SI Region	Southeast
Regional Executive Director	LaShawn Russ-Porterfield
Turnaround Option/Cycle	N/A
Year	
Support Tier	
ESSA Status	

* As defined under Rule 6A-1.099811, Florida Administrative Code. For more information, [click here](#).

School Board Approval

This plan is pending approval by the Broward County School Board.

SIP Authority

Section 1001.42(18), Florida Statutes, requires district school boards to annually approve and require implementation of a Schoolwide Improvement Plan (SIP) for each school in the district that has a school grade of D or F. This plan is also a requirement for Targeted Support and Improvement (TS&I) and Comprehensive Support and Improvement (CS&I) schools pursuant to 1008.33 F.S. and the Every Student Succeeds Act (ESSA).

To be designated as TS&I, a school must have one or more ESSA subgroup(s) with a Federal Index below 41%. This plan shall be approved by the district. There are three ways a school can be designated as CS&I:

1. have a school grade of D or F
2. have a graduation rate of 67% or lower
3. have an overall Federal Index below 41%.

For these schools, the SIP shall be approved by the district as well as the Bureau of School Improvement.

The Florida Department of Education (FDOE) SIP template meets all statutory and rule requirements for traditional public schools and incorporates all components required for schools receiving Title I funds. This template is required by State Board of Education Rule 6A-1.099811, Florida Administrative Code, for all non-charter schools with a current grade of D or F, or a graduation rate 67% or less. Districts may opt to require a SIP using a template of its choosing for schools that do not fit the aforementioned conditions. This document was prepared by school and district leadership using the FDOE's school improvement planning web application located at www.floridacims.org.

Purpose and Outline of the SIP

The SIP is intended to be the primary artifact used by every school with stakeholders to review data, set goals, create an action plan and monitor progress. The Florida Department of Education encourages schools to use the SIP as a "living document" by continually updating, refining and using the plan to guide their work throughout the year. This printed version represents the SIP as of the "Date Modified" listed in the footer.

Part I: School Information

School Mission and Vision

Provide the school's mission statement.

The mission of The Charter Schools of Excellence schools will be to challenge, nurture, and lead all students to become productive citizens by establishing a strong foundation for lifelong learning. We will assist the Florida public schools in setting the standard for educational quality. The core values of honesty, respect, tolerance, fairness, self-discipline, integrity, responsibility, citizenship, work ethic, and trust will be the foundation upon which our schools will be built.

Provide the school's vision statement.

We will assist the Florida public schools in setting the standard for educational quality. The core values of honesty, respect, tolerance, fairness, self-discipline, integrity, responsibility, citizenship, work ethic, and trust will be the foundation upon which our schools will be built.

Students will take pride in their school and will respect the dedicated teachers and staff who commit their lives to education. Students will hold themselves to high standards of achievement and academic excellence. They will be grateful for the privilege of receiving an education and they will strive, to the best of their ability, to accomplish their educational goals. All students will have an equal opportunity to receive a quality education.

Parents will have the right to participate and will be encouraged and expected to get involved in their school, including the governance of their school. Parents will support the teachers and the administration of the school and will follow through at home to make certain their children live up to their school commitments and obligations. Our school will respect the diverse cultures and faiths of parents and students and our school will be a place of tolerance and understanding.

Academic standards will be high, and all students will have a personal education and goal plan to ensure direction and encouragement along a path that allows them to become the best they can be. All students will be proficient in the common core essentials of learning and will be prepared to be successful in their continuing education, in their chosen careers, and as productive citizens of the United States.

The faculty and staff of our school will be competent and caring professionals who will work as teams to teach, coach, and motivate students to learn. They will continuously strive to increase their skills, to be proficient in the latest educational technologies and to be outstanding role models for students. The faculty and staff will be mentors and advisors to students and parents. They will be aware of the personal educational needs of each of their students. They will bear the responsibilities and live up to the high expectations of their profession and will take an active role in their communities and in their school.

The future of our country and our American way of life depends on the education of our children. In Florida, we must rise to the challenge and rebuild our public education system into a responsive institution that serves our students, our State and our Country with pride and distinction.

The Charter Schools of Excellence, Inc. serves students in Kindergarten through fifth grade residing in Broward County. Parents will complete an application and sign a contract with the school. The parent contract will specify a time each day the parent will spend with their child in studies and homework. The contract will also obligate the parent for several volunteer hours each year for field trips, room parenting and staffing during the drop off and pick-up periods before and after school. We will receive students beginning at 7:30 a.m. to accommodate working hours and expect them to be picked up by 6:00 p.m. Our school instruction day will be 8:30 a.m. to 2:45 p.m. Parents will also provide uniforms for their

children as well as lunch money or bagged lunches and snacks.

The Charter Schools of Excellence follow the Florida Standards to ensure that our students are well equipped to advance to the next grade and be successful in life after graduation. These standards were created by a national and state initiative involving teacher, parents, and community leaders. They outline for each grade level the core knowledge and skills that students need to be successful.

Our intent is to concentrate on teaching the students responsibility, ethics, morals, respect, good manners, citizenship, work ethic, and pride in the democratic process by which we live. They will learn to listen, comprehend, and to communicate verbally and in writing. It is our belief that the ability to be an effective communicator is the foundation for a successful and a productive life.

The Charter Schools of Excellence is a non-profit corporation dedicated to creating better public schools for Florida residents. We have a vision for Florida, based on our belief that we all want the same thing, outstanding schools. By empowering parents and teachers and by working together, we can make our schools into what we know they can be.

School Leadership Team

Membership

Identify the name, email address, position title, and job duties/responsibilities for each member of the school leadership team.:

Name	Position Title	Job Duties and Responsibilities
Dyer, Rosa	Superintendent	Mrs. Dyer serves as the lead on all projects for 5031.
Pierre, Cynthia		Mrs. Pierre is the instructional leader at 5031.
Torres, Lissette		As the former principal at 5031, Mrs. Torres' input is invaluable as she can speak on the programs that were in place the previous school year.

Demographic Information

Principal start date

Wednesday 9/22/2021, Lissette Torres

Number of teachers with a 2019 3-year aggregate or a 1-year Algebra state VAM rating of Highly Effective. *Note: For UniSIG Supplemental Teacher Allocation, teachers must have at least 10 student assessments.*

Number of teachers with a 2019 3-year aggregate or a 1-year Algebra state VAM rating of Effective. *Note: For UniSIG Supplemental Teacher Allocation, teachers must have at least 10 student assessments.*

Total number of teacher positions allocated to the school

Total number of students enrolled at the school

Identify the number of instructional staff who left the school during the 2020-21 school year.

Identify the number of instructional staff who joined the school during the 2021-22 school year.

Demographic Data

Early Warning Systems

2021-22

The number of students by grade level that exhibit each early warning indicator listed:

Grade Level Data Review - Progress Monitoring Assessments

Provide the progress monitoring tool(s) by grade level used to compile the below data.

For grades K-5, students’ progress is monitored through the I-Ready Diagnostic that is administered three times per year, after each assessment period. For K-2nd grade students, additional progress monitoring data is collected and analyzed with FLKRS and Wonders’ Benchmark Unit Assessments. For Grades 3rd-5th, additional progress monitoring assessments will include results from the I-Ready Standards Mastery. Teachers will use the data to drive instruction based on student needs. All teachers are directed to maintain portfolios of student work with corrective feedback in their classrooms to provide a fuller picture of student progress towards mastery of grade-level standards. With the current focus on text-evident writing and comprehension of grade- level complex text, portfolios are a critical tool for school-based monitoring.

Analysis

Data Analysis

Answer the following analysis questions using the progress monitoring data and state assessment data, if applicable.

What trends emerge across grade levels, subgroups and core content areas?

What data components, based off progress monitoring and 2019 state assessments, demonstrate the greatest need for improvement?

What were the contributing factors to this need for improvement? What new actions would need to be taken to address this need for improvement?

What data components, based off progress monitoring and 2019 state assessments, showed the most improvement?

What were the contributing factors to this improvement? What new actions did your school take in this area?

What strategies will need to be implemented in order to accelerate learning?

Based on the contributing factors and strategies identified to accelerate learning, describe the professional development opportunities that will be provided at the school to support teachers and leaders.

Provide a description of the additional services that will be implemented to ensure sustainability of improvement in the next year and beyond.

Part III: Planning for Improvement

Areas of Focus:

No activities were entered for this section.

Additional Schoolwide Improvement Priorities

Using the [SafeSchoolsforAlex.org](https://www.safeschoolsforalex.org), compare the discipline data of the school to discipline data across the state and provide primary or secondary areas of concern that the school will monitor during the upcoming school year. Include how the school culture and environment will be monitored through the lens of behavior or discipline data.

Part IV: Positive Culture & Environment

A positive school culture and environment reflects: a supportive and fulfilling environment, learning conditions that meet the needs of all students, people who are sure of their roles and relationships in student learning, and a culture that values trust, respect and high expectations. Consulting with various stakeholder groups to employ school improvement strategies that impact the positive school culture and environment are critical. Stakeholder groups more proximal to the school include teachers, students, and families of students, volunteers, and school board members. Broad stakeholder groups include early childhood providers, community colleges and universities, social services, and business partners.

Stakeholders play a key role in school performance and addressing equity. Consulting various stakeholder groups is critical in formulating a statement of vision, mission, values, goals, and employing school improvement strategies.

Describe how the school addresses building a positive school culture and environment.

Identify the stakeholders and their role in promoting a positive culture and environment at the school.

Part V: Budget

The approved budget does not reflect any amendments submitted for this project.

Total:	\$0.00
