<b>Year</b>	
<b>Support Tier</b>	

ESSA Status	TS&I
* As defined under Rule 6A-1.099811, Florida Administrative Code. For more information, <a href="#">click here</a> .	

## School Board Approval

This plan was approved by the Orange County School Board on 2/11/2020.

## SIP Authority

Section 1001.42(18), Florida Statutes, requires district school boards to annually approve and require implementation of a Schoolwide Improvement Plan (SIP) for each school in the district that has a school grade of D or F. This plan is also a requirement for Targeted Support and Improvement (TS&I) and Comprehensive Support and Improvement (CS&I) schools pursuant to 1008.33 F.S. and the Every Student Succeeds Act (ESSA).

To be designated as TS&I, a school must have one or more ESSA subgroup(s) with a Federal Index below 41%. This plan shall be approved by the district. There are three ways a school can be designated as CS&I:

1. have a school grade of D or F
2. have a graduation rate of 67% or lower
3. have an overall Federal Index below 41%.

For these schools, the SIP shall be approved by the district as well as the Bureau of School Improvement.

The Florida Department of Education (FDOE) SIP template meets all statutory and rule requirements for traditional public schools and incorporates all components required for schools receiving Title I funds. This template is required by State Board of Education Rule 6A-1.099811, Florida Administrative Code, for all non-charter schools with a current grade of D or F, or a graduation rate 67% or less. Districts may opt to require a SIP using a template of its choosing for schools that do not fit the aforementioned conditions. This document was prepared by school and district leadership using the FDOE's school improvement planning web application located at [www.floridacims.org](http://www.floridacims.org).

## Purpose and Outline of the SIP

The SIP is intended to be the primary artifact used by every school with stakeholders to review data, set goals, create an action plan and monitor progress. The Florida Department of Education encourages schools to use the SIP as a "living document" by continually updating, refining and using the plan to guide their work throughout the year. This printed version represents the SIP as of the "Date Modified" listed in the footer.

## School Board Approval

This plan was approved by the Orange County School Board on 2/11/2020.

## SIP Authority

Section 1001.42(18), Florida Statutes, requires district school boards to annually approve and require implementation of a school improvement plan (SIP) for each school in the district that has a school grade of D or F.

The Florida Department of Education (FDOE) SIP template meets all statutory and rule requirements for traditional public schools and incorporates all components required for schools receiving Title I funds. This template is required by State Board of Education Rule 6A-1.099811, Florida Administrative Code, for all non-charter schools with a current grade of D or F (see page 4). For schools receiving a grade of A, B, or C, the district may opt to require a SIP using a template of its choosing. This document was prepared by school and district leadership using the FDOE's school improvement planning web application located at <https://www.floridacims.org>.

## Purpose and Outline of the SIP

The SIP is intended to be the primary artifact used by every school with stakeholders to review data, set goals, create an action plan and monitor progress. The Florida Department of Education encourages schools to use the SIP as a "living document" by continually updating, refining and using the plan to guide their work throughout the year. This printed version represents the SIP as of the "Date Modified" listed in the footer.

## Part I: School Information

### School Mission and Vision

**Provide the school's mission statement.**

To lead our students to success with the support and involvement of families and the community

**Provide the school's vision statement.**

To be the top producer of successful students in the nation

### School Leadership Team

**Membership**

Identify the name, email address and position title for each member of the school leadership team:

Name	Title	Job Duties and Responsibilities
Smith, Beatriz	Principal	Ms. Beatriz B. Smith - Principal; Responsible for overseeing curriculum and instruction, data analysis to ensure student achievement increases, and managing the learning environment.
Mendoza, Sonia	Other	Mrs. Sonia Mendoza - PASS Coordinator; Helps students maintain focus on academics when serving in an alternative to suspension program, provides social skills lessons to students, and conducts restorative justice circles as needed.
Kitts, Natalie	Instructional Coach	Mrs. Natalie Kitts - Instructional Coach/Testing Coordinator; Works with teachers to improve instruction and uses research-based strategies during instructional planning to obtain the maximum results possible in regards to student achievement.
Lopez, Nicole	Instructional Coach	Ms. Nicole Lopez -ECS/MTSS Coach; Assists teachers with interventions for the MTSS process. ESOL CT; Responsible for ESOL compliance concerns which includes testing students for the ESOL program and monitoring their progress. Provides ELL strategies to teachers as needed.
Maldonado, Javier	Dean	Mr. Javier Maldonado - 7th/8th Grade Dean; Maintains a safe and orderly environment for students, facilitates restorative justice practices, and fosters positive relationships with students, faculty, and parents.
Finnin, Traci	Instructional Media	Ms. Tracy Finnin -Media Specialist; Assists teachers with selecting appropriate literature in the classroom for instruction and to increase reading by students. Assists teachers with digital implementation and best practices related to digital instruction in the classroom.
Ninah, Charisse	Assistant Principal	Ms. Charisse Ninah - Assistant Principal; Creates a master schedule that allows focus on student instruction to meet the needs of all students, oversees the Curriculum Council/PLCs, shares research-based practices with teachers through ongoing

Name	Title	Job Duties and Responsibilities
		instructional leadership methodologies, and assists principal in curriculum and instruction, and data analysis.
Pritz, Jill	Assistant Principal	Ms. Jill Pritz- Assistant Principal; Monitors MTSS, oversees the ESE department, develops and implements the teacher induction program, shares research-based practices with teachers through ongoing instructional leadership methodologies, and assists principal in curriculum and instruction, and data analysis.
Aloyo, Lucia	School Counselor	Ms. Lucia Aloyo -7th/8th Grade Guidance Counselor; Creates student schedules based on student needs, courses offered, tracks student performance in classes throughout the school year, and state requirements. The counselor provides responsive services, goal-focused counseling for students' social/emotional needs.
Steel, Chelsea	Other	Ms. Chelsea Steel - Staffing Specialist; Coordinates all IEP meetings for compliance and ensures IEP goals are being implemented and monitored to best meet student needs.
Greene, Felice	School Counselor	Ms. Felice Greene - 6th/7th Grade Guidance Counselor; Creates student schedules based on student needs, courses offered, tracks student performance in classes throughout the school year, and state requirements. The counselor provi

## Analysis

### Data Reflection

Answer the following reflection prompts after examining any/all relevant school data sources (see guide for examples for relevant data sources).

#### **Which data component showed the lowest performance? Explain the contributing factor(s) to last year's low performance and discuss any trends.**

Schoolwide data indicates the lowest 25% in ELA and math are the lowest components (45% in ELA and 42% in math scored on grade level). The lowest 25% ELA and math data are trending by having the lowest scores in both 2018 and 2019. The ELA performance of these students has increased by five (5) percentage points in 2019 (45%) as compared to 2018 (40%). Additionally, the math performance of these students has increased by two (2) percentage points in 2019 (42%) as compared to 2018 (40%). Students With Disabilities (SWD) and ELL students scored the lowest for both ELA and Math Achievement. ELA Achievement scores were 21% for SWD and 31% for ELL students. Math Achievement scores were 23% for SWD and 33% for ELL students.

Grade-level data indicates the lowest performing area was 6th grade math with only 28% of students performing at or above grade level. In 2018, 34% of 6th grade students performed at or above grade level which is a six (6) percentage point decrease in 2019 (28%) compared to 2018 (34%).

A contributing factor to last year's low performance among 6th grade students is student suspensions. There was a greater percentage of students in 6th grade earning suspensions (16.7%) compared to students in 7th (13.5%) and 8th (10.9%) grades.

#### **Which data component showed the greatest decline from the prior year? Explain the factor(s) that contributed to this decline.**

All areas showed improvement except Science and Middle School Acceleration (MSA). Science declined by four percentage points and MSA by one percentage point. Science Achievement had the greatest decline when compared to the previous year where the percentage points dropped by four percentage points from 59% to 55%. Additionally, 8th grade (35.2%) exceeded 6th (20.9%) and 7th (35.2%) grades for students earning a Level 1 on the ELA and/or Math FSA. There is a correlation between student Science performance and 8th grade Science data indicates the greatest decline by four (4) percentage points from 2018 to 2019. In 2018, 59% of students demonstrated proficiency and in 2019, 55% of students demonstrated proficiency. A contributing factor for the decline was student attendance. The number of 8th grade student absences was the greatest (13.0%) compared to 6th (6.4)% and students earning a Level 1 on the ELA and/or Math FSA.

#### **Which data component had the greatest gap when compared to the state average? Explain the factor(s) that contributed to this gap and any trends.**

Odyssey's Math Learning Gains for the lowest 25% had a nine percentage point differential with the state. The score for the school was 42%; whereas, the state was at 51%. Math Learning Gains followed with a seven percentage point differential when compared to the state. The data sub-component with the greatest gap when compared to the state average is 6th grade math. In 2019, 28% of students demonstrated proficiency in math compared to the state average of 55%. This is a 27 percentage point decrease in 2019 compared to 2018. In 2018, 34% of students demonstrated proficiency in 6th grade math compared to the state average of 52% which is an 18 percentage point decrease in 2019 compared to 2018. ELL data indicates 20.3% achievement in ELA compared to non-ELL students (56.8%). ELA learning gains for ELL students is 33.3% compared to non-ELL learning gains (54.3%). In math, ELL data indicates 21.5% achievement in math compared to non-ELL students (46.3%). Math learning gains for ELL students is 32.3% compared to non-ELL learning

gains (38.6%). This gap in ELA achievement has been consistent at Odyssey Middle School School based on year-to-year data trends.

Contributing factors for these gap trends are student suspensions and a lack of teacher proficiency in small group instruction and the implementation of instructional strategies that address the learning and social-emotional needs of ELL students and SWD.

### **Which data component showed the most improvement? What new actions did your school take in this area?**

Social Studies (Civics) data increased 11 percentage points in 2019 (75%) compared to 2018 (64%). The Civics department/PLCs engaged in data meetings throughout the school year to discuss student achievement outcomes. During this time teachers engaged in using data outcomes with a focus on test item specifications, alignment of activities and standards. Additionally, the department utilized the District PLC strategies and culturally responsive instruction strategies to meet the needs of all students. This year, as a digital school, our Civics team included the use of digital tools to enhance instruction and consistently progress monitor. The formative data collected throughout the course of the unit was used to inform instruction and provide remediation on a consistent and ongoing basis, as needed.

### **Reflecting on the EWS data from Part I (D), identify one or two potential areas of concern? (see Guidance tab for additional information)**

An area of concern would be the percentage (13.7%) of students who earned suspensions; the percentage exceeds that of the learning community (5.8%) and district (8.4%).

A second area of concern would be 29% of students earned a level 1 on the ELA FSA and/or the Math FSA compared to the learning community (17.3%) and district (19.6%).

### **Rank your highest priorities (maximum of 5) for schoolwide improvement in the upcoming school year.**

1. To increase the learning gains for the lowest 25% in ELA and math to at least 50%
2. To increase learning gains in ELA and math to at least 60%
3. To establish a culture of inclusive education that promotes high expectations to all students
4. To establish a plan for discipline with the goal of decreasing the number of suspensions and increasing student attendance

## **Part III: Planning for Improvement**

### **Areas of Focus:**

<b>#1</b>	
<b>Title</b>	<p>Increase student achievement outcomes in the areas of ELA and Math</p> <p>Even with Odyssey’s increases in the majority of components and a letter grade of a B, continued focus is needed for ELA and Math. Strengthening teachers’ understanding of content standards as well as planning for the delivery of instruction will support the teaching and learning processes to produce gains in student achievement.</p>
<b>Rationale</b>	<p>The 2019 data indicated the need to increase overall student achievement, learning gains, and learning gains of the lowest 25% in ELA and math. The data shows declines in each of the reporting categories from the 2018 to 2019 assessment. Strategically focusing on these areas will aid in increasing student achievement outcomes in ELA and Math. (Division Priority- Accelerate Student Performance)</p>
<b>State the measurable outcome the school plans to achieve</b>	<p>The intended outcome is to increase student achievement, learning gains, and learning gains of the lowest 25%</p> <p>ELA Achievement - 72% ELA Learning Gains - 70% ELA Learning Gains of the Lowest 25% - 50%</p> <p>Math Achievement - 72% Math Learning Gains - 70% Math Learning Gains of the Lowest 25% - 50%</p>
<b>Person responsible for monitoring outcome</b>	<p>Beatriz Smith (beatriz.smith@ocps.net)</p>
<b>Evidence-based Strategy</b>	<p>Teachers will use common formative and summative assessments data to identify interventions and re-teach standards for which mastery has not been met. PLCs will use UNIFY and CRMs assessments. Instructional coaches will monitor data and the use of assessments throughout the year.</p>
<b>Rationale for Evidence-based Strategy</b>	<p>Common assessments on same standards will be given by two or more teachers with the intention of examining the results. Some goals of examining these common assessments are to have teachers discuss and analyze their question-writing style and content, individual plans for student success, and an opportunity to look at what modifications need to be made during curriculum planning and classroom instruction.</p>
<b>Action Step</b>	
<b>Description</b>	<ol style="list-style-type: none"> <li>1. Teachers will collaborate with instructional coaches during PLC time to create and examine assessments' rigor and reliability. (every Thursday)</li> <li>2. When creating the assessments, each grade-level and content area team will be in agreement on what students will be responsible for mastering by the end of each unit. This will occur prior to each unit (every two to three weeks).</li> <li>3. When creating the assessments and planning units, each grade-level and content area team will explore the following questions: A) What do we expect students to know? B) How will we know that they have learned it? C) How we will respond if they don't learn it? D) How we will respond if they do? This will occur prior to each unit (every two to three weeks). These questions will also serve as a discussion guide during PLCs (every Thursday).</li> <li>4. When creating the assessments , each grade-level and content area team will confirm that each assessment includes the following components: various question types (i.e., multiple choice, multi-select, etc.), assessment length, various cognitive complexity levels, and clear directions (every two to three weeks).</li> <li>5. Administrators will have data talks with department teams to analyze the effective use of data, foster open communication and consistency, determine how standards mastery is</li> </ol>

being addressed, and engage in next step conversations focused on the implementation of target interventions or extension of learning opportunities for students who master the standard (every month).

**Person Responsible** Beatriz Smith (beatriz.smith@ocps.net)

---

<b>#2</b>	
<b>Title</b>	District Professional Learning Community (DPLC) Writing Through Content Areas
<b>Rationale</b>	In order for students to solve problems, analyze information, think critically, and communicate their ideas effectively, writing needs to be taught and practiced across content areas. With the support of the other content area teachers, our ELA data will improve. (Division Priority - Accelerate Student Performance)
<b>State the measurable outcome the school plans to achieve</b>	The measurable expected outcome for ELA is as follows: ELA Achievement component data increase by five percentage points to 60%
<b>Person responsible for monitoring outcome</b>	Beatriz Smith (beatriz.smith@ocps.net)
<b>Evidence-based Strategy</b>	DPLC members will provide professional development to faculty members on the process of implementing a research-based approach for engaging students in the writing process—no matter the discipline. (CERCA) <ul style="list-style-type: none"> <li>• State their Claim</li> <li>• Support their claim with Evidence</li> <li>• Explain their Reasoning by linking the evidence to the claim</li> <li>• Address Counterarguments</li> <li>• Use Audience-appropriate language</li> </ul>
<b>Rationale for Evidence-based Strategy</b>	ELA, social studies, science, and math teachers often speaking different languages — to one another as well as to students. By implementing a unified, shared language for teaching writing across disciplines, teachers can collaborate more easily around instruction and improving individual student performance. CERCA allows teachers to engage students in the writing process by reinforcing the same literacy skills and concepts across content areas.
<b>Action Step</b>	
<b>Description</b>	<ol style="list-style-type: none"> <li>1. DPLC members will provide professional development to faculty members focusing on writing strategies (on a quarterly basis).</li> <li>2. Teachers will participate in open practice to observe writing strategies being implemented in different subject areas and also the use of higher level thinking activities (Socratic Seminars) to help students to clarify their thoughts, consider alternative perspectives, and engage more thoroughly with a lesson on a monthly basis.</li> <li>3. Teachers will plan for the implementation of writing strategies during PLC (Professional Learning Communities) scheduled weekly (on Thursdays).</li> <li>4. Administration, leadership team, and DPLC members will provide feedback during the Curriculum Council and DPLC Liaison Meetings meetings (every month).</li> <li>5. Writing strategies implementation data will be collected through classroom walkthroughs on a weekly basis.</li> <li>6. Support facilitation teacher will push in to work with SWD - the only subgroup that fell under the 41% ESSA - Federal Percent Points Index: four times a week (Monday, Tuesday, Thursday, and Friday)</li> </ol>
<b>Person Responsible</b>	Beatriz Smith (beatriz.smith@ocps.net)

<b>#3</b>	
<b>Title</b>	SWD- High Expectations for All
<b>Rationale</b>	<p>Student With Disabilities was the only subgroup that did not meet the ESSA 41% Federal Percent Points Index criteria. Our is score is currently 30% (Division Priority - Provide Empowering Environment)</p> <p>BPIE - Domain Leadership and Decision-Making #7: School administrators communicate expectations for all school personnel to share responsibility for all of the students in their building and consider all SWDs as general education students first</p>

<b>State the measurable outcome the school plans to achieve</b>	Goal: 50% of students with disabilities will be proficient in the areas of ELA and Math as well as be enrolled in Fine Arts electives.
<b>Person responsible for monitoring outcome</b>	Beatriz Smith (beatriz.smith@ocps.net)
<b>Evidence-based Strategy</b>	Inclusive Practice - Administrator and school leaders will set clear expectations as to recognize the diversity of students, enable all students to access course content, fully participate in learning activities and demonstrate their knowledge and mastery of standards at assessment.
<b>Rationale for Evidence-based Strategy</b>	Inclusive education allows students to be part of their community and develop a sense of belonging. It provides better opportunities for learning. A partnership between families and school is a vital part of the process. Parents will be invited to visit classrooms, have lunch with their students and to special celebrations and recognitions throughout the school year.

**Action Step**

<b>Description</b>	<ol style="list-style-type: none"> <li>1. Behavior Specialist and Guidance Counselors will be part of PLC to go over students' plans and answer questions about specific services, accommodations and modifications listed on the plans on a monthly basis.</li> <li>2. Professional development opportunities on differentiation of instruction and behavior management will be offered to all teachers (throughout the year).</li> <li>3. All teachers will incorporate Life Skills in their planning to help students with time management, organizational skills, self-reflection and setting academic and personal goals (weekly).</li> <li>4. SWD will have an active part in all school performances and celebrations as scheduled (throughout the year).</li> <li>5. Parents and families will be invited to celebrate their students achievements (on a quarterly basis).</li> </ol>
<b>Person Responsible</b>	Beatriz Smith (beatriz.smith@ocps.net)

**Additional Schoolwide Improvement Priorities (optional)**

**After choosing your Area(s) of Focus, explain how you will address the remaining schoolwide improvement priorities (see the Guidance tab for more information).**

Odyssey Middle School will increase the use of Restorative Justice Circles ( MAO Initiative) to shift the focus of discipline from punishment to learning and decrease the number of suspensions.

## Part IV: Title I Requirements

### Additional Title I Requirements

This section must be completed if the school is implementing a Title I, Part A schoolwide program and opts to use the Schoolwide Improvement Plan to satisfy the requirements of the schoolwide program plan, as outlined in the Every Student Succeeds Act, Public Law No. 114-95, Â§ 1114(b). This section is not required for non-Title I schools.

**Describe how the school plans to build positive relationships with parents, families, and other community stakeholders to fulfill the school's mission and support the needs of students.**

N/A

#### PFEP Link

The school completes a Parental Involvement Plan (PFEP), which is available at the school site.

**Describe how the school ensures the social-emotional needs of all students are being met, which may include providing counseling, mentoring and other pupil services.**

N/A

**Describe the strategies the school employs to support incoming and outgoing cohorts of students in transition from one school level to another.**

N/A

**Describe the process through which school leadership identifies and aligns all available resources (e.g., personnel, instructional, curricular) in order to meet the needs of all students and maximize desired student outcomes. Include the methodology for coordinating and supplementing federal, state and local funds, services and programs. Provide the person(s) responsible, frequency of meetings, how an inventory of resources is maintained and any problem-solving activities used to determine how to apply resources for the highest impact.**

N/A

**Describe the strategies the school uses to advance college and career awareness, which may include establishing partnerships with business, industry or community organizations.**

N/A

## Part V: Budget

The approved budget does not reflect any amendments submitted for this project.

1	III.A.	Areas of Focus: Increase student achievement outcomes in the areas of ELA and Math				\$12,000.00
	Function	Object	Budget Focus	Funding Source	FTE	2019-20
	6400	140-Substitute Teachers	1682 - Odyssey Middle	General Fund		\$5,000.00

			<i>Notes: Provide half day planning for teachers to analyze data and plan instructional focus calendar.</i>			
	3374	130-Other Certified Instructional Personnel	1682 - Odyssey Middle	General Fund		\$7,000.00
			<i>Notes: Tutoring sessions for the lowest 25%</i>			
<b>2</b>	<b>III.A.</b>	<b>Areas of Focus: District Professional Learning Community (DPLC) Writing Through Content Areas</b>				<b>\$10,000.00</b>
	Function	Object	Budget Focus	Funding Source	FTE	2019-20
	5100	120-Classroom Teachers	1682 - Odyssey Middle	General Fund		\$5,000.00
			<i>Notes: Supplies to scaffold learning in the ELA classrooms ( bilingual dictionaries)</i>			
	6500	239-Other	1682 - Odyssey Middle	General Fund		\$5,000.00
			<i>Notes: Keyboards, headsets and wireless mouses to facilitate the digital writing</i>			
<b>3</b>	<b>III.A.</b>	<b>Areas of Focus: SWD- High Expectations for All</b>				<b>\$1,200.00</b>
	Function	Object	Budget Focus	Funding Source	FTE	2019-20
	5100	140-Substitute Teachers	1682 - Odyssey Middle	General Fund		\$1,200.00
			<i>Notes: Professional Development.</i>			
					<b>Total:</b>	<b>\$23,200.00</b>
