based on the contributing factors and strategies identified to accelerate learning, describe the professional development opportunities that will be provided at the school to support teachers and leaders.**

Sweet Strategies that host on-campus professional development that will cater to the instructional needs of our staff. Professional development opportunities will include small grouping, tier one intervention strategies, and more.

**Provide a description of the additional services that will be implemented to ensure sustainability of improvement in the next year and beyond.**

1. Small group teacher directed lessons
2. Morning grade level academic games before the official start of the school day
3. Using Canvas to keep the parents informed about the standards being learned, home work assignments and assessment dates
4. Increased data chats with the students
5. More celebrations (verbal and token) of student achievements

### Part III: Planning for Improvement

#### Areas of Focus:

**#1. Instructional Practice specifically relating to ELA**

**Area of Focus Description and Rationale:** The academic achievement of students identified in the lowest quartile is imperative. According to the 2019 FSA, only 36% of students identified as the lowest quartile made a learning gain, which was a 2% decrease from the previous school year. Our goal is to create a comprehensive literacy plan that addresses the needs of these students in order to enhance their academic success, as well as increase their achievement level.

**Measurable Outcome:** The percentage of Multi-racial students will be at or above 42% FFPI by June 2022.

**Monitoring:**

1. Identify students identified in the lowest quartile, determined by the 2021 FSA Data.
2. Administer I-Ready Diagnostic Assessment and DAR Word Recognition Assessment to determine areas of need.
3. Set goals with students and plan with students how to reach individual goals.
4. Provide individualized lessons to meet the needs of the students
5. Progress monitor students bi-weekly

**Person responsible for monitoring outcome:** Jamila Ingram (jamila.ingram@browardschools.com)

Explicit reading instruction, including the following:

**Evidence-based Strategy:**

- Word study instruction
- Fluency and vocabulary practice
- Reading and writing instruction
- Feedback and motivation
- Progress monitoring

According to the data, students lack the necessary skills needed to be effective readers, because they lack the foundation skills needed to read high complexity text. In order to increase students reading and writing achievement, students have to be progress monitored, and receive effective reading instruction, using the strategies above in order to provide various levels of support as needed.

**Rationale for Evidence-based Strategy:**

Level of evidence include:

According to the I-Ready Diagnostic, students are move than two grade levels below in phonics, vocabulary, and comprehending literary and informational text.

DAR Word Assessment indicates students are more than two grade levels below in word recognition.

**Action Steps to Implement**

*No action steps were entered for this area of focus*

**Additional Schoolwide Improvement Priorities**

Using the [SafeSchoolsforAlex.org](https://www.safeschoolsforalex.org), compare the discipline data of the school to discipline data across the state and provide primary or secondary areas of concern that the school will monitor during the upcoming school year. Include how the school culture and environment will be monitored through the lens of behavior or discipline data.

**Our school is ranked at #514 out of 533 middle schools with a very high rating. There are a reported 9.9 incidents per 100 students. This rate is greater than the Statewide middle/junior school rate of 4.2 incidents per 100 students. Our total number of suspensions is 107.**

**Primary area of concern: Reducing the amount of physical altercations by employing mindfulness and emotion regulation practice throughout our campus. Employing the use of Conscious Discipline curriculum to help shift school culture.**

**Secondary area of concern: Drug/public order incidents.**

**School culture and environment will be monitored through our continuous Response to Intervention team's efforts to monitor students who are at high risk. The embedding of strategies within the classrooms to help curtail incidents will be scaled up. Routine use of HERO, our positive behavior reward system and tool for monitoring students' behaviors will be in use. Our Cavalier Connect Time homeroom curriculum will focus on the merging of social emotional learning that is explicitly taught to our students.**

#### **Part IV: Positive Culture & Environment**

A positive school culture and environment reflects: a supportive and fulfilling environment, learning conditions that meet the needs of all students, people who are sure of their roles and relationships in student learning, and a culture that values trust, respect and high expectations. Consulting with various stakeholder groups to employ school improvement strategies that impact the positive school culture and environment are critical. Stakeholder groups more proximal to the school include teachers, students, and families of students, volunteers, and school board members. Broad stakeholder groups include early childhood providers, community colleges and universities, social services, and business partners.

Stakeholders play a key role in school performance and addressing equity. Consulting various stakeholder groups is critical in formulating a statement of vision, mission, values, goals, and employing school improvement strategies.

#### **Describe how the school addresses building a positive school culture and environment.**

The school has a daily focus on SEL and building connections via the Cavalier Connect Homeroom and PASL Classes. As well, staff and student celebrations are used to build a positive school culture. Students' celebration includes: students earn PBIS HERO rewards for quarterly activities, Honor roll celebration, Birthday shout out, character of the month and International Baccalaureate (IB) learner profile of the month. Teachers' celebration includes: teachers caught being great monthly, birthday shout out, holiday celebrations and the week of wellness each semester.

#### **Identify the stakeholders and their role in promoting a positive culture and environment at the school.**

Students provided input via:

1. Invite the president of the student council to the SEL meetings.
2. Establish the dates for quarterly sit and chat "CAVS Table Talk" events with students to provide and opportunity for student feedback on Schoolwide activities, SEL initiatives and leadership opportunities for students.
3. Quarterly, allow students

to participate in an SEL survey (questions will be different that the Panorama Survey) to determine student interest as it relates to rewards and strategies for SEL implementation. 4. Students will participate in SEL competitions which will help students express their understanding of the SEL concepts. An example of the competition is a Public Service Announcement Explaining the Brain state.

Parents:

1. Attend monthly SAC meetings and provide additional feedback via surveys. 2. Title One parent university nights are designed to promote positive school-family connection and they take place monthly.

Staff:

Faculty council and Sunshine club provide the safe space for staff to share input/feedback on school environment.

## Part V: Budget

**The approved budget does not reflect any amendments submitted for this project.**

<b>1</b>	<b>III.A.</b>	<b>Areas of Focus: Instructional Practice: ELA</b>				<b>\$17,000.00</b>
	Function	Object	Budget Focus	Funding Source	FTE	2021-22
			3911 - New Renaissance Middle School			\$17,000.00
