## School Board Approval

This plan is pending approval by the Osceola County School Board.

## SIP Authority

Section 1001.42(18), Florida Statutes, requires district school boards to annually approve and require implementation of a Schoolwide Improvement Plan (SIP) for each school in the district that has a school grade of D or F. This plan is also a requirement for Targeted Support and Improvement (TS&I) and Comprehensive Support and Improvement (CS&I) schools pursuant to 1008.33 F.S. and the Every Student Succeeds Act (ESSA).

To be designated as TS&I, a school must have one or more ESSA subgroup(s) with a Federal Index below 41%. This plan shall be approved by the district. There are three ways a school can be designated as CS&I:

1. have a school grade of D or F
2. have a graduation rate of 67% or lower
3. have an overall Federal Index below 41%.

For these schools, the SIP shall be approved by the district as well as the Bureau of School Improvement.

The Florida Department of Education (FDOE) SIP template meets all statutory and rule requirements for traditional public schools and incorporates all components required for schools receiving Title I funds. This template is required by State Board of Education Rule 6A-1.099811, Florida Administrative Code, for all non-charter schools with a current grade of D or F, or a graduation rate 67% or less. Districts may opt to require a SIP using a template of its choosing for schools that do not fit the aforementioned conditions. This document was prepared by school and district leadership using the FDOE's school improvement planning web application located at [www.floridacims.org](http://www.floridacims.org).

## Purpose and Outline of the SIP

The SIP is intended to be the primary artifact used by every school with stakeholders to review data, set goals, create an action plan and monitor progress. The Florida Department of Education encourages schools to use the SIP as a "living document" by continually updating, refining and using the plan to guide their work throughout the year. This printed version represents the SIP as of the "Date Modified" listed in the footer.

## Part I: School Information

### School Mission and Vision

#### Provide the school's mission statement.

Our Mission at American Classical Charter Academy is to develop within the students a foundation of virtue and knowledge by delivering a rigorous, classical, liberal arts education, with a strong emphasis on the rights and duties of American citizenship.

#### Provide the school's vision statement.

The vision of American Classical Charter Academy is to develop within its students a foundation of virtue and knowledge.

### School Leadership Team

#### Membership

Identify the name, email address, position title, and job duties/responsibilities for each member of the school leadership team.:

Name	Position Title	Job Duties and Responsibilities
	Principal	<ol style="list-style-type: none"> <li>1. Deepens the understanding of standards for faculty, students, parents and community members.</li> <li>2. Meets with faculty and staff to reinforce the the high expectations for students and staff. Review the progress and evidence of progress toward the goals and identify any additional barriers.</li> <li>3. Challenges beliefs and practices that interfere with the achievement of the identified goals.</li> <li>4. Monitors the implementation of effective instruction to meet the needs of all students.</li> <li>5. Provide presence in the classrooms and PLCs in order to support instructional needs.</li> <li>6. Celebrate success and help identify opportunities for growth.</li> <li>7. Provide a safe, clean environment for learning.</li> <li>8. Build a culture of respect and trust.</li> </ol>

### Demographic Information

Number of Consecutive Years Economically Disadvantaged Students Subgroup Below 32%	

## Analysis

### Data Analysis

Answer the following analysis questions using the progress monitoring data and state assessment data, if applicable.

**What trends emerge across grade levels, subgroups and core content areas?**

Due to transition to a new management company the trends noted are only what we see in the 2020-2021 FSA scores. No diagnostic data was found from previous years. In looking at the trends in Reading we found that in the 3rd through 7th grade the content area needing the most growth was Integration of Knowledge and Ideas. In 4th through through 6th Text Based writing was another area needing growth. Although our reading average was above the District average, 5th grade was significantly lower in those performing at level 3 and above.

**What data components, based off progress monitoring and 2019 state assessments, demonstrate the greatest need for improvement?**

Text-based writing and integration of knowledge and ideas are our areas needing improvement.

**What were the contributing factors to this need for improvement? What new actions would need to be taken to address this need for improvement?**

Instruction may not have been aligned to the standards and the level of rigor was absent from instruction. There was a change in teacher assignments based on the data provided by FSA. More professional development on aligning resources to standards is in place. Common planning is in place this year as well as Professional Learning Communities have been designed to monitor data and share best practices.

**What data components, based off progress monitoring and 2019 state assessments, showed the most improvement?**

Third grade reading level 3 and above.

**What were the contributing factors to this improvement? What new actions did your school take in this area?**

The strong k-2 reading through CKLA and Riggs. Additional training to teachers was offered in Riggs Language Arts.

**What strategies will need to be implemented in order to accelerate learning?**

Reading endorsed teachers will model instruction in the classroom.  
Training on alignment of resources to standards.  
CKLA Florida addition was purchased to match the standards  
PLCs will address best practices and monitor data  
Literacy Team is in place to assist with data monitoring and PD needs  
Training for monitoring engagement  
PD on small group instruction and differentiation of instruction for struggling readers  
PD on small group instruction to accelerate students needing acceleration in reading

**Based on the contributing factors and strategies identified to accelerate learning, describe the professional development opportunities that will be provided at the school to support teachers and leaders.**

Training for staff in the use Study Island of and interpretation of data provided by the program in the areas of Science and Math.  
Training for the staff in the use of NWEA MAPS to look at student growth and areas of remediation that is needed. Training for Administration in the use of the data provided by both NWEA MAPS and Study Island to monitor student growth, remediation needs and help identify instructional strengths and areas where growth is needed.  
Training on the Standards and making sure that the Standards match the instruction.  
Additional K-2 training on RIGGS

**Provide a description of the additional services that will be implemented to ensure sustainability of improvement in the next year and beyond.**

Summer training on CLKA. Addition of Reading Endorsed teachers to the staff. Implement a strong research based reading intervention program. Look at other high performing Charter Schools with the same demographics to understand how they achieve implementation of programs with fidelity.

### **Part III: Planning for Improvement**

**Areas of Focus:**

**#1. Leadership specifically relating to Instructional Leadership Team**

**Area of Focus Description and Rationale:** The Instructional Leadership Team will maintain a school vision and strategy focused on student achievement. This team will not focus on operations but will remain focused on student achievement and instruction.  
 Feedback from staff has indicated their concerns for the number of beginning teachers and the change in management for the 2021-2022 SY. Therefor an Instructional Leadership Team was developed to maintain Instructional focus and monitor student achievement.

**Measurable Outcome:** Good leaders know and understand that teachers know what their students and what they, themselves, need in order to be successful. When teachers are involved in examining their data to make important decisions based on the data to continuously move their school forward and increase student outcome. When teachers work together in teams, they coach each other, learn from one another and become experts in certain areas. This team dynamic-in which everyone plays a role and is valued-this practice provides them with a safe place to improve their practices to improve student outcomes. In these collaborative environments , transparency of practice and data are expected to help drive improvement. (Gates Foundation 2019)

**Monitoring:** PLC agendas will be set by the Leadership team based on data and teacher indicated needs. PLCs will be monitored through a specifically designed agenda, submitted to Administration, that provides for follow-up based on the data examined and practices aligned with B.E.S.T. Standards that will be evidenced in the classrooms during walk-throughs. Progress monitoring will also assist with student growth and teacher growth.

**Person responsible for monitoring outcome:** [no one identified]

**Evidence-based Strategy:** Increase teacher leadership roles within the school. Leadership roles can improve teacher motivation and confidence in their own abilities to motivate, lead and encourage other adults leading to improved self-confidence, increased knowledge and improved attitude toward teaching and other teachers.

**Rationale for Evidence-based Strategy:** Good leaders know and understand that teachers know what their students and what they, themselves, need in order to be successful. When teachers are involved in examining their data to make important decisions based on the data to continuously move their school forward and increase student outcome. When teachers work together in teams, they coach each other, learn from one another and become experts in certain areas. This team dynamic-in which everyone plays a role and is valued-this practice provides them with a safe place to improve their practices to improve student outcomes. In these collaborative environments , transparency of practice and data are expected to help drive improvement. (Gates Foundation 2019)

**Action Steps to Implement**

1. Data will be examined by teams and based on trends seen a strategic plan of 15 days will be executed by the whole.

**Person Responsible** [no one identified]

2. The creation of a 15 day plan will be based on goals set by the team. data collected during the 15 days will be brought back and re-examined by the team to determine if the steps identified to meet the goals are working or if they are taking us in a different direction. and can be altered.

**Person Responsible** [no one identified]

3. Cultivate a culture of Growth Mindset. In each staff member instill ownership of focus, discipline and accountability for every goal.

**Person Responsible** [no one identified]

4. Select a balanced Leadership Team of visionaries and "classically" trained.

**Person Responsible** [no one identified]

## #2. Instructional Practice specifically relating to ELA

### Area of Focus Description and Rationale:

**Measurable Outcome:**

**Monitoring:**

**Person responsible for monitoring outcome:** [no one identified]

**Evidence-based Strategy:**

**Rationale for Evidence-based Strategy:**

### Action Steps to Implement

*No action steps were entered for this area of focus*

## Additional Schoolwide Improvement Priorities

Using the [SafeSchoolsforAlex.org](https://www.safeschoolsforalex.org), compare the discipline data of the school to discipline data across the state and provide primary or secondary areas of concern that the school will monitor during the upcoming school year. Include how the school culture and environment will be monitored through the lens of behavior or discipline data.

NA

## Part IV: Positive Culture & Environment

A positive school culture and environment reflects: a supportive and fulfilling environment, learning conditions that meet the needs of all students, people who are sure of their roles and relationships in student learning, and a culture that values trust, respect and high expectations. Consulting with various stakeholder groups to employ school improvement strategies that impact the positive school culture and environment are critical. Stakeholder groups more proximal to the school include teachers, students, and families of students, volunteers, and school board members. Broad stakeholder groups include early childhood providers, community colleges and universities, social services, and business partners.

Stakeholders play a key role in school performance and addressing equity. Consulting various stakeholder groups is critical in formulating a statement of vision, mission, values, goals, and employing school improvement strategies.

**Describe how the school addresses building a positive school culture and environment.**

By working closely, the PSA and staff continually work to build stronger, more supportive relationships between school and family. Parent involvement opportunities allow for parents to ask questions and provide information about themselves and ways that they can help the school grow and reach their child's academic needs.

- Open House is held at the beginning of each school year.
- Family fun nights and activities are held monthly either on campus or at a local shop or restaurant
- Parents of incoming kindergarteners participate in Kindergarten Round-up during late winter so both parents and child may visit the campus
- Spring Open House held for incoming Middle School Students

**Identify the stakeholders and their role in promoting a positive culture and environment at the school.**

PSA Board:  
 President-  
 Vice President-

Principal/Parent Liaison- Chiara Ajo

Community Liaison-Soraya Bello

**Part V: Budget**

The approved budget does not reflect any amendments submitted for this project.

1	III.A.	Areas of Focus: Leadership: Instructional Leadership Team	\$0.00
2	III.A.	Areas of Focus: Instructional Practice: ELA	\$0.00
<b>Total:</b>			<b>\$0.00</b>
