School Board Approval

This plan is pending approval by the Hillsborough County School Board.

SIP Authority

A Schoolwide Improvement Plan (SIP) is a requirement for Comprehensive Support and Improvement (CSI) ungraded schools pursuant to 1001.42 F.S. and the Every Student Succeeds Act (ESSA) and for DJJ schools

receiving a rating of Unsatisfactory pursuant to Sections 1003.51 and 1003.52, F.S. and Rule 6A-1.099813, F.A.C.

CSI schools can be designated as such in 2 ways:

1. Have a graduation of 67% or lower; or
2. Have an overall Federal Index below 41%.

DJJ Unsatisfactory Ratings are based on percentages by program type:

- Prevention and Intervention: 0%-50%
- Nonsecure Programs: 0%-59%
- Secure Programs: 0%-53%

SIP Plans for Ungraded CSI schools and DJJ schools receiving an Unsatisfactory rating must be approved by the district and reviewed by the state.

Purpose and Outline of the SIP

The School Improvement Plan (SIP) provides schools and Local Educational Agencies (LEAs) the opportunity to identify the academic and priority goals along with strategies for each school. School leadership teams may refine their SIP annually to define their school's academic and priority goals to increase student achievement.

Schools and LEAs are strongly encouraged to collaborate in the development and implementation of this plan.

Part I: School Information

School Mission and Vision

Provide the school's mission statement.

Brandon EPIC-3 will provide a safe, structured learning environment that promotes the academic and social changes that allow students to achieve their highest level of success.

Provide the school's vision statement.

Brandon EPIC-3 will be the model for non-traditional alternative education programs nationwide.

Briefly discuss the population unique to your school and the specific supports provided to meet the mission and vision.

Students needing a smaller learning environment with wrap around services and interventions to guide their path to success.

School Leadership Team

Membership

Identify the name, email address, position title, and job duties/responsibilities as it relates to SIP implementation for each member of the school leadership team.:

Analysis

Data Analysis

Answer the following analysis questions using the progress monitoring data and state assessment data, if applicable.

Reflect on the Areas of Focus from the previous school year. What progress monitoring was in place for low performing ESSA subgroups related to the Areas of Focus?

Data analysis and data chats with teachers, school counselor, Transition specialist and Leadership team.

Based on ESSA subgroup progress monitoring, which data component showed the most improvement? What new actions did your school take in this area?

Our lowest level readers improved their reading skills according to the data gather from Achieve 3000.

What area is in the greatest need of improvement? What specific component of this area is most problematic? What is your basis (data, progress monitoring) for this conclusion?

Reading skill improvement will impact the learning of our students.

What trends emerge across grade levels, subgroups and core content areas?

The need for improvement in reading is the most common trend across these groups, levels and content areas.

What strategies need to be implemented in order to accelerate learning?

Continued use of reading instruction and a focus on vocabulary development will assist the students in greater learning gains.

Based on the contributing factors and strategies identified to accelerate learning, describe the professional development opportunities that will be provided at the school to support teachers and leaders.

Standards Based Lesson Planning along with exposure to the BEST standards will be offered for professional development.

Part III: Planning for Improvement

Areas of Focus:

#1. Instructional Practice specifically relating to Student Engagement**Area of Focus Description and Rationale:**

Include a rationale that explains how it was identified as a critical need from the data reviewed.

Improve Student Literacy through the use of strategically planned lessons that aligned with the Florida BEST standards and a balanced curriculum.

Increase the Reading Level of students which will translate into better understanding and increased comprehension.

Measurable Outcome:

State the specific measurable outcome the school plans to achieve. This should be a data based, objective outcome.

Improve student performance in reading based on data from School City, FSA scores, and curriculum baseline assessment scores to the proficiency level.

Monitoring:

Describe how this Area of Focus will be monitored for the desired outcome.

Progress monitoring with the use of Achieve 3000.

Person responsible for monitoring outcome:

Glenn Bramlett (glenn.bramlett@sdhc.k12.fl.us)

Evidence-based Strategy:

Describe the evidence-based strategy being implemented for this Area of Focus.

1. Teachers who are involved in coaching cycles, including modeling, and giving focused feedback (written and/or face-to-face) from assigned admin at least weekly. Other team members at least twice monthly in order to provide individual feedback about progress and continued needs assessments.

2. Focused walk-throughs conducted by admin team in order to provide school-wide feedback about progress in the classrooms.

Rationale for Evidence-based Strategy:

Explain the rationale for selecting this specific strategy. Describe the resources/criteria used for selecting this strategy.

Research indicates teachers are able to retain and apply new learning and skills when support and PD is provided in the classroom/school setting with colleagues.

Action Steps to Implement:

List the action steps that will be taken as part of this strategy to address the Area of Focus. Identify the person responsible for monitoring each step.

1. Professional Development regarding Standards and aligning Task Complexity to Standards.
2. Lesson Modeling / Demonstration Classrooms.
3. Increase student engagement and hands-on opportunities as well as exposure to supplemental materials and resources.

Person Responsible

Glenn Bramlett (glenn.bramlett@sdhc.k12.fl.us)

Monitoring ESSA Impact:

If this Area of Focus is not related to one or more ESSA subgroups, please describe the process for progress monitoring the impact of the Area of Focus as it relates to all ESSA subgroups not meeting the 41% threshold according to the Federal Index.

Our areas of focus are related of one or more of our ESSA subgroups.

#2. Culture & Environment specifically relating to Positive Behavior Intervention and Supports**Area of Focus Description and Rationale:**

Include a rationale that explains how it was identified as a critical need from the data reviewed.

Creating a Positive School Culture and Climate (SCC) for both Faculty and Students

ASQI Survey Results, Discipline Data, and Teacher Retention rates all suggest that SCC suffered last year. Stakeholder perception (Including Teachers, Students, and Community) can negatively impact participation in school functions and performance. Student time spent out of classroom as a result of unexcused absences and disciplinary actions impeded academic performance.

Measurable Outcome:

State the specific measurable outcome the school plans to achieve. This should be a data based, objective outcome.

On the 2020-2021 ASQI Survey, results in all components of the following domains will increase at least 10% for the upcoming year:

Monitoring:

Describe how this Area of Focus will be monitored for the desired outcome.

The 2021-2022 ASQI data will be analyzed for progress.

Person responsible for monitoring outcome:

Jeanne Terry-Byrd (jeanne.terry-byrd@hcps.net)

Evidence-based Strategy:

Describe the evidence-based strategy being implemented for this Area of Focus.

Brandon EPIC-3 will implement systems of supports for Teachers, Students, and Families/Community Stakeholders including on-boarding for new staff, PBIS, on-going reinforcement of systems/expectations for all, increased involvement opportunities for all stakeholders and encouraging teacher leadership.

1. Stakeholders who feel valued and included in school happenings and decision-making, will improve our overall culture and climate.
2. Teacher retention will improve through the on-boarding supports that will be provided to new teachers.
3. Students will be explicitly taught expectations that will be reinforced consistently via incentives and Social Emotional Learning (SEL). Enabling SEL opportunities for students regularly will provide them with the tools to successfully manage emotions and allow for positive social experiences.

Rationale for Evidence-based Strategy:

Explain the rationale for selecting this specific strategy. Describe the resources/criteria used for selecting this strategy.

Shared Decision-making amongst the faculty will increase buy-in, resulting in increased participation in school initiatives and functions.

Action Steps to Implement:

List the action steps that will be taken as part of this strategy to address the Area of Focus. Identify the person responsible for monitoring each step.

1. School-wide implementation of PBIS with fidelity (Point Sheets).
2. New Teacher On-Boarding process throughout the school year that is tailored to their needs.
3. Implementation of SEL.
4. Grade-level assemblies at the start of each semester to reinforce expectations.
5. Shared decision-making, when appropriate, via Committees, Leadership Team, and PLCs.
6. Increased opportunity for Family and Community Involvement via building partnerships within the community, the SAC, and more frequent communication with Families, etc. Parent liaison will assist and

mange Parent room resources.

7. MTSS/Data Team will coordinate Tier 2 and 3 Interventions.

Monitoring ESSA Impact:

If this Area of Focus is not related to one or more ESSA subgroups, please describe the process for progress monitoring the impact of the Area of Focus as it relates to all ESSA subgroups not meeting the 41% threshold according to the Federal Index.

Our areas of focus are related of one or more of our ESSA subgroups.

#3. Culture & Environment specifically relating to Discipline**Area of Focus Description and Rationale:**

Include a rationale that explains how it was identified as a critical need from the data reviewed.

The use of Restorative Practices will be used as an alternative to OSS.

Measurable Outcome:

State the specific measurable outcome the school plans to achieve. This should be a data based, objective outcome.

10 percent increase in Restorative Practices as a use for discipline.

Monitoring:

Describe how this Area of Focus will be monitored for the desired outcome.

Discipline data will be analyzed

Person responsible for monitoring outcome:

Jeanne Terry-Byrd
(jeanne.terry-byrd@hcps.net)

Evidence-based Strategy:

Describe the evidence-based strategy being implemented for this Area of Focus.

PBIS, Interventions surrounding our EdConnect Behavior Tracker, Student Enrichment Team.

Rationale for Evidence-based Strategy:

Explain the rationale for selecting this specific strategy. Describe the resources/criteria used for selecting this strategy.

Based on prior years data, these strategies have shown marked improvement over previous reporting periods.

Action Steps to Implement:

List the action steps that will be taken as part of this strategy to address the Area of Focus. Identify the person responsible for monitoring each step.

1. AP and student support staff created interventions based on behavior tracker data
2. Student Enrichment Team discussions based on success of behavior tracker data
3. restorative Practices Circles within classrooms
4. Student PBIS point sheets
5. Increased collaboration between classroom teachers and lab managers

Our areas of focus are related of one or more of our ESSA subgroups.

Part IV: Positive Culture & Environment

A positive school culture and environment reflects: a supportive and fulfilling environment, learning conditions that meet the needs of all students, people who are sure of their roles and relationships in student learning, and a culture that values trust, respect and high expectations. Consulting with various stakeholder groups to employ school improvement strategies that impact the positive school culture and environment are critical. Stakeholder groups more proximal to the school include teachers, students, and families of students, volunteers, and school board members. Broad stakeholder groups include early childhood providers, community colleges and universities, social services, and business partners.

Stakeholders play a key role in school performance and addressing equity. Consulting various stakeholder groups is critical in formulating a statement of vision, mission, values, goals, and employing school improvement strategies.

Describe how the school addresses building a positive school culture and environment.

Motivation, success, and feeling valued are what drives individuals, at any level and in any profession. In the school setting, it is critically important that we celebrate and recognize the outstanding accomplishments of our school community, both inside and outside of our campus.

Below compiles a list of attributes we will execute an Brandon EPIC-3:

1. Invest in People--Build relationships
2. Have a Shared Vision
3. Be the Role Model--Set the Standard
4. Praise and Celebrate

Identify the stakeholders and their role in promoting a positive culture and environment at the school.

1. Contributions from our Community Stakeholders who feel valued and included in school happenings and decision-making, will improve our overall culture and climate.
2. Teacher retention will improve through the on-boarding supports that will be provided to new teachers.
3. Students will be explicitly taught expectations that will be reinforced consistently via incentives and Social Emotional Learning (SEL). Enabling SEL opportunities for students regularly will provide them with the tools to successfully manage emotions and allow for positive social experiences.

Shared Decision-making amongst the faculty will increase buy-in, resulting in increased participation in school initiatives and functions.
