Demographics

Principal: Carlos Alvarez

Start Date for this Principal: 7/1/2021

2019-20 Status (per MSID File)	Active
School Type and Grades Served (per MSID File)	High School 6-12
Primary Service Type (per MSID File)	K-12 General Education
2020-21 Title I School	Yes
2020-21 Economically Disadvantaged (FRL) Rate (as reported on Survey 3)	88%
2020-21 ESSA Subgroups Represented (subgroups with 10 or more students) (subgroups below the federal threshold are identified with an asterisk)	Students With Disabilities* English Language Learners Hispanic Students Economically Disadvantaged Students
School Grades History	2018-19: A (64%) 2017-18: A (62%) 2016-17: B (56%)
2019-20 School Improvement (SI) Information*	
SI Region	Southeast
Regional Executive Director	LaShawn Russ-Porterfield
Turnaround Option/Cycle	N/A
Year	
Support Tier	
ESSA Status	
* As defined under Rule 6A-1.099811, Florida Administrative Code. For more information, click here .	

School Board Approval

This plan is pending approval by the Dade County School Board.

SIP Authority

Section 1001.42(18), Florida Statutes, requires district school boards to annually approve and require implementation of a Schoolwide Improvement Plan (SIP) for each school in the district that has a school grade of D or F. This plan is also a requirement for Targeted Support and Improvement (TS&I) and Comprehensive Support and Improvement (CS&I) schools pursuant to 1008.33 F.S. and the Every Student Succeeds Act (ESSA).

To be designated as TS&I, a school must have one or more ESSA subgroup(s) with a Federal Index below 41%. This plan shall be approved by the district. There are three ways a school can be designated as CS&I:

1. have a school grade of D or F
2. have a graduation rate of 67% or lower
3. have an overall Federal Index below 41%.

For these schools, the SIP shall be approved by the district as well as the Bureau of School Improvement.

The Florida Department of Education (FDOE) SIP template meets all statutory and rule requirements for traditional public schools and incorporates all components required for schools receiving Title I funds. This template is required by State Board of Education Rule 6A-1.099811, Florida Administrative Code, for all non-charter schools with a current grade of D or F, or a graduation rate 67% or less. Districts may opt to require a SIP using a template of its choosing for schools that do not fit the aforementioned conditions. This document was prepared by school and district leadership using the FDOE's school improvement planning web application located at www.floridacims.org.

Purpose and Outline of the SIP

The SIP is intended to be the primary artifact used by every school with stakeholders to review data, set goals, create an action plan and monitor progress. The Florida Department of Education encourages schools to use the SIP as a “living document” by continually updating, refining and using the plan to guide their work throughout the year. This printed version represents the SIP as of the “Date Modified” listed in the footer.

School Board Approval

This plan is pending approval by the Dade County School Board.

SIP Authority

Section 1001.42(18), Florida Statutes, requires district school boards to annually approve and require implementation of a school improvement plan (SIP) for each school in the district that has a school grade of D or F.

The Florida Department of Education (FDOE) SIP template meets all statutory and rule requirements for traditional public schools and incorporates all components required for schools receiving Title I funds. This template is required by State Board of Education Rule 6A-1.099811, Florida Administrative Code, for all non-charter schools with a current grade of D or F (see page 4). For schools receiving a grade of A, B, or C, the district may opt to require a SIP using a template of its choosing. This document was prepared by school and district leadership using the FDOE's school improvement planning web application located at

<https://www.floridacims.org>.

Purpose and Outline of the SIP

The SIP is intended to be the primary artifact used by every school with stakeholders to review data, set goals, create an action plan and monitor progress. The Florida Department of Education encourages schools to use the SIP as a "living document" by continually updating, refining and using the plan to guide their work throughout the year. This printed version represents the SIP as of the "Date Modified" listed in the footer.

Part I: School Information

School Mission and Vision

Provide the school's mission statement.

The City of Hialeah Educational Academy is committed to setting an environment that strives for academic achievement, develops character and maintains the goal of preparing students to serve and give back to their community in the field of public service.

Provide the school's vision statement.

The vision of the City of Hialeah Educational Academy is to provide a high quality, rigorous career oriented curriculum that will prepare students for successful progression into post-secondary education and productive employment within a multilingual work environment.

School Leadership Team

Membership

Identify the name, email address, position title, and job duties/responsibilities for each member of the school leadership team.:

Federal Index - Economically Disadvantaged Students	57
Economically Disadvantaged Students Subgroup Below 41% in the Current Year?	NO
Number of Consecutive Years Economically Disadvantaged Students Subgroup Below 32%	

Analysis

Data Analysis

Answer the following analysis questions using the progress monitoring data and state assessment data, if applicable.

What trends emerge across grade levels, subgroups and core content areas?

Across all grade levels, we see that our students need more help with vocabulary and comprehension of informational text.

What data components, based off progress monitoring and 2019 state assessments, demonstrate the greatest need for improvement?

The greatest need for improvement is 8th grade Math and 8th grade Science compared to the state average.

What were the contributing factors to this need for improvement? What new actions would need to be taken to address this need for improvement?

Contributing factors to need improvement: Limitations on interventionist, lack of attention, the number of percent of students that were targeted through intervention, vertical alignment did not occur, progress monitoring window and monitoring of intervention.

New action in order to improve: COHEA hired more interventionist, purchased additional resources to monitor student progress, observation of interventionist across all content areas that they serve. In addition, student data is broken down to better service them through the use of progress monitoring.

What data components, based off progress monitoring and 2019 state assessments, showed the most improvement?

The most improved data compared to 2019 was ELA 9th grade and ELA 6th grade.

What were the contributing factors to this improvement? What new actions did your school take in this area?

The contributing factors that assisted with this improvement were continuous interventions, Saturday tutoring, and push-ins.

What strategies will need to be implemented in order to accelerate learning?

Differentiated instruction, data chat sheet, Reading and Math interventions tailored to the students, more progress monitoring across all content areas, closer monitor of subgroups, and vertical alignment.

Based on the contributing factors and strategies identified to accelerate learning, describe the professional development opportunities that will be provided at the school to support teachers and leaders.

This school year, COHEA will propose and organize professional development opportunities based on the needs of the students and teachers. For example, COHEA has adopted the "Teach Like a Champion" strategies that provides educators with a set of techniques, a shared vocabulary, and a framework for practice that equips teachers to prepare students for post-secondary education.

In addition, COHEA has implemented "Teacher Education and Mentoring" (T.E.A.M.) monthly sessions to offer teachers proven methods in addressing the needs of their students. Such as,

differentiated instruction, data analysis, progress monitoring, development of individual professional growth plans, and test taking skills.

Provide a description of the additional services that will be implemented to ensure sustainability of improvement in the next year and beyond.

Continuous monitoring of individual professional growth plans to determine if goals set by teachers that aim to positively impact student scores have been implemented and have been successfully met by the teacher.

Adding an instructional coach that supports and develops high quality and effective teachers, common planning periods for department chairs, new teacher mentoring program, revision of progress monitoring sheet, contracting of data consultant, smaller class sizes for core classes, increase in number of interventionist, taking a deeper dive with the afterschool program to reinforce the standards to customize the educational needs of each student.

Part III: Planning for Improvement

Areas of Focus:

#1. Instructional Practice specifically relating to ELA

Area of Focus Description and Rationale:	The Leadership Team met over the summer to discuss and review the data in order to break down which area to focus on.
Measurable Outcome:	Increase ELA achievement (6th-10th grade overall) proficiency by 3% from 57% in 2020-2021 to 60% in 2021-2022 as measured by Florida Standards Assessment.
Monitoring:	The Administration Team and the Department Heads will conduct daily walkthroughs. The team will meet monthly to review and discuss how the students are performing. COHEA has hired an Interventionalist to do the push-ins with our low performing students.
Person responsible for monitoring outcome:	Ivelisse Puente (ipuenta7@dadeschools.net)
Evidence-based Strategy:	Differentiated instruction, data chat sheet, Reading intervention will tailor to the students, more progress monitoring across all content areas, closer monitor of subgroups, and vertical alignment. Other resources that are being implemented are iReady and Achieve 3000.
Rationale for Evidence-based Strategy:	COHEA will utilize the resources to assist with this improvement, continuous interventions, Saturday tutoring, and push-ins.

Action Steps to Implement*No description entered*

Person Responsible [no one identified]

No description entered

Person Responsible [no one identified]

#2. Instructional Practice specifically relating to Science

Area of Focus Description and Rationale:	Science 8th FCAT, was identified as a critical need because COHEA data shows that we have not performed at our full capacity.
Measurable Outcome:	Increase 8th grade FCAT science achievement/proficiency by 20% points or higher for the 2021-2022 school year as evident by FCAT science statewide assessment.
Monitoring:	Student data is broken down to better service them through the use of progress monitoring. The Administration Team will conduct walk-throughs and meet monthly with the Department Chair to review the student's progress.
Person responsible for monitoring outcome:	Graciela Carbajosa (carbajosag@dadeschools.net)
Evidence-based Strategy:	COHEA hired more interventionist, purchased additional resources to monitor student progress, observation of interventionist across all content areas that they serve.
Rationale for Evidence-based Strategy:	We have used our school data and our historical data in order to be able to implement the specific strategies.

Action Steps to Implement

No action steps were entered for this area of focus

#3. Instructional Practice specifically relating to Math

Area of Focus Description and Rationale:	The Leadership team met over the summer to review and discuss the Math Alg. 1 ECO achievement.
Measurable Outcome:	Increase Algebra 1 EOC achievement /proficiency by 3% or higher as evident by the FSA EOC Algebra 1 EOC 2021-2022 statewide assessment.
Monitoring:	The Administration Team and the Department Head will conduct walk-throughs and data chats on a monthly basis.
Person responsible for monitoring outcome:	Graciela Carbajosa (carbajosag@dadeschools.net)
Evidence-based Strategy:	COHEA will be using iReady and Performance Matters to help support our students. Our school has hired an interventionist in order to support and ensure that our students are being helped in their specific need.
Rationale for Evidence-based Strategy:	Limitations on interventionist, lack of attention, the number of percent of students that were targeted through intervention, vertical alignment did not occur, progress monitoring window and monitoring of intervention.

Action Steps to Implement

No action steps were entered for this area of focus

Additional Schoolwide Improvement Priorities

Using the [SafeSchoolsforAlex.org](https://www.safeschoolsforalex.org), compare the discipline data of the school to discipline data across the state and provide primary or secondary areas of concern that the school will monitor during the upcoming school year. Include how the school culture and environment will be monitored through the lens of behavior or discipline data.

Based on the data from last school year, COHEA falls into "low" category in the School Safety Dashboard. Therefore, we will continue to implement all of our safety precautions and protocols during this upcoming school year.

Part IV: Positive Culture & Environment

A positive school culture and environment reflects: a supportive and fulfilling environment, learning conditions that meet the needs of all students, people who are sure of their roles and relationships in student learning, and a culture that values trust, respect and high expectations. Consulting with various stakeholder groups to employ school improvement strategies that impact the positive school culture and environment are critical. Stakeholder groups more proximal to the school include teachers, students, and families of students, volunteers, and school board members. Broad stakeholder groups include early childhood providers, community colleges and universities, social services, and business partners.

Stakeholders play a key role in school performance and addressing equity. Consulting various stakeholder groups is critical in formulating a statement of vision, mission, values, goals, and employing school improvement strategies.

Describe how the school addresses building a positive school culture and environment.

COHEA's school culture includes an atmosphere of mutual respect among all stakeholders where teaching and learning are valued, achievements and successes are celebrated, and ongoing collaboration is a must. We take priority on creating a healthy school culture.

We have a strong EESAC Team, which consist of Administrators, teachers, parents, business partners and students. Together we make decision that are in the best interest of our school. Collaboration is essential in our school, with every stakeholder within our school.

Our school's Activities Director (AD) and our Community Involvement Specialist (CIS), reaches out to our community in order to secure our partnerships. The AD invites the businesses to our Family Day at school as well as various events at our school. We provide parent academies to teach parents how to utilize technology, know what their children are being tested on, as well other educational help that the parents can utilize.

Our students must complete 75 hours of community services within our community.

COHEA has adopted the Youth Crime Watch Program, in which our trust counselor leads this program for our students. The Youth Crime Watch is a crime- and drug-prevention program. This program provides a forum for discussing drug and crime prevention, establishing communication and reporting systems, and engaging in community networking.

We also conduct 3 times a year, a STEM Night, which involves all stakeholders the parents, students, business partners, teachers, and the community.

The Leader In Me helps create well-rounded learners by developing the whole-person and preparing students to become life-ready leaders. Leader in Me unites students, staff and families around a common goal to prepare students with college, career, and life-readiness skills that are necessary to thrive in our environment.

Identify the stakeholders and their role in promoting a positive culture and environment at the school.

All stakeholders work together to promote a positive culture and environment. The Administration team has an open door policy and welcomes all the ideas from all the stakeholders. COHEA is proud of the parent involvement that has been established at our school.

The school staff, the business partners, the parents and the students are involved because they participate in the EESAC meetings, in our school events, in our Coffee with the Principal meetings and the parent academies that are conducted twice a month. During our school meetings the parents are able to discuss any information that they would like to share/inform the school.

Part V: Budget

The approved budget does not reflect any amendments submitted for this project.

1	III.A.	Areas of Focus: Instructional Practice: ELA				\$14,214.00
	Function	Object	Budget Focus	Funding Source	FTE	2021-22
			7262 - City Of Hialeah Educational Academy	Other Federal		\$14,214.00
			<i>Notes: Achieve 3000</i>			
2	III.A.	Areas of Focus: Instructional Practice: Science				\$0.00
3	III.A.	Areas of Focus: Instructional Practice: Math				\$20,359.10
