School Board Approval

This plan is pending approval by the Marion County School Board.

SIP Authority

Section 1001.42(18), Florida Statutes, requires district school boards to annually approve and require implementation of a Schoolwide Improvement Plan (SIP) for each school in the district that has a school grade of D or F. This plan is also a requirement for Targeted Support and Improvement (TS&I) and Comprehensive Support and Improvement (CS&I) schools pursuant to 1008.33 F.S. and the Every Student Succeeds Act (ESSA).

To be designated as TS&I, a school must have one or more ESSA subgroup(s) with a Federal Index below 41%. This plan shall be approved by the district. There are three ways a school can be designated as CS&I:

1. have a school grade of D or F
2. have a graduation rate of 67% or lower
3. have an overall Federal Index below 41%.

For these schools, the SIP shall be approved by the district as well as the Bureau of School Improvement.

The Florida Department of Education (FDOE) SIP template meets all statutory and rule requirements for traditional public schools and incorporates all components required for schools receiving Title I funds. This template is required by State Board of Education Rule 6A-1.099811, Florida Administrative Code, for all non-charter schools with a current grade of D or F, or a graduation rate 67% or less. Districts may opt to require a SIP using a template of its choosing for schools that do not fit the aforementioned conditions. This document was prepared by school and district leadership using the FDOE's school improvement planning web application located at www.floridacims.org.

Purpose and Outline of the SIP

The SIP is intended to be the primary artifact used by every school with stakeholders to review data, set goals, create an action plan and monitor progress. The Florida Department of Education encourages schools to use the SIP as a "living document" by continually updating, refining and using the plan to guide their work throughout the year. This printed version represents the SIP as of the "Date Modified" listed in the footer.

Analysis

Data Reflection

Answer the following reflection prompts after examining any/all relevant school data sources (see guide for examples for relevant data sources).

Which data component showed the lowest performance? Explain the contributing factor(s) to last year's low performance and discuss any trends.

N/A

Which data component showed the greatest decline from the prior year? Explain the factor(s) that contributed to this decline.

N/A

Which data component had the greatest gap when compared to the state average? Explain the factor(s) that contributed to this gap and any trends.

N/A

Which data component showed the most improvement? What new actions did your school take in this area?

N/A

Reflecting on the EWS data from Part I (D), identify one or two potential areas of concern? (see Guidance tab for additional information)

The administration would like to continue to support the learning coaches(parent/ guardian) in better understanding the curriculum.

The administration would like to continue support student safety in the online environment.

Rank your highest priorities (maximum of 5) for schoolwide improvement in the upcoming school year.

1. Online Student Safety
2. Parent understanding of curriculum
- 3.
- 4.
- 5.

Part III: Planning for Improvement

Areas of Focus:

#1

Title Parent Understanding and Support of Curriculum

Rationale Providing additional support to parents so that they truly understand the state standards guided curriculum

State the measurable outcome the school plans to achieve

If parents are empowered to assist lessons and truly understand the standards of the lesson and curriculum to help the students in a home environment then student scores will increase by 5% as measured by FSA or equivalent state assessments.

Person responsible for monitoring outcome

Paul Vowinkel (paul.vowinkel@marion.k12.fl.us)

Evidence-based Strategy

Ongoing research shows that family engagement in schools improves student achievement, reduces absenteeism, and restores parents' confidence in their children's education.

Rationale for Evidence-based Strategy

Students with involved parents or other caregivers earn higher grades and test scores, have better social skills, and show improved behavior.

Action Step

Description

1. Provide 4 opportunities throughout the school year where parents will have the opportunity to meet and work with teachers, and dig deeper into the curriculum and aligned standards.

Person Responsible

Paul Vowinkel (paul.vowinkel@marion.k12.fl.us)

#2	
Title	Students will be able to participate in online interactive activities in a safe environment.
Rationale	Students will comply with online learning rules and have an understanding of the rules and the consequences of operating outside of those parameters.
State the measurable outcome the school plans to achieve	If we give our youngest students a better understanding of what cyber bullying looks like, how it can be avoided and how it will not be tolerated, then students will have a safe learning atmosphere with online schooling measured by monitoring the online interactive activities. and school attendance.
Person responsible for monitoring outcome	Paul Vowinkel (paul.vowinkel@marion.k12.fl.us)
Evidence-based Strategy	School safety is linked to improved student and school outcomes. In particular, emotional and physical safety in school are related to academic performance.
Rationale for Evidence-based Strategy	Students who are victims of physical or emotional harassment are at risk for poor attendance, course failure and dropout.
Action Step	
Description	<ol style="list-style-type: none"> 1. Teachers and administrators will review acceptable forms of electronic communication and online course etiquette and expectations with students during orientations and on campus activities. 2. Work with parents to ensure student online safety.
Person Responsible	Christi Dunning (christi.dunning@marion.k12.fl.us)

Additional Schoolwide Improvement Priorities (optional)

After choosing your Area(s) of Focus, explain how you will address the remaining schoolwide improvement priorities (see the Guidance tab for more information).
