Demographics

Principal: Cara Vonancken

Start Date for this Principal: 7/29/2017

2019-20 Status (per MSID File)	Active
School Type and Grades Served (per MSID File)	Combination School KG-8
Primary Service Type (per MSID File)	K-12 General Education
2020-21 Title I School	No
2020-21 Economically Disadvantaged (FRL) Rate (as reported on Survey 3)	38%
2020-21 ESSA Subgroups Represented (subgroups with 10 or more students) (subgroups below the federal threshold are identified with an asterisk)	Students With Disabilities English Language Learners Asian Students Black/African American Students Hispanic Students Multiracial Students White Students Economically Disadvantaged Students
School Grades History	2018-19: A (74%) 2017-18: A (71%) 2016-17: A (74%)
2019-20 School Improvement (SI) Information*	
SI Region	Central
Regional Executive Director	Lucinda Thompson
Turnaround Option/Cycle	N/A
Year	
Support Tier	
ESSA Status	

* As defined under Rule 6A-1.099811, Florida Administrative Code. For more information, [click here](#).

School Board Approval

This plan is pending approval by the Hillsborough County School Board.

SIP Authority

Section 1001.42(18), Florida Statutes, requires district school boards to annually approve and require implementation of a Schoolwide Improvement Plan (SIP) for each school in the district that has a school grade of D or F. This plan is also a requirement for Targeted Support and Improvement (TS&I) and Comprehensive Support and Improvement (CS&I) schools pursuant to 1008.33 F.S. and the Every Student Succeeds Act (ESSA).

To be designated as TS&I, a school must have one or more ESSA subgroup(s) with a Federal Index below 41%. This plan shall be approved by the district. There are three ways a school can be designated as CS&I:

1. have a school grade of D or F
2. have a graduation rate of 67% or lower
3. have an overall Federal Index below 41%.

For these schools, the SIP shall be approved by the district as well as the Bureau of School Improvement.

The Florida Department of Education (FDOE) SIP template meets all statutory and rule requirements for traditional public schools and incorporates all components required for schools receiving Title I funds. This template is required by State Board of Education Rule 6A-1.099811, Florida Administrative Code, for all non-charter schools with a current grade of D or F, or a graduation rate 67% or less. Districts may opt to require a SIP using a template of its choosing for schools that do not fit the aforementioned conditions. This document was prepared by school and district leadership using the FDOE's school improvement planning web application located at www.floridacims.org.

Purpose and Outline of the SIP

The SIP is intended to be the primary artifact used by every school with stakeholders to review data, set goals, create an action plan and monitor progress. The Florida Department of Education encourages schools to use the SIP as a "living document" by continually updating, refining and using the plan to guide their work throughout the year. This printed version represents the SIP as of the "Date Modified" listed in the footer.

School Board Approval

This plan is pending approval by the Hillsborough County School Board.

SIP Authority

Section 1001.42(18), Florida Statutes, requires district school boards to annually approve and require implementation of a school improvement plan (SIP) for each school in the district that has a school grade of D or F.

The Florida Department of Education (FDOE) SIP template meets all statutory and rule requirements for traditional public schools and incorporates all components required for schools receiving Title I funds. This template is required by State Board of Education Rule 6A-1.099811, Florida Administrative Code, for all non-charter schools with a current grade of D or F (see page 4). For schools receiving a grade of A, B, or C, the district may opt to require a SIP using a template of its choosing. This document was prepared by school and district leadership using the FDOE's school improvement planning web application located at

<https://www.floridacims.org>.

Purpose and Outline of the SIP

The SIP is intended to be the primary artifact used by every school with stakeholders to review data, set goals, create an action plan and monitor progress. The Florida Department of Education encourages schools to use the SIP as a "living document" by continually updating, refining and using the plan to guide their work throughout the year. This printed version represents the SIP as of the "Date Modified" listed in the footer.

Part I: School Information

School Mission and Vision

Provide the school's mission statement.

We strive to inspire young inquiring minds to become compassionate life-long learners who are internationally minded people.

Provide the school's vision statement.

We aim to develop caring, open-minded and independent thinkers who will help to create a better, more peaceful world.

School Leadership Team

Membership

Identify the name, email address, position title, and job duties/responsibilities for each member of the school leadership team.:

Name	Position Title	Job Duties and Responsibilities
Weaver, Scott	Principal	Instructional Leader
VonAncken, Cara	Assistant Principal	Instructional Leader
Weber, Amy	Teacher, K-12	SAC chair

Demographic Information

Principal start date

Saturday 7/29/2017, Cara Vonancken

Number of teachers with a 2019 3-year aggregate or a 1-year Algebra state VAM rating of Highly Effective. *Note: For UniSIG Supplemental Teacher Allocation, teachers must have at least 10 student assessments.*

2

Number of teachers with a 2019 3-year aggregate or a 1-year Algebra state VAM rating of Effective. *Note: For UniSIG Supplemental Teacher Allocation, teachers must have at least 10 student assessments.*

0

Total number of teacher positions allocated to the school

100

Total number of students enrolled at the school

806

Identify the number of instructional staff who left the school during the 2020-21 school year.

8

Identify the number of instructional staff who joined the school during the 2021-22 school year.

7

Demographic Data

Early Warning Systems

2021-22

The number of students by grade level that exhibit each early warning indicator listed:

Indicator	Grade Level													Total
	K	1	2	3	4	5	6	7	8	9	10	11	12	
Number of students enrolled	70	69	76	88	87	88	106	102	114	0	0	0	0	800

Analysis

Data Analysis

Answer the following analysis questions using the progress monitoring data and state assessment data, if applicable.

What trends emerge across grade levels, subgroups and core content areas?

For the 2018 and 2019 School years, Roland Park Math and ELA achievement points either increased or stayed the same. This was also true for gains of the lowest 25% percentile. For the 2021 school year, achievement points decreased in both Math and ELA. This was also the case for gains made by the lowest 25%

What data components, based off progress monitoring and 2019 state assessments, demonstrate the greatest need for improvement?

Math Achievement points and Math gains demonstrate the need for greatest improvement.

What were the contributing factors to this need for improvement? What new actions would need to be taken to address this need for improvement?

The largest contributing factor would be the lack of in person instruction for all students due to global pandemic.

What data components, based off progress monitoring and 2019 state assessments, showed the most improvement?

Based on 2019 data, Civics and Math showed the most gains. Civics went from 86 to 96 achievement points and Math went from 79 to 81 achievement points on 2019 FSA.

What were the contributing factors to this improvement? What new actions did your school take in this area?

In the 2018 and 2019 school years, we implemented curriculum based professional development and lateral articulation. The articulation helped teacher's direct instruction time to new curriculum and spending less time on curriculum that was covered in the past.

What strategies will need to be implemented in order to accelerate learning?

Strategies implemented will be before school tutoring ELP, Lunch and Learns for struggling students, small- group instructions and software support such as Algebra nation, PAPER tutoring, i-ready. Also the use of manipulatives in the classrooms to develop concepts.

Based on the contributing factors and strategies identified to accelerate learning, describe the professional development opportunities that will be provided at the school to support teachers and leaders.

I-ready support trained all teachers in software, Grade-Level teams are participating in guided " Data Dives". Teachers also have the opportunity to observe peers. PLC's and ILT's are occurring monthly.

Provide a description of the additional services that will be implemented to ensure sustainability of improvement in the next year and beyond.

District focus on acceleration over remediation.

Part III: Planning for Improvement

Areas of Focus:

#1. Instructional Practice specifically relating to Math

Area of Focus Description and Rationale:	Looking at FSA data from the 2018, 2019 and 2021 school years. The Math achievement points and the Learning Gains of our lower quartile dropped considerably.
Measurable Outcome:	Roland Park will raise the Math achievement score of the 2022 FSA to 78 points. This level is more in line with our averages for the past four years.
Monitoring:	Math achievement and growth will be monitored using standardized baseline, mid-year and FSA tests and i-Ready progress monitoring.
Person responsible for monitoring outcome:	Scott Weaver (scott.weaver@hcps.net)
Evidence-based Strategy:	Data Dives were conducted at each level. i-Ready scores and FSA achievement scores from the prior year were used to identify strengths and weaknesses for each student.
Rationale for Evidence-based Strategy:	Data Dives provide standards based outcomes that can be reproduced and standardized amongst our students and state standards.

Action Steps to Implement

Joe Costanzo will review with MYP teachers their growth from baseline, to mid-year and then on FSA. Cara vonAncken will conduct quarterly data reviews to monitor progress in PYP.

Person Responsible Cara VonAncken (cara.vonancken@hcps.net)

Additional Schoolwide Improvement Priorities

Using the [SafeSchoolsforAlex.org](https://www.safeschoolsforalex.org), compare the discipline data of the school to discipline data across the state and provide primary or secondary areas of concern that the school will monitor during the upcoming school year. Include how the school culture and environment will be monitored through the lens of behavior or discipline data.

Roland Park reported discipline rate is at 1.8 incidences per 100 students. This is just above the state average of 1.6 inc./100 stud. Roland park ranks 12th out of 31 district combination schools and #227 out of 313 combination schools in the state. Our number of out of school suspensions has decreased and the number of in-school suspensions is also decreasing from the '14,'15 school year. The primary area of concern that we will monitor is the number of out of school suspensions. This will be monitored through discipline data. The secondary area of concern will be students' perception of the overall school environment and this will be monitored through our Panorama survey results.

Part IV: Positive Culture & Environment

A positive school culture and environment reflects: a supportive and fulfilling environment, learning conditions that meet the needs of all students, people who are sure of their roles and relationships in student learning, and a culture that values trust, respect and high expectations. Consulting with various stakeholder groups to employ school improvement strategies that impact the positive school culture and environment are critical. Stakeholder groups more proximal to the school include teachers, students, and families of students, volunteers, and school board members. Broad stakeholder groups include early childhood providers, community colleges and universities, social services, and business partners.

Stakeholders play a key role in school performance and addressing equity. Consulting various stakeholder groups is critical in formulating a statement of vision, mission, values, goals, and employing school improvement strategies.

Describe how the school addresses building a positive school culture and environment.

Positive School Culture is the cornerstone of the IB Learner Profiles. Students explore the human role and influence in all curriculum settings and in all units. We have quarterly school- wide activities, and open up the school to quarterly community events to celebrate IB culture.

Identify the stakeholders and their role in promoting a positive culture and environment at the school.

Administration, teachers, parents and students work together on different events and opportunities to foster our school community.

Part V: Budget

The approved budget does not reflect any amendments submitted for this project.

1	III.A.	Areas of Focus: Instructional Practice: Math	\$0.00
Total:			\$0.00
