SIP Authority and Template

Section 1001.42(18), Florida Statutes (F.S.), requires district school boards to annually approve and require implementation of a school improvement plan (SIP) for each school in the district.

The Florida Department of Education (FDOE) SIP template meets all statutory and rule requirements for traditional public schools and incorporates all components required for schools receiving Title I funds, as marked by citations to the No Child Left Behind (NCLB) Act of 2001. This template is required by State Board of Education Rule 6A-1.099811, Florida Administrative Code (F.A.C.), for all non-charter schools with a current grade of D or F, or with a grade of F within the prior two years. For all other schools, the district may use a template of its choosing. All districts must submit annual assurances that their plans meet statutory requirements.

This document was prepared by school and district leadership using the FDOE's school improvement planning web application located at <https://www.floridacims.org>. Sections marked "N/A" by the user and any performance data representing fewer than 10 students or educators have been excluded from this document.

Table of Contents

Purpose and Outline of the SIP	4
Differentiated Accountability	5
Part I: Current School Status	6
Part II: Expected Improvements	20
Goals Summary	25
Goals Detail	26
Action Plan for Improvement	38
Part III: Coordination and Integration	92
Appendix 1: Professional Development Plan to Support Goals	93
Appendix 2: Budget to Support Goals	99

Purpose and Outline of the SIP

The SIP is intended to be the primary artifact used by every school with stakeholders to review data, set goals, create an action plan and monitor progress. A corollary at the district level is the District Improvement and Assistance Plan (DIAP), designed to help district leadership make the necessary connections between school and district goals in order to align resources. The Florida Department of Education encourages schools to use the SIP as a “living document” by continually updating, refining and using the plan to guide their work throughout the year. This printed version represents the SIP as of the “Date Modified” listed in the footer.

Part I: Current School Status

Part I summarizes school leadership, staff qualifications and strategies for recruiting, mentoring and retaining strong teachers. The school’s Multi-Tiered System of Supports (MTSS) is described in detail to show how data is used by stakeholders to understand the needs of all students and allocate appropriate resources in proportion to those needs. The school also summarizes its efforts in a few specific areas, such as its use of increased learning time and strategies to support literacy, preschool transition and college and career readiness.

Part II: Expected Improvements

Part II outlines school performance data in the prior year and sets numeric targets for the coming year in ten areas:

1. Reading
2. Writing
3. Mathematics
4. Science
5. Science, Technology, Engineering and Mathematics (STEM)
6. Career and Technical Education (CTE)
7. Social Studies
8. Early Warning Systems (EWS)
9. Parental Involvement
10. Other areas of concern to the school

With this overview of the current state of the school in mind and the outcomes they hope to achieve, the planning team engages in an 8-Step Planning and Problem-Solving Process, through which they define and refine their goals (Step 1), identify and prioritize problems (barriers) keeping them from reaching those goals (Steps 2-3), design a plan to help them implement strategies to resolve those barriers (Steps 4-7), and determine how they will monitor progress toward each goal (Step 8).

Part III: Coordination and Integration

Part III is required for Title I schools and describes how federal, state and local funds are coordinated and integrated to ensure student needs are met.

Appendix 1: Professional Development Plan to Support Goals

Appendix 1 is the professional development plan, which outlines any training or support needed for stakeholders to meet the goals.

Appendix 2: Budget to Support Goals

Appendix 2 is the budget needed to implement the strategies identified in the plan.

Differentiated Accountability

Florida's Differentiated Accountability (DA) system is a statewide network of strategic support, differentiated by need according to performance data, and provided to schools and districts in order to improve leadership capacity, teacher efficacy and student outcomes. DA field teams collaborate with district and school leadership to design, implement and refine school improvement plans, as well as provide instructional coaching, as needed.

DA Regions

Florida's DA network is divided into five geographical regions, each served by a field team led by a regional executive director (RED).

DA Categories

Traditional public schools are classified at the start of each school year, based upon the most recently released school grades (A-F), into one of the following categories:

- Not in DA – currently A or B with no F in prior two years; all charter schools; all ungraded schools
- Monitoring Only – currently A or B with at least one F in the prior two years
- Prevent – currently C
- Focus – currently D
 - Year 1 – declined to D, or first-time graded schools receiving a D
 - Year 2 – second consecutive D, or F followed by a D
 - Year 3 or more – third or more consecutive D, or F followed by second consecutive D
- Priority – currently F
 - Year 1 – declined to F, or first-time graded schools receiving an F
 - Year 2 or more – second or more consecutive F

DA Turnaround and Monitoring Statuses

Additionally, schools in DA are subject to one or more of the following Turnaround and Monitoring Statuses:

- Former F – currently A-D with at least one F in the prior two years. SIP is monitored by FDOE.
- Post-Priority Planning – currently A-D with an F in the prior year. District is planning for possible turnaround.
- Planning – Focus Year 2 and Priority Year 1. District is planning for possible turnaround.
- Implementing – Focus Year 3 or more and Priority Year 2 or more. District is implementing the Turnaround Option Plan (TOP).

2013-14 DA Category and Statuses

DA Category	Region	RED

School Advisory Council (SAC)

This section meets the requirements of Section 1114(b)(1), P.L. 107-110, NCLB, codified at 20 U.S.C. § 6314(b).

Membership of the SAC

The EESAC is comprised of 1 School Principal, 1 SAC Chairperson, 1 United Teachers of Dade Steward, 5 teachers and 1 alternate, 5 parents and 1 alternate, 1 student and 1 alternate, 1 Educational Support employee and 1 alternate and 3 business/community liaisons.

Involvement of the SAC in the development of the SIP

The EESAC is involved in developing the goals and objectives for the School Improvement Plan based on the feedback provided by each grade level/department on the End of Year SIP Recommendations/ Review. Once the School Improvement Plan is drafted by the SIP Writing Team, the EESAC carefully reviews the document and makes suggestions to the SIP Writing Team. The SIP is once again reviewed and approved by the EESAC and implemented schoolwide.

Activities of the SAC for the upcoming school year

The EESAC will focus on supplying instructional materials that effectively give teachers the opportunity to improve lessons in the classroom and develop different teaching strategies to have their students reach their academic goals.

The EESAC has purchased various software and audio-visual equipment that provides our students with the necessary tools to increase their reading levels, in the areas of fluency and comprehension.

Projected use of school improvement funds, including the amount allocated to each project

EESAC Funds, budgeted at \$7,685.00, will be used to purchase supplies for technology infused classrooms.

Compliance with section 1001.452, F.S., regarding the establishment duties of the SAC

In Compliance

If not in compliance, describe the measures being taken to comply with SAC requirements

Highly Qualified Staff

This section meets the requirements of Sections 1114(b)(1)(C) and 1115(c)(1)(E), P.L. 107-110, NCLB, codified at 20 U.S.C. § 6314(b).

Teacher Recruitment and Retention Strategies

This section meets the requirements of Section 1114(b)(1)(E), P.L. 107-110, NCLB, codified at 20 U.S.C. § 6314(b).

Strategies to recruit and retain highly qualified, certified-in-field, effective teachers to the school, including the person responsible

The administration at Eugenia B. Thomas K-8 Center communicates with local universities to increase the number of internships at Eugenia B. Thomas K-8 Center, consequently increasing the number of Highly Qualified candidates for employment at Eugenia B. Thomas K-8 Center.

Teacher Mentoring Program/Plan

This section meets the requirements of Sections 1114(b)(1)(D) and 1115(c)(1)(F), P.L. 107-110, NCLB, codified at 20 U.S.C. § 6314(b).

Teacher mentoring program/plan, including the rationale for pairings and the planned mentoring activities

Beginning teachers are assigned a mentor teacher who has been trained by the district's MINT program. Teachers meet during their planning time and before and after school to discuss classroom management strategies and share instructional tips with their mentees. In addition, time is allotted for peer classroom visits and observation. We continue to implement proven techniques and research based strategies for improving teacher morale which will consequently retain highly qualified teachers. We recognize and reward outstanding teacher performance throughout the school year during faculty meetings.

Multi-Tiered System of Supports (MTSS) / Response to Intervention (RtI)

This section meets the requirements of Sections 1114(b)(1)(B)(i)-(iv) and 1115(c)(1)(A)-(C), P.L. 107-110, NCLB, codified at 20 U.S.C. § 6314(b).

Data-based problem-solving processes for the implementation and monitoring of MTSS and SIP structures to address effectiveness of core instruction, resource allocation (funding and staffing), teacher support systems, and small group and individual student needs

Eugenia B. Thomas K-8 Center's MTSS/RtI is an extension of the school's Leadership Team. It has been strategically integrated in order to support the administration through a process of problem solving as issues and concerns arise through an ongoing, systematic examination of available data with the goal of impacting student achievement, school safety, school culture, literacy, attendance, student social/emotional well-being and prevention of student failure through early intervention.

1. MTSS/RtI leadership is vital, therefore, in building our team we have considered the following:

- administrator(s) who will ensure commitment and allocate resources;
- teacher(s) and coaches who share the common goal of improving instruction for all students; and
- team members who will work to build staff support, internal capacity and sustainability over time.

2. The school's Leadership Team will include additional personnel as resources to the team, based on specific problems or concerns as warranted, such as:

- Instructional Coaches
- School Guidance Counselors
- Special Education Personnel
- School Psychologist
- School Social Worker
- EESAC Chairperson
- Community Stakeholder

3. MTSS/Rtl is a general education initiative in which the levels of support (resources) are allocated in direct proportion to student needs. MTSS/Rtl uses increasingly more intense instruction and interventions to bring about student success.

- The first level of support is the core instructional and behavioral methodologies, practices and supports designed for all students in the general curriculum.
 - The second level of support consists of supplemental instruction and interventions that are provided in addition to and in alignment with effective core instruction and behavioral support to groups of targeted students who need additional instructional and/or behavioral support.
 - The third level of support consists of intensive instructional and/or behavioral interventions that are provided in addition to and in alignment with effective instruction and supplemental instruction with the goal of increasing an individual student's rate of progress academically and/or behaviorally.
- There will be an ongoing evaluation method established for services at each level to monitor the effectiveness of meeting school goals and student growth as measured by benchmark and progress monitoring data.

Function and responsibility of each school-based leadership team member as related to MTSS and the SIP

The School-Based Leadership Team consists of the following staff members:

- Mayra Barreira, Principal
- Celia Fernandez, Assistant Principal Community Education
- M. Chantal Harris, Assistant Principal
- Maribel Rivera, Assistant Principal
- Matthew Welker, Assistant Principal
- Angie Gonzalez, ESOL
- Cristina Madrigal, ESOL
- Sonia Eidinger, SPED Chairperson
- Zenaida Barrera, Kindergarten Chairperson
- Lydia Bon, First Grade Chairperson
- Gloria Rauda, Second Grade Chairperson
- Yesenia Esquijarosa, Third Grade Chairperson
- Amarilys Garcia, Fourth Grade Chairperson
- Cristina Hamzavi, Fifth Grade Chairperson
- Cristina Delgado-Ruiz, Sixth Grade Chairperson
- Rossana Marrero, Seventh Grade Chairperson
- Ana Alamo, Eighth Grade Chairperson
- Jose Vazquez, Media Specialist
- Amalia Sanchez, ESOL Chairperson
- Mario Fernandez, Bilingual Chairperson
- Marielba Quintero, Counselor
- Krishdal Ugarte-Torre, Counselor
- Michelle Varela, School Psychologist
- Louis Mazar, UTD Steward
- Robert Ings, UTD Steward

Systems in place that the leadership team uses to monitor the fidelity of the school's MTSS and SIP

The principal, as the instructional leader of the school, coupled with the Leadership Team will monitor the fidelity of the school's MTSS and SIP by meeting monthly to focus on developing and maintaining an ongoing system that will maximize student achievement. The team will meet once a month to engage in the following activities: review District and feeder pattern data and link to instructional decisions, review progress monitoring data at the grade level and classroom level to identify students who are meeting/ exceeding benchmarks, at moderate risk or at high risk for not meeting benchmarks. Students who are

not meeting benchmarks will be identified and the MTSS will be implemented. Based on this information, the team will identify professional development and resources to be implemented as part of the intervention. The team will also collaborate regularly, problem solve, share effective practices, evaluate implementation, make decisions and practice new processes and skills.

Data source(s) and management system(s) used to access and analyze data to monitor the effectiveness of core, supplemental, and intensive supports in reading, mathematics, science, writing, and engagement

Data will be used to guide instructional decisions and system procedures for all students to:

- Adjust the delivery of curriculum and instruction to meet the specific needs of students
- Adjust the delivery of the behavior management system
- Adjust the allocation of school-based resources
- Drive decisions regarding targeted professional development
- Create student growth trajectories in order to identify and develop interventions

2. Managed data will include:

Academic

- FAIR/PMRN
- Interim Assessments
- FCAT 2.0 Reading, Mathematics, Writing and Science (grades 3-8)
- SESAT/SAT-10
- CELLA K-8
- Student grades
- School site specific assessments
- Edusoft Reports
- OLPS
- VPK Assessment
- FLKRS

Behavior

- Student Case Management System
- Ten-Step Discipline Plan
- Detentions
- Indoor/outdoor suspensions
- Referrals by student behavior
- Alternative Plan for Suspension
- School Climate Surveys
- Attendance records
- Referrals to special education programs

Attendance

- Daily Attendance Bulletins
- Teacher Referrals
- Tardy Logs

Plan to support understanding of MTSS and build capacity in data-based problem solving for staff and parents

Training for all staff and parents in the MTSS/Rtl problem solving, data analysis process will be offered at the beginning of the school year by the Administrative Team and counselors. Parent workshops will be offered throughout the school year at different times of the day so that all parents may attend.

Increased Learning Time/Extended Learning Opportunities

This section meets the requirements of Sections 1114(b)(1)(B)(ii)(II)-(III), 1114(b)(1)(I), and 1115(c)(1)(C)(i) and 1115(c)(2), P.L. 107-110, NCLB, codified at 20 U.S.C. § 6314(b).

Research-based strategies the school uses to increase the amount and quality of learning time and help provide an enriched and accelerated curriculum:

Strategy: Before or After School Program

Minutes added to school year: 11,040

Services and support are provided through the district for educational materials and English Language Learners (ELL) to improve the education of immigrant and ELL students. Title III funds are used to supplement and enhance programs for ELL and immigrant students by providing funds to implement and/or provide before and after-school tutorial programs.

Strategy Purpose(s)

- Instruction in core academic subjects

How is data collected and analyzed to determine the effectiveness of this strategy?

Data is collected to ensure the effectiveness of the strategies discussed above including the administration of pre and post-tests to determine student academic growth. Web-based research program reports are generated by the instructional coaches and assistant principals monthly and data chats take place to discuss student progress. Instructional strategies are then aligned to ensure data-driven instruction.

Who is responsible for monitoring implementation of this strategy?

The administrative team will supervise the implementation of the tutorial program, data collection and its effectiveness.

Strategy: Weekend Program

Minutes added to school year: 1,080

In addition, we offer Saturday Academy for “bubble” students 8 weeks prior to the administration of the FCAT 2.0. All grade levels have common planning time allotted to facilitate collaborative planning and planning across the curriculum.

Strategy Purpose(s)

- Instruction in core academic subjects

How is data collected and analyzed to determine the effectiveness of this strategy?

Data collected to ensure the effectiveness of the strategies discussed above including the administration of pre and post-tests to determine student academic growth, web-based research program reports are generated by the instructional coaches and assistant principals monthly and data chats take place to discuss student progress. Instructional strategies are then aligned to drive instruction.

Who is responsible for monitoring implementation of this strategy?

The administrative team will supervise the implementation of the tutorial programs, data collection and its effectiveness.

Literacy Leadership Team (LLT)

Names and position titles of the members of the school-based LLT

Name	Title
Mayra Barreira	Principal
Celia Fernandez	Assistant Principal Community Education
Chantal Harris	Assistant Principal
Maribel Rivera	Assistant Principal
Matthew Welker	Assistant Principal
Angie Gonzalez	ESOL
Cristina Madrigal	ESOL
Sonia Eidinger	SPED Chairperson
Zenaida Barrera	Kindergarten Chairperson
Lydia Bon	First Grade Chairperson
Gloria Rauda	Second Grade Chairperson
Yesenia Esquijarosa	Third Grade Chairperson
Amarilys Garcia	Fourth Grade Chairperson
Cristina Hamzavi	Fifth Grade Chairperson
Cristina Delgado-Ruiz	Sixth Grade Chairperson
Rossana Marrero	Seventh Grade Chairperson
Ana Alamo	Eighth Grade Chairperson
Jose Vazquez	Media Specialist
Amalia Sanchez	ESOL Chairperson
Mario Fernandez	Bilingual Chairperson
Louis Mazar	UTD Steward
Robert Ings	UTD Steward

How the school-based LLT functions

The purpose of the Literacy Leadership Team is to create reading knowledge capacity within the school and focus on areas of literacy across all grade levels. The principal, mentor reading teachers, content area teachers and other principal appointees will serve on this team which will meet at least once a month.

Major initiatives of the LLT

Eugenia B. Thomas K-8 Center's Literacy Leadership Team will develop, lead and evaluate school core content standards and programs. Provide support for the implementation of the Common Core State Standards, identify and analyze existing literature on scientifically based curriculum, behavior assessment and intervention approaches; assist with whole school screening programs that provide early intervention services for children considered at-risk in reading, assist in the design and implementation of progress monitoring, data collection and data analysis; participate in the design and delivery of professional development and provide support for assessment and implementation monitoring.

Every Teacher Contributes to Reading Instruction

How the school ensures every teacher contributes to the reading improvement of every student

All teachers will implement strategies for reading instruction which include but are not limited to departmentalization, use of Criss Strategies, reciprocal teaching, use of graphic organizers, guided groups, differentiated instruction and the use of Smart Boards. Therefore, every teacher will be responsible for students' understanding of the text through carefully reading, drawing conclusions and formulating responses which address questions entirely. The Literacy Leadership Team will be responsible for monitoring the implementation of the reading strategies.

Preschool Transition

This section meets the requirements of Sections 1114(b)(1)(G) and 1115(c)(1)(D), P.L. 107-110, NCLB, codified at 20 U.S.C. § 6314(b).

Strategies for assisting preschool children in transition from early childhood programs to local elementary school programs

The school staff has met with some of the local preschool center directors and given suggestions on how they can better prepare their students for Kindergarten. All incoming kindergarten students are screened upon their initial arrival to assess basic knowledge of colors, shapes, letter recognition and letter sound identification. Most students are also screened on their English language proficiency utilizing the Oral Language Proficiency Scale – Revised. Throughout the school year, Kindergarten students are closely monitored for progress using FLKRS and all three FAIR Assessments. Based on the results of these assessments, instructional strategies are modified to meet the individual needs of the students. Also, during Spring registration, the school offers campus tours for incoming Kindergarten students and their parents. Transition packets are distributed at the conclusion of the tour. Orientation sessions are also held the week before school begins to prepare students and their parents and share expectations for the upcoming school year.

College and Career Readiness

This section meets the requirements of Sections 1114(b)(1)(B)(iii)(I)(aa)-(cc), P.L. 107-110, NCLB, codified at 20 U.S.C. § 6314(b).

How the school incorporates applied and integrated courses to help students see the relationships between subjects and relevance to their future

Eugenia B. Thomas K-8 Center hosts an annual Magnet Fair in November for our eighth grade students. High schools from all over Miami-Dade County Public Schools set up booths and send representatives to discuss the various magnet programs offered at high schools. Students are invited to tour the fair, ask questions and acquire brochures with information on the different programs.

How the school promotes academic and career planning, including advising on course selections, so that each student's course of study is personally meaningful

Articulation Meetings are held for students in grades 5 through 8 in the Spring and course selection is done with the help and guidance of the school counselor and the social studies teacher. In addition, articulation with the feeder pattern high school is done with the incoming ninth graders in the Spring after the Curriculum Fair. Counselors from the high school visit the eighth graders discuss the subject selection process in detail to ensure each student's course of study is meaningful and appropriate.

Strategies for improving student readiness for the public postsecondary level

N/A

Expected Improvements

This section meets the requirements of Sections 1114(b)(1)(A),(H), and (I), and 1115(c)(1)(A), P.L. 107-110, NCLB, codified at 20 U.S.C. § 6314(b).

Students who receive one or more behavior referrals that leads to suspension, as defined in s.1003.01(5), F.S.	13	1%	1%

Area 9: Parent Involvement

Title I Schools may use the Parent Involvement Plan to meet the requirements of Sections 1114(b)(1)(F) and 1115(c)(1)(G), P.L. 107-110, NCLB, codified at 20 U.S.C. § 6314(b).

Parental involvement targets for the school

Parents may have a limited understanding of student data and how it affects teaching and learning. Parents are informed of events such as FCAT 2.0 and SESAT/SAT-10 Parent Nights and informational sessions for all assessments through the school website, Connect-Ed messages, school-wide flyers, posters and information placed on the marquee.

Specific Parental Involvement Targets

Target	2013 Actual #	2013 Actual %	2014 Target %
Increase parental involvement	8500	19%	20%

Goals Summary

- G1.** The results of the 2013 FCAT 2.0 Reading indicate that 69% of students achieved a level 3 or above proficiency. Our goal for the 2013-2014 school year is to increase the proficiency by 3 percentage points to 72%.
- G2.** The results of the 2013 FCAT 2.0 Writing Test indicate that 73% of students in fourth and eighth grade achieved a Level 3.5 and above in proficiency. Our goal is to increase student proficiency by 3 percentage points to 76%.
- G3.** The results of the 2013 FCAT 2.0 Mathematics indicates that 63% of students achieved a Level 3 or above in proficiency. Our goal for the 2013-2014 school year is to increase proficiency by 4 percentage points to 67%.
- G4.** The results of the 2013 Algebra I EOC Exam indicate that 97% of students achieved a level 3 or above. Our goal for the 2013-2014 school year is to maintain the percentage of students that achieve a level 3 or above at 97%.
- G5.** The results of the 2013 Geometry EOC Exam indicates that 96% of students achieved a level 3 and above. Our goal for the 2013-2014 school year is to maintain the percentage of students that achieve a level 3 and above at 96%.
- G6.** The number of students participating in high school EOC courses was 52% in 2012 – 2013. Our goal for the 2013-2014 school year is to increase the percentage of students to 57%.
- G7.** The overall performance on high school EOC was 98% of students performed at least at a proficient level. Our goal for the 2013-2014 school year is to maintain the overall performance at 98%.
- G8.** The results of the 2013 FCAT 2.0 Science indicates that 24% of fifth grade students achieved level 3 proficiency. Our goal for the 2013-2014 school year is to increase level 3 student proficiency by 3 percentage points to 27%.
- G9.** The results of the 2013 FCAT 2.0 Science Test indicate that 35% of the eighth grade students achieved a level 3 proficiency. Our goal for the 2013-2014 school year is to increase level 3 student proficiency by 3 percentage points to 38%.
- G10.** Increase opportunities for STEM applied learning by increasing opportunity for students to participate in CTSO (National Junior Honor Society and SECME) career and technical skill competitions by 75% (5).
- G11.** In order to emphasize/engage students in the problem solving process, we need to increase student enrollment in middle school Business Technology Education courses by 10%.

- G12.** The results of the 2013 Civics Baseline Exam indicates that 1% of students scored proficient. The areas of deficiency were Organization and Function of Government and Origins and Purposes of Law and Government.
- G13.** The results of the 2013 Civics Baseline Exam indicates that 1% of students scored proficient. The areas of deficiency were Organization and Function of Government and Origins and Purposes of Law and Government.
- G14.** Decrease the percentage of students who; missed 10% or more of available instructional time, were retained from PreK to Grade 5, who were not proficient in reading by grade 3, and had 2 or more behavior referrals with one or more that lead to suspension.
- G15.** Parental involvement in the 2012-2013 school year showed an increase of 19% attendees in Instructional Informational meetings as compared to the 2011-2012 school year. Our goal for the 2013-2014 school year is increase parent involvement by 1%

Goals Detail

G1. The results of the 2013 FCAT 2.0 Reading indicate that 69% of students achieved a level 3 or above proficiency. Our goal for the 2013-2014 school year is to increase the proficiency by 3 percentage points to 72%.

Targets Supported

- Reading (AMO's, FCAT2.0, Learning Gains, CELLA)

Resources Available to Support the Goal

- Bi-weekly or monthly assessments, progress monitoring FAIR, Computer Assisted Program (CAP) reports generated from Accelerated Reader, Reading Plus and SuccessMaker.

Targeted Barriers to Achieving the Goal

- The subgroups that did not meet their 2012-2013 AMO targets were • Asian • Black • Hispanic • English Language Learners (ELL) • Students with Disabilities (SWD) • Economically Disadvantaged (ED)
- The areas of deficiency for students scoring a level 3 as noted on the 2013 administration of the FCAT 2.0 Reading were Grade 3: Reading Application and Literary Analysis: Fiction and Nonfiction Grade 4: Vocabulary Grade 5: Reading Application Grade 6: Reading Application and Literary Analysis: Fiction and Nonfiction Grade 7: Reading Application, Literary Analysis: Fiction/Nonfiction and Informational Text Grade 8: Reading Application
- The areas of deficiency for students scoring a level 4 and above as noted on the 2013 administration of the FCAT 2.0 Reading were Grade 3: Reading Application and Literary Analysis: Fiction and Nonfiction Grade 4: Vocabulary Grade 5: Reading Application Grade 6: Reading Application and Literary Analysis: Fiction and Nonfiction Grade 7: Reading Application, Literary Analysis: Fiction/Nonfiction and Informational Text Grade 8: Reading Application
- The results of the 2013 FCAT 2.0 Reading indicates that 73% of students made learning gains.
- The results of the 2013 FCAT 2.0 Reading indicates that 77% of students in the lowest 25% made learning gains.
- The results of the 2012-2013 CELLA Listening/Speaking portions indicate that 56% of students achieved proficiency.
- The results of the 2012-2013 CELLA Reading portion indicate that 41% of students achieved proficiency.
- The results of the 2012-2013 CELLA Writing portion indicate that 38% of students achieved proficiency.

Plan to Monitor Progress Toward the Goal

Following the FCIM, monitor bi-weekly or monthly assessment data reports, Waterford, Imagine Learning, Achieve3000 and Cumulative Gains Report.

Problem Solving Key

G = Goal

B = Barrier

S = Strategy

G1. The results of the 2013 FCAT 2.0 Reading indicate that 69% of students achieved a level 3 or above proficiency. Our goal for the 2013-2014 school year is to increase the proficiency by 3 percentage points to 72%.

G1.B1 The subgroups that did not meet their 2012-2013 AMO targets were • Asian • Black • Hispanic • English Language Learners (ELL) • Students with Disabilities (SWD) • Economically Disadvantaged (ED)

G1.B1.S1 Students will read and comprehend literature and informational text at the high end of the 2-3 text complexity band independently and proficiently. Teachers will engage students in the practice of justifying answers by going back to the text for support. Teachers will help students use graphic organizers to see pattern and summarize the main points. Students will identify and interpret elements of story structure within a text. Teachers will provide opportunities for students to distinguish their own point of view from that of the narrator, characters or the author of the text. Teachers will continue to implement strategies in the SIP with fidelity. In addition, teachers will implement FCAT Boot Camp and crunchtime lessons that reinforce deficient benchmarks.

Action Step 1

Teachers will provide students with the opportunity to use graphic organizers to see pattern, summarize the main points, opportunities for students to distinguish their own point of view from that of the narrator, characters or the author of the text.

G1.B2 The areas of deficiency for students scoring a level 3 as noted on the 2013 administration of the FCAT 2.0 Reading were Grade 3: Reading Application and Literary Analysis: Fiction and Nonfiction Grade 4: Vocabulary Grade 5: Reading Application Grade 6: Reading Application and Literary Analysis: Fiction and Nonfiction Grade 7: Reading Application, Literary Analysis: Fiction/Nonfiction and Informational Text Grade 8: Reading Application

G1.B2.S1 Students will develop and maintain a response journal. Teachers will instruct students in the use of concept maps to help build their general knowledge of word meanings and relationships, the study of synonyms and antonyms, and the practice of recognizing examples and non-examples of word relationships during pre-reading activities. Teachers will provide practice in determining the meaning of general academic and domain-specific words or phrases in a text relevant to the main idea or topic. For the barriers that were not reduced or eliminated in grades 4 and 5, teachers will continue to implement identified strategies with fidelity and in addition will implement FCAT Boot Camp and crunchtime lessons that reinforce deficient benchmarks.

Action Step 1

Teachers will provide students with the opportunity to use graphic organizers to see pattern, summarize the main points, opportunities for students to distinguish their own point of view from that of the narrator, characters or of the author of the text.

Formative: bi-weekly or monthly assessments Summative: 2014 Algebra I End of Course Exam

G4.B2 The results of the 2013 Algebra I End of Course Exam indicates that 64% of students achieved a level 4 or above. The areas of deficiency were: Rationals, Radicals, Quadratics and Discrete Mathematics.

G4.B2.S1 Teachers will provide opportunities for students to • Solve algebraic proportions in real-world and mathematical contexts. • Add, subtract, multiply and divide radical expressions and simplify the results. • Solve real-world problems using quadratic equations. • Perform set operations, such as union and intersection, complement and cross product. Teachers will continue to implement identified strategies in the SIP with fidelity. In addition, teachers will implement EOC Boot Camp, use Florida Focus and after-school tutoring sessions to target deficient benchmarks.

Action Step 1

Provide opportunities for students to solve algebraic proportions in real-world and mathematical contexts, add, subtract, multiply, and divide radical expressions and simplify the results, solve real-world problems using quadratic equations and perform set operations, such as union and intersection, complement and cross product.

G5. The results of the 2013 Geometry EOC Exam indicates that 96% of students achieved a level 3 and above. Our goal for the 2013-2014 school year is to maintain the percentage of students that achieve a level 3 and above at 96%.

G5.B1 The results of the 2013 Geometry EOC Exam indicate that 22% of students achieved a level 3.

G5.B1.S1 Provide opportunities for students to practice the content so they will be able to • Identify the converse, inverse or contrapositive of a given statement. • Determine whether two propositions are logically equivalent in mathematical or real-world contexts. • Solve problems using the trigonometric ratios sine, cosine or tangent to determine side lengths or angle measures. Teacher will continue to implement identified strategies in the SIP with fidelity and EOC Boot Camp will be implemented to target deficient benchmarks.

Action Step 1

Teachers will provide opportunities for students to practice the content so they will be able to • Identify the converse, inverse, or contrapositive of a given statement. • Determine whether two propositions are logically equivalent in mathematical or real-world contexts. • Solve problems using the trigonometric ratios sine, cosine, or tangent to determine side lengths or angle measures.

Coordination and Integration

This section meets the requirements of Sections 1114(b)(1)(J) and 1115(c)(1)(H), P.L. 107-110, NCLB, codified at 20 U.S.C. § 6314(b).

How federal, state, and local funds, services, and programs are coordinated and integrated at the school

Eugenia B. Thomas K-8 Center uses Title III funds to supplement and enhance the programs for English Language Learners (ELL) by providing tutorial programs for students in grades 3-5 and supplementary instructional materials for students in grades K-8.

Appendix 1: Professional Development Plan to Support School Improvement Goals

This section will satisfy the requirements of Sections 1114(b)(1)(D) and 1115(c)(1)(F), P.L. 107-110, NCLB, codified at 20 U.S.C. § 6314(b), by demonstrating high-quality and ongoing professional development for teachers, principals, and paraprofessionals and, if appropriate, for pupil services personnel, parents, and other staff is being offered to enable all children in the school to meet the State's student academic achievement standards.

Professional development opportunities identified in the SIP as action steps to achieve the school's goals.

G1. The results of the 2013 FCAT 2.0 Reading indicate that 69% of students achieved a level 3 or above proficiency. Our goal for the 2013-2014 school year is to increase the proficiency by 3 percentage points to 72%.

G1.B2 The areas of deficiency for students scoring a level 3 as noted on the 2013 administration of the FCAT 2.0 Reading were Grade 3: Reading Application and Literary Analysis: Fiction and Nonfiction Grade 4: Vocabulary Grade 5: Reading Application Grade 6: Reading Application and Literary Analysis: Fiction and Nonfiction Grade 7: Reading Application, Literary Analysis: Fiction/Nonfiction and Informational Text Grade 8: Reading Application

G1.B2.S1 Students will develop and maintain a response journal. Teachers will instruct students in the use of concept maps to help build their general knowledge of word meanings and relationships, the study of synonyms and antonyms, and the practice of recognizing examples and non-examples of word relationships during pre-reading activities. Teachers will provide practice in determining the meaning of general academic and domain-specific words or phrases in a text relevant to the main idea or topic. For the barriers that were not reduced or eliminated in grades 4 and 5, teachers will continue to implement identified strategies with fidelity and in addition will implement FCAT Boot Camp and crunchtime lessons that reinforce deficient benchmarks.

PD Opportunity 1

Teachers will provide students with the opportunity to use graphic organizers to see pattern, summarize the main points, opportunities for students to distinguish their own point of view from that of the narrator, characters or of the author of the text.

Evidence of Completion

Formative Assessments: Formal and Informal Assessments

G1.B3 The areas of deficiency for students scoring a level 4 and above as noted on the 2013 administration of the FCAT 2.0 Reading were Grade 3: Reading Application and Literary Analysis: Fiction and Nonfiction Grade 4: Vocabulary Grade 5: Reading Application Grade 6: Reading Application and Literary Analysis: Fiction and Nonfiction Grade 7: Reading Application, Literary Analysis: Fiction/Nonfiction and Informational Text Grade 8: Reading Application

G1.B3.S1 Students will read and comprehend literature and informational text at the high end of the 4-5 text complexity band independently and proficiently. Teachers will provide opportunities for students to quote accurately from a text when explaining what the text says explicitly and when drawing inferences from the text. Students will practice justifying answers by going back to the text for support. Teachers will help students use graphic organizers to see pattern and summarize the main points.

PD Opportunity 1

Teachers will provide students with the opportunity to use graphic organizers to see pattern, summarize the main points, opportunities for students to distinguish their own point of view from that of the narrator, characters or the author of the text.

Evidence of Completion

Formative Assessments: Formal and Informal Assessments Summative: Results for the 2014 FCAT 2.0 Reading

G2. The results of the 2013 FCAT 2.0 Writing Test indicate that 73% of students in fourth and eighth grade achieved a Level 3.5 and above in proficiency. Our goal is to increase student proficiency by 3 percentage points to 76%.

G2.B1 The results of the 2013 FCAT 2.0 Writing indicates that 75% of students in fourth grade achieved a Level 3.5 and above in proficiency.

G2.B1.S1 Students will continue to use the Four Square Writing Method and graphic organizers as a daily technique for structuring their writing.

PD Opportunity 1

Teachers will encourage students to continue to use of graphic organizers as a daily technique for structuring their writing.

Evidence of Completion

Formative: Small group instruction using mini-lessons on either (focus-organization-support or conventions) will be assess monthly and Summative: Results of the 2014 FCAT Writing 2.0.

G8. The results of the 2013 FCAT 2.0 Science indicates that 24% of fifth grade students achieved level 3 proficiency. Our goal for the 2013-2014 school year is to increase level 3 student proficiency by 3 percentage points to 27%.

G8.B1 The area of deficiency as noted on the 2013 administration of the FCAT 2.0 Science was Physical Science.

G8.B1.S1 Students will have more hands-on opportunities through inquiry-based learning. Teachers will increase rigor in science writing as evidenced in science journals and in laboratory conclusions (i.e. incorporating claims, evidence and reasoning), as delineated by Common Core Standards. Teachers will continue to implement identified strategies in the SIP with fidelity. In addition, teachers will implement FCAT Boot Camp and crunchtime to target deficient benchmarks.

PD Opportunity 1

Monitor the results of progress monitoring assessment data to monitor students' progress and adjust instruction as needed.

Appendix 2: Budget to Support School Improvement Goals

Budget Summary by Goal

Goal	Description	Total
G15.	Parental involvement in the 2012-2013 school year showed an increase of 19% attendees in Instructional Informational meetings as compared to the 2011-2012 school year. Our goal for the 2013-2014 school year is increase parent involvement by 1%	\$7,000
Total		\$7,000

Budget Summary by Funding Source and Resource Type

Funding Source	Total	Technology
Total	\$7,000	\$7,000
EESAC	\$7,000	\$7,000

Budget Details

Budget items identified in the SIP as necessary to achieve the school's goals.

G15. Parental involvement in the 2012-2013 school year showed an increase of 19% attendees in Instructional Informational meetings as compared to the 2011-2012 school year. Our goal for the 2013-2014 school year is increase parent involvement by 1%

G15.B1 Parents may have a limited understanding of student data and how it affects teaching and learning.

G15.B1.S1 Encourage parent involvement in events such as FCAT 2.0 and SESAT/SAT-10 Parent Nights through Connect-Ed messages, school-wide flyers, posters and information placed on the marquee. The number of parental involvement activities has increased this school year to offer different opportunities for parents to get involved. Additionally, accurate records are kept on the number of parents attending the different events offered by the school.

Action Step 1

Encourage parent involvement in academic events by communicating by informing parents via email, phone, or written communication.

Resource Type

Technology

Resource

Technology Funds for toner, ink, etc. for teachers to develop written communication (flyers, agendas, presentation handouts, etc.)

Funding Source

EESAC

Amount Needed

\$7,000
