School Board Approval

This plan is pending approval by the Hillsborough County School Board.

SIP Authority

Section 1001.42(18), Florida Statutes, requires district school boards to annually approve and require implementation of a Schoolwide Improvement Plan (SIP) for each school in the district that has a school grade of D or F. This plan is also a requirement for Targeted Support and Improvement (TS&I) and Comprehensive Support and Improvement (CS&I) schools pursuant to 1008.33 F.S. and the Every Student Succeeds Act (ESSA).

To be designated as TS&I, a school must have one or more ESSA subgroup(s) with a Federal Index below 41%. This plan shall be approved by the district. There are three ways a school can be designated as CS&I:

1. have a school grade of D or F
2. have a graduation rate of 67% or lower
3. have an overall Federal Index below 41%.

For these schools, the SIP shall be approved by the district as well as the Bureau of School Improvement.

The Florida Department of Education (FDOE) SIP template meets all statutory and rule requirements for traditional public schools and incorporates all components required for schools receiving Title I funds. This template is required by State Board of Education Rule 6A-1.099811, Florida Administrative Code, for all non-charter schools with a current grade of D or F, or a graduation rate 67% or less. Districts may opt to require a SIP using a template of its choosing for schools that do not fit the aforementioned conditions. This document was prepared by school and district leadership using the FDOE's school improvement planning web application located at www.floridacims.org.

Purpose and Outline of the SIP

The SIP is intended to be the primary artifact used by every school with stakeholders to review data, set goals, create an action plan and monitor progress. The Florida Department of Education encourages schools to use the SIP as a "living document" by continually updating, refining and using the plan to guide their work throughout the year. This printed version represents the SIP as of the "Date Modified" listed in the footer.

SIP Authority

Section 1001.42(18), Florida Statutes, requires district school boards to annually approve and require implementation of a school improvement plan (SIP) for each school in the district that has a school grade of D or F.

The Florida Department of Education (FDOE) SIP template meets all statutory and rule requirements for traditional public schools and incorporates all components required for schools receiving Title I funds. This template is required by State Board of Education Rule 6A-1.099811, Florida Administrative Code, for all non-charter schools with a current grade of D or F (see page 4). For schools receiving a grade of A, B, or C, the district may opt to require a SIP using a template of its choosing. This document was prepared by school and district leadership using the FDOE's school improvement planning web application located at

<https://www.floridacims.org>.

Purpose and Outline of the SIP

The SIP is intended to be the primary artifact used by every school with stakeholders to review data, set goals, create an action plan and monitor progress. The Florida Department of Education encourages schools to use the SIP as a "living document" by continually updating, refining and using the plan to guide their work throughout the year. This printed version represents the SIP as of the "Date Modified" listed in the footer.

Part I: School Information

School Mission and Vision

Provide the school's mission statement.

Provide meaningful, engaging instruction and experiences that promote the development of well-rounded students.

Provide the school's vision statement.

To be a leader of holistic education in the district by developing productive, contributing, and successful members of society.

School Leadership Team

Membership

Identify the name, email address, position title, and job duties/responsibilities for each member of the school leadership team.:

| Name | Position Title | Job Duties and Responsibilities |
|--------------------|---------------------|--|
| Lennard, Catherine | Principal | Catherine Lennard is the principal of Stowers Elementary School. |
| Robinson, Dustin | Assistant Principal | Dustin Robinson serves as the assistant principal for elementary instruction (APEI). Within this role, his primary responsibility is ensuring teachers have the resources and strategies necessary for educating all learners. |
| Walters, Elissa | Teacher, K-12 | Elissa Walters is a 2nd grade teacher. Her primary responsibilities include leading reading and writing instruction. Additionally, she serves as our School Advisory Council (SAC) Chair. |

Demographic Information

Principal start date

Tuesday 4/7/2009, Melanie Cochrane

Number of teachers with a 2019 3-year aggregate or a 1-year Algebra state VAM rating of Highly Effective. *Note: For UniSIG Supplemental Teacher Allocation, teachers must have at least 10 student assessments.*

3

Number of teachers with a 2019 3-year aggregate or a 1-year Algebra state VAM rating of Effective. *Note: For UniSIG Supplemental Teacher Allocation, teachers must have at least 10 student assessments.*

9

Total number of teacher positions allocated to the school

45

Total number of students enrolled at the school

920

Identify the number of instructional staff who left the school during the 2020-21 school year.

1

Identify the number of instructional staff who joined the school during the 2021-22 school year.

1

| Economically Disadvantaged Students Subgroup Below 41% in the Current Year? | NO |
| Number of Consecutive Years Economically Disadvantaged Students Subgroup Below 32% | |

Analysis

Data Analysis

Answer the following analysis questions using the progress monitoring data and state assessment data, if applicable.

What trends emerge across grade levels, subgroups and core content areas?

ELA end-of-year grade level proficiency is highest in third grade. Grade level proficiency is as follows:

1st: 81%

2nd: 85%

3rd: 90%

4th: 76%

5th: 78%

What data components, based off progress monitoring and 2019 state assessments, demonstrate the greatest need for improvement?

Stowers Elementary School is specifically targeting learning gains in the math bottom quartile.

What were the contributing factors to this need for improvement? What new actions would need to be taken to address this need for improvement?

To increase learning gains in the math bottom quartile, Stowers Elementary School is utilizing formative and normative data to identify learning gaps and provided provide targeted interventions.

What data components, based off progress monitoring and 2019 state assessments, showed the most improvement?

Stowers Elementary School demonstrated the greatest learning gains in its ELA bottom quartile. The ELA bottom quartile improved 15 points from 52% to 67%.

What were the contributing factors to this improvement? What new actions did your school take in this area?

The improvements in the ELA bottom quartile are representative of academic interventions targeting specific reading strategies. These instructional interventions are fused into our WIN (What I Need) time for all students.

What strategies will need to be implemented in order to accelerate learning?

In order to accelerate learning, Stowers Elementary School is committed to using academic performance data to inform the planning process. Additionally, grade level and curriculum are teams meet frequently to discuss instructional delivery models and interventions that target specific academic areas.

Based on the contributing factors and strategies identified to accelerate learning, describe the professional development opportunities that will be provided at the school to support teachers and leaders.

The TTDs (Teacher Talent Developers) play a significant role in providing professional learning activities for faculty and staff.

Provide a description of the additional services that will be implemented to ensure sustainability of improvement in the next year and beyond.

Sustainability of improvement is critical in all academic areas. A crucial component of improvement is consistency in effective instructional delivery models. Stowers is committed to promoting equitable instructional practices and using core beliefs to drive the direction of the school.

Part III: Planning for Improvement

Areas of Focus:

#1. Instructional Practice specifically relating to Math

| | |
|---|---|
| Area of Focus Description and Rationale: | When comparing the 2019 and 2021 assessment years, mathematics gains in the bottom quartile decreased from 63% to 48%. |
| Measurable Outcome: | Stowers Elementary School will increase the percentage of students in the bottom quartile making a learning gain to 60%. |
| Monitoring: | This area of focus will be monitored through iReady and Math Monthly assessments. |
| Person responsible for monitoring outcome: | Dustin Robinson (dustin.robinson@sdhc.k12.fl.us) |
| Evidence-based Strategy: | Teachers will focus on strategies for differentiated instruction and acceleration. |
| Rationale for Evidence-based Strategy: | Differentiated instruction and academic acceleration will be used to provide students with on-level instruction while continuing to meet their academic needs in an individualized fashion. |

Action Steps to Implement

Meet with individual teams to discuss mathematics data and identify gaps in learning and instruction.

Person Responsible Elissa Walters (elissa.walters@hcps.net)

Identify instructional strategies that can be employed to increase differentiation and acceleration.

Person Responsible Dustin Robinson (dustin.robinson@sdhc.k12.fl.us)

Additional Schoolwide Improvement Priorities

Using the [SafeSchoolsforAlex.org](https://www.safeschoolsforalex.org), compare the discipline data of the school to discipline data across the state and provide primary or secondary areas of concern that the school will monitor during the upcoming school year. Include how the school culture and environment will be monitored through the lens of behavior or discipline data.

Using Fostering Resilient Learners, Strategies for Creating a Trauma-Sensitive Classroom, teachers will engage in a book study led by our student services team and TTD's to address the social emotional needs of students. By enhancing classroom and school culture we will impact student readiness to learn.

Part IV: Positive Culture & Environment

A positive school culture and environment reflects: a supportive and fulfilling environment, learning conditions that meet the needs of all students, people who are sure of their roles and relationships in student learning, and a culture that values trust, respect and high expectations. Consulting with various stakeholder groups to employ school improvement strategies that impact the positive school culture and environment are critical. Stakeholder groups more proximal to the school include teachers, students, and families of students, volunteers, and school board members. Broad stakeholder groups include early childhood providers, community colleges and universities, social services, and business partners.

Stakeholders play a key role in school performance and addressing equity. Consulting various stakeholder groups is critical in formulating a statement of vision, mission, values, goals, and employing school improvement strategies.

Describe how the school addresses building a positive school culture and environment.

Stowers Elementary School uses a wide variety of resources to build a positive school culture and environment. Stowers Elementary School employs a positive behavior support ticket system that rewards students for demonstrating S.T.A.R. (Safety, Take responsibility, Attitude, Respect) behavior. All tickets are then placed in a basket for a weekly drawing and associate prize.

Additionally, Stowers hosts many events that bridge school-community relationships. Establishing and maintaining relationships with parents and community stakeholders is a critical component of building a positive school culture and environment.

Identify the stakeholders and their role in promoting a positive culture and environment at the school.

Catherine Lennard, Principal; Dustin Robinson, Assistant Principal:

Sharon Henry, School Counselor; Stephanie Hannett, School Counselor: Our school counselors

Part V: Budget

The approved budget does not reflect any amendments submitted for this project.

| | | | |
