Demographics

Principal: Sharon Bailey

Start Date for this Principal: 9/22/2021

2019-20 Status (per MSID File)	Active
School Type and Grades Served (per MSID File)	Elementary School KG-5
Primary Service Type (per MSID File)	K-12 General Education
2020-21 Title I School	Yes
2020-21 Economically Disadvantaged (FRL) Rate (as reported on Survey 3)	93%
2020-21 ESSA Subgroups Represented (subgroups with 10 or more students) (subgroups below the federal threshold are identified with an asterisk)	Students With Disabilities* English Language Learners* Black/African American Students* Hispanic Students* Economically Disadvantaged Students*
School Grades History	2018-19: C (45%) 2017-18: C (41%) 2016-17: B (55%)
2019-20 School Improvement (SI) Information*	
SI Region	Southeast
Regional Executive Director	LaShawn Russ-Porterfield
Turnaround Option/Cycle	N/A
Year	
Support Tier	
ESSA Status	
* As defined under Rule 6A-1.099811, Florida Administrative Code. For more information, click here .	

School Board Approval

This plan is pending approval by the Broward County School Board.

SIP Authority

Section 1001.42(18), Florida Statutes, requires district school boards to annually approve and require implementation of a Schoolwide Improvement Plan (SIP) for each school in the district that has a school grade of D or F. This plan is also a requirement for Targeted Support and Improvement (TS&I) and Comprehensive Support and Improvement (CS&I) schools pursuant to 1008.33 F.S. and the Every Student Succeeds Act (ESSA).

To be designated as TS&I, a school must have one or more ESSA subgroup(s) with a Federal Index below 41%. This plan shall be approved by the district. There are three ways a school can be designated as CS&I:

1. have a school grade of D or F
2. have a graduation rate of 67% or lower
3. have an overall Federal Index below 41%.

For these schools, the SIP shall be approved by the district as well as the Bureau of School Improvement.

The Florida Department of Education (FDOE) SIP template meets all statutory and rule requirements for traditional public schools and incorporates all components required for schools receiving Title I funds. This template is required by State Board of Education Rule 6A-1.099811, Florida Administrative Code, for all non-charter schools with a current grade of D or F, or a graduation rate 67% or less. Districts may opt to require a SIP using a template of its choosing for schools that do not fit the aforementioned conditions. This document was prepared by school and district leadership using the FDOE's school improvement planning web application located at www.floridacims.org.

Purpose and Outline of the SIP

The SIP is intended to be the primary artifact used by every school with stakeholders to review data, set goals, create an action plan and monitor progress. The Florida Department of Education encourages schools to use the SIP as a “living document” by continually updating, refining and using the plan to guide their work throughout the year. This printed version represents the SIP as of the “Date Modified” listed in the footer.

Part I: School Information

School Mission and Vision

Provide the school's mission statement.

It is all about the students. No exceptions. No excuses.

Provide the school's vision statement.

At Imagine Charter at North Lauderdale Elementary School, we strive to ensure all students demonstrate above-average academic growth each year.

School Leadership Team

Membership

Identify the name, email address, position title, and job duties/responsibilities for each member of the school leadership team.:

Name	Position Title	Job Duties and Responsibilities
Bailey, Sharon	Principal	<p>Responsibilities include disciplining or advising students, approving Teachers' curriculums and ensuring the school environment is safe for all students and staff members. Implement the school's charter in collaboration with the school's board of directors and the authorizing institution.</p> <p>Establish and communicate standards for student and professional performance. Continually assess school practices and procedures and adjust them to support the diverse learning needs of students.</p> <p>Assume responsibility for the health, safety and welfare of the students, staff and visitors.</p> <p>Infuse the school culture with Imagine Schools Non-Profit's Six Measures of Excellence.</p> <p>Demonstrate an understanding of the Imagine Schools Non-Profit Six Measures of Excellence in the execution of duties.</p> <p>Model positive character virtues and habits. Assist students in developing positive moral and performance character attributes.</p> <p>Responsible for overseeing the financial management of the school, including: development of the annual budget, overseeing the management of accounts payable and accounts receivable, approving payroll, and provision of required financial reports to the board, district and state. Also responsible for seeing that the annual financial audit is completed in a timely manner.</p> <p>Responsible for the hiring and supervision of school personnel.</p> <p>Collaborate and clearly communicate with parents/guardians, and other educators to assist the students.</p> <p>Regularly communicate with all members of the school community.</p>
Wright, Alicia	Dean	<p>Performs a variety of administrative duties to assist the Principal in managing the school; assumes the duties of the Principal in the absence of the Principal and as assigned. Assists the Principal in providing instructional leadership to the school. Supervises and evaluates the performance of designated certificated and/or classified personnel; assigns duties to faculty and staff as appropriate to meet school objectives;</p> <p>assists with the recruiting, interviewing, and selection of new faculty and staff.</p> <p>Supervises students on campus after school; assist with monitoring students during lunch when needed Provides direction to a variety of faculty, staff, and student programs and services; participates in formal and informal classroom visitations and observations; provides recommendations and suggestions for improvement as appropriate.</p> <p>Directs the after school tutoring program in collaboration with school staff and/or personnel from outside agencies. Provide Professional Development at Bi-Weekly Staff Meetings, Meet with educators to discuss data, Complete reports and progress monitor data, Serve as ESOL Contact, Serves as Title 1 Liason, Assists in the development, implementation, and evaluation of intervention programs that address the needs of at-risk students.</p>

Demographic Information

Principal start date

Wednesday 9/22/2021, Sharon Bailey

Number of teachers with a 2019 3-year aggregate or a 1-year Algebra state VAM rating of Highly Effective. *Note: For UniSIG Supplemental Teacher Allocation, teachers must have at least 10 student assessments.*

4

Number of teachers with a 2019 3-year aggregate or a 1-year Algebra state VAM rating of Effective. *Note: For UniSIG Supplemental Teacher Allocation, teachers must have at least 10 student assessments.*

20

Total number of teacher positions allocated to the school

19

Total number of students enrolled at the school

429

Identify the number of instructional staff who left the school during the 2020-21 school year.

10

Identify the number of instructional staff who joined the school during the 2021-22 school year.

Analysis

Data Analysis

Answer the following analysis questions using the progress monitoring data and state assessment data, if applicable.

What trends emerge across grade levels, subgroups and core content areas?

Across grade levels as a whole when analyzing school based progress monitoring data we noticed a slight increase in proficiency overall when comparing the Fall (35%) to Winter (37%) Data in the Subject Area of English Language Arts. When looking at Fall to Spring Data we noticed an overall increase on proficiency from

What data components, based off progress monitoring and 2019 state assessments, demonstrate the greatest need for improvement?

Based on our 2019 Progress monitoring state assessments the data components with the greatest need for improvement would be reading proficiency with students with disabilities and English Language Learners.

What were the contributing factors to this need for improvement? What new actions would need to be taken to address this need for improvement?

There were several factors that lead to this need for improvement. The campus had 100% of the campus operating virtually for the first three months of the school year and many families lacked access to virtual classes due to internet access or device shortages once the school had given out all technology possessed by the school. Once campus doors re-opened 61% of students continued to attend virtually even when the neediest were invited back to campus. ESE Educators struggled to have students log in for virtual instruction and small groups. Educators were challenged with proving modifications and accommodations virtually and with social distance mandates. Lack of consistent interventions and instruction have contributed to the decreases seen. Also, test data lacked validity and reliability as many of our learners were assisted when taking assessments at home, once students were back on campus in the winter we saw a huge decrease in scores that gave a more realistic picture of what teachers observed in classrooms as well.

What data components, based off progress monitoring and 2019 state assessments, showed the most improvement?

The data components that showed the most improvement was the proficiency level for 3rd grade students on the 2020-2021 FSA ELA Assessment. 3rd grade was the only grade to show an increase in proficiency. . When analyzing STAR data there was an increase in proficiency consistently during each assessment period for grade four from a 22%, to a 27% and finally a 31%, and an increase from Winter to Spring Proficiency for grade 5 from a 25% to a 34% overall.

What were the contributing factors to this improvement? What new actions did your school take in this area?

We contribute the improvement in the area of ELA Proficiency to targeted data based grade level intervention. During 3rd Grade reading intervention hour all 3rd grade classes were split based upon data and 4 leadership team members pulled small groups with the students performing on level and students that were below level according to i-ready diagnostic assessments. With smaller class sizes and students with similar needs educators were able to provide more targeted instruction.

What strategies will need to be implemented in order to accelerate learning?

In order to accelerate learning, students will need consistent interventions provided through small group instruction with research based intervention programs. Progress monitoring must remain consistent as well to ensure action steps are being carried out with fidelity and instruction can be

adjusted as needed. A reading interventionist can also assist with pulling small groups to provide extra intervention to students. To accelerate learning at Imagine Charter School at North Lauderdale Elementary we will have teachers in kindergarten, first and second grade implementing Foundations and teachers instructing third, fourth and fifth grade students will be incorporating IReady Toolkit lessons into their instruction during our daily extended reading block. Each day for thirty minutes, teachers will be using these resources as a tier 2 intervention while preparing students for both End of Year Assessments and Florida Standards Assessments. Students who are retained and/or are considered the lowest 30th percentile within our population will be instructed by Reading Certified Specialist individually and/or in small group while using Phonics for Reading and Rewards.

Based on the contributing factors and strategies identified to accelerate learning, describe the professional development opportunities that will be provided at the school to support teachers and leaders.

Educators will receive Professional Development with the new Benchmark Advance Reading Curriculum, Provided Weekly ELA Lesson Plan Feedback by the Instructional Coach, PD on utilizing STAR and Iready data to form and instruct data based small groups. As well as training on the Foundations Intervention Program and Benchmark Intervention Programs. The Instructional Coach will also attend common planning sessions weekly to support educators in planning instruction as well as provide coaching cycles for educators in need.

Provide a description of the additional services that will be implemented to ensure sustainability of improvement in the next year and beyond.

Additional services that are being provided to students are tutoring opportunities in the subject area of reading and math. ESE, ELL, and Socioeconomically disadvantaged students will receive priority invitations to the free tutoring opportunities.

Part III: Planning for Improvement

Areas of Focus:

#1. Instructional Practice specifically relating to ELA

Proficiency in the subject area of English Language Arts is our priority focus area for the 2021-2022 school year. In analyzing various data points decreases have been seen in the subject area of ELA. FSA data reflects a decrease in reading proficiency overall from a 38% in 2018 to a 37% in 2019 and now a 26% based on 2021 data.

In order to provide unified consistent reading instruction and to increase reading comprehension we will continue to implement the research based reading program Foundations for grades K-2 as Iready data shows that our Primary students will benefit from phonics instruction.

Area of Focus Description and Rationale:

In analyzing Fall I-ready Diagnostic results 30% of Kindergarten students are proficient in the area of Phonics. 84% of Kinder students are one grade level below in Reading overall. As displayed through the Fall I-ready Diagnostic Assessment 9% of 1st grade students and 16% of 2nd grade students are proficient in the Area of Phonics. In first grade nearly 60% of students are one grade level below overall in the subject area of Reading and 40% of 2nd grade is one grade level below with 42% of students in intervention. With consistent implementation of the Foundations Program Primary students will receive evidence based instruction in their area of need. As displayed through the Fall I-ready Diagnostic Assessment 22% of 3rd grade students are proficient in the area of reading overall. 100% of students are proficient in Phonological Awareness, 69% of students are proficient with High Frequency words, and 26% with Phonics. Although growth has been seen, our 3rd graders' proficiency in Vocabulary and Comprehension of Informational and Literary text are all below 25% with the majority of students falling into intervention.

By June 2022, Kindergarten Phonics Proficiency will increase from 16% to a 56% as diagnosed by the Iready Diagnostic Assessment.

By June 2022, 1st Grade Phonics Proficiency will increase from 9% to a 39% as diagnosed by the Iready Diagnostic Assessment.

Measurable Outcome:

By June 2022, 2nd grade Phonics Proficiency will increase from a 16% to at least a 37% as diagnosed by the Iready Diagnostic Assessment.

By June 2022, 3rd Grade Reading Proficiency will increase from 22% to at least a 42% as diagnosed by the Iready Diagnostic Assessment.

By June 2022, 4th Grade Reading Proficiency will increase from 14% to at least a 30% as diagnosed by the Iready Diagnostic Assessment.

By June 2022, 5th Grade Reading Proficiency will increase from 14% to at least a 37% as diagnosed by the Iready Diagnostic Assessment.

Monitoring:

Educators will receive bi-weekly Professional Development to guide instructional practices, implementation will be monitored through weekly lesson plan checks, observation feedback from the leadership team through the evaluation tool Observe for Success, schoolwide data progress monitoring through google documents and quarterly grade level and individual teacher data chats.

Intermediate students will take Bi Weekly Standards Mastery Assessments to progress monitor proficiency of grade level standards and Primary students will utilize school

assigned Diagnostic Assessments.

Person responsible for monitoring outcome:

Sharon Bailey (charter5171@browardschools.com)

Evidence-based Strategy:

Educators will pull data based small groups daily and utilize Benchmark Interventions to meet needs of Tier 2 students. Small group pull -out Interventions will take place for SWD students with our Reading intervention specialist utilizing Phonics For Reading, REWARDS and Benchmark intervention components. Classroom teachers will utilize Ready Toolkit lessons to teach State Standards following the Bi-Weekly scope and sequence developed by the leadership team will be utilized for Economically disadvantaged students and ELL students, accommodations will be provided for ELL Learners .

Rationale for Evidence-based Strategy:

Small group instruction was chosen as an evidence based reading strategy because it allows educators to focus precisely on what the students need to learn next to move forward. Educators are able to observe students and provide instruction at their targeted instructional levels.

Action Steps to Implement

All educators will be trained on Benchmark Advance Reading Materials.

Person Responsible

Alicia Wright (alicia.wright@imagineschools.org)

Reading Intervention Specialist will pull data based small groups daily with Tier 3 students in grades 3-5.

Person Responsible

Sharon Bailey (charter5171@browardschools.com)

All educators will be trained on utilizing Iready and STAR Data to form data based small groups.

Person Responsible

Alicia Wright (alicia.wright@imagineschools.org)

Additional Schoolwide Improvement Priorities

Using the [SafeSchoolsforAlex.org](https://www.SafeSchoolsforAlex.org), compare the discipline data of the school to discipline data across the state and provide primary or secondary areas of concern that the school will monitor during the upcoming school year. Include how the school culture and environment will be monitored through the lens of behavior or discipline data.

Does not apply.

Part IV: Positive Culture & Environment

A positive school culture and environment reflects: a supportive and fulfilling environment, learning conditions that meet the needs of all students, people who are sure of their roles and relationships in student learning, and a culture that values trust, respect and high expectations. Consulting with various stakeholder groups to employ school improvement strategies that impact the positive school culture and environment are critical. Stakeholder groups more proximal to the school include teachers, students, and families of students, volunteers, and school board members. Broad stakeholder groups include early childhood providers, community colleges and universities, social services, and business partners.

Stakeholders play a key role in school performance and addressing equity. Consulting various stakeholder groups is critical in formulating a statement of vision, mission, values, goals, and employing school improvement strategies.

Describe how the school addresses building a positive school culture and environment.

Identify the stakeholders and their role in promoting a positive culture and environment at the school.

Part V: Budget

The approved budget does not reflect any amendments submitted for this project.

1	III.A.	Areas of Focus: Instructional Practice: ELA	\$0.00
Total:			\$0.00
