Year	
Support Tier	
ESSA Status	

* As defined under Rule 6A-1.099811, Florida Administrative Code. For more information, [click here](#).

School Board Approval

This plan is pending approval by the Hamilton County School Board.

SIP Authority

Section 1001.42(18), Florida Statutes, requires district school boards to annually approve and require implementation of a Schoolwide Improvement Plan (SIP) for each school in the district that has a school grade of D or F. This plan is also a requirement for Targeted Support and Improvement (TS&I) and Comprehensive Support and Improvement (CS&I) schools pursuant to 1008.33 F.S. and the Every Student Succeeds Act (ESSA).

To be designated as TS&I, a school must have one or more ESSA subgroup(s) with a Federal Index below 41%. This plan shall be approved by the district. There are three ways a school can be designated as CS&I:

1. have a school grade of D or F
2. have a graduation rate of 67% or lower
3. have an overall Federal Index below 41%.

For these schools, the SIP shall be approved by the district as well as the Bureau of School Improvement.

The Florida Department of Education (FDOE) SIP template meets all statutory and rule requirements for traditional public schools and incorporates all components required for schools receiving Title I funds. This template is required by State Board of Education Rule 6A-1.099811, Florida Administrative Code, for all non-charter schools with a current grade of D or F, or a graduation rate 67% or less. Districts may opt to require a SIP using a template of its choosing for schools that do not fit the aforementioned conditions. This document was prepared by school and district leadership using the FDOE's school improvement planning web application located at www.floridacims.org.

Purpose and Outline of the SIP

The SIP is intended to be the primary artifact used by every school with stakeholders to review data, set goals, create an action plan and monitor progress. The Florida Department of Education encourages schools to use the SIP as a "living document" by continually updating, refining and using the plan to guide their work throughout the year. This printed version represents the SIP as of the "Date Modified" listed in the footer.

Part I: School Information

School Mission and Vision

Provide the school's mission statement.

At Hamilton County Elementary School, we believe that all students have the ability to learn and grow. Our mission is to provide a high-quality education that will equip our students with the essential skills needed to obtain success and to develop appropriate and acceptable social behavior. Achieving our mission will increase student academic achievement and create lifelong learners. The Hamilton County School district's mission is to ensure a successful future for all students.

**To achieve this mission, we continue to provide quality education and empower students with the tools necessary to learn.

Provide the school's vision statement.

At Hamilton County Elementary School, our vision is creating a learning environment where all students can excel academically, focus on positive behavior, and foster social and emotional development. Student engagement is an essential part of the learning process.

School Leadership Team

Membership

Identify the name, email address, position title, and job duties/responsibilities for each member of the school leadership team.:

Name	Position Title	Job Duties and Responsibilities
Griffin, Kathy	Principal	Ms. Griffin ensures the safety and security of all students and staff of Hamilton County Elementary by using best practices in school safety. Ms. Griffin also works to foster purposeful leadership that supports the mission and the vision of Hamilton County Elementary School. Ms. Griffin directs and monitors the overall operations. In addition, Ms. Griffin studies the effectiveness of instruction, instructional programs, and student progress throughout the school year and makes informed decisions based on information provided by data. Ms. Griffin also coordinates and plans activities and programs that enhance the school environment.
Claridy, Charles	Assistant Principal	Under the direction of the principal, Mr. Claridy serves as the school leader of operations. Mr. Claridy leads the student support services department that includes behavior/discipline management and mental health. Mr. Claridy also assists with planning, coordinating, and directing activities and programs.
McCoy, Erica	Assistant Principal	Under the direction of the principal, Mrs. McCoy serves as the school leader of teaching and learning. Mrs. McCoy assists the principal with instructional leadership, implementing, monitoring, and managing the teaching and learning process of the school. Mrs. McCoy also assists with planning, coordinating, and directing activities and programs.
Combass, Dawn	Teacher, PreK	Grade Level Team Leader
Combass, Leeann	Teacher, K-12	Grade Level Team Leader
Johnson, Kelly	Teacher, ESE	Kelly Johnson - ESE Team Leader
Law, David	Teacher, K-12	Grade Level Team Leader
Byrd, Michelana	Teacher, K-12	Media Spec. Resource Team Leader
Smith, Geadon	Teacher, K-12	Geadon Smith - Grade Level Team Leader
Howell, Joanie	Teacher, K-12	Joanie Howell - Grade Level Team Leader
Clemons, Calena	Teacher, K-12	Calena Clemons Grade Level Team Leader
Cromartie, Allison	School Counselor	Allison Cromartie
Merine, Raven	Teacher, K-12	Raven Merine - Grade Level Team Leader

Name	Position Title	Job Duties and Responsibilities
Evans, Stuart	School Counselor	Stuart Evans
	Reading Coach	Cherie Stone
Lambert, Brenda	Teacher, K-12	
Evans, Katlyn	Teacher, K-12	Grade 1 Team Leader

Demographic Information

Principal start date

Thursday 7/1/2021, Kathy Griffin

Number of teachers with a 2019 3-year aggregate or a 1-year Algebra state VAM rating of Highly Effective. *Note: For UniSIG Supplemental Teacher Allocation, teachers must have at least 10 student assessments.*

0

Number of teachers with a 2019 3-year aggregate or a 1-year Algebra state VAM rating of Effective. *Note: For UniSIG Supplemental Teacher Allocation, teachers must have at least 10 student assessments.*

0

Total number of teacher positions allocated to the school

55

Total number of students enrolled at the school

854

Identify the number of instructional staff who left the school during the 2020-21 school year.

10

Identify the number of instructional staff who joined the school during the 2021-22 school year.

Analysis

Data Analysis

Answer the following analysis questions using the progress monitoring data and state assessment data, if applicable.

What trends emerge across grade levels, subgroups and core content areas?

Trends that emerge across grade levels, subgroups and core content areas

What data components, based off progress monitoring and 2019 state assessments, demonstrate the greatest need for improvement?

The data components based off progress monitoring and 2019 state assessments which demonstrate the greatest need for improvement

What were the contributing factors to this need for improvement? What new actions would need to be taken to address this need for improvement?

The contributing factors that inform the need for improvement are

The new actions that would need to be taken to address the need for improvement are

What data components, based off progress monitoring and 2019 state assessments, showed the most improvement?

According to the data, science showed an improvement of a 2% increase in proficiency overall.

What were the contributing factors to this improvement? What new actions did your school take in this area?

The contributing factors to this improvement was experienced Science teachers, usage of focused instruction on Science Benchmarks, and consistency in using appropriate instructional strategies and progress monitoring at this grade level.

What strategies will need to be implemented in order to accelerate learning?

The strategies that need to be implemented to accelerate learning is to continue core Tier 1 instruction, remain focused on standards-based instruction, and use progress monitoring to determine the need for student supports through whole group and small group instruction.

Based on the contributing factors and strategies identified to accelerate learning, describe the professional development opportunities that will be provided at the school to support teachers and leaders.

The professional development opportunities that will be provided at the school to support teachers and leaders is the science teachers will have professional development in using foundational skills in reading as well as reading strategies. The teachers will also participate in professional development in mapping and pacing that allows for better alignment of the curriculum to follow a sequential hierarchy. Teachers will also participate in professional development and training in best practices in instruction for science

Provide a description of the additional services that will be implemented to ensure sustainability of improvement in the next year and beyond.

Hamilton County Elementary will continue to implement and monitor standards-based instruction and assessment. We will progress monitor students to determine the additional supports needed for academic achievement. We will continue to target areas of need for teacher professional development.

Part III: Planning for Improvement

Areas of Focus:

#1. Instructional Practice specifically relating to ELA

Area of Focus Description and Rationale: The Progress Monitoring Assessment data and FSA Data showed a significant decline in proficiency, overall gains, and gains in the bottom quartile in ELA.

Measurable Outcome: With the following improvements, all ELA categories will increase up to at least 50%.
 Improvement in ELA proficiency by 19%
 Improvement in overall gains by 17%.
 Improvement in the bottom quartile by 21%

Monitoring: Data will be monitored throughout the year using district-approved progress monitoring tools. Monthly data meetings that will include instructional staff, administration, and other key staff to review trends in student performance. Data will also determine changes to instructional practices and intervention strategies.

Person responsible for monitoring outcome: Kathy Griffin (kathy.griffin@hamiltonfl.com)

Evidence-based Strategy: Utilizing researched based curriculum, using best practices in multi-tiered instruction, progress monitoring, making informed decisions based on data.

Rationale for Evidence-based Strategy: Improve student achievement and student growth. Data indicated there was a decrease in student achievement and student growth.

Action Steps to Implement

Provide web-based software (iReady) that provides individualized instruction for every student in reading.

Person Responsible Kathy Griffin (kathy.griffin@hamiltonfl.com)

Extended Day Learning to provide additional support for students identified as Tier 2 or Tier 3.

Person Responsible Kathy Griffin (kathy.griffin@hamiltonfl.com)

Provide a Reading Coach that will increase the effectiveness of all teachers by providing differentiated professional learning as well as providing high impact instructional strategies and data analysis, focusing on improving student performance.

Person Responsible Kathy Griffin (kathy.griffin@hamiltonfl.com)

Provide supplemental materials such as Florida Ready to support and increase understanding in ELA.

Person Responsible Kathy Griffin (kathy.griffin@hamiltonfl.com)

Provide paraprofessionals to expand the number and frequency of small group instruction.

Person Responsible Kathy Griffin (kathy.griffin@hamiltonfl.com)

Intervention Teachers provide support for Tier 3 students using Fountas and Pinnell Leveled Literacy Intervention materials.

Person Responsible Kathy Griffin (kathy.griffin@hamiltonfl.com)

Provide a Behavior Resource Teacher (BRT) that will implement a positive behavior support system for students to manage their behavior, provide social-emotional supports for students and parents, along with being a resource for classroom teachers in need of strengthening their classroom behavior plans.

Person Responsible Kathy Griffin (kathy.griffin@hamiltonfl.com)

Monthly data meetings that include instructional staff, administration, and key staff members to review data and adjust instruction to meet all students' needs.

Person Responsible Kathy Griffin (kathy.griffin@hamiltonfl.com)

#2. Instructional Practice specifically relating to Math

Area of Focus Description and Rationale: The Progress Monitoring Assessment data and FSA Data showed a significant decline in proficiency, overall gains, and gains in the bottom quartile in Math.

Measurable Outcome: With the following improvements, all ELA categories will increase up to at least 50%.
 Improvement in Math proficiency by 8%
 Improvement in Math overall gains by 6%.
 Improvement in the bottom quartile - Math by 19%

Monitoring: Data will be monitored throughout the year using district-approved progress monitoring tools. Monthly data meetings that will include instructional staff, administration, and other key staff to review trends in student performance. Data will also determine changes to instructional practices and intervention strategies.

Person responsible for monitoring outcome: Kathy Griffin (kathy.griffin@hamiltonfl.com)

Evidence-based Strategy: Utilizing researched-based curriculum, using best practices in multi-tiered instruction, progress monitoring, making informed decisions based on data.

Rationale for Evidence-based Strategy: Improve student achievement and student growth. Data indicated there was a decrease in student achievement and student growth.

Action Steps to Implement

Provide web-based software (iReady) that provides individualized instruction for every student in math.

Person Responsible Kathy Griffin (kathy.griffin@hamiltonfl.com)

Extended Day Learning to provide additional support for students identified as Tier 2 or Tier 3.

Person Responsible Kathy Griffin (kathy.griffin@hamiltonfl.com)

Schedule Consistent walk-throughs by the administration to increase the effectiveness of all teachers by providing differentiated professional learning as well as providing high impact instructional strategies and data analysis, focusing on improving student performance.

Person Responsible Kathy Griffin (kathy.griffin@hamiltonfl.com)

Provide supplemental materials such as Florida Ready to support and increase understanding in Math

Person Responsible Kathy Griffin (kathy.griffin@hamiltonfl.com)

Provide paraprofessionals to expand the number and frequency of small group instruction.

Person Responsible Kathy Griffin (kathy.griffin@hamiltonfl.com)

Provide a Behavior Resource Teacher (BRT) that will implement a positive behavior support system for students to manage their behavior, provide social-emotional supports for students and parents, along with being a resource for classroom teachers in need of strengthening their classroom behavior plans.

Person Responsible Kathy Griffin (kathy.griffin@hamiltonfl.com)

Monthly data meetings that include instructional staff, administration, and key staff members to review data and adjust instruction to meet all students' needs.

Person Responsible Kathy Griffin (kathy.griffin@hamiltonfl.com)

#3. Instructional Practice specifically relating to Small Group Instruction

Area of Focus Description and Rationale: Increase student achievement of the bottom quartile in ELA and Math through intervention and small group instruction. The data showed that 29% of students in the bottom quartile showed a learning gain in ELA. In addition, only 31% of students showed a learning gain in Math. There is a significant decline in student growth in the bottom quartile and a need for more focused instruction and intensive intervention.

Measurable Outcome: The intended outcome is that 50% of our students in the bottom quartile will show a learning gain in Math and 50% of our students in the bottom quartile will show a learning gain in ELA.

Monitoring: Use data to identify and place students in groups
Use Leveled Literacy Intervention for small group instruction for students in Tier III
Use Iready Toolbox to provide Tier III instruction in Math

Person responsible for monitoring outcome: Kathy Griffin (kathy.griffin@hamiltonfl.com)

Evidence-based Strategy: Guided Reading
Differentiated Instruction

Rationale for Evidence-based Strategy: Research shows that differentiated instruction can be an effective practice if used appropriately and consistently. Teachers have identified students in the bottom quartile based on FSA scores as well as diagnostic assessments. Teachers and administration will continue to meet monthly to discuss the students that make up the bottom quartile. Teachers will implement Guided Reading using the Fountas and Pinnel GR Program during small group instruction with classroom teachers and paraprofessionals. Students will also use web-based in ELA and Math to receive individualized instruction. All practices will be monitored and adjusted based on student progress and/or needs.

Action Steps to Implement

During grade-level meetings, discuss the progress and/or needs of the student identified as the bottom quartile in ELA and Math.

Person Responsible Kathy Griffin (kathy.griffin@hamiltonfl.com)

Use research-based programs to remediate and reteach in small groups. Student groups will be documented in lesson plans, and fidelity checks will be conducted by the administration.

Person Responsible Kathy Griffin (kathy.griffin@hamiltonfl.com)

Teachers will use iReady to differentiate instruction in ELA and Math. iReady learning path may be adjusted based on student needs.

Person Responsible Kathy Griffin (kathy.griffin@hamiltonfl.com)

Make adjustments to the bottom quartile during grade-level meetings to reflect student gains and losses.

Person Responsible Kathy Griffin (kathy.griffin@hamiltonfl.com)

Provide highly qualified paraprofessionals to assist students daily in small groups and one-on-one, under the supervision of state-certified teachers.

Person Responsible Kathy Griffin (kathy.griffin@hamiltonfl.com)

Additional Schoolwide Improvement Priorities

Using the [SafeSchoolsforAlex.org](https://www.safeschoolsforalex.org), compare the discipline data of the school to discipline data across the state and provide primary or secondary areas of concern that the school will monitor during the upcoming school year. Include how the school culture and environment will be monitored through the lens of behavior or discipline data.

Based on the information taken from the SafeSchoolsforAlex.org website Hamilton County Elementary School ranked 1,012 out of 1,395 elementary schools in the state of Florida. We reported 1.098 which rounds to 1.1 incidents per 100 students which placed us in the high category, with there being a total of 10 incidents from the total student enrollment of 911. The state average for incidents per 100 were 1.0 with a total of 9,159 total incidents. The types of incidents reported in Violent Crimes was listed as high; the school ranked 908 out of the 1,395 per 100 students with a ranking of 0.66. Damage to property was rated very low, ranking number 1 out of 1,395 with 0 incidents reported. Drug/Public Order incidents were reported as high, with a state rank of 1,258 out of the 1,395 schools placing the school at a very high rate; per 100 students the rank was 0.44. In reference to suspensions the school data was ranked at 863 out of the 1,395 schools. Suspensions per 100 students was ranked at 3.8. The total number of suspensions was 35 during the 2019-2020 school year.

The primary areas of concern that we will monitor during the 2021 -2022 school year are fighting and threat/intimidation. We are working to implement initiatives to assist our students in demonstrating more appropriate ways of demonstrating social skills. Support staff such as guidance counselors and social workers are assigned to work with students. We also have a Behavior Resource Teacher who is working with classroom teachers and students to address classroom management concerns and implementing strategies with students to address behavioral concerns. Secondary areas of concern include Drug and Public Order Incidents indicators and other major offences and weapons possessions.

The school culture and environment will be monitored through student referrals and through monitoring student behavior via weekly student services meetings and monthly data meetings. We work as a holistic team to address any concerns that arise with students, providing the necessary supports and guidance to address social/emotional health and well-being.

Part IV: Positive Culture & Environment

A positive school culture and environment reflects: a supportive and fulfilling environment, learning conditions that meet the needs of all students, people who are sure of their roles and relationships in student learning, and a culture that values trust, respect and high expectations. Consulting with various stakeholder groups to employ school improvement strategies that impact the positive school culture and environment are critical. Stakeholder groups more proximal to the school include teachers, students, and families of students, volunteers, and school board members. Broad stakeholder groups include early childhood providers, community colleges and universities, social services, and business partners.

Stakeholders play a key role in school performance and addressing equity. Consulting various stakeholder groups is critical in formulating a statement of vision, mission, values, goals, and employing school improvement strategies.

Describe how the school addresses building a positive school culture and environment.

Establishing a positive school culture and environment for our students in Hamilton County requires the support of district administration, teachers, support staff, parents, and school board members. We welcome our students back in August with a district wide 'Meet the Teacher' event where parents and community members are invited to tour the school and meet the staff. The School Advisory Council and PTO meet in September to begin planning other events for the school year. Donuts for Dad and Muffins for Mom are events that encourage parents/guardians to take active roles in reading with their children. Parents and Grandparents Luncheons offer similar opportunities for all stakeholders to experience the school culture that has been established. HCES has a Facebook page where we share positive information and happenings at school like the Junior Deputy program that recognizes students who make good choices and 'Caught you Reading!' where staff shares photos of students reading in a variety of places throughout the county.

Identify the stakeholders and their role in promoting a positive culture and environment at the school.

Administrators, teachers, support staff, parents, and community members play active roles in promoting a positive culture and environment at Hamilton County Elementary School. Everyone's role is to support, challenge, and celebrate children.

Part V: Budget

The approved budget does not reflect any amendments submitted for this project.

1	III.A.	Areas of Focus: Instructional Practice: ELA	\$0.00
2	III.A.	Areas of Focus: Instructional Practice: Math	\$0.00
3	III.A.	Areas of Focus: Instructional Practice: Small Group Instruction	\$0.00
Total:			\$0.00
