| | 2020-21: No Rating |
| School Improvement Rating History | 2018-19: Maintaining |
| | 2017-18: Maintaining |
| | 2016-17: Maintaining |
| DJJ Accountability Rating | 2023-24: No Rating |

School Board Approval

This plan was approved by the Jackson County School Board on 10/19/2021.

SIP Authority

A Schoolwide Improvement Plan (SIP) is a requirement for Comprehensive Support and Improvement (CSI) ungraded schools pursuant to 1001.42 F.S. and the Every Student Succeeds Act (ESSA) and for DJJ schools receiving a rating of Unsatisfactory pursuant to Sections 1003.51 and 1003.52, F.S. and Rule 6A-1.099813, F.A.C.

CSI schools can be designated as such in 2 ways:

- 1. Have a graduation of 67% or lower; or
- 2. Have an overall Federal Index below 41%.

DJJ Unsatisfactory Ratings are based on percentages by program type:

Prevention and Intervention: 0%-50%

Nonsecure Programs: 0%-59%Secure Programs: 0%-53%

SIP Plans for Ungraded CSI schools and DJJ schools receiving an Unsatisfactory rating must be approved by the district and reviewed by the state.

Purpose and Outline of the SIP

The School Improvement Plan (SIP) provides schools and Local Educational Agencies (LEAs) the opportunity to identify the academic and priority goals along with strategies for each school. School leadership teams may refine their SIP annually to define their school's academic and priority goals to increase student achievement.

Schools and LEAs are strongly encouraged to collaborate in the development and implementation of this plan.

Part I: School Information

School Mission and Vision

Provide the school's mission statement.

Our mission is to provide the resources to help each student develop to his or her maximum potential and to become as productive and independent as possible at home, in the community, and/or during post-secondary education/employment.

Provide the school's vision statement.

Our faculty and staff should ...

- ...be involved in decision-making.
- ...be recognized, encouraged, and supported for their efforts.
- ...make full use of instructional time.
- ...utilize activities which stimulate high order thinking.
- ...possess a strong desire to be the best they can be.
- ...work together in a cooperative manner.
- ...be interested in the health and welfare of the students.
- ...be role models for the students.
- ...display initiative and operate professionally.
- ...display a positive attitude toward students and learning.

Briefly discuss the population unique to your school and the specific supports provided to meet the mission and vision.

Our population here at Jackson Alternative school is very transient. We have 2 different 90 good day programs on our campus. Students are constantly being staffed in and staffed out. Our staff is accustomed to this. Every time a new student is staffed into a classroom, that classroom teacher goes over all school rules and expectations. This way of doing things allows the students in the class to hear the rules/expectations multiple times throughout his/her stay here. Teachers and paraprofessionals work together closely to ensure all student's needs are met as best as we can. Teachers and administrative staff work closely together with each other and the students to ensure we are meeting the student's needs as best as we can. We are also in close communication with parents to ensure they know what is going on in their child's school life, academically and behaviorally.

School Leadership Team

Membership

Identify the name, email address, position title, and job duties/responsibilities as it relates to SIP implementation for each member of the school leadership team.:

| Name | Position Title | Job Duties and Responsibilities |
|---------------|-------------------|--|
| Suggs, Rex | Principal | Rex Suggs is the Principal and oversees the SIP. Jenny Bryan is the Head Leadership Team member. Bertha, Preston, and Liz are support members. |

Is education provided through contract for educational services?

No

If yes, name of the contracted education provider.

Demographic Information

Principal start date

Tuesday 8/10/2021, Rex Suggs

Number of teachers with professional teaching certificates?

9

Number of teachers with temporary teaching certificates?

1

Total number of teacher positions allocated to the school.

10

Total number of students enrolled at the school.

67

Identify the number of instructional staff who left the school during the 2020-21 school year.

1

Identify the number of instructional staff who joined the school during the 2021-22 school year.

0

Demographic Data

Early Warning Systems

2021-22

The number of students by grade level that exhibit each early warning indicator listed:

| Indicator | Grade Level | | | | | | | | | | | | | Total |
|--|-------------|---|---|---|---|---|---|---|---|----|----|----|----|-------|
| indicator | K | 1 | 2 | 3 | 4 | 5 | 6 | 7 | 8 | 9 | 10 | 11 | 12 | TOtal |
| Number of students enrolled | 0 | 2 | 3 | 2 | 6 | 3 | 9 | 3 | 9 | 13 | 8 | 3 | 2 | 63 |
| Attendance below 90 percent | 0 | 0 | 0 | 0 | 0 | 0 | 3 | 1 | 1 | 2 | 0 | 1 | 0 | 8 |

Analysis

Data Analysis

Answer the following analysis questions using the progress monitoring data and state assessment data, if applicable.

Reflect on the Areas of Focus from the previous school year. What progress monitoring was in place for low performing ESSA subgroups related to the Areas of Focus?

Our Intensive Reading Teacher (Dr. Roberts) monitored/kept track of students' iReady reading and math scores. She also met with students on an individual basis when necessary. Dr. Roberts also implemented parent conferences when necessary.

Based on ESSA subgroup progress monitoring, which data component showed the most improvement? What new actions did your school take in this area?

Each area maintained their performance from the previous year.

What area is in the greatest need of improvement? What specific component of this area is most problematic? What is your basis (data, progress monitoring) for this conclusion?

Our total percent of students tested was 82%. We would like this to be higher. We struggle with this yearly. We do have some parents that report to us that they can't get their child to get up and come to school. This is throughout the year, not just during testing season.

What trends emerge across grade levels, subgroups and core content areas?

We have four subgroups that missed the target last year (white students, african american students, students with disabilities, and economically disadvantaged students).

What strategies need to be implemented in order to accelerate learning?

We do monitor student absences. When a student doesn't show up for school, we call home to find out why. We offer 9 week incentives for perfect attendance. We are diligent about getting students to bring in excuse notes when they are not at school. If the student is not at school, we can't teach them.

Based on the contributing factors and strategies identified to accelerate learning, describe the professional development opportunities that will be provided at the school to support teachers and leaders.

County wide inservices/trainings for teachers throughout the year with different District Employee Content Specialists (ELA Content Specialists, Instructional Tech Specialists, CANVAS Resource Specialist)

Part III: Planning for Improvement

Areas of Focus:

#1. Instructional Practice specifically relating to ELA

Area of Focus Description and Rationale:

Include a rationale that explains how it was identified as a 2021 ELA learning gains was 29%. critical need from the data reviewed.

Measurable Outcome:

for this Area of Focus.

State the specific measurable outcome the school plans to achieve. This should be a data based, objective outcome.

2022 ELA Learning gains goal is 41%.

Monitoring:

Describe how this Area of Focus will be monitored for the desired outcome.

Progress monitoring and classroom assessments.

Person responsible for monitoring outcome:

Evidence-based Strategy: Describe the evidence-based strategy being implemented Bertha Roberts (bertha.roberts@jcsb.org)

Tracking student data to monitor growth.

Rationale for Evidence-based Strategy:

Explain the rationale for selecting this specific strategy. Describe the resources/criteria used for selecting this strategy.

Using teacher made assessments, supplemental education programs, and district implemented diagnostic tools will provide the school with the necessary data to potentially help narrow the learning gaps.

Action Steps to Implement:

List the action steps that will be taken as part of this strategy to address the Area of Focus. Identify the person responsible for monitoring each step.

Utilization of supplemental programs: Lexia, i-Ready, Open Court.

Monitoring ESSA Impact:

Person Responsible

If this Area of Focus is not related to one or more ESSA subgroups, please describe the process for progress monitoring the impact of the Area of Focus as it relates to all ESSA subgroups not meeting the 41% threshold according to the Federal Index.

[no one identified]

Data chats subgroups not performing above 41% each quarter using progress monitoring data and EWS data. School administrator, guidance counselor, teacher and student will have a data chat.

#2. Instructional Practice specifically relating to Math

Area of Focus Description and Rationale:

Include a rationale that explains how it was identified as a critical need from the data reviewed.

2021 Math learning gains was 28%.

Measurable Outcome:

State the specific measurable outcome the school plans to achieve. This should be a data based, objective outcome.

2022 Math learning gains will be 41%.

Monitoring:

Describe how this Area of Focus will be monitored for the desired outcome.

Person responsible for monitoring outcome:

Evidence-based Strategy:

Describe the evidence-based strategy being implemented for this Area of Focus.

Progress monitoring using diagnostic testing and classroom assessments and the data they produce will used to identify student deficiencies, and we will use the prescriptive strategies provided through the diagnostic tests to bridge the learning gaps.

Teacher made assessments and district approved

diagnostic tools will be used as JAS' progress

Bertha Roberts (bertha.roberts@jcsb.org)

Rationale for Evidence-based Strategy:

Explain the rationale for selecting this specific strategy. Describe the resources/criteria used for selecting this strategy.

Using teacher made assessments, supplemental education programs, and district implemented diagnostic tools will provide the school with the necessary data to potentially help narrow the learning gaps.

Action Steps to Implement:

List the action steps that will be taken as part of this strategy to address the Area of Focus. Identify the person responsible for monitoring each step.

Utilize supplemental programs: i-Ready and Imagine Learning Math.

monitoring tools.

Monitoring ESSA Impact:

If this Area of Focus is not related to one or more ESSA subgroups, please describe the process for progress monitoring the impact of the Area of Focus as it relates to all ESSA subgroups not meeting the 41% threshold according to the Federal Index.

Data chats subgroups not performing above 41% each quarter using progress monitoring data and EWS data. School administrator, guidance counselor, teacher and student will have a data chat.

#3. Other specifically relating to Percent Tested

Area of Focus Description and Rationale:

Include a rationale that explains how it was identified as a critical need from the data reviewed.

2021 86% of eligible students were tested. A 4% increase over previous test administration.

Measurable Outcome:

State the specific measurable outcome the school plans to achieve. This should be a data based, objective outcome.

2022 90% of eligible students will be tested.

Monitoring:

Describe how this Area of Focus will be monitored for the desired outcome.

Attendance data during testing times will be monitored. Use of the School Resource Deputy to pick kids up for the assessment.

Person responsible for monitoring outcome:

Evidence-based Strategy: Describe the evidence-based strategy being implemented for this Area of Focus.

Positive relationship building.

Data chats subgroups not performing above 41% each quarter using progress monitoring data and EWS data. School administrator, guidance counselor, teacher and student will have a data chat.

Part IV: Positive Culture & Environment

A positive school culture and environment reflects: a supportive and fulfilling environment, learning conditions that meet the needs of all students, people who are sure of their roles and relationships in student learning, and a culture that values trust, respect and high expectations. Consulting with various stakeholder groups to employ school improvement strategies that impact the positive school culture and environment are critical. Stakeholder groups more proximal to the school include teachers, students, and families of students, volunteers, and school board members. Broad stakeholder groups include early childhood providers, community colleges and universities, social services, and business partners.

Stakeholders play a key role in school performance and addressing equity. Consulting various stakeholder groups is critical in formulating a statement of vision, mission, values, goals, and employing school improvement strategies.

Describe how the school addresses building a positive school culture and environment.

Teachers will meet with parents during school hours, during Open House which will be held prior to the start of the student's school year, and conduct phone conferences when parents are unable to attend the meetings on campus. As an alternative school our situation is unique to the needs of our student population which focuses on parental contact and involvement. During a student's initial staffing interview the best method of contact is established, and then continual updating of contact information along with the Title 1 survey is monitored to ensure that parents are involved in meetings concerning the education and welfare of their child while at Jackson Alternative School.

Identify the stakeholders and their role in promoting a positive culture and environment at the school.

Parents are encouraged to monitor student progress using the FOCUS online grade book and to contact teachers, guidance, and/or administration with any concerns. During the initial staffing, parents are informed that the school has an open door policy and are invited to visit during school hours to unobtrusively monitor their child's instruction. Parents are also invited to have lunch with their child and to participate in after school activities and school advisory council meetings
