#### **School Board Approval**

This plan is pending approval by the Brevard County School Board.

#### **SIP Authority**

Section 1001.42(18), Florida Statutes, requires district school boards to annually approve and require implementation of a Schoolwide Improvement Plan (SIP) for each school in the district that has a school grade of D or F. This plan is also a requirement for Targeted Support and Improvement (TS&I) and Comprehensive Support and Improvement (CS&I) schools pursuant to 1008.33 F.S. and the Every Student Succeeds Act (ESSA).

To be designated as TS&I, a school must have one or more ESSA subgroup(s) with a Federal Index below 41%. This plan shall be approved by the district. There are three ways a school can be designated as CS&I:

- 1. have a school grade of D or F
- 2. have a graduation rate of 67% or lower
- 3. have an overall Federal Index below 41%.

For these schools, the SIP shall be approved by the district as well as the Bureau of School Improvement.

The Florida Department of Education (FDOE) SIP template meets all statutory and rule requirements for traditional public schools and incorporates all components required for schools receiving Title I funds. This template is required by State Board of Education Rule 6A-1.099811, Florida Administrative Code, for all non-charter schools with a current grade of D or F, or a graduation rate 67% or less. Districts may opt to require a SIP using a template of its choosing for schools that do not fit the aforementioned conditions. This document was prepared by school and district leadership using the FDOE's school improvement planning web application located at <u>www.floridacims.org.</u>

#### Purpose and Outline of the SIP

The SIP is intended to be the primary artifact used by every school with stakeholders to review data, set goals, create an action plan and monitor progress. The Florida Department of Education encourages schools to use the SIP as a "living document" by continually updating, refining and using the plan to guide their work throughout the year. This printed version represents the SIP as of the "Date Modified" listed in the footer.

This plan is pending approval by the Brevard County School Board.

#### **SIP Authority**

Section 1001.42(18), Florida Statutes, requires district school boards to annually approve and require implementation of a school improvement plan (SIP) for each school in the district that has a school grade of D or F.

The Florida Department of Education (FDOE) SIP template meets all statutory and rule requirements for traditional public schools and incorporates all components required for schools receiving Title I funds. This template is required by State Board of Education Rule 6A-1.099811, Florida Administrative Code, for all non-charter schools with a current grade of D or F (see page 4). For schools receiving a grade of A, B, or C, the district may opt to require a SIP using a template of its choosing. This document was prepared by school and district leadership using the FDOE's school improvement planning web application located at <a href="https://www.floridaCIMS.org">https://www.floridaCIMS.org</a>.

#### Purpose and Outline of the SIP

The SIP is intended to be the primary artifact used by every school with stakeholders to review data, set goals, create an action plan and monitor progress. The Florida Department of Education encourages schools to use the SIP as a "living document" by continually updating, refining and using the plan to guide their work throughout the year. This printed version represents the SIP as of the "Date Modified" listed in the footer.

### **Part I: School Information**

#### School Mission and Vision

#### Provide the school's mission statement.

To ensure every student reaches his or her highest potential.

#### Provide the school's vision statement.

We work collaboratively as a community of learners to provide a safe, structured, and caring environment where all students are engaged learners who believe they can achieve.

Revised: August 2020

#### School Leadership Team

#### Membership

Identify the name, email address, position title, and job duties/responsibilities for each member of the school leadership team.:

| Name                  | Position<br>Title               | Job Duties and Responsibilities   |
|-----------------------|---------------------------------|---|
| Toll,<br>Ashley       | Principal                       | Serves as an instructional coach, analyzes and shares data with stakeholders, manages the school leadership team, and maintains the school budget.  |
| Keller,<br>Sara       | Assistant<br>Principal          | Serves as an instructional leader, shares curriculum updates and best practices, monitors and analyzes data, leads MTSS and prepares for state testing at the school.   |
| Arnold,<br>Megan      | Parent<br>Engagement<br>Liaison | Serves as Title I Coordinator to oversee interventions, family and<br>stakeholder engagement, maintains budget and Title I compliance. 80% of<br>the day is spent working with students in ELA intervention, 20% of the day is<br>spent planning family engagement, maintaining budget and reviewing Title I<br>compliance. |
| McKenzie,<br>Chantell | Reading<br>Coach                | Serves as an instructional leader in the area of ELA. Provides modeling, feedback and support to teachers. Supports the MTSS process by monitoring data and helping to provide interventions to students. Supports teachers to improve their craft through professional development.  |

#### Grade Level Data Review - Progress Monitoring Assessments

#### Provide the progress monitoring tool(s) by grade level used to compile the below data.

Students in K-6 will use the i-Ready Diagnostics to progress monitor. They will take 3 assessments during the school year. 5th grade science is monitored through district created science assessments.

|                          |   | Grade 1  |                                    |                                    |  |  |  |

#### Analysis

#### **Data Analysis**

Answer the following analysis questions using the progress monitoring data and state assessment data, if applicable.

#### What trends emerge across grade levels, subgroups and core content areas?

Due to Covid-19, we saw a drop in proficiency in most subject areas and grade levels. Proficiency went down 11% in science, down 5% in math, and down 1% in ELA. Learning gains also dropped in ELA and Math. In math, learning gains went down 36% and went down 16% in ELA.

# What data components, based off progress monitoring and 2019 state assessments, demonstrate the greatest need for improvement?

Math shows the greatest need for improvement. Student proficiency went down 5% while learning gains in math went down 36%. 5th grade math showed the greatest decline from 2019 FSA scores. In 2019 5th grade was 39% proficient and in 2021 they went down by 20% to only 19% proficient. ELA shows a need for improvement in 5th grade as well. 5th grade went from 42% proficient to 23% proficient in ELA.

Science also showed a decline. Proficiency dropped from 43% proficient to 32% proficient in science.

# What were the contributing factors to this need for improvement? What new actions would need to be taken to address this need for improvement?

Due to constant quarantines and lack of true e-learning participation, many students did not make learning gains and dropped to level 1's and 2's from being proficient.

# What data components, based off progress monitoring and 2019 state assessments, showed the most improvement?

Third grade reading went from 36% proficient in 2019 to 46% proficient on the 2021 FSA.

# What were the contributing factors to this improvement? What new actions did your school take in this area?

All 3 of the third grade teachers were new to the grade level. They worked collaboratively to plan standard-based lessons and monitored student progress through the standards mastery program through i-Ready.

#### What strategies will need to be implemented in order to accelerate learning?

Effective PD on what learning acceleration looks like. Bi-Weekly data chats to focus on intervention. Teachers will use i-Ready pre-requisite lessons in small groups to be successful in the tier 1 core instruction.

Based on the contributing factors and strategies identified to accelerate learning, describe the professional development opportunities that will be provided at the school to support teachers and leaders.

Pre-planning will have learning acceleration PD's to support teachers in learning what it should look like in the classroom. A large focus for PD will be intervention strategies and how to use data to drive instruction.

# Provide a description of the additional services that will be implemented to ensure sustainability of improvement in the next year and beyond.

Before and afterschool tutoring will continue this year. We will focus on math, ELA, and science.

### Part III: Planning for Improvement

Areas of Focus:

| Area of<br>Focus<br>Description<br>and<br>Rationale:   | The 2021 FSA math data show a priority need to focus on math instruction. In 2019, we showed a proficiency level of 44%, we decreased by 5% in 2021 to 39% proficient. Our largest decrease was in the area of math learning gains. In 2019, we saw 57% of students making learning gains in math. In 2021, we decreased by 36% to only have 21% of students making learning gains in math.   |  |  |
|--|---|--|--|
| Measurable<br>Outcome:                                 | School wide Math scores will increase as a result of teachers collaboratively planning and the implementation of standards based instruction in all classrooms for all students with the utilization of the Eureka math program. In the 20-21 school year, 21% of students scored a learning gain and 39% of students in grades 3-6 were proficient on the Math FSA. The goal for 21-22 school year is to increase students showing a learning gain to 41% and students meeting proficiency to 45% on the Math FSA. |  |  |
| Monitoring:  | i-Ready diagnostics 1-3 will monitor student achievement in math. Data from Eureka mid-<br>module and end of module assessments will also be used to analyze student progress.  |  |  |
| Person<br>responsible<br>for<br>monitoring<br>outcome: | Ashley Toll (toll.ashley@brevardschools.org)  |  |  |
| Evidence-<br>based<br>Strategy:                        | Utilization of collaborative planning with standards aligned quality resources. Collaborative planning allows teachers to improve clarity in the Eureka lessons and organize their instruction in a way that keeps them on pace with one another and the district pacing guides.  |  |  |
| Rationale<br>for<br>Evidence-<br>based<br>Strategy:    | Evidence supports that teaching strategies increase when teachers are given time to collaborate with peers and build their skills utilizing quality materials. This strategy when paired with administration and coach walkthroughs, immediate feedback, and common assessments can yield great results for all learners.   |  |  |
| Action Steps to Implement                              |   |  |  |

Action Steps to Implement

1. Continue to implement Eureka math program in all classrooms K-5 to increase student depth of knowledge on math standards.

Person

Ashley Toll (toll.ashley@brevardschools.org) Responsible

2. Teachers will collaboratively plan with district and school based administration and coaches utilizing the Eureka Math resources in order to increase the standards based instruction and move to the next level of deeper mathematical knowledge for all students.

Person

Ashley Toll (toll.ashley@brevardschools.org) Responsible

3. Teachers will use feedback from administrative and coaches observations to improve instruction.

Person

Ashley Toll (toll.ashley@brevardschools.org) Responsible

4. Teachers will plan and deliver lessons with increased student talk/discourse within lessons in all subject areas. They will also implement the use of exit tickets to inform reteaching needs.

Person Ashley Toll (toll.ashley@brevardschools.org) Responsible

5. Continue the use of the i-Ready instructional program for math. Use Title I funds for professional development for i-ready and substitutes. (T)

Person Ashley Toll (toll.ashley@brevardschools.org) Responsible

6. Use the i-Ready Standards Mastery program to monitor standards based instruction. Teachers will utilize data and reteach standards when needed.

Responsible Ashley Toll (toll.ashley@brevardschools.org)

7. CARES Act/ASP funding will be used to form small groups for before or after school intervention to fill Math learning gaps.

Person

Ashley Toll (toll.ashley@brevardschools.org)

8. Plan a Family Math night to help parents understand how to help their child at home. (T)

Person Ashley Toll (toll.ashley@brevardschools.org) Responsible

9. Hire a Math Interventionist (T) through Title I funds to support intervention efforts and monitor data.

Person Ashley Toll (toll.ashley@brevardschools.org) Responsible

10. The BSI will walk school with administrator team to give feedback and look for next steps.

Person

Responsible Ashley Toll (toll.ashley@brevardschools.org)

| #2. Instructional Practice specifically relating to ELA |  |  |
|---|--|--|
| Area of<br>Focus<br>Description<br>and<br>Rationale:    | Teacher learning and growth are dependent upon frequent interaction, dialogue, and reflection between themselves, instructional coaches and administration.  |  |
| Measurable<br>Outcome:                                  | School wide ELA scores will increase as a result of teachers collaboratively planning and the implementation of standards aligned instruction in all classrooms for all students. In school year 20-21, 37% of students scored a learning gain and 44% of students in grades 3-6 were proficient on the ELA FSA. The goal for 21-22 school year is to increase students showing a learning gain to 41% and students meeting proficiency to 45% on the ELA FSA.             |  |
| Monitoring:   | The leadership team will monitor data from classroom walkthroughs, i-Ready diagnostics, as well as the new benchmark curriculum assessments. This data will be analyzed in bi-<br>weekly data team meetings.   |  |
| Person<br>responsible<br>for<br>monitoring<br>outcome:  | Chantell McKenzie (mckenzie.chantell@brevardschools.org)   |  |
| Evidence-<br>based<br>Strategy:                         | Utilization of collaborative planning with standards-aligned curriculum. Teachers will use standard focus boards as a resource in the classroom. SFB's and collaborative planning are critical for ongoing instruction (effect size 0.64), explaining content (0.70), and the assessment of student learning (effect size 0.64). Teachers and students will have clear learning targets, a clear understanding of what students are expected to know and be able to do.    |  |
| Rationale<br>for<br>Evidence-<br>based<br>Strategy:     | Evidence supports that teaching strategies increase when teachers are given time to collaborate with peers and build their skills utilizing quality materials. Standard focus boards are also used to increase the teacher's understanding of the standard and remain focused on the standard throughout the lesson. These strategies when paired with administration walkthroughs, immediate feedback, and data driven lessons, will increase student achievement in ELA. |  |

#### Action Steps to Implement

1. Teachers will collaboratively plan with district and school based-coaches quarterly to map out ELA standards aligned curriculum including complex text, tasks, questions, exit ticket for understanding, including scaffolding and utilizing the enhanced focus documents. These planning sessions will be led by literacy coach, Chantel McKenzie, who is being supported by Debbie Wood. Turner will utilize lessons and assessment from Standards-Mastery to define the depth of the standards. Title I will fund substitutes. (T)

Person Responsible Ashley Toll (toll.ashley@brevardschools.org)

2. Teachers will collaboratively work with school literacy coach and district ELA support team to increase understanding and implementation of best practices in writing strategies for instruction.

Person Responsible Chantell McKenzie (mckenzie.chantell@brevardschools.org)

3. Teachers will use frequent feedback from coaches and administrative observations to improve instruction.

Person Responsible Ashley Toll (toll.ashley@brevardschools.org) 4. Turner will utilize i-Ready programs for ELA and Math and the professional development that aligns with the program. Teachers will monitor student progress through i-Ready, and the new Benchmark Advanced end of unit assessments. District assessments, Running Records, and other monitoring tools to guide and plan for standards based instruction. (T)

#### Person

Chantell McKenzie (mckenzie.chantell@brevardschools.org) Responsible

5. School based leadership team and teachers will collaboratively plan implementation of school wide intervention based on frequent student data analysis.

#### Person

Ashley Toll (toll.ashley@brevardschools.org) Responsible

Teachers will plan lessons with increased written response to text to increase student achievement in ELA.

#### Person

Chantell McKenzie (mckenzie.chantell@brevardschools.org) Responsible

7. Turner will continue to use the writing program embedded within Benchmark Advanced, to improve writing across content areas.

#### Person

Chantell McKenzie (mckenzie.chantell@brevardschools.org) Responsible

8. Hire Title I interventionists from Title I funds to support intervention for ELA. (T)

Person Ashley Toll (toll.ashley@brevardschools.org) Responsible

9. Title I teacher hired to pull intervention groups. All small groups will have white boards to help with student engagement. (T)

#### Person

Megan Arnold (arnold.megan@brevardschools.org) Responsible

10. Hired Literacy Coach (.5 T) to support ELA.

#### Person

Ashley Toll (toll.ashley@brevardschools.org) Responsible

11. Use Standards Mastery program from i-Ready to monitor standards based instruction. Teachers will monitor the data and utilize results to follow up with reteach.

#### Person

Chantell McKenzie (mckenzie.chantell@brevardschools.org) Responsible

12. CARES Act/ASP funding will be used to form small groups for before or after school intervention to fill ELA learning gaps.

#### Person

Sara Keller (keller.sara@brevardschools.org) Responsible

13. Plan a Literacy Night to help parents understand how to help their child at home (T).

#### Person

Chantell McKenzie (mckenzie.chantell@brevardschools.org) Responsible

14. Purchase i-Ready ELA workbooks for teachers to support standards based instruction for small groups. (T)

#### Person

Responsible Ashley Toll (toll.ashley@brevardschools.org)

15. i-Ready training and professional development will be provided to all Turner teachers to support the implementation of the program (T).

Person Responsible Ashley Toll (toll.ashley@brevardschools.org)

16. Three Title I Teachers will support tier 2 and tier 3 ELA intervention. (T)

Person Responsible Ashley Toll (toll.ashley@brevardschools.org)

| #3. Instructional Practice specifically relating to Science |   |  |
|---|---|--|
| Area of<br>Focus<br>Description<br>and<br>Rationale:        | Teacher learning and growth are dependent upon frequent interaction, dialogue, and reflection between themselves, instructional coaches, and administrators.  |  |
| Measurable<br>Outcome:                                      | Fifth Grade SSA scores will increase as a result of teachers collaboratively planning and the implementation of standards based instruction and standards based hands-on science labs in all classrooms. In 20-21 school year 32% of students in 5th grade were proficient on the State Science Assessment. The goal for the 21-22 school year is to increase students meeting proficiency to 45% on the SSA. |  |
| Monitoring:   | Administrative walkthroughs and the monitoring of common assessment data will support the desired outcome of 45% proficiency on the SSA.  |  |
| Person<br>responsible<br>for<br>monitoring<br>outcome:      | Ashley Toll (toll.ashley@brevardschools.org)  |  |
| Evidence-<br>based<br>Strategy:                             | Collaborative planning with the utilization of the Five E model for hands on science instruction.   |  |
| Rationale<br>for<br>Evidence-<br>based<br>Strategy:         | Evidence supports that teaching strategies increase when teachers are given time to collaborate with peers and build their skills utilizing quality materials. This strategy when paired with administration walkthroughs, immediate feedback, and common assessments can increase student achievement.   |  |
| A 11 O1   |   |  |

#### Action Steps to Implement

1. Teachers will collaboratively plan with district and school based science coach, utilizing the standards aligned science resources created by Michelle Ferro, in order to increase standards based instruction.

#### Person

Sara Keller (keller.sara@brevardschools.org) Responsible

Teachers will use frequent feedback from coaches and administrative observations to improve instruction.

#### Person

Sara Keller (keller.sara@brevardschools.org) Responsible

3. Michelle Ferro will work closely with school Science Coach and the 5th grade team to model implementation of the Five E science instruction within all classrooms and the utilization of standards aligned science instruction for all grade levels.

Person Sara Keller (keller.sara@brevardschools.org) Responsible

4. Science Blitz will be planned and implemented prior to the SSA. Students will review 3rd and 4th grade standards during rotations.

Person

Sara Keller (keller.sara@brevardschools.org) Responsible

5. Utilizing the Brevard SSA Review Part 1 and 2 to look for deficiencies in science from previous grade levels. Science Coach will use this data to pull text that aligns with the standard to use in small reading groups as well as create labs to fill the gaps.

#### Person Responsible Sara Keller (keller.sara@brevardschools.org)

6. Use Title I funds to bring the Orlando Science Center to Turner for a family science night. (T)

Person Responsible Sara Keller (keller.sara@brevardschools.org)

7. Purchase the Lagoon Quest virtual field trip program for our 4th graders. (T)

#### Person

**Responsible** Sara Keller (keller.sara@brevardschools.org)

8. Utilize a school science coach to support teachers and monitor science data. (T)

Person Responsible Sara Keller (keller.sara@brevardschools.org)

9. Science coach will teach hands on activities that align with standards in grades 3-5. (T)

Person

**Responsible** Sara Keller (keller.sara@brevardschools.org)

10. Use Education Galaxy to promote science lessons in the classroom and use data to progress monitor standards being covered.

Person Responsible Sara Keller (keller.sara@brevardschools.org)

#### Additional Schoolwide Improvement Priorities

Using the <u>SafeSchoolsforAlex.org</u>, compare the discipline data of the school to discipline data across the state and provide primary or secondary areas of concern that the school will monitor during the upcoming school year. Include how the school culture and environment will be monitored through the lens of behavior or discipline data.

Using the Safe Schools for Alex website, Turner is listed in the "very low" category for incidents occurring per 100 students. An area for improvement could be our suspension rate. We have a suspension rating of 11 compared to the state average of 3.9. A new school social worker was hired this year at Turner who has created more social/emotional groups than we have had in the past. We are hopeful that by supporting students social and emotional needs, we can decrease behaviors in the classroom.

#### Part IV: Positive Culture & Environment

A positive school culture and environment reflects: a supportive and fulfilling environment, learning conditions that meet the needs of all students, people who are sure of their roles and relationships in student learning, and a culture that values trust, respect and high expectations. Consulting with various stakeholder groups to employ school improvement strategies that impact the positive school culture and environment are critical. Stakeholder groups more proximal to the school include teachers, students, and families of students, volunteers, and school board members. Broad stakeholder groups include early childhood providers, community colleges and universities, social services, and business partners.

Stakeholders play a key role in school performance and addressing equity. Consulting various stakeholder groups is critical in formulating a statement of vision, mission, values, goals, and employing school improvement strategies.

#### Describe how the school addresses building a positive school culture and environment.

The BPS parent survey revealed that Turner's communication with parents was an area of strength. A weekly email from the principal and monthly school newsletter helped parents stay up to date with deadlines and upcoming activities. An area of improvement was planning activities on different days of the week or even morning meetings. During the 20-21 school year, we focused on virtual meetings so that more parents could participate.

In alignment with the BPS strategic plan, Goal 1, Obj. 3 (Provide equitable supports in a safe learning environment for every student's social, emotional, and behavioral development.), Turner provides social and emotional small groups for students in need. Teachers also utilize morning meetings, Sanford Harmony curriculum, and the use of SWPBIS for classroom management and positive behavior support.

# Identify the stakeholders and their role in promoting a positive culture and environment at the school.

All teachers are trained in Conscious Discipline, Morning Meetings, and Sanford Harmony programs. The school counselor and social worker, work closely with teachers, students, and parents to ensure that all social and emotional needs are taken care of.
