## School Board Approval

## SIP Authority

Section 1001.42(18), Florida Statutes, requires district school boards to annually approve and require implementation of a Schoolwide Improvement Plan (SIP) for each school in the district that has a school grade of D or F. This plan is also a requirement for Targeted Support and Improvement (TS&I) and Comprehensive Support and Improvement (CS&I) schools pursuant to 1008.33 F.S. and the Every Student Succeeds Act (ESSA).

To be designated as TS&I, a school must have one or more ESSA subgroup(s) with a Federal Index below 41%. This plan shall be approved by the district. There are three ways a school can be designated as CS&I:

1. have a school grade of D or F
2. have a graduation rate of 67% or lower
3. have an overall Federal Index below 41%.

For these schools, the SIP shall be approved by the district as well as the Bureau of School Improvement.

The Florida Department of Education (FDOE) SIP template meets all statutory and rule requirements for traditional public schools and incorporates all components required for schools receiving Title I funds. This template is required by State Board of Education Rule 6A-1.099811, Florida Administrative Code, for all non-charter schools with a current grade of D or F, or a graduation rate 67% or less. Districts may opt to require a SIP using a template of its choosing for schools that do not fit the aforementioned conditions. This document was prepared by school and district leadership using the FDOE's school improvement planning web application located at [www.floridacims.org](http://www.floridacims.org).

## Purpose and Outline of the SIP

The SIP is intended to be the primary artifact used by every school with stakeholders to review data, set goals, create an action plan and monitor progress. The Florida Department of Education encourages schools to use the SIP as a "living document" by continually updating, refining and using the plan to guide their work throughout the year. This printed version represents the SIP as of the "Date Modified" listed in the footer.

## Part I: School Information

### School Mission and Vision

#### **Provide the school's mission statement.**

South Florida Autism Charter School provides education and therapeutic services to individuals diagnosed with autism spectrum disorders (ASD) residing in Miami-Dade/Broward Counties, targeting students with communication deficits and/or behavioral challenges, and who may require training in self-help skills. The methodologies of B.F. Skinner's Theory of Applied Behavioral Analysis (ABA) and Verbal Behavior (VB) are applied in conjunction with State Standards for students on a modified curriculum in order to provide the most effective individualized educational programs possible.

#### **Provide the school's vision statement.**

Our vision is to create an effective model for teaching individuals with ASD. Future plans include expanding our program in order to serve the entire spectrum of ASD, from newly diagnosed children to adults. This will be accomplished on a state of the art campus with a K-12 Charter School, and early intervention clinic, out of school services, and adult services. Our objectives are to provide free, appropriate, and science based educational opportunities to students on the more involved portion of the autism spectrum; to find each student's strengths and to provide them with the tools and hands on learning opportunities that will enable them to function independently in society and have a purpose in life; and to remove the stigma associated with ASD and prove that even the most profoundly affected individuals can contribute to society in a meaningful way.

### School Leadership Team

#### **Membership**

Identify the name, email address, position title, and job duties/responsibilities for each member of the school leadership team.:

Name	Position Title	Job Duties and Responsibilities
Moodie, Tamara	Principal	The principal works to provide and implement a data-driven plan and strategic planning for the education of all students. She provides professional development to parents and staff and provides resources to support instructional programs. The Principal and Governing Board are responsible for coordinating and supplementing federal, state and local funds, services, and programs. Board meetings are held on a quarterly basis. Additional meetings are scheduled as needed. The Principal creates an operating budget, which the Governing Board reviews, makes recommendations if necessary, and votes to approve. The Governing Board must approve the budget and any revisions. The Governing Board meets to discuss the ways to align all the available resources and meet the needs of all the students.
Ammon, Amanda	Teacher, ESE	The school leadership team is comprised of 3 teachers and an administrator, who teach grades K through 12, and who serve as mentors and instructional and behavioral leaders to the rest of the staff. They meet several times a month to discuss the students, their achievement, and their behaviors. At least once a week the team will meet with their respective staff to discuss any changes or updates that arise. They also meet to discuss the needs of the teachers and their students. The aforementioned team are lead mentors of the instructional personnel. The teachers are able to come to the team with any instructional or behavioral issues. As an ESE instructor, they provide direct instructional to students to improve and support their academic success. In addition she is an integral part of the MTSS team that uses data based problem-solving to integrate academic and behavioral instruction and intervention.
Falepaini, Kristen	Teacher, ESE	The school leadership team is comprised of 3 teachers and an administrator, who teach grades K through 12, and who serve as mentors and instructional and behavioral leaders to the rest of the staff. ### Additional Schoolwide Improvement Priorities

Using the [SafeSchoolsforAlex.org](https://www.SafeSchoolsforAlex.org), compare the discipline data of the school to discipline data across the state and provide primary or secondary areas of concern that the school will monitor during the upcoming school year. Include how the school culture and environment will be monitored through the lens of behavior or discipline data.

**Part IV: Positive Culture & Environment**

A positive school culture and environment reflects: a supportive and fulfilling environment, learning conditions that meet the needs of all students, people who are sure of their roles and relationships in student learning, and a culture that values trust, respect and high expectations. Consulting with various stakeholder groups to employ school improvement strategies that impact the positive school culture and environment are critical. Stakeholder groups more proximal to the school include teachers, students, and families of students, volunteers, and school board members. Broad stakeholder groups include early childhood providers, community colleges and universities, social services, and business partners.

Stakeholders play a key role in school performance and addressing equity. Consulting various stakeholder groups is critical in formulating a statement of vision, mission, values, goals, and employing school improvement strategies.

**Describe how the school addresses building a positive school culture and environment.**

**Identify the stakeholders and their role in promoting a positive culture and environment at the school.**

**Part V: Budget**
