Demographics

Principal: Mia Coleman

Start Date for this Principal: 1/7/2012

2019-20 Status (per MSID File)	Active
School Type and Grades Served (per MSID File)	Middle School 6-8
Primary Service Type (per MSID File)	K-12 General Education
2020-21 Title I School	Yes
2020-21 Economically Disadvantaged (FRL) Rate (as reported on Survey 3)	74%
2020-21 ESSA Subgroups Represented (subgroups with 10 or more students) (subgroups below the federal threshold are identified with an asterisk)	Students With Disabilities* English Language Learners* Asian Students Black/African American Students Hispanic Students Multiracial Students White Students Economically Disadvantaged Students
School Grades History	2018-19: B (54%) 2017-18: B (56%) 2016-17: C (52%)
2019-20 School Improvement (SI) Information*	
SI Region	Southeast
Regional Executive Director	LaShawn Russ-Porterfield
Turnaround Option/Cycle	N/A
Year	
Support Tier	
ESSA Status	

* As defined under Rule 6A-1.099811, Florida Administrative Code. For more information, [click here](#).

School Board Approval

This plan is pending approval by the Seminole County School Board.

SIP Authority

Section 1001.42(18), Florida Statutes, requires district school boards to annually approve and require implementation of a Schoolwide Improvement Plan (SIP) for each school in the district that has a school grade of D or F. This plan is also a requirement for Targeted Support and Improvement (TS&I) and Comprehensive Support and Improvement (CS&I) schools pursuant to 1008.33 F.S. and the Every Student Succeeds Act (ESSA).

To be designated as TS&I, a school must have one or more ESSA subgroup(s) with a Federal Index below 41%. This plan shall be approved by the district. There are three ways a school can be designated as CS&I:

1. have a school grade of D or F
2. have a graduation rate of 67% or lower
3. have an overall Federal Index below 41%.

For these schools, the SIP shall be approved by the district as well as the Bureau of School Improvement.

The Florida Department of Education (FDOE) SIP template meets all statutory and rule requirements for traditional public schools and incorporates all components required for schools receiving Title I funds. This template is required by State Board of Education Rule 6A-1.099811, Florida Administrative Code, for all non-charter schools with a current grade of D or F, or a graduation rate 67% or less. Districts may opt to require a SIP using a template of its choosing for schools that do not fit the aforementioned conditions. This document was prepared by school and district leadership using the FDOE's school improvement planning web application located at www.floridacims.org.

Purpose and Outline of the SIP

The SIP is intended to be the primary artifact used by every school with stakeholders to review data, set goals, create an action plan and monitor progress. The Florida Department of Education encourages schools to use the SIP as a "living document" by continually updating, refining and using the plan to guide their work throughout the year. This printed version represents the SIP as of the "Date Modified" listed in the footer.

School Board Approval

This plan is pending approval by the Seminole County School Board.

SIP Authority

Section 1001.42(18), Florida Statutes, requires district school boards to annually approve and require implementation of a school improvement plan (SIP) for each school in the district that has a school grade of D or F.

The Florida Department of Education (FDOE) SIP template meets all statutory and rule requirements for traditional public schools and incorporates all components required for schools receiving Title I funds. This template is required by State Board of Education Rule 6A-1.099811, Florida Administrative Code, for all non-charter schools with a current grade of D or F (see page 4). For schools receiving a grade of A, B, or C, the district may opt to require a SIP using a template of its choosing. This document was prepared by school and district leadership using the FDOE's school improvement planning web application located at

<https://www.floridacims.org>.

Purpose and Outline of the SIP

The SIP is intended to be the primary artifact used by every school with stakeholders to review data, set goals, create an action plan and monitor progress. The Florida Department of Education encourages schools to use the SIP as a "living document" by continually updating, refining and using the plan to guide their work throughout the year. This printed version represents the SIP as of the "Date Modified" listed in the footer.

Part I: School Information

School Mission and Vision

Provide the school's mission statement.

The mission of South Seminole Academy is to empower all students to lead, find their voice and inspire others to find theirs. This is achieved through a commitment to academic excellence, providing opportunities to embrace cultural diversity and developing student leadership within a global society.

Provide the school's vision statement.

South Seminole Academy's vision is to provide an exceptional educational experience that promotes student achievement, and empowers students to demonstrate leadership skills through active engagement in current world issues.

School Leadership Team

Membership

Identify the name, email address, position title, and job duties/responsibilities for each member of the school leadership team.:

Analysis

Data Analysis

Answer the following analysis questions using the progress monitoring data and state assessment data, if applicable.

What trends emerge across grade levels, subgroups and core content areas?

The performance of students with disabilities across all grade levels and content areas is a concerning trend.

What data components, based off progress monitoring and 2019 state assessments, demonstrate the greatest need for improvement?

The achievement and learning gains of students with disabilities demonstrates the greatest need for improvement.

What were the contributing factors to this need for improvement? What new actions would need to be taken to address this need for improvement?

Factors contributing to the low performance of students with disabilities in ELA and Math proficiency and learning gains include disruption in instructional continuity due to the pandemic that further widened gaps in students' foundational skills. Actions to support improvement in these areas will include frequent formative progress monitoring with target support and acceleration in identified areas of need.

What data components, based off progress monitoring and 2019 state assessments, showed the most improvement?

Grade 7 ELA and Grade 8 mathematics reflect the most improvement

What were the contributing factors to this improvement? What new actions did your school take in this area?

Deliberate monitoring of specific student groups contributed to this improvement. Actions included focus on the monitoring of the lowest 30% of students, acceleration of high level 1 and high level 2 and level 3 students along with standards-based tutoring

What strategies will need to be implemented in order to accelerate learning?

Acceleration strategies will include strategic monitoring of lowest 30% of students, acceleration of high level 1 and high level 2 and level 3 students, more frequent common formative assessment to gather progress monitoring data and highly structured professional learning community discussions using this data to collaborate on strategies to accelerate student learning.

Based on the contributing factors and strategies identified to accelerate learning, describe the professional development opportunities that will be provided at the school to support teachers and leaders.

Professional development will be focused on the development of highly effective professional learning communities and how school-based leaders can foster the growth and development of teacher collaboration for student success.

Provide a description of the additional services that will be implemented to ensure sustainability of improvement in the next year and beyond.

Additional services dedicated to student acceleration include social emotional learning support for students and families, data driven tutoring and acceleration support, expanded use of SCPS early warning tracking and MTSS based support, and additional progress monitoring opportunities in ELA and mathematics for all students in grades 6-8.

Part III: Planning for Improvement

Areas of Focus:

#1. ESSA Subgroup specifically relating to Students with Disabilities

Area of Focus Description and Rationale:	Increasing academic achievement of students with disabilities. ESSA Federal Percent of Points Index indicates this is a high priority need and focusing on the success of these students will reduce achievement gaps and prepare these students for future academic success.
Measurable Outcome:	Increase achievement and learning gains for students with disabilities.
Monitoring:	This area of focus will be monitored through classroom walk throughs, review of progress monitoring data and through data chats with professional learning communities.
Person responsible for monitoring outcome:	Mia Coleman (mia_coleman@scps.k12.fl.us)
Evidence-based Strategy:	Lessons aligned to Florida Standards at the appropriate level of complexity with ongoing feedback loops between leadership and teachers, students and teachers and student with students and PLCs focused on data, instructional planning and student evidence of learning.
Rationale for Evidence-based Strategy:	Standards based lessons differentiated to meet the needs of these specific student groups and data driven deliberate action planning will improve achievement and learning gains for our students. This strategy is aligned to having high expectations for all learners and teachers.

Action Steps to Implement

Student owned progress monitoring
 Low 30% Monitoring
 High Level 1 and High Level 2 Monitoring
 Low Level 3 Acceleration
 Collaborative Data Driven PLCs
 Tutoring
 See SCPS School Improvement Plan for additional details

Person Responsible Mia Coleman (mia_coleman@scps.k12.fl.us)

Additional Schoolwide Improvement Priorities

Using the [SafeSchoolsforAlex.org](https://www.safeschoolsforalex.org), compare the discipline data of the school to discipline data across the state and provide primary or secondary areas of concern that the school will monitor during the upcoming school year. Include how the school culture and environment will be monitored through the lens of behavior or discipline data.

Based on the data from Safe School for Alex, South Seminole Academy has seen a decrease in out of school suspensions since 2014. These out of school suspension rates have fluctuated every year from 2014 to 2019. We are currently on a downward trend from 2018 to 2019 in suspensions. We are also below the statewide suspension rate per 100 students. With a focus on character lessons, mental health, counseling, identifying areas of need for students and families, and community support we expect to see a continuation of a reduction in out of school suspensions.

Part IV: Positive Culture & Environment

A positive school culture and environment reflects: a supportive and fulfilling environment, learning conditions that meet the needs of all students, people who are sure of their roles and relationships in student learning, and a culture that values trust, respect and high expectations. Consulting with various stakeholder groups to employ school improvement strategies that impact the positive school culture and environment are critical. Stakeholder groups more proximal to the school include teachers, students, and families of students, volunteers, and school board members. Broad stakeholder groups include early childhood providers, community colleges and universities, social services, and business partners.

Stakeholders play a key role in school performance and addressing equity. Consulting various stakeholder groups is critical in formulating a statement of vision, mission, values, goals, and employing school improvement strategies.

Describe how the school addresses building a positive school culture and environment.

South Seminole Academy will be using the HERO system to award students positive behavior "STORM Bucks". These are tracked virtually through student accounts, and work in collaboration with PBS Financial. Students are awarded these bucks from staff, teachers, and administrators. Students can access their accounts, and cash in their points at the PBS store on "Win-Win Wednesday" weekly. Also there are quarterly events that students attend with treats and music for those who have achieved a certain level "STORM Bucks" and "Positive Referrals". Positive Referrals are also awarded and tracked through the HERO system virtually. Students can utilize their "STORM Bucks" for athletic event entrance fees, school events like the Fall Festival, and dances instead of actual money.

Identify the stakeholders and their role in promoting a positive culture and environment at the school.

South Seminole Academy has a list of stakeholders throughout our community that assist us in promoting a positive culture and environment. Parent/Teacher/Student groups such as our PTSA provide support to teachers and students with mini grants to enrich the classroom experience, and promote a positive environment through events and social media platforms. Our SAC provides funding support for our families in need with food, clothing, and school wide initiatives. New Horizons and Children's Home Society provide mental health counseling to students and their families. Peers as Partners in Learning (Fdlrs) provides a program that we utilize with our "Pit Crew" students that support our students with special needs.

Partnerships with the Casselberry Police Department allow for community outreach through food drives, bike helmets, and mentoring. South Seminole Academy also works with the Special Olympics of Florida, Inc. as a Unified Champion School to provide students with special needs the opportunity to compete in Track and Field events. In a partnership with the City of Casselberry, Seminole County Government, and our teacher sponsors provide our Girls in Government to expose young female students to mentors serving our community. More support to our students is provided with our Young Men and Women of Distinction, BETA, and Junior National Honor Society programs led by teachers and community leaders leading to a more positive environment and culture. We also work with other community partners: Addition Financial, Planet Smoothie, Six Flags Nursery, Church Together, Rollins College, Junior Achievement, Dragon Financial Services, Edwards Financial, Jeremiah's Italian Ice, Casselberry Community Forum, Casselberry Chamber of Commerce
