## School Board Approval

This plan was approved by the Taylor County School Board on 10/22/2021.

## SIP Authority

Section 1001.42(18), Florida Statutes, requires district school boards to annually approve and require implementation of a Schoolwide Improvement Plan (SIP) for each school in the district that has a school grade of D or F. This plan is also a requirement for Targeted Support and Improvement (TS&I) and Comprehensive Support and Improvement (CS&I) schools pursuant to 1008.33 F.S. and the Every Student Succeeds Act (ESSA).

To be designated as TS&I, a school must have one or more ESSA subgroup(s) with a Federal Index below 41%. This plan shall be approved by the district. There are three ways a school can be designated as CS&I:

1. have a school grade of D or F
2. have a graduation rate of 67% or lower
3. have an overall Federal Index below 41%.

For these schools, the SIP shall be approved by the district as well as the Bureau of School Improvement.

The Florida Department of Education (FDOE) SIP template meets all statutory and rule requirements for traditional public schools and incorporates all components required for schools receiving Title I funds. This template is required by State Board of Education Rule 6A-1.099811, Florida Administrative Code, for all non-charter schools with a current grade of D or F, or a graduation rate 67% or less. Districts may opt to require a SIP using a template of its choosing for schools that do not fit the aforementioned conditions. This document was prepared by school and district leadership using the FDOE's school improvement planning web application located at [www.floridacims.org](http://www.floridacims.org).

## Purpose and Outline of the SIP

The SIP is intended to be the primary artifact used by every school with stakeholders to review data, set goals, create an action plan and monitor progress. The Florida Department of Education encourages schools to use the SIP as a "living document" by continually updating, refining and using the plan to guide their work throughout the year. This printed version represents the SIP as of the "Date Modified" listed in the footer.

## Part I: School Information

### School Mission and Vision

#### Provide the school's mission statement.

The mission of Taylor County Middle School is to provide, in a safe environment, an educational program that contributes to the development of each student as an individual in order for him or her to successfully function in our continually changing, diverse society.

#### Provide the school's vision statement.

Our vision is for our students to be the primary focus of all educational decisions of the school. We believe that our students need to apply their learning in a meaningful context and need to be instructed in a variety of ways to support their learning process and engage them in the learning process.

### School Leadership Team

#### Membership

Identify the name, email address, position title, and job duties/responsibilities for each member of the school leadership team.:

## Analysis

### Data Analysis

Answer the following analysis questions using the progress monitoring data and state assessment data, if applicable.

#### What trends emerge across grade levels, subgroups and core content areas?

TCMS' lowest data point, across all grade levels in Reading, was Comprehension of Informational Text. In Math, Geometry was the lowest data point for all grade levels.

#### What data components, based off progress monitoring and 2019 state assessments, demonstrate the greatest need for improvement?

Our greatest need for improvement is in 7th grade ELA, all domains.

#### What were the contributing factors to this need for improvement? What new actions would need to be taken to address this need for improvement?

Contributing factors included students enrolled in TEC due to Covid, multiple brick/mortar students being quarantined throughout the year, and need instructional changes.

#### What data components, based off progress monitoring and 2019 state assessments, showed the most improvement?

Greatest improvement occurred in 6th grade Math and ELA.

#### What were the contributing factors to this improvement? What new actions did your school take in this area?

Instructional changes were made, focusing on teaching the standards and using curriculum as a resource to do so. Progress monitoring was used to modify and drive instruction following in progress monitoring assessment.

#### What strategies will need to be implemented in order to accelerate learning?

Using progress monitoring assessments to modify and drive instruction, as well as differentiate instruction for students in need. Transitioning to Florida's BEST standards in ELA and Math will be a focus of instruction.

#### Based on the contributing factors and strategies identified to accelerate learning, describe the professional development opportunities that will be provided at the school to support teachers and leaders.

ELA and Math teachers will receive professional development on Implementing the BEST Standards. This professional development will be on-going throughout the 21/22 school year.

#### Provide a description of the additional services that will be implemented to ensure sustainability of improvement in the next year and beyond.

Improvements in technology resources for students and adoption of Math curriculum that aligns with the BEST Standards. Transition to Civics360 for progress monitoring.

### Areas of Focus:

**#1. Instructional Practice specifically relating to B.E.S.T. Standards**

<b>Area of Focus Description and Rationale:</b>	Deep Dive into B.E.S. T. standards for ELA and Math
<b>Measurable Outcome:</b>	By the end of the 21/22 school year, ELA teachers will have shifted LAFS standards to Florida's new BEST Standards.
<b>Monitoring:</b>	Instructional Coach will monitor
<b>Person responsible for monitoring outcome:</b>	Yvonne Heartsfield (yvonne.heartsfield@taylor.k12.fl.us)
<b>Evidence-based Strategy:</b>	Ensuring that our curriculum is aligned to the BEST standards.
<b>Rationale for Evidence-based Strategy:</b>	We will utilize the Implementation Guides for Math and for ELA to align our core content to the new BEST standards.

**Action Steps to Implement**

On-going professional development to analyze changes to the standards, aligned our curriculum to the BEST standards, and stacking the standards for effective instruction.

**Additional Schoolwide Improvement Priorities**

Using the [SafeSchoolsforAlex.org](https://www.safeschoolsforalex.org), compare the discipline data of the school to discipline data across the state and provide primary or secondary areas of concern that the school will monitor during the upcoming school year. Include how the school culture and environment will be monitored through the lens of behavior or discipline data.

**Safety and mental health are two other areas of focus for TCMS. In-school safety drills as well as simulation drills are being conducted throughout the year to better prepare in cases of emergency. In addition, mental health training for all staff members and students are scheduled throughout the school year.**

**Part IV: Positive Culture & Environment**

A positive school culture and environment reflects: a supportive and fulfilling environment, learning conditions that meet the needs of all students, people who are sure of their roles and relationships in student learning, and a culture that values trust, respect and high expectations. Consulting with various stakeholder groups to employ school improvement strategies that impact the positive school culture and environment are critical. Stakeholder groups more proximal to the school include teachers, students, and families of students, volunteers, and school board members. Broad stakeholder groups include early childhood providers, community colleges and universities, social services, and business partners.

Stakeholders play a key role in school performance and addressing equity. Consulting various stakeholder groups is critical in formulating a statement of vision, mission, values, goals, and employing school improvement strategies.

**Describe how the school addresses building a positive school culture and environment.**

Parents are encouraged to attend special days such as Open House, Take Your Dad to School Day, etc. We provide refreshments and set up photo booths to document their participation. We also upload these pictures to social media as a way to encourage others to attend. Homework and class assignments are published through Canvas. Student grades and school activities are posted in Focus for parental viewing. TCMS holds Parent Conference Nights once per nine weeks grading period for those parents who work and have a difficult time meeting during the work day. Parent/Teacher conferences are held weekly for students who may be having academic/behavioral/attendance issues. The ConnectEd phone system is utilized to notify parents of student absences as well as important information concerning school and their student. A Positive Behavioral Support System is in place to reward students for good behavior. All meetings and written notices are provided in a format that all families can understand.

**Identify the stakeholders and their role in promoting a positive culture and environment at the school.**

Faculty and Staff - award dog bones to students who are caught doing good. Often provide treats and other incentives for the PBS team to use as rewards for our students. Model appropriate behavior and professionalism at all times.

**Part V: Budget**
