Demographics

Principal: Jocelyn Reid

Start Date for this Principal: 7/1/2019

| 2019-20 Status (per MSID File) | Active |
|---|---|
| School Type and Grades Served (per MSID File) | Elementary School PK-5 |
| Primary Service Type (per MSID File) | K-12 General Education |
| 2020-21 Title I School | Yes |
| 2020-21 Economically Disadvantaged (FRL) Rate (as reported on Survey 3) | 100% |
| 2020-21 ESSA Subgroups Represented (subgroups with 10 or more students) (subgroups below the federal threshold are identified with an asterisk) | Students With Disabilities* Black/African American Students* Economically Disadvantaged Students* |
| School Grades History | 2018-19: D (32%) 2017-18: C (44%) 2016-17: D (37%) |
| 2019-20 School Improvement (SI) Inf | formation* |
| SI Region | Southeast |
| Regional Executive Director | LaShawn Russ-Porterfield |
| Turnaround Option/Cycle | N/A |
| Year | YEAR 1 |
| Support Tier | IMPLEMENTING |
| ESSA Status | |
| * As defined under Rule 6A-1.099811, Florida Administrative Code. F | For more information, click here. |

School Board Approval

This plan is pending approval by the Broward County School Board.

SIP Authority

Section 1001.42(18), Florida Statutes, requires district school boards to annually approve and require implementation of a Schoolwide Improvement Plan (SIP) for each school in the district that has a school grade of D or F. This plan is also a requirement for Targeted Support and Improvement (TS&I) and Comprehensive Support and Improvement (CS&I) schools pursuant to 1008.33 F.S. and the Every Student Succeeds Act (ESSA).

To be designated as TS&I, a school must have one or more ESSA subgroup(s) with a Federal Index below 41%. This plan shall be approved by the district. There are three ways a school can be designated as CS&I:

- have a school grade of D or F
- 2. have a graduation rate of 67% or lower
- 3. have an overall Federal Index below 41%.

For these schools, the SIP shall be approved by the district as well as the Bureau of School Improvement.

The Florida Department of Education (FDOE) SIP template meets all statutory and rule requirements for traditional public schools and incorporates all components required for schools receiving Title I funds. This template is required by State Board of Education Rule 6A-1.099811, Florida Administrative Code, for all non-charter schools with a current grade of D or F, or a graduation rate 67% or less. Districts may opt to require a SIP using a template of its choosing for schools that do not fit the aforementioned conditions. This document was prepared by school and district leadership using the FDOE's school improvement planning web application located at www.floridacims.org.

Purpose and Outline of the SIP

The SIP is intended to be the primary artifact used by every school with stakeholders to review data, set goals, create an action plan and monitor progress. The Florida Department of Education encourages schools to use the SIP as a "living document" by continually updating, refining and using the plan to guide their work throughout the year. This printed version represents the SIP as of the "Date Modified" listed in the footer.

School Board Approval

This plan is pending approval by the Broward County School Board.

SIP Authority

Section 1001.42(18), Florida Statutes, requires district school boards to annually approve and require implementation of a school improvement plan (SIP) for each school in the district that has a school grade of D or F.

The Florida Department of Education (FDOE) SIP template meets all statutory and rule requirements for traditional public schools and incorporates all components required for schools receiving Title I funds. This template is required by State Board of Education Rule 6A-1.099811, Florida Administrative Code, for all non-charter schools with a current grade of D or F (see page 4). For schools receiving a grade of A, B, or C, the district may opt to require a SIP using a template of its choosing. This document was prepared by school and district leadership using the FDOE's school improvement planning web application located at https://www.floridaCIMS.org.

Purpose and Outline of the SIP

The SIP is intended to be the primary artifact used by every school with stakeholders to review data, set goals, create an action plan and monitor progress. The Florida Department of Education encourages schools to use the SIP as a "living document" by continually updating, refining and using the plan to guide their work throughout the year. This printed version represents the SIP as of the "Date Modified" listed in the footer.

Part I: School Information

School Mission and Vision

Provide the school's mission statement.

Our mission is to provide a rich, challenging Pre K - 5 program that cultivates the intellectual, social, and emotional development of each child while challenging all students to become productive citizens.

Provide the school's vision statement.

Walker Elementary will advocate for student success by providing a safe, supportive, and collaborative learning environment that empowers, enlightens, and inspires our students to reach or exceed their highest potential.

School Leadership Team

Membership

Identify the name, email address, position title, and job duties/responsibilities for each member of the school leadership team.:

| Name | Position Title | Job Duties and Responsibilities |
|----------------------|------------------------|--|
| Eligon, Tauri | Principal | Mr. Tauri Eligon, Principal, oversees the daily operations of the school. He monitors the curriculum and instructional practices of teachers. He also analyzes assessment data and provides support to teachers and staff. |
| Martin , Jodianne | Instructional Coach | Jodianne Martin, Reading Coach, oversees the school-wide reading program. She facilitates data chats with teachers based on student performance data. She also monitors the performance of the lowest quartile students in Reading. Ms. Martin coordinates and facilitates the necessary Professional Development based on student data and teacher needs. She aligns the support services for the lowest quartile to ensure the right remediation is given. Ms. Martin is the facilitator of the school-wide (Marching Hour) Intensive Block and is the point person for reading community partnerships with Reading Pals and Tutor Mate. |
| McNabb, Alicia | Instructional Coach | Alicia McNabb, Science Coach, oversees the school-wide science program. She facilitates data chat meetings with teachers around the student science performance data. She coordinates and facilitates the necessary Professional Development and PLCs based on student data and teacher needs. She aligns the support services for students performing below level on science common formative assessments to ensure remediation is given. She also facilitates and monitors the use of the school-wide science lab. |
| Temple, Jessica | Assistant Principal | Jessica Temple, Assistant Principal, assists the school principal in the overall administration of instructional programs and school operations. She coordinates all school-wide schedules for teachers and students. She also helps create school-wide goals including those related to student learning and student behavior. Mrs. Temple manages student behavioral issues and positive behavior programs. She also oversees the school safety plan, safety drills, and Threat Assessments. |

Demographic Information

Principal start date

Monday 7/1/2019, Jocelyn Reid

Number of teachers with a 2019 3-year aggregate or a 1-year Algebra state VAM rating of Highly Effective. Note: For UniSIG Supplemental Teacher Allocation, teachers must have at least 10 student assessments.

2

Number of teachers with a 2019 3-year aggregate or a 1-year Algebra state VAM rating of Effective. Note: For UniSIG Supplemental Teacher Allocation, teachers must have at least 10 student assessments.

2

Total number of teacher positions allocated to the school

31

Total number of students enrolled at the school

631

Identify the number of instructional staff who left the school during the 2020-21 school year.

Identify the number of instructional staff who joined the school during the 2021-22 school year.

Demographic Data

Early Warning Systems

2021-22

The number of students by grade level that exhibit each early warning indicator listed:

| Indicator | Grade Level | | | | | | | | | | | | | Total |
|--|-------------|-----|-----|-----|-----|-----|---|---|---|---|----|----|----|-------|
| indicator | K | 1 | 2 | 3 | 4 | 5 | 6 | 7 | 8 | 9 | 10 | 11 | 12 | Total |
| Number of students enrolled | 80 | 108 | 127 | 116 | 158 | 138 | 0 | 0 | 0 | 0 | 0 | 0 | 0 | 727 |
| Attendance below 90 percent | 45 | 65 | 80 | 62 | 86 | 81 | 0 | 0 | 0 | 0 | 0 | 0 | 0 | 419 |
| One or more suspensions | 0 | 0 | 0 | 2 | 0 | 0 | 0 | 0 | 0 | 0 | 0 | 0 | 0 | 2 |
| Course failure in ELA | 0 | 0 | 0 | 0 | 0 | 0 | 0 | 0 | 0 | 0 | 0 | 0 | 0 | |
| Course failure in Math | 0 | 0 | 0 | 0 | 0 | 0 | 0 | 0 | 0 | 0 | 0 | 0 | 0 | |
| Level 1 on 2019 statewide FSA ELA assessment | 0 | 0 | 0 | 0 | 5 | 42 | 0 | 0 | 0 | 0 | 0 | 0 | 0 | 47 |

Analysis

Data Analysis

Answer the following analysis questions using the progress monitoring data and state assessment data, if applicable.

What trends emerge across grade levels, subgroups and core content areas?

Overall, there was an increase school-wide in ELA proficiency. In Grade 3, the ELA proficiency for English Language Learners remained the same throughout the year with no change. In Grade 4, there was a decreased in ELA amongst the English Language Learners.

What data components, based off progress monitoring and 2019 state assessments, demonstrate the greatest need for improvement?

The greatest need for improvement are in the areas of ELA and Math. The 2021 FSA Data shows 17% ELA Proficiency and 17% Math Proficiency. This is also supported by the iReady Diagnostic assessments taken during the school year.

What were the contributing factors to this need for improvement? What new actions would need to be taken to address this need for improvement?

There is a need for school-wide standards-aligned instruction in all content area. More planning and preparation will need to take place to address this need for improvement.

What data components, based off progress monitoring and 2019 state assessments, showed the most improvement?

Based on the 2021 FSA, there was 11% gains in Lowest Quartile students in ELA and 5% gains in Lowest Quartile students in Math. ELA showed the most improvement.

What were the contributing factors to this improvement? What new actions did your school take in this area?

More fidelity in the implementation of Reading interventions contributed to this improvement. A dedicated hour of intervention time is the new action that will be taken in this area.

What strategies will need to be implemented in order to accelerate learning?

Learning will be accelerated through Walk to Read/Math interventions as well as ESSER positions.

Based on the contributing factors and strategies identified to accelerate learning, describe the professional development opportunities that will be provided at the school to support teachers and leaders.

Teachers will be supported with professional development focused on standards-based instruction and planning.

Provide a description of the additional services that will be implemented to ensure sustainability of improvement in the next year and beyond.

Tiered coaching support, schoolwide board configuration, schoolwide study of the Opportunity Myth

Part III: Planning for Improvement

Areas of Focus:

#1. Instructional Practice specifically relating to Math

Area of

and

Focus Description We selected Math based on the results of the 2020 i-Ready Diagnostic 3 Assessment. This measure shows that 28% of our students are proficient which is an increase from 13% of students proficient in the previous academic year.

Rationale:

Measurable Outcome:

By June 2022, 35% of our students will be proficient in Math based on the i-Ready Math

Diagnostics and Florida Standards Assessment.

Monitoring:

The evidence-based strategy will be monitored by conducting classroom observations and

monthly assessments.

Person responsible

for

Tauri Eligon (tauri.eligon@browardschools.com)

monitoring outcome:

Evidencebased Strategy:

The evidence-based strategy we will implement is the effective use of manipulatives and the mathematical thinking and reasoning standards within the math block. The use of this strategy will be monitored by conducting classroom observations and monthly

assessments.

We selected the effective use of manipulatives and mathematical thinking and reasoning standards because it includes all math components and aligns to the Florida Standards. We will use monthly assessments, data chats and Professional Learning Communities (PLCs) as evidence of strategy implementation. The following resources will be used:

Rationale for

-School City assessment platform

Evidencebased Strategy:

-Acaletics instructional materials

-Mountain Math -i-Ready online learning program

-Reflex & Frax Math online fluency program

-Coach series resources (School Specialty Instruction & Intervention)

Action Steps to Implement

The first step will be providing Math Professional Development based on the needs of the teachers. This professional development will be based how to effectively use manipulative to improve math understanding. Another PD topic includes how to improve mathematical thinking and reasoning within the math block. The next step will be for the Leadership Team to do Classroom Observations. Feedback will be given to teachers based on the findings of the observations. Monthly progress monitoring Math assessments will be done by students and monitored by the Leadership Team. These assessments for progress monitoring will be created using School City and i-Ready. Data Chats and Professional Learning Communities (PLCs) will be held to share Math best practices. Data will be used to drive instruction for whole group, small group, and intervention groups.

Person Responsible

#2. Instructional Practice specifically relating to ELA

Area of

Focus We selected Literacy based on the results of the 2019 English Language Arts Rationale **Description** Florida Standards Assessment that shows 75% of our students are not proficient in

Description and

Reading.

Rationale:

Measurable By June 2022, 35% of our students will be proficient in reading based on the ELA Florida

Outcome: Standards Assessment.

Monitoring: We will monitor this strategy using classroom observations and monthly progress

monitoring assessments.

Person responsible

for Tauri Eligon (tauri.eligon@browardschools.com)

monitoring outcome:

We will use the Balanced-Literacy approach. We will monitor this strategy using classroom

Evidencebased Strategy: observations and monthly progress monitoring assessments. Balanced literacy on our campus will incorporate whole group, grade level text in which the standards are effectively delivered. Students will also meet with the teacher in a small group and focus on skills and

strategies at their instructional level in order to help bridge any gaps in learning.

We selected the Balanced-Literacy approach because it includes all of the reading components and aligns with the Florida Standards. We will use monthly progress monitoring assessments and data chats as evidence of strategy implementation. The

Rationale for

following resources will be used:
- IReady online learning platform

Evidencebased

- Leveled Literacy Intervention

Strategy:

Curriculum Associates Ready FL LAFSTriumph Learning Reading Resources

- Heggerty Curriculum

Action Steps to Implement

Reading Professional Development will be based on he needs of teachers. The leadership team will conduct classroom observations based on the Reading IPG. Feedback will be given to teachers based on the findings of the observations. Monthly progress monitoring assessments will be administered and monitored by the Leadership Team. Data Chats and Professional Learning Communities will be held to share Reading best practices. We can also use the test item specs to drive our instruction in our PLCs and Common Planning times. The FSA ELA Question stems can also be used for creating text-dependent questions. This will help our teachers and students engage in deeper dive into the standards.

Person Responsible

#3. ESSA Subgroup specifically relating to Economically Disadvantaged

Area of Focus Description and Rationale:

We selected Economically Disadvantaged Students based on the results of the 2019 Florida Standards Assessment where our Economically Disadvantaged Student Federal Index was 32%. The ED ESSA subgroup is made up of many students on our campus (over 90%). We plan to reach this subgroup through the improvement of Tier 1 instruction.

Measurable Outcome:

By June 2022, 50% of our Economically Disadvantaged students will show a learning gain

on the ELA Flroida Standards Assessment.

Monitoring of this outcome will be intentional and strategic. This will be done through the **Monitoring:** observation and feedback cycle. Focused observations paired with timely, intentional

feedback will contribute to effectively monitoring this outcome.

Person responsible

Evidencebased

Strategy:

following resources will be used:
-School City assessment platform
-Acaletics instructional materials

- J J Bootcamp Program

Action Steps to Implement

The first step will be providing Science Professional Development based on the needs of the teachers.

The next step will be for the leadership team to conduct classroom observation.

Feedback will be given to the teachers based on the findings of the observation.

Monthly progress monitoring Science assessment will be conducted by students and monitored by the leadership team. These assessments for progress monitoring will be created using School City and Acaletics. Data Chats and Professional Learning Communities will be held to share best practices in the area of Science.

Person Responsible

#5. Instructional Practice specifically relating to Standards-aligned Instruction

Area of

and

Focus Description

Overall, our ELA and Math data show that there is a need for more standards-aligned

instruction.

Rationale:

Measurable Outcome:

By June 2022, 100% of our teachers will utilize standards-aligned instructional practices.

Monitoring:

We will monitor this strategy using classroom observations, a review of lesson plans, attendance at grade-level PLCs, and monthly progress monitoring assessments.

Person responsible

for

Tauri Eligon (tauri.eligon@browardschools.com)

monitoring outcome:

Evidencebased

Strategy:

We will use the Instructional Practice Guide (IPG). We will monitor this strategy using

classroom observations and monthly progress monitoring assessments.

The first step will be providing Professional Development based on the needs of the teachers.

Rationale

for

The next step will be for the leadership team to conduct classroom observation. Feedback will be given to the teachers based on the findings of the observation.

Evidence-Monthly progress monitoring of all curricular assessments will be conducted by students based and monitored by the leadership team. These assessments for progress monitoring will be Strategy:

created using CFAs and iReady Growth Monitoring Assessments. Data Chats and

Professional Learning Communities will be held to share best practices.

Action Steps to Implement

Standards-Based Professional Development will be based on he needs of teachers. The leadership team will conduct classroom observations. Feedback will be given to teachers based on the findings of the observations. Monthly progress monitoring assessments will be administered and monitored by the Leadership Team. Data Chats and Professional Learning Communities will be held to share best practices.

Additional Schoolwide Improvement Priorities

Using the <u>SafeSchoolsforAlex.org</u>, compare the discipline data of the school to discipline data across the state and provide primary or secondary areas of concern that the school will monitor during the upcoming school year. Include how the school culture and environment will be monitored through the lens of behavior or discipline data.

Teachers will receive professional development on TLAC (Teach Like A Champion) strategies in order to build and maintain a positive classroom environment.

Part IV: Positive Culture & Environment

A positive school culture and environment reflects: a supportive and fulfilling environment, learning conditions that meet the needs of all students, people who are sure of their roles and relationships in student learning, and a culture that values trust, respect and high expectations. Consulting with various stakeholder groups to employ school improvement strategies that impact the positive school culture and environment are critical. Stakeholder groups more proximal to the school include teachers, students, and families of students, volunteers, and school board members. Broad stakeholder groups include early childhood providers, community colleges and universities, social services, and business partners.

Stakeholders play a key role in school performance and addressing equity. Consulting various stakeholder groups is critical in formulating a statement of vision, mission, values, goals, and employing school improvement strategies.

Describe how the school addresses building a positive school culture and environment.

Walker continues to educate parents through Title 1 Parent Academic Nights and School Advisory Council (SAC) Meetings. Parents are informed of school events through the school's website and through grade specific parent workshops, newsletters, parent/teacher conferences, and email/SMS alert system.

Identify the stakeholders and their role in promoting a positive culture and environment at the school.

Our Performing and Visual Arts program is well known throughout our community and as a result, we have had the opportunity of forming loyal partnerships with organizations such as the Urban League, L. A. Lee YMCA, Broward Performing Arts Center, Mount Olive Church and a number of businesses that have graciously offered monetary assistance, as well human resources. Our parents are also very proud of our performing arts program and consequently, they attend many performances throughout the school year.

In addition, we provide a parent resource center on campus that invites parents to make use of the technology. At Walker we will continue to provide Title 1 parent nights that provide information on such topics as Anti-Bullying, Reading, Writing, Science, Math and technology. Academics are integrated with the performing arts to build interest among our parents and the community.

Part V: Budget

The approved budget does not reflect any amendments submitted for this project.

| | 5100 | 644-Computer Hardware Non-Capitalized | 0321 - Walker Elementary School | UniSIG | | \$5,271.00 |
| Notes: Purchase 22 Lenovo 300e laptops @ \$237.50 each to be used by students in grades 3-5 for classroom teaching enhancement and virtual learning. The district allocates 1 laptop device to every 2.5 students. UniSIG funds will be used to supplement the acquisition of additional laptops for students to further the goal of moving towards a 1:1 student to computer ratio. There are currently approx. 425 students in grades 3-5 (3rd - 135, 4th - 130, 5th- 160). In 19-20 UniSIG, there were 120 laptops purchased. The district provides one laptop for every 2.5 students, which equates to 158 laptops. The purchase of 22 additional laptops will bring the total number of laptops to 300 laptops in grades 3-5, which is 1:1.42 ratio (22) Student laptops: \$237.50 x 21 = \$5,225 | | | | | | |
| | | | | | Total: | \$339,791.25 |
